

Memorandum

(Public Hearing 4-5-16)

Date: February 17, 2016

To: Honorable Chairman Jean Monestime
and Members, Board of County Commissioners

Agenda Item No. 5(E)

From: Carlos A. Gimenez
Mayor

Subject: Ordinance Creating the Sky Lake Gardens Condo No. 4 Street Lighting Special Taxing District

Recommendation

It is recommended that the Board of County Commissioners (Board) approve a petition submitted in accordance with Chapter 18, Article 1 of the Miami-Dade County Code (Code) for the creation of the Sky Lake Gardens Condo No. 4 Street Lighting Special Taxing District.

Scope

This proposed Special Taxing District lies within Commissioner Sally A. Heyman's District 4 and will provide street lighting services.

Fiscal Impact/Funding Source

Creation of this district is at the request of the proposed district's property owners pursuant to Chapter 18 of the Code. The economic impact on the Miami-Dade County (County) budget will be from the advancement of funds by several County Departments. Advancement of funds will result from various Departments' expenditure of labor and materials necessary to engineer and administer the district. All district costs incurred will be reimbursed to each Department after the Board's adoption of the preliminary assessment roll, ratification of the district by the qualified electorate within the district's boundaries, and collection of the assessments from the affected property owners on their November 2017 and subsequent annual tax bills.

After the first year, the economic impact on the private sector will be a perpetual annual special assessment for the cost of street lighting to all property owners within the district (see page 3 of this memo). Florida Power and Light Company (FPL) is the owner of the system and therefore will derive revenues from it. At this time, there will be no increase or decrease in County staffing due to this district. The private sector may increase its staffing levels to provide the service requirements created by this Special Taxing District.

Social Equity Statement

If approved, property owners within the proposed district will pay special assessments appropriately apportioned according to the special benefit they receive from the district's services regardless of their demographics or income levels. The creation of this Special Taxing District, which was requested by 65.1 percent of the property owners, will provide for lighting continuity between contiguous Street Lighting Special Taxing Districts on connecting roadways, allow higher intensity spotlighting at specific locations, and accommodate future Public Works and Waste Management lighting standards.

Track Record/Monitoring

The County's Public Works and Waste Management Department (PWWM) is the managing entity overseeing this item and the person responsible is Michael R. Bauman, Chief of the Causeways and Special Taxing Districts Division (Division).

Background

Contingent upon the Board's approval of this district's creating ordinance, and subsequent ratification by the district's qualified electorate, the street lighting improvements will be accomplished pursuant to an agreement between the County and FPL. The facilities provided will remain the property of FPL. FPL will be responsible for the maintenance, repair, upgrades, and replacement of the light standards, fixtures, lamps, and all connecting service lines. The Division will administer FPL's agreement, installation, and the billing process.

Each Street Lighting Special Taxing District is unique due to its geographical boundaries, affected property owners, and level of service to be provided. Creation of a new Special Taxing District to provide this service is the best and most cost-effective method to achieve this benefit.

In accordance with the requirements of Section 18-3 of the Code to provide street lighting in existing subdivisions through the creation of Street Lighting Special Taxing Districts, and in compliance with the provisions of Section 18-3 (c) of the Code, I have reviewed the facts submitted by PWWM and concur with their recommendation that this district be created pursuant to Section 18-3 of the Code.

**REPORT AND RECOMMENDATIONS
ON THE CREATION OF SKY LAKE GARDENS CONDO NO. 4
STREET LIGHTING SPECIAL TAXING DISTRICT
MIAMI-DADE COUNTY, FLORIDA**

Pursuant to Chapter 18 of the Code of Miami-Dade County (Code), and as a result of a detailed investigation of a duly petitioned for Special Taxing District, the following facts are submitted by the Miami-Dade County Public Works and Waste Management Department (PWWM) Director concerning the creation of Sky Lake Gardens Condo No. 4 Street Lighting Special Taxing District.

1. BOUNDARIES OF THIS DISTRICT

The proposed district is located entirely within a portion of unincorporated Miami-Dade County, and the boundaries, as set forth in the petition, are as follows:

A portion of Section 5, Township 52 South, Range 42 East, Miami-Dade County, Florida; being more particularly described as follows:

Sky Lake Gardens Condo No. 4).

