---

On April 21, 2015, the Miami-Dade County Board of County Commissioners (Board) adopted Resolution No. R-345-15 requiring an amendment to the County's Affordable Housing guidelines. Commissioner Barbara J. Jordan requested that the guidelines be amended to establish a cap on the number of additional funding applications that an agency may submit for Documentary Stamp Surtax funds if the project has been awarded gap funding. Additionally, this resolution requires that applications for additional funding be approved for funding only under extenuating circumstances. Additionally, Commissioner Jordan requested that the guidelines include a policy regarding the maximum development cost per unit for future competitive processes.

Miami-Dade County, through the Public Housing and Community Development Department, implements a wide range of housing programs designed to enhance housing opportunities for low- and moderate-income individuals and families. Pursuant to the *Affordable Housing, Homeownership and Rehabilitation Program Guidelines*, assistance may be provided to developers, community development corporations, individuals and families through an array of programs encompassing acquisition, construction, rehabilitation, reconstruction, and permanent financing in the form of mortgage assistance.

The *Affordable Housing, Homeownership and Rehabilitation Program Guidelines* are reviewed periodically and revised to reflect departmental responsibilities and other necessary changes as the program evolves to meet the challenges and changes in the real estate market. Staff has incorporated the new requirements in the Affordable Housing Development section, as noted on page 39 of the attachment, in accordance with Resolution No. R-345-15.

If additional information is required, please contact Michael Liu, Director, Public Housing and Community Development, at 786-469-4106.

In accordance with Ordinance 14-65, this memorandum will be placed on the next available Board of County Commissioners meeting agenda.

Affordable Housing Development ..... 39

## **INTRODUCTION**

Miami-Dade County through Public Housing and Community Development (PHCD) implements a wide range of housing programs designed to enhance housing opportunities for low- and moderate-income individuals and families who are legal residents of Miami-Dade County (County). Pursuant to these Affordable Housing, Homeownership and Rehabilitation Program Guidelines (AHRPG), assistance may be provided to developers, community development corporations, individuals and families through an array of programs encompassing acquisition, construction, rehabilitation, reconstruction, and permanent financing (in the form of mortgage assistance, including soft subordinate mortgages). Homeownership counseling is a component of all the homeownership programs. The following is a list of programs offered:

## **HOMEOWNERSHIP MORTGAGE ASSISTANCE**

The homeownership mortgage assistance component provides funds to very-low, low- and moderate-income individuals and families to acquire newly-constructed or existing housing units.

### *Housing Rehabilitation*

The housing rehabilitation program provides for expansion and upgrades to owner-occupied single family homes. These improvements are primarily geared to addressing health and safety issues, code violations which include roof repairs, plumbing and electrical as well as associated repairs and exterior painting. (See Single Family Rehabilitation Guidelines on page 19 for more details).

### *Housing Development*

The housing development component provides funding to developers, as available, to defray the costs of new construction, rehabilitation and/or other costs associated with the development of single-family and multi-family housing. This component is intended to increase housing opportunities for persons by encouraging the creation and rehabilitation of affordable housing units.

### *Homebuyer Education and Counseling*

The homebuyer education and counseling component provides education and counseling to individuals regarding purchasing and financing of single-family affordable housing units. The homebuyer counseling agencies are required to cover a variety of topics which include fair housing practices, credit counseling, budget and money management, financial literacy, proximity of schools, employment and transportation, home maintenance, the mortgage approval and post-closing process, selecting a neighborhood, locating a home, negotiating a purchase price, and finding appropriate financing. In accordance with Miami-Dade County Resolution No.R-1008-14, homebuyer counseling agencies shall cover additional topics, including the legal significance of buying a home using a purchase and sale agreement containing an "AS IS" clause, homebuyers' right to select their own title agent, and homebuyers' right to have the property inspected by an inspector of their choice. This resolution also requires frequent and random monitoring of these classes by Miami-Dade County to ensure that these new topics, as well as the previously required topics, are being taught. Applicants, spouse, and a third applicant, if applicable, must attend a counseling course from a U.S. Department of Housing and Urban Development (HUD) approved agency and provide proof of attendance in the form of a certificate.

