Subject: Sixth Amendment to Consultant Agreement for Project Support Services for the North Terminal Development Program with Sequeira & Gavarrete, Inc. in the Amount of \$3.3 Million

Recommendation

It is recommended that the Board of County Commissioners (Board) approve the attached Sixth Amendment to the Consultant Agreement for Project Support Services at Miami International Airport (MIA) with Sequeira & Gavarrete, Inc. (S&G) to add \$3.3 million to the agreement for the purposes described below.

CONTRACT NO.: B701D

PROJECT DESCRIPTION: The consultant provides professional, technical and administrative support personnel to work with, support, and augment the Miami-Dade Aviation Department (MDAD) and its other consulting staff in completing the remaining design, construction, installation, and commissioning work of the NTDP. Consultant staff manages engineering, architectural, construction and other technical support requirements. MDAD-issued service orders to the consultant may include program management; quality assurance for design and construction; detailed project programming and management; construction management; maintenance of program controls including scheduling, budgeting, estimating, reporting, and monitoring of comprehensive small business processes including Disadvantaged Business Enterprise (DBE), Community Business Enterprise (CBE), Community Small Business (CSBE) programs and other specialty consultant services.

MANAGING DEPARTMENT: MDAD

Fiscal Impact/Funding Source

MODIFICATION FUNDING SOURCE: MDAD Operating Budget

AMENDMENT DESCRIPTION: Allocate additional funds to continue providing services at MIA.

Justification

The Concourse E program is a significant project and is critical to the continued success of MIA and its airline partners. This project is of particular importance due to the expansion of American Airlines' operations at Concourse E. MDAD needs S&G to continue providing support services for the refurbishment of lower Concourse E and E Satellite.

This amendment allocates additional funds to the consultant agreement to continue the administration of contracts for the design, construction and installation of goods and materials relating to the completion and close out of the Concourse E program and to assist MDAD with other areas of the MIA Terminal Complex, as may be necessary within the terms of the existing agreement.

There is a solicitation being advertised for the selection of the new professional consultant to assume and continue providing similar support services to complete the MIA Terminal Optimization Program (TOP).