The district's boundaries and geographical location are shown on the attached sketch entitled Sky Lake Gardens Condo No. 4 Street Lighting Special Taxing District and hereinafter referred to as Exhibit A.

A preliminary community meeting will be held to present the facts pertaining to the boundaries of this district, a description of the improvement to be provided, its costs, and the method of payment.

2. LOCATION OF THE INSTALLATIONS TO BE CONSTRUCTED

Services to be provided under the district will consist of public street lighting located within the public rights-of-way.

3. ESTIMATED COSTS AND ANNUAL EXPENSE FOR MAINTENANCE, REPAIR AND OPERATION OF THIS DISTRICT

The cost of the streetlights in this district will be continual and is based on a preliminary estimate using Rate Schedule No. SL-1 prepared by the Florida Power and Light Company (FPL) and approved by the Florida Public Service Commission, a copy of which is attached. FPL will install the lights, poles, and service lines at its expense and the facilities will remain the property of FPL. FPL will be responsible for the maintenance, repair, upgrades, and replacement of the light standards, fixtures, lamps, and all connecting service lines. However, the Special Taxing District may be required to pay a differential cost if rapid construction techniques cannot be used on this project and this cost is shown in the district's cost estimate below.

<u>Estimated Annual Costs</u>	<u>First Year</u>	<u>Second Year</u>
2 – 16,000 Lumen Sodium Vapor Luminaries	\$175.68	\$175.68
2 – Concrete Poles	\$149.52	\$149.52
360 Ft. – Underground Wiring	\$176.04	\$176.04
Annual Fuel Adjustments (Based on 1,440 KWH at \$0.07443 Per KWH)	\$107.18	\$107.18

Total Street Lighting Service Costs	\$664.98	\$664.98
<u>Estimated Annual Costs (Continued)</u>	<u>First Year</u>	<u>Second Year</u>
Engineering & Administrative Costs	\$2,630.26	\$30.26
Billing, Collecting, Processing & Election Costs	\$5,933.20	\$150.00
FP&L Restoration Cost	\$3,000.00	\$0.00
Contingencies	<u>\$1,834.27</u>	<u>\$42.26</u>
	\$14,062.71	
Total Costs to District (Second Year)		\$887.50
Estimated Annual District Assessments:	<u>First Year</u>	<u>Second Year</u>
Per Assessable Front Foot	\$27.9022	\$1.7609
For A Typical Condominium Unit:	\$111.61	\$7.04

The above annual costs and assessment information are based on the expected lighting services to be provided by the district, and are subject to change in the event district services are adjusted by the Department Director. Total costs and assessments will be adjusted, if necessary, to meet actual costs.

4. CONFORMITY TO THE MASTER PLAN OF MIAMI-DADE COUNTY

The proposed district conforms to and in no way conflicts with the master plan of development for Miami-Dade County (County) (see attached memorandum from the Department of Regulatory and Economic Resources, a successor to the Department of Planning and Zoning).

5. RECOMMENDATION CONCERNING THE DESIRABILITY OF THIS DISTRICT

The need for street lighting in the County is apparent. Residents and property owners of the County continue to demonstrate their desire for street lighting through numerous petitions and personal requests.

The 2014 net property valuation within the district, based on information provided by the Miami-Dade County Office of the Property Appraiser is \$1,939,533.00, which is a good indication that the affected properties are able to pay such assessments as may be required and, in my opinion, the proposed improvements will provide special benefits to properties within the district exceeding the amount of special assessments to be levied.

6. PROCEDURE

As provided for under Section 18-3 of the Code, the owners within the proposed district shall initially pay all costs and expenses incidental to the creation of this district and shall be assessed through special assessments for the entire cost of creating the district and providing street lighting within the district for the first year as well as the costs of maintaining, repairing, and operating the streetlights for the second and succeeding years. Based on front footage, each property owner within the proposed boundaries will pay the County, through a special assessment, a proportionate share of the total annual costs each year thereafter.