### *Disaster Relief Assistance*

The disaster relief assistance provides emergency disaster relief to homeowners whose locality has been impacted by a major man-made or natural disaster. Individuals in areas which have been declared/designated disaster areas by the federal, state and/or local government can be eligible to receive funding for rehabilitation or reconstruction of their homes. To be eligible for Disaster Relief Initiative (DRI) funding a person must be the homeowner and occupy the home, which is defined as the primary owned homestead and occupied dwelling of a single family. Rehabilitation or reconstruction costs will be limited to the real estate structure only. Funds can be provided for a first and/or subordinate mortgage to the homeowner based on the terms and conditions outlined in the Miami-Dade County AHRPG. This assistance is provided as gap

assistance for any damage that insurance or Federal Emergency Management Agency (FEMA) does not cover.

*Note: Eligible homeowners will be required to execute a restrictive covenant and in some cases a third party agreement.*

### "Jumpstart" Assistance

The jumpstart assistance provides funding to assist disaster-affected homeowners, make a down payment on a new home, repair their current disaster-affected home or obtain a mortgage while awaiting a potential buyout from FEMA.

Down payment assistance to purchase a new home can be obtained in the form of a subordinate mortgage subsidy awarded on the current program guidelines to applicants who are able to qualify for a first mortgage amount. First mortgage assistance can be provided as an exception on a case by case basis.

## **FIRST TIME HOMEBUYERS**

Eligible applicants are single individuals or two or more persons related by blood, marriage, adoption, guardianship or domestic partnership; and may include one or more individuals (under the age of 18) being domiciled with a parent or another person having legal custody of such individual. Where not restricted by federal, state or other funding regulations, designee of such parent or the person having such custody, with the written permission of such parent or other persons who occupied the same unit, may also be considered.

*Note: Applicants must be residents of Miami-Dade County at the time of application, with the exception of the NSP Program.*

With the exception of the Neighborhood Stabilization Program (NSP) and Havana Palms buyers\*, the eligible household must be a first-time homebuyer. A first-time homebuyer is an individual who meets any of the following criteria:

- An individual or spouse who has had no ownership in a principal residence during the three year period ending on the date of purchase of the property (if either person meets the above test, they are considered first-time homebuyers).
- A single parent who has owned with a former spouse while married.
- An individual who has owned a principal residence not permanently affixed to a permanent foundation in accordance with applicable regulations.
- An individual who has owned a property that was not in compliance with state, local or model building codes and which cannot be brought into compliance for less than the cost of constructing a permanent structure.
- Program participation will be limited to a one time only occurrence per family.

*Note: Family as defined at §570.3(m), means all persons living in the same household who are related by birth, marriage, or adoption. When such persons occupy the same housing unit they are considered as members of the family. Their incomes are to be aggregated for calculating family income.*

- Miami-Dade County Resolution R-450-13 will also be utilized in this section of these guidelines to determine eligible applicants.

### Initial Interview Process

The first step towards receiving assistance is the initial interview. The applicant must bring all documents requested including the signed sales contract, to the interview for review to determine eligibility for the subsidy. During the interview process, the applicant will be required to sign all disclosure forms for the program and will be given a predetermination eligibility letter which they will take to the first mortgage lender within 30 days.

The homeownership specialist schedules an interview with the applicant when the initial loan/lender package is received. Following the initial interview, updated documents may be

requested from the applicant, (bank statements, pay – stubs, credit reports etc.). When the first mortgage lender has approved the file, the lender must submit to PHCD the documents below via regular mail or courier; the documents cannot be submitted by applicant. The underwriting process must be completed before the commitment of funds.

*Note: It is anticipated that secured electronic transmission of loan packages will be accepted in the near future. The Department does not have the email capacity to accept electronic loan packages at this time.*

The loan package should consist of:

- a. Form 1003 - uniform residential loan application (signed and dated)
- b. Form 1008 - transmittal summary (signed)
- c. Escrow letter and proof of deposit
- d. Bank commitment letter
- e. Truth in lending
- f. Good faith estimate
- g. Appraisal
- h. Current credit report
- i. Single Family Residence – Insurance Quotes and Condo – Monthly (HOA)
- j. Soil Treatment Certificate and Certificate of Occupancy (For new properties)

When the file is approved by PHCD, a firm commitment letter will be issued to the homebuyer who will be required to sign and return the commitment letter to PHCD to initiate the request for funding.

