

Memorandum

Date: April 5, 2016

Agenda Item No. 3(B)(1)

To: Honorable Chairman Jean Monestime
and Members, Board of County Commissioners

From: Carlos A. Gimenez
Mayor

Subject: Resolution Ratifying the Application for and the Execution of Two Grant Agreements with the Florida Inland Navigation District Providing Funds for the Removal and Disposal of Derelict Vessels located in Tidal Waters of Miami-Dade County

Recommendation

It is recommended that the Board of County Commissioners (Board) ratify the action of the County Mayor or County Mayor's designee in applying for and executing two (2) Small-Scale Derelict Vessel Removal Project Agreements with the Florida Inland Navigation District.

The Project Agreements ICW-DA-15-01 (Attachment A) and ICW-DA-15-02 (Attachment B) each provided \$30,000.00 (\$60,000.00 total) to Miami-Dade County on a reimbursement basis to remove and dispose of 19 derelict vessels located in Biscayne Bay during Fiscal Years 2014-15 and 2015-16, respectively.

Scope

Both Agreements provided funds for the removal and disposal of derelict vessels located in Biscayne Bay.

Agreement ICW-DA-15-01 funded the removal of 11 derelict vessels from Commission District 3, represented by Commissioner Audrey M. Edmonson; District 4, represented by Commissioner Sally A. Heyman; District 5, represented by Commissioner Bruno A. Barreiro; and District 7, represented by Commissioner Xavier L. Suarez.

Agreement ICW-DA-15-02 funded the removal of eight (8) derelict vessels from Commission District 4, represented by Commissioner Sally A. Heyman; and District 7, represented by Commissioner Xavier L. Suarez.

Fiscal Impact/Funding Source

The agreements provided \$60,000.00 to Miami-Dade County for the removal of 19 derelict vessels from Biscayne Bay during Fiscal Years 2014-15 and 2015-16. The agreements also required the County to pay a minimum of 25 percent of the amount actually expended. The match was met by paying \$41,305.00 of the \$101,305.00 total contracted cost with funds from the Biscayne Bay Environmental Enhancement Trust Fund, which the Board previously authorized under Resolution No. R-614-14. The full \$101,305.00 would have been paid from the Biscayne Bay Environmental Enhancement Trust Fund, as authorized, had the Florida Inland Navigation District grants not been received.

Track Record / Monitor

The Chief of Natural Resources within the Department of Regulatory and Economic Resources' Division of Environmental Resources Management, Lisa Spadafina, monitors the activities performed with these funds.

Background

Derelict and abandoned vessels adversely impact the marine environment and aesthetics of coastal areas and can pose a serious and substantial threat to navigation and to the public's health, and safety. The Division of Environmental Resources Management conducts derelict vessel removal and disposal projects as part of its Biscayne Bay restoration and enhancement efforts, and frequently seeks grant funding to help support these activities. The Florida Inland Navigation District's Small-Scale Derelict Vessel Removal Program makes up to \$30,000.00 available in annual grant funding to eligible counties for the removal and disposal of derelict vessels located in the District's waterways. The funds are available on a first-come, first-served basis and require a minimum 25 percent match. Authorized disbursements from the Biscayne Bay Environmental Enhancement Trust Fund for the removal of derelict vessels and other bulky marine debris are frequently leveraged to obtain grant awards that require matching funds.

The Division of Environmental Resources Management submitted two (2) grant applications to the Florida Inland Navigation District for Fiscal Years 2014-15 and 2015-16, and was awarded the maximum grant of \$30,000.00 for both years to support its derelict vessel removal efforts.

Pursuant to Resolution No. R-1170-06, the County Mayor can apply for, accept, and execute grants for less than \$100,000.00 that do not require new matching funds without prior Board approval. The two (2) subject grants met those criteria, and the attached resolution ratifies the application for and the execution of the agreements.
