Subject: Resolution Calling a Special Election for the Creation of the Riverwood Street Lighting Special Taxing District

Recommendation

It is recommended that the Board of County Commissioners (Board) approve a resolution submitted in accordance with Chapter 18, Article 1 of the Miami-Dade County Code (Code) for the calling of a Special Election for the creation of the Riverwood Street Lighting Special Taxing District.

Scope

This Special Taxing District lies within Commissioner Sally A. Heyman's District 4 and will provide street lighting services.

Fiscal Impact/Funding Source

Creation of this district is at the request of the proposed district's property owners pursuant to Chapter 18 of the Code. The economic impact on the Miami-Dade County (County) budget will be from the advancement of funds by several County Departments. Advancement of funds will result from various Departments' expenditure of labor and materials necessary to engineer and administer the district. All district costs incurred will be reimbursed to each Department after the Board's adoption of the preliminary assessment roll, ratification of the district by the qualified electorate within the district's boundaries, and collection of the assessments from the affected property owners on their November 2016 and subsequent annual tax bills.

After the first year, the economic impact on the private sector will be a perpetual annual special assessment for the cost of street lighting to all property owners within the district. Florida Power and Light Company (FPL) is the owner of the street lighting system and, therefore, will derive revenues from it.

At this time, there will be no increase or decrease in County staffing due to this district. The private sector may increase its staffing levels to provide the service requirements created by this Special Taxing District.

Social Equity Statement

Pursuant to Ordinance No. 15-83, if approved, property owners within the proposed district will pay special assessments appropriately apportioned according to the special benefit they receive from the district's services regardless of their demographics or income levels. The creation of this Special Taxing District, which was requested by a majority of the property owners, will provide for lighting continuity between contiguous Street Lighting Special Taxing Districts on connecting roadways, allow higher intensity spotlighting at specific locations, and accommodate future PVWWM lighting standards.

Track Record/Monitoring

The County's Public Works and Waste Management Department (PWWM) is the managing entity overseeing this item and the person responsible is Michael R. Bauman, Chief of the Causeways and Special Taxing Districts Division (Division).

Background

The Board approved this district's creating ordinance and assessment resolution on January 20, 2016. At this time, the Board is requested to approve this resolution authorizing the district ratification by the district's qualified electorate. The street lighting improvements will be accomplished pursuant to an agreement between the County and FPL. The facilities provided will remain the property of FPL. FPL will be responsible for the maintenance, repair, upgrades, and replacement of the light standards, fixtures, lamps, and all connecting service lines. The Division will administer FPL's agreement, installation, and billing process.

connecting roadways, to allow higher intensity spotlighting at specific locations, and to accommodate future PWWM lighting standards.

Required Referendum:

Every qualified registered voter residing within the district's boundaries will be afforded the opportunity to vote at an election to be conducted by mail and estimated to be held in 2016.

Preliminary Assessment Roll:

Approved on January 20, 2016 by the Board and contingent upon the approval of this district's creating ordinance and subsequent ratifying referendum. The implementation of the assessment roll will be in accordance with the procedures defined in Chapter 18 of the Code.

Estimated Completion:

Summer 2016

Estimated Initial Billing:

November 2016. Assessment billed annually as an itemized portion of the Real Property tax bill.

| For A Typical Condominium Unit: | \$121.95 | \$15.85 |

The above annual costs and assessment information are based on the expected lighting services to be provided by the district, and are subject to change in the event that district services are adjusted by the County Engineer as provided herein.

State or Federal grants are not applicable to this Special Taxing District.

Each Street Lighting Special Taxing District is unique due to its geographical boundaries, affected property owners, and level of service to be provided. Creation of a new Special Taxing District to provide this service is the best and most cost-effective method to achieve this benefit.

In accordance with the requirements of Section 18-3 of the Code to provide street lighting in existing subdivisions through the creation of Street Lighting Special Taxing Districts, and in