#### Process for Closing

A final settlement/statement (HUD-1) must be submitted to PHCD prior to closing for review and approval to enable funds to be requested and ensure that there are no excessive fees being charged to the applicant. Mortgage broker and/or developer fees are not allowed. See Attachment IV for a list of the allowable fees that can be charged to the applicant at closing.

Miami-Dade County requires a minimum of seven working days to process and disburse requested funds. Funds are payable and directed to the closing agents/title companies only. All closing agents/title companies MUST be approved by Miami-Dade County.

PHCD will review reasonableness of fees imposed by closing agents/title companies or fees of a third party before closing.

PHCD reserves the right to investigate and discuss the fees with the applicant, which may result in delaying the closing.

Closing agents/title companies who charge unreasonable fees are subject to removal from the approved list of approved closing agents/title companies.

Developers may be required to provide evidence of project approval from Fannie Mae and Federal Housing Administration (FHA) for condominiums. Project approval from Fannie Mae and/or FHA is required to accept subsidy financing.

## **ELIGIBILITY REQUIREMENTS**

### Occupancy Requirement/Ownership

The applicant must use the property as the primary residence which will be reflected by a deed restriction or a restrictive covenant and will be stated in the loan documents. Ownership must be in fee simple title. In cases of a 99-year leasehold interest, the remaining lease term must equal the term of the loan.

### Ineligible Applicants

An applicant who is delinquent on a Federal debt or debt related to Miami-Dade County may become

eligible once the borrower brings the account current or enters into a satisfactory repayment plan with the respective federal agency.

- ELIGIBILITY VERIFICATION (Surtax, HOME/CDBG, SHIP and NSP).

Household occupants shall be verified by using any one or more of the following items:

- Birth certificates and Social Security cards on all household occupants (no birth cards).
- School records which give dependents' residing address.
- Court-ordered letters of guardianship/adoption.
- Copy of divorce decree and property settlement agreement.
- Children who live with parent for 50 percent of the year should be included among the members in a household (joint custody).
- In cases where the applicant claims to be separated from the spouse, the applicant must provide the following additional documentation for the spouse who will not occupy the property (IRS tax return; driver's license; voter's registration card; legal separation agreement; utility bills).
- A third party verification or regular cash contribution letter must be submitted for non-court ordered child support.
- A letter from the Department of Revenue/Child Support Enforcement office is required. The full amount of court ordered child support must be included in household income whether or not it is regularly received by the household. SHIP stipulation will apply.

#### Immigration Status

Applicants for any of the programs and/or activities mentioned herein are subject to immigration regulations and eligibility as determined by the United States Department of Housing and Urban Development (USHUD) and/or Miami-Dade County regulations. Benefits may be prorated based on the income of legal residents in a household.

For Documentary Stamp Surtax (Surtax) loans, proof of US permanent resident status or US Citizenship, and/or other related documentation (including special status such as Nicaragua Adjustment and Central American Release Act (NACARA Section 203), Cuban Adjustment Act and political asylum) must be current as of the date of application for assistance from the County.

For NSP, HOME, CDBG and SHIP, the applicants must be permanent residents of the United States or U.S. Citizens.

## **INCOME SECTION**

### Income Qualification

For subsidy purposes, annual income is the gross amount of income anticipated to be received by all adults in a family during the twelve (12) months following the effective date of the income determination.

When calculating income, note that SHIP, NSP, and HOME/CDBG funding require that the anticipated income be based on present income plus any income to be received in the next 12 months. Once the income certification is completed by PHCD staff, and executed by the SHIP administrator or designee, an award letter/commitment letter is issued. The commitment letter is valid for six months. Surtax allows for income averaging for the past two years for applicants who are self-employed earn commission, tips, bonuses, and overtime.

Florida property laws do not legally recognize separation as it relates to property ownership. Consequently, when an applicant is legally married but does not currently reside with the spouse, the spouse must sign the mortgage and the subsidy recapture provision, and his/her income must be counted as part of the annual household income. Florida property laws apply in cases of temporary separation, for example, when a spouse does not live in the house due to military service, attendance in college, offshore work, or other instances where a family member is temporarily residing in another location.

