**BACKGROUND:** Under the conditions of the LAP agreements (ARF61, ARM05), Miami-Dade County is required to hire an independent consultant to verify FDOT LAP compliance for the work to be performed at:

- 1) Old Cutler Road from SW 136 Street and SW 63 Avenue to Cartagena Plaza
- 2) SW 328 Street over Levee L-31-E

The County is actively engaged in developing new bicycle facilities and restoring old facilities that are challenged by current standards. One of the preeminent bicycle routes is County Bicycle Route 1, which is known south of Cartagena Plaza as the Old Cutler Trail and north of Cartagena Plaza as the Commodore Trail. Funding for Transportation Enhancement Program projects is provided by the

Federal Highway Administration through the Safe, Accountable, Flexible, Efficient Transportation Act. On October 21, 2010, the Metropolitan Planning Organization approved Resolution No. 41-10, which included an application for Transportation Enhancement Program funding for the Old Cutler Bicycle Trail. The Project consists of reconstructing the bike path to a minimum eight (8) inches wide and relocation further away from the traffic lanes where possible, constructing curb and gutter where needed, installing remedial drainage as necessary, resurfacing segments of the path that are to remain, pruning tree roots and placing root barriers to minimize future damage to the path's structure, and installing regulatory signage for bicycles and pedestrians.

The Public Lands Highway Discretionary Program is administered by the Federal Highway Administration's Federal Lands Highway Office, with funds available for transportation projects within, adjacent to, or which provide access to Federal lands or facilities. The rehabilitation of this bridge will preserve an existing facility that provides the only vehicular access to Biscayne National Park's Visitor Center and Park Headquarters. The scope of work includes but is not limited to milling the existing asphalt on the bridge and replacing it with a five (5) inch reinforced concrete deck in order to distribute the traffic loads and ensure that all sonovoid slabs are sharing these loads. Safety improvements such as the replacement of the existing railings and guardrails will also be performed. Additional work will include new slope protection in the area of the bridge and the replacement of bridge joints and the repairs of existing structural cracks on the bridge.

It is further agreed and stipulated that the right of any party hereto excuse its failure to perform by reason of Force Majeure shall be conditioned upon such party giving, to the other party or parties, written notice of its assertion that a Force Majeure delay has commenced within ten (10) working days after such commencement, unless there exists good cause for failure to give such notice, in which event, failure to give such notice shall not prejudice any party's right to justify any non-performance as caused by Force Majeure unless the failure to give timely notice causes material prejudice to the other party or parties.

## **SECTION V - COMPENSATION**

The COUNTY agrees to pay and the CONSULTANT agrees to accept, for services rendered pursuant to this Agreement, fees and other compensation computed in accordance with one or a combination of the methods outlined below:

### **A. Lump Sum Fee**

### **B. Reimbursable Expenses**

The CONSULTANT shall be compensated for certain work related expenditures not covered by fees for engineering services, provided such expenditures are previously authorized by PWWM. Reimbursable expenses may include:

1. Expenses for document reproduction, rental of specialized equipment, and purchase of special instruments necessary for the efficient performance of the work, provided that such instruments remain the property of the COUNTY upon work completion. These expenses shall be reimbursed on a direct cost basis.
2. Expenses for travel, transportation and subsistence outside Miami-Dade County will be reimbursed according to the provisions of Florida Statutes Section 112.061, as presently written or hereafter amended.

### **C. Fee as a Multiple of Direct Salary Cost and Fixed Hourly Rate**

1. The fee for engineering services rendered by the CONSULTANT's personnel shall be computed based on the direct salary cost, as reported to the Internal Revenue Service, for the time of said personnel engaged directly in the work, times a negotiated multiplier, as shown in Appendix A

A

attached. The fee for Soils, Foundations and Geotechnical Testing Services shall be the same as the fees used in E12-PWWM-02 (attached for reference).

This fee shall constitute full compensation to the CONSULTANT for costs incurred in the performance of the work such as overhead, fringe benefits, operating margin and all other costs not covered by reimbursable expenses.

2. The CONSULTANT shall be compensated at the flat rate shown in Appendix A for the time of principals engaged directly in the work. This rate shall not be subject to the negotiated multiplier and shall be applied to the time spent on requested work by the following principals:

Mariano O. Valle, PE

3. Overtime work considered necessary and expressly authorized by PWWM in advance shall be compensated at time-and-a-half of the rate established by Subsection V-C (1) hereof.

#### **SECTION VI - ADDITIONAL SERVICES**

In the event that a contingency necessitates the performance of additional services by the CONSULTANT after the Agreement has been encumbered, PWWM shall have the right to authorize performance of additional services from a contingency of ten percent (10%) of the Agreement's compensation.

#### **SECTION VII - METHODS OF PAYMENT**

The COUNTY agrees to make monthly or partial payments to the CONSULTANT for all authorized work performed during the previous calendar month or other mutually agreed invoicing period. The CONSULTANT agrees to provide copies of any records necessary to substantiate payment requests to the COUNTY. Payments shall be made in accordance with the following methods:

##### **A. Estimated Professional Fees and/or Reimbursable Expenses**

1. The CONSULTANT shall submit duly certified invoices in triplicate to PWWM. Each invoice shall be referenced to the particular Notice to Proceed, which authorized the services performed and/or expenses incurred.
2. The amount of invoices submitted shall be comprised of the amounts due for all services performed and/or reimbursable expenses incurred to date in connection with authorized work, less previous payments. The amounts due for professional services and/or reimbursable expenses shall be calculated in accordance with Subsections V-B and V-C hereof, respectively. Invoiced reimbursable expenses must be substantiated by copies of receipts and other documentation as necessary.

##### **B. Lump Sum Fee**

1. The CONSULTANT shall submit duly certified invoices in triplicate to PWWM. Each invoice shall be referenced to the particular Notice to Proceed, which authorized the services performed.
2. The amount due of invoices submitted shall be calculated by applying the percentage of the total work completed to date to the authorized lump sum, and subtracting any previous payments.

### **SECTION VIII - SCHEDULE OF WORK**

The COUNTY shall have the sole right to determine on which units or sections of the work the CONSULTANT shall precede and in what order. Written Notices to Proceed issued by PWWM shall cover in detail the scope, time for completion and compensation for the engineering services requested in connection with each unit or section of work.

### **SECTION IX - RIGHT OF DECISIONS**

All services shall be performed by the CONSULTANT to the satisfaction of PWWM who shall decide all questions, difficulties, and disputes of whatever nature which may arise under or by reason of this Agreement, the prosecution and fulfillment of the services hereunder, and the character, quality, amount and value thereof. PWWM's decisions upon all claims, questions and disputes shall be final, conclusive and binding upon the parties hereto unless such determination is clearly arbitrary or unreasonable. In the event the CONSULTANT does not concur with the decisions of PWWM, the CONSULTANT shall present any such objections in writing to the County Mayor. The County Mayor or the County Mayor's Designee and the CONSULTANT shall abide by the decisions of the County Mayor. This paragraph does not constitute a waiver of any party's right to proceed in a court of competent jurisdiction.

### **SECTION X - OWNERSHIP OF DOCUMENTS**

All reports, tracings, plans, specifications, maps contract documents, and/or other data developed by the CONSULTANT pursuant to this Agreement shall become the property of the COUNTY without restrictions or limitations upon their use and shall be made available by the CONSULTANT at any time upon request by the COUNTY. Reuse of such data by the COUNTY for any purpose other than that for which prepared shall be at the COUNTY's sole risk.
