SUBJECT: Resolution Authorizing Execution of a Memorandum of Understanding on Cooperation between The Bureau of International Narcotics and Law Enforcement Affairs of the Department of State and Miami-Dade County

Recommendation

It is recommended that the Board of County Commissioners (Board) approve the attached resolution authorizing the County Mayor or County Mayor's designee to execute the Memorandum of Understanding (MOU) on Cooperation between The Bureau of International Narcotics and Law Enforcement Affairs (INL) of the Department of State and Miami-Dade County, through the Miami-Dade Police Department (MDPD). This MOU will become effective when signed by the INL of the Department of State and Miami-Dade County, and will continue until January 31, 2021.

Scope

This MOU will provide the continuation of the cooperative relationship between the Department of State, INL and Miami-Dade County via the MDPD for the purpose of training, advising, and mentoring international law enforcement personnel and/or to provide assistance for anti-crime efforts overseas. The purpose of these activities is to provide assistance to foreign governments relative to international criminal activities. This MOU will supersede the MOU previously executed under the authority of Resolution R-690-12, which expires January 31, 2016.

Delegation of Authority

Upon approval by the Board, the County Mayor or County Mayor's designee will have the authority to execute the MOU on behalf of Miami-Dade County, and to execute amendments identifying countries that will participate in this program and detailing particularized training plans and to exercise termination provisions. The County Mayor or County Mayor's designee is also authorized to receive and expend funds to implement this program in accordance with requirements from the INL to further the purpose described in the MOU.

Fiscal Impact/Funding Source

The INL estimates that approximately \$1 million each year for the period of the MOU will be funded in partnership activities. This will allow for reimbursement to the County and the MDPD for allowable program expenses, such as personnel, travel, training course materials, supplies, equipment, and other items necessary to conduct the activities of this program. Training and other services performed by MDPD personnel are conducted on an overtime basis.

Track Record/Monitor

This MOU and the partnership activities will be monitored by Raul Ubieta, Major for the Miami-Dade Police Department's Miami-Dade Public Safety Training Institute, to ensure compliance with MOU requirements.

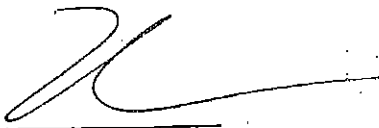

Background

During the first period of this partnership, which began November 2012, under Resolution R-690-12, the MDPD conducted training, advising, and mentoring activities for police officers from Haiti, Guatemala, and Egypt. The Acting Assistant Secretary of the INL documented that his agency has enjoyed a "robust partnership with the MDPD for the last three years." Based on the quality of the training and expertise provided by the MDPD, it is the desire of the INL to continue this partnership.

The purpose of the partnership is to establish a mutual framework governing the respective responsibilities of the INL and Miami-Dade County for cooperation related to training, advising, and mentoring international law enforcement personnel and/or to provide assistance for anti-crime efforts overseas. The MDPD's responsibilities under the MOU, is primarily training which incorporates a framework that serves to enhance the police capacity of foreign law enforcement personnel with properly trained civilian law enforcement to support the INL mission. This mission is to strengthen the administration of justice under the rule of law with respect for human rights and to minimize the impact of transnational crime. Based on the experience of the two (2) agencies during the first MOU, the INL and the MDPD developed an intense professional law enforcement training program with approximately 10 training courses, utilizing a minimum of 18 sworn MDPD personnel. This training is conducted on an overtime basis so as not to interfere with officers' regularly assigned duties. The training courses and curricula have been approved by the INL and are presently in place.

As the INL identifies countries and their respective law enforcement agencies to participate in the program, a training plan is developed, including a scope of work and budget, for that particular country. The INL identifies the established MDPD training courses, which are appropriate for the particular country, and then provides the County with an amendment documenting the training plan for the training and activities necessary for each country. Once the amendment is approved by both the County and INL, the training is arranged and conducted. At the conclusion of the training for each country, the services of the MDPD are reimbursed by the INL, as allowed by the MOU.

The Department of State's Bureau of International Narcotics and Law Enforcement Affairs has invited Miami-Dade County to continue this unique partnership. Miami-Dade County and the MDPD will work with the Department of State to continue to foster a partnership with international law enforcement personnel, and to share best practices concerning anti-crime efforts and other related law enforcement matters.