In some situations however, it seems clear that the applicant has no plan to reunite with the estranged spouse and the separation is permanent. The flexible nature of these programs is intended for local governments to determine the appropriate use of funds while 1) ensuring accountability, 2) to make a decision about a permanent separation 3) and to obtain as many details as possible to document the subsidy recipient. In cases of permanent separation where the applicant and the estranged spouse maintain separate residences and file separate tax returns the applicant must provide proof of separation by providing copies of the estranged spouse's IRS tax returns, driver's license, utility bills, etc. The estranged spouse does not need to be counted in the household size and his/her income should not be included in household income.

Qualifying Using Section 8 Voucher

If an applicant is purchasing using a Section 8 Housing Choice voucher, the Housing Assistance Payment (HAP) may not be added to the applicant's annual income to determine the maximum first mortgage amount, or the HAP may be deducted from the principal and interest of the first and/or subordinate mortgage, whichever provides the greatest benefit to the homebuyer. The HAP is the difference between the voucher amount and the applicant's portion of the rent.

Please note that this amount is subject to change, because it will be based on the property to be purchased. The revised amount must be approved and authorized by the Contract Administration Division. Consequently, it is recommended that all clients obtain lender pre-approval prior to contract execution.

Income Recertification

Annual income recertification is required of all homebuyers who purchase property using the Section 8 Housing Choice voucher.

**INCOME RANGE OF APPLICANTS TO BE SERVED**

The applicant's total household income may range from very-low to moderate-income depending on the funding source being invested in the property. Applicant's total household income must meet the income criteria at the time the applicant applies for mortgage assistance. (See Attachment I for current income limits).

A qualifying household income must meet the guidelines of the more stringent subsidy program being used by the applicant. Income must also be calculated based on the information provided in the Verification of Employment form. Income calculated for subsidy purposes may differ from income used for credit purposes by the lender.

	<u>FUNDING SOURCE</u>			
	Surtax	HOME/CDBG	SHIP	NSP
Maximum applicant income limits as a percentage of the area median income ("AMI")	140%	80%	120%	Min - Max 51% - 120%

*Note: Funding source income limits may be further restricted by program guidelines.*

**INCOME VERIFICATION**

Applicant's income will be verified using one or more of the following documents:

- Last two (2) pay stubs from employer and past two (2) years of complete tax returns (all schedules)
- Tax returns must be signed by the applicant(s)

- If self-employed, past two (2) years of tax returns will be required, and a current profit or loss statement
  - Verification of employment, (Federal National Mortgage Association (FNMA) form or third party form included in these guidelines are acceptable, provided that the form is filled out completely)
  - Other sources of income that can be readily verified (i.e., social security, pension retirement, and child support)
  - Social Security Income may be subject to federal restrictions, which may limit its use
  - Interest, dividends, and other net income
  - Any other form of verification as required by funding
  - Cash contribution letter for non-court ordered child support
  - A letter from the Child Support Enforcement Division whether child support is being received or not.
- In addition to Federal Income Tax returns, the number of household occupants shall be verified using one (1) of the following items:
- Birth certificates and Social Security cards on all household occupants (no birth cards).\*
  - School records which give the parents' name and address.
  - Court-ordered letters of guardianship/adoption.
  - Copy of final divorce decree and property settlement agreement.

*\*Note: If a dependent is listed on the tax return, then copies of birth certificates can be sufficient. However, if a copy of the birth certificate is in the file and the dependent is not listed on the tax return, we may request copies of school records to verify that the individual resides on the property.*

\*INCLUDING OUTSTANDING CREDIT OBLIGATIONS\*

**LOAN PROCESSING FOR MORTGAGE ASSISTANCE**

Lenders, developers, and realtors must perform a pre-screening of their applicants to ensure that they have documentation required by the program before making an appointment to meet with a homeownership specialist. The lender, developer, and realtor will provide the checklist of documents to

their applicants (see Attachment II). After the lender, developer, and realtor has pre-screened the applicant, he/she will instruct the applicant to contact PHCD to set an appointment for an interview with the homeownership specialist assigned to the case. The lender will be advised of the homeownership specialist assigned to the case.

*NOTE: Due to the limited availability of funds, all funds will be made available for interested applicants on a first-come first-serve basis. However, an applicant must meet all program requirements to close.*

### Property Standards

Detached single-family units, condominium units, approved manufactured homes, studios, twin homes (must evidence a Declaration of Condominium documents recorded in the Public Records disclosing separate folio numbers), and town homes are eligible properties. Properties with swimming pool are acceptable on a case-by-case basis except for HOME, SHIP & CDBG funding. For HOME/CDBG loans only, ineligible properties are those properties leased to a tenant which would trigger a relocation of that tenant.

