Subject: Social Equity Statement regarding Ordinance related to the Affordable Housing
Advisory Trust Fund Board of Trustees

The Ordinance amending Chapter 17, Article VIII of the Code related to the Affordable Housing Trust Fund Board of Trustees revises the membership of the Board of Trustees, changes the method of appointment of members, and updates terminology.

The proposed Ordinance is not anticipated to have a quantifiable social equity impact benefit or burden on the residents of Miami-Dade County. Rather, this amended Ordinance will update composition of the Board, including County staff, as well as other vital community partners, agencies, and entities, with a commitment to serve the affordable housing community; to better represent the diversity of the population in our community, including the proportional representation of women; and to provide special expertise in affordable housing. It is further anticipated that the community will benefit from the ability of the Board to engage with the community through public hearings, workshop, and seminars to solicit input on the myriad topics of affordable housing.