In the event actual construction costs are lower than the costs estimated herein, the Director of PWWM shall adjust and decrease the front foot rate of assessment necessary to provide adequate revenue to cover the expenses. In the event actual costs are higher than estimated herein, the front foot rate of the assessment shall not be increased prior to the Board of County Commissioners (Board) adopting a revised assessment roll.

The County may then enter into an agreement with FPL, in substantially the form attached herein, wherein the County will pay to FPL any costs associated with the streetlight installation and ongoing costs of service.

7. RECOMMENDATION

It is recommended that Sky Lake Gardens Condo No. 4 Street Lighting Special Taxing District be created pursuant to Section 18-3 of the Code, which provides for the creation of Special Taxing Districts for street lighting in existing subdivisions and that the creation of the district be authorized by an ordinance to be adopted by the Board, subject to ratification by the district's qualified electorate at a special referendum to be called by the Board. It is also recommended that upon adoption of the ordinance creating this Special Taxing District, the Board adopt, as the next agenda item, a resolution calling for a special election, as required by Chapter 18 of the Code. Said election will be conducted by the Miami-Dade County Elections Department using a mailed ballot provided, along with a project report summary, to each district registered voter. It is further recommended that the Board, on the same agenda, also adopt the district's preliminary assessment roll resolution. Adoption of this resolution will enable the Miami-Dade Tax Collector to bill the affected property owners, collection of which will provide the necessary funds to reimburse affected County Departments involved in the creation and establishment of the district, as well as provide funds to construct and maintain the improvements provided by the district. The implementation of the assessment roll will follow the procedures defined in Chapter 18 of the Code and be subject to district ratification by the qualified electorate. The assessment will appear on the November 2017 tax bill following the election, if approved by the electorate. The ordinance shall take effect when ratified at an election to be formally called, noticed, and conducted as this Board shall determine by resolution, unless vetoed by the Mayor, and if vetoed, it shall become effective only upon an override by the Board and the district approved at the subsequent election. PWWM will also be available to answer any questions from the public or from your office with regards to the financial and/or engineering facts of this district. We further recommend that the County Mayor or County Mayor's designee forward the attached report to the Board after review and concurrence with our findings.