NSP properties must be owned by a lender or investor (e.g. FNMA Freddie Mac). Properties must be located in a priority area and documented in the loan file. The program does not require applicants be first time home buyers. NSP Spot Loans not acquired through GSA must meet the 100% appraised value stipulation. All NSP compliance documents should be completed and executed as warranted.

*Condominium Conversions and Time Share properties are not eligible for Homeownership Assistance.*

### Purchase Price

The maximum purchase price for the Affordable Housing Program is \$205,000. At a minimum, the property must be appraised for the contracted purchase price, however, if the appraised value is less than the purchase price, PHCD will not provide subsidy financing above the appraised value.

*Note: For maximum subordinate mortgage amounts for low to moderate-income individuals and families, income and mortgage limits. (See attachment I)*

### Credit Requirements

PHCD housing programs do not have a minimum credit score requirement or threshold; the Department however reserves the right to ask for explanations of any derogatory or negative items contained in the credit report. In situations whereby a collection appears on the credit report, whether or not those collections require repayment prior to the loan closing is left to the discretion of PHCD. All collection items related to a County Program or, including a County medical collection, must be paid prior to closing.

### Non-Applying Spouse

Non-applicant spouse can have an ownership interest in the property at the time of settlement without executing the promissory note.

The credit history of the non-applicant spouse is not considered as a reason to deny a loan application. However, the non-applicant spouse's income will be used to determine the appropriate subsidy.

## **DOWN PAYMENT / CLOSING COSTS**

Down payment requirements are as follows:

- Minimum down payment requirement of three percent (3%) and a minimum of one percent (1%) must be from the applicant's own funds.

- Down payment required by US HUD for Section 8 Homeownership Program is three percent (3%) of the purchase price, of which one percent (1%) of the purchase price must be from the applicant's own funds.
- Minimum down payment for the Infill Housing Initiative is one percent (1%) of the purchase price from the applicant's own funds.

The combined loan-to-value ratio "CLTV" of all mortgages including closing cost assistance shall not exceed one hundred-five percent (105%) of the purchase price. All developers and community development corporations (CDCs) awarded funding are required to pay the following closing costs for the applicants:

- Abstracting costs
- Owner's and lender's title insurance
- Cost of boundary survey
- Documentary stamps on the warranty deed

*Note: In addition, developers and CDCs shall also pay any agreed to additional costs.*

## **GIFTS**

An applicant can satisfy part of the cash requirement for closing with funds received as cash gifts from relatives, or cash savings clubs. For underwriting purposes, a relative is defined as a spouse, parent, stepparent, legal guardian, grandparent, brother, sister, or child. In general, before using funds from gifts, an applicant needs to use his or her own funds to make a down payment toward the sales price of a property.

To verify a gift, the applicant must obtain a signed letter from the donor that includes:

- Specific dollar amount of the gift and date the funds were deposited/transferred to the Borrower's bank account;
- Donor's name, address, telephone number, and relationship to the applicant; and
- Statement from the donor saying that no repayment is expected.

In cases where the gift funds have already been transferred, staff must verify that sufficient funds to cover the gift have been transferred from the donor's account to the applicant's account or that the donor's account has adequate funds to cover the amount of the gift.

## **ASSET LIMITATIONS**

Any excess liquid assets over \$10,000 (*excluding pensions, annuities, 401K, etc.*) must be used for a higher down payment up to five percent or to cover closing costs. This asset limitation does not apply to retired persons over the age of 62 or permanently disabled persons.

For HOME/CDBG and SHIP only, applicants who have assets in excess of \$5,000 must include in the income calculation the greater of (i) the actual income earned on those assets, or (ii) the income calculated using the current LIBOR rate as set by HUD.

## **FIRST MORTGAGE FINANCING**

All first mortgage loans approved under this program must have a fixed interest rate. Miami-Dade County will not approve subordinate mortgage financing for loans whose first mortgage is a balloon payment, has an adjustable rate, carries an unusually high interest rate, or includes prepayment penalties.

The lender must use the tax estimator from the Miami-Dade County Property Appraiser website to estimate the taxes and calculate the insurance at 2% of the purchase price if a quote cannot be obtained prior to submitting the loan package.

*Note: Developer buy downs are permitted as long as the buy down is not recorded as a lien against the property, and there is a restrictive covenant that has been reviewed and approved by the county.*

Monthly Payments for PHCD Assistance

The monthly payments for SHIP/Surtax/NSP loans will be as follows:

Income Level	Interest *Rate*	Years 1 to 5	Years 6 to 30
Low Income	0-3%	\$100 monthly payment This is applied towards principal.	Fully amortized remaining balance amortized over the 25 years at note rate, as applicable.
Moderate Income	4-6%	\$100 monthly payment This is applied towards principal.	Fully amortized remaining balance amortized over the 25 years at note rate, as applicable

*HOME/CDBG - Loans are deferred mortgages: No payments are required.*

*Note: Low income subsidy amounts range from an average of \$50k to \$80k. PHCD reserves the right to restructure the payments:*

\*Interest rate will be determined on a case-by-case basis.

Options

1. \$100.00 for the first five years. The remaining balance to be amortized for remaining 25 years, at the applied interest rate.
2. Fully amortized for the entire loan.

Inspection

Participants in Miami-Dade County's Second Mortgage Loan Program for first-time homebuyers are required to obtain an inspection by a qualified home inspector of the home they intend to purchase in accordance with Miami-Dade County Resolution No. R-1008-14. A qualified home inspector is one who has a valid home inspection license issued by the State of Florida through the home inspection services licensing program. Prior to commencing a home inspection, the home inspector shall provide a copy of their license to practice home inspection services in the state of Florida to the homebuyer. The home inspection is intended to prevent hardships on

homebuyers and can be useful in preventing homebuyers from purchasing homes with structural or other building problems. The breadth of the home inspection shall be sufficient to alert homebuyers of significant defects in the home, including structural problems, and identify whether the home is in compliance with the Miami-Dade County Building Code. The Department has the discretion to deny a homebuyer loan on a particular property based upon substantial negative findings in the home inspection upon a determination that denying a loan is in the best interest of the County. The payment of said inspection can be from the homebuyer in cash or using the funds loaned to the homebuyer from the County. If the property does not pass inspection and the homebuyer does not close on that property, PHCD will reimburse the homebuyer for the cost of the inspection.

A Hold Harmless Affidavit will also be required to be signed by the applicant(s) at time of application that states the County is not responsible for code violations, liens, open permits, or illegal structures. Sellers are required to disclose code violations, illegal structures or additions. Miami-Dade County will not award subsidy financing if any of these conditions exists.

Housing Quality Standards (HQS) inspection will also be required and will be conducted by PHCD staff and the cost will be absorbed by the Department. Additionally, inspections of the roof, septic tank and for termites shall be performed by a State of Florida licensed inspector specializing in each of these areas. These three inspections shall be paid for by the homebuyer regardless of the outcome of the inspection and are valid for 30 days from the date of the inspection.

If the property was constructed prior to 1978, a lead based paint inspection will be required by an Environmental Protection Agency (EPA) Certified Inspector, EPA Certified Risk Assessor and/or EPA Certified Firm prior to closing and is to be paid for by the homebuyer. The report must show a negative outcome for lead base paint. Where lead base paint is uncovered, abatement must be completed prior to closing. All construction projects must obtain a certificate of occupancy, a loan closing will not take place with a temporary certificate of occupancy.

All federal funded loans (HOME, CDBG and NSP) also require an Environmental Review Clearance which will be conducted by PHCD staff.

## **FOR HOME FUNDED PROGRAMS ONLY**

**Homebuyer Resale Provision.** Resale provisions are applicable if the housing is assisted with HOME funds and the assisted housing does not continue to be the principal residence of the family for the duration of the period of affordability. PHCD requires the assisted housing is made available for a subsequent purchase only to a buyer whose family qualifies as a low-income family and will use the property as its principal residence.