MEMORANDUM

To: Aristides Rivera, P.E., P.L.S., Director

Date: January 15, 2002

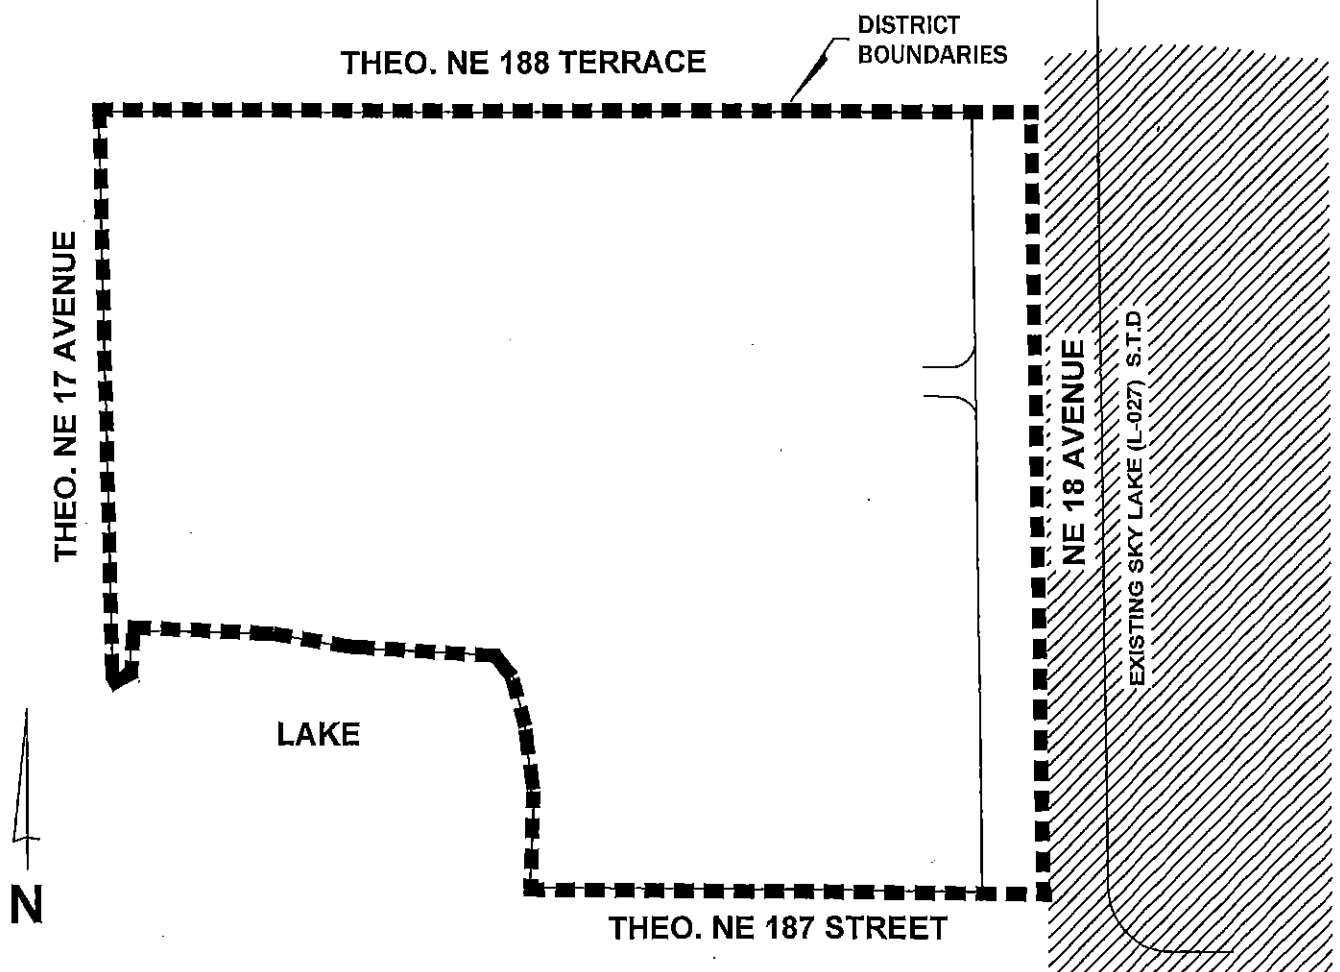

From: *Diane O'Quinn Williams*
Diane O'Quinn Williams, Director
Department of Planning and Zoning

Subject: Street Lighting, Maintenance of
Landscape, Walls Adjacent to
Double-Frontage Lots and Lakes
Special Taxing Districts

Section: As Required
District: As Required
Council: As Required

Effective September 5, 2001, all tentative plats in the unincorporated area of Miami-Dade County submitted to the Land Development Division of the Public Works Department, must be accompanied by a properly executed petition for all applicable special taxing districts including, but not limited to street lights, maintenance of landscape, walls adjacent to double frontage lots, entrance features and lakes. Final Plats will not be presented to the Board of County Commissioners for consideration until the applicable special taxing districts are created, and all fees have been paid. In that regard, to ensure expeditious processing, this Memorandum may serve as approval for certain future special taxing district application requests as being consistent with the intent and purpose of the adopted 2005-2015 Comprehensive Development Master Plan (CDMP). Policy 4A - Capital Improvement Element states: Appropriate funding mechanisms will be adopted and applied by Miami-Dade County in order to assure the fiscal resources to maintain acceptable levels of service. Such funding mechanisms include special tax districts, municipal taxing service units, local option taxes, user fees, local gas tax, general obligation bond, impact fees, and special purpose authorities, or others as appropriate and feasible (Adopted Components as Amended through April 2001, page IX-10). The provision for services over and above minimum for neighborhoods and communities may be accomplished through the special taxing district as may be prescribed by the code.

The Department of Planning and Zoning (DP&Z) has no objection to a blanket approval with condition to establish future special taxing districts as limited to requests for street lighting, landscape maintenance, walls adjacent to double-frontage lots and lake maintenance districts. The previously noted special taxing districts may be established on the condition that the DP&Z review all landscape maintenance districts for compliance with plantings in public rights-of-way and lake maintenance districts for consistency with Landscape Code (Chapter 18A) Section 18A-6(L) Storm Water Retention/Detention Areas.