**Homebuyer Repayment.** PHCD will provide zero percent (0%) interest deferred payment, (\_\_\_\_\_ lien position) mortgage loan in an amount of up to \$\_\_\_\_\_ until the first to occur of the following events: (1) Home Buyer sells, transfers or deposes of the assisted unit (either by sale, transfer, bankruptcy or foreclosure, etc.), (2) the Home Buyer no longer occupies the unit as their principal residence. (3) the Home Buyer dies, or if a married couple, survivor dies or (4) the affordability period for this loan ends.

### Loan Servicing

All homeownership loans will be serviced by PHCD Loan Servicing Unit or a Miami-Dade County approved private firm specializing in mortgage loan servicing. All costs associated with the servicing of homeownership loans shall be paid out of the loan program operating budget. The minimum payment and any other payments required herein can be waived by PHCD for up to one (1) year in hardship situations.

All homes purchased using financing must be used and occupied as the family's primary residence. The property may not be rented, leased, or otherwise used as an income or investment property at any time that the loan remains in effect. If at any time it is discovered that the property has been rented or leased, the County may accelerate the remaining balance due on the loan and demand immediate payment in full.

If the family sells, transfers, rents or vacates the property, the balance of the mortgage loan, including accrued interest, will be due upon vacating, selling, renting or transferring of the property. All loans are assumable. A new buyer, if income eligible, may qualify for and assume the remaining balance of the loan, with approval.

Upon sale, refinance, or transfer of title in any other manner within the affordability period, the homeowner will pay Miami-Dade County the principal amount of the Loan, together with a share of the appreciation in the value of the property. The share shall be determined by applying (1) the percentage which represents the ratio of the original principal amount of the loan to the original certified appraised value at the time of this security agreement in connection with the purchase of the property (The "Principal to Original Appraised Value Ratio") to (2) the amount if any, by which the appraised value upon refinance or transfer of the property exceeds such original appraised value. If the Loan is not evidenced by funds but by a benefit conferred by the lender (Miami-Dade County) or other public agency on the seller of the property, and the homeowner is not in default under this note or the Subordinate Security Instrument, the share of appreciation due to the Lender herein shall be reduced by the sum of (a) the amount of any cash down payment from the applicant's own funds for the purchase of the property, (b) the reasonable and customary costs of sale of the property paid by the homeowner, including any broker's commission, and (c) the value of any documented, permanent improvements to the property that are in compliance with any applicable requirements established by the lender. The affordability period (See table below) and the original certified appraised value, at the time of security agreement, are entered appraised value at closing.

Refer to the NSP Restrictive Covenant for details.

The Single Family Rehabilitation Loan Program, funded through the Miami-Dade Department of Public Housing and Community Development and administered through the Miami-Dade Community Action & Human Services Department, is a program to help low income homeowners receive forgivable loans to fund home repairs. Part of this program is designed to help homeowners or members of their households who are disabled to obtain loans to cover the cost of removing barriers and installing accessibility features in addition to home repairs. Accessibility features may include wheelchair ramps, lowered counters, wider doorways, transfer lifts, wheelchair accessible showers, or adapted appliances. The goal of this program is to not only make repairs but also to enable people with disabilities to independently live in and enjoy the use of their own homes. To be eligible for funds dedicated to help people with disabilities, the applicant must be low income, disabled and also need accessible elements that have a direct relationship to their disability. If the applicant doesn't need accessibility but needs regular home repairs such as a new roof, they may qualify for a loan through the conventional part of the program. However, people with disabilities seeking removal of barriers and the installation of access features will be given higher priority and may qualify for additional funds.

If you have accessibility needs, please state clearly what you believe your needs are and what you need to enable you to independently use your home. If you have recently become disabled or don't know what accessibility modifications you need, you might want to consider working with a Certified

Environmental Accessibility Consultant. The consultants have training and credentials which make them qualified to assess a person's specific needs as related to their disability. The consultants work with persons who are disabled, visit them in their homes, evaluate their needs and functional limitations, and make recommendations regarding home modifications and assistive technology designed to meet the applicant's needs. This service is free to the homeowner and the fee will not be added to the cost of the loan.

I understand the information provided to me and the specific criteria that will be used to evaluate my request.

16. INCOME QUALIFICATION

Annual income is the gross amount of income anticipated to be received by all adults in a family during the twelve (12) months following the effective date of the income determination.

When calculating income, please note that HOME/CDBG, and SHIP funding require that the anticipated income be based on present income plus any income to be received in the next twelve (12) months. Once the income certification is completed by county staff, and executed by the PHCD administrator or designee, an award letter/commitment letter is issued. The commitment letter is valid for three (3) months. Surtax allows for income averaging for the past two (2) years for applicants who are self-employed; earn commission, tips, bonuses, and overtime.

Florida property laws do not legally recognize separation as it relates to property ownership. Consequently, when an applicant is legally married but does not currently reside with the spouse, the estranged spouse must sign the mortgage and the subsidy recapture provision, and his or her income must be counted as part of the annual household income. This always applies in cases of temporary separation when a spouse does not live in the house due to military service, attendance in college, offshore work, or other instances where a family member is temporarily residing in another location

In some situations, it seems clear that the applicant has no plan to reunite with the estranged spouse and the separation is permanent. The flexible nature of these programs is intended for local governments to determine the use of funds while ensuring accountability, to make a decision about a permanent separation and to obtain as many details as possible to document the subsidy recipient. In cases of permanent separation, the applicant and the estranged spouse maintain separate residences and file separate tax returns. The applicant must provide proof of separation by providing copies of the estranged spouse's IRS tax returns, driver's license, legal separation agreement, utility bills, etc. The estranged spouse does not need to be counted in the household size and his or her income should not be included in household income.

Required documentation when applicable:

1. Separated spouse to provide evidence of not occupying the subject property.
2. Self-employed individuals to provide current profit and loss statement.
3. Adult dependents to provide evidence of school transcript or employment.
4. Copy of divorce decree including all pages and property settlement agreement. Joint custody: the children live with the parent for fifty-percent (50%) of the year; the children should be included as the household members.
5. Child support payments; third party verification of regular cash contribution letter for non-ordered child support; if the applicant is not receiving court ordered child support, a letter from the Department of Revenue, Child Support Office is required.
6. Un-employment affidavit.
7. Copy of death certificate.
8. Adoption letter and assistance payments. Court ordered letters of guardianship/adoption will be required if applicant is not the birth parent of household members.
9. Any applicant seeking assistance, requiring assistance from family members or others must execute the PHCD authorization form.
10. Any other form of verification as required by funding.
11. School records to reflect the residing address of the property.

**Miami-Dade County  
Public Housing and Community Development  
Affordable Housing Development Guidelines**

The affordable housing development component provides funding to developers, as available, to defray the costs of new construction, rehabilitation and/or other costs associated with the development of single-family and multi-family housing. This component is intended to increase housing opportunities for persons by encouraging the creation and rehabilitation of affordable housing units.

**INTRODUCTION**

Miami-Dade County, Department of Public Housing and Community Development (PHCD) reviews Request for Applications (RFA) binders submitted for a funding allocation for approved housing activities, which includes new construction and rehabilitation of permanently financed multifamily affordable housing developments. The documents and exhibits presented in the RFA binder are reviewed and analyzed to complete a Credit Underwriting Report. The Report includes an analysis of the information available in the submitted RFA binder related to the development and renders a written recommendation in favor of or opposed to proceeding with the underwriting of the proposed development.

The number of developments recommended for funding shall be limited by the funds available for the RFA. There shall be no developments ranked beyond those that are recommended for funding.

In accordance with Resolution No. R-345-15, Miami-Dade County has established a cap on the number of additional funding applications that an agency can submit for Documentary Stamp Surtax funds if the project has been awarded gap funding for its first application. No more than one application is permissible for the same project. Any additional application will not be considered unless extenuating circumstances exist. The determination of whether "extenuating circumstances" exist shall be at the sole and absolute discretion of the County.

In accordance with Resolution No. R-346-15, Miami-Dade County has established a Maximum Development Cost per Unit to construct, rehabilitate or acquire Affordable Housing with County funds as \$225,000.00, except for construction of High-Rise projects for which the Maximum Development Cost per Unit shall be \$250,000.00. "High-Rise" means Affordable Housing structures which are seven or more stories in height. The "Maximum Cost per Unit" means the Total Development Cost divided by the total number of units. Total Development Cost means the total cost of completing the entire project, from acquisition to the issuance of Certificate of Occupancy, including, but not limited to, the cost of design, planning, zoning, variances, financing costs, legal costs, construction, and permitting. For construction and rehabilitation projects, the cost of land acquisition shall be deducted from the Total Development Cost.
