# Memorandum

**Date:** July 6, 2016

**To:** Honorable Chairman Jean Monestime  
and Members, Board of County Commissioners

**From:** Carlos A. Gimenez  
Mayor 

**Subject:** FY 2015-16 Budget for the Miami Beach City Center Community Redevelopment Agency

---

## **Recommendation**

It is recommended that the Board of County Commissioners (Board) consider approving the Miami Beach City Center Community Redevelopment Agency's (Agency's) FY 2015-16 budget for the City Center Community Redevelopment Area (Area).

## **Scope of Agenda Item**

The Area lies within Commission District 5, which is represented by Commissioner Bruno A. Barreiro.

## **Fiscal Impact/Funding Source**

The Agency's revenue source is tax increment financing (TIF), which is generated through the incremental growth of ad valorem revenues beyond an established base year, as defined in Section 163.387 of the Florida State Statutes. The County and City of Miami Beach (City) tax increment revenues deposited into the Trust Fund for FY 2015-16 total \$18.915 million and \$23.113, million respectively.

The County will continue to make annual payments to the Agency based on each respective year's growth of ad valorem revenues over the base year, through 2044, when the Agency will sunset.

## **Track Record/Monitor**

This resolution does not provide for contracting with any specific entity. The resolution approves the Agency's FY 2015-16 budget.

## **Background**

On January 26, 1993, the Board adopted Resolution No. R-14-93, which, among other things, (i) found the Area to be a "blighted area" within the meaning of Part III of Chapter 163 of the Florida Statutes and (ii) delegated to the City, pursuant to Section 163.410 of the Florida Statutes, the power to create the Agency. On March 30, 1993, the Board adopted the Agency's Community Redevelopment Plan (Plan), and approved an Interlocal Cooperation Agreement (CRA Interlocal Agreement) among the County and City when it adopted Resolution No. R-317-93. The CRA Interlocal Agreement required the Agency to submit an annual budget for County approval. On April 27, 1993, the Board enacted Ordinance No. 93-28, which provided a funding mechanism for implementing the Plan.

On December 16, 2014, the Board approved Resolution No. R-1110-14: approving an amendment to the Miami Beach City Center/Historic Convention Village Redevelopment Plan to extend the life of the agency until 2044, and approving the Third Amendment to the CRA Interlocal Agreement, which among other things allowed the Agency to issue \$430 million in bonds to refund existing debt and partially fund the Miami Beach Convention Center renovations, and delineated the annual administrative and operating expenditures for the Agency. Additionally, the Board adopted Ordinance No. 14-133, obligating the County to fund the Trust Fund until March 31, 2044.

**FY 2015-16 Budget**

The Agency's FY 2015-16 budget of \$44.240 million was approved by the Agency and the City on September 30, 2015. The budget includes revenue sources of County TIF (\$18.915 million), City TIF (\$23.113 million), a ½ mill levy to be set aside for the Children's Trust (\$2.152 million), and interest earnings (\$60,000).

As previously noted, the expenses associated with the administration and operation of the Agency were delineated by the Third Amendment, and, for FY 2015-16, the expenses for administration, community policing and capital project maintenance are capped at \$11.862 million. Administrative expenditures for the Agency's operations total \$1.223 million and represent less than five (5) percent of total budgeted expenditures, excluding the 1.5 percent County Administrative Charge (\$284,000) and the City Administrative Charge of 1.5 percent (\$347,000), which is less than the 20 percent allowed in the Third Amendment.

Operating expenditures total \$24.663 million and are broken down as follows:

- \$11.872 million for debt service including:
  - Series 2005 Bonds and the combined debt service on the Parity Bonds (\$10.550 million);
  - Sunshine State Loan for the reconstruction/renovation of Lincoln Road (\$806,000); and
  - Loans for the Bass Museum Project (\$516,000).
  
- \$4.502 million for community policing that includes 13 police officers, three (3) sergeants, two (2) public safety aides, a part-time crime analyst and a part-time lieutenant to provide community policing exclusively within the Agency seven (7) days a week.
  
- \$6.137 million for maintenance of Agency capital projects constructed with TIF funds (Lincoln Road, Beachwalk Project, and Collins Park facilities).
  
- \$2.152 million as for the Children's Trust Remittance.

The Agency's budget also includes a contingency reserve of \$17.723 million, which will be used to cover any shortfalls in future debt service or operational payments per the Interlocal Agreement.

**MIAMI BEACH REDEVELOPMENT AGENCY ITEM SUMMARY**

**Condensed Title:**

A Resolution of the Chairperson and Members of the Miami Beach Redevelopment Agency adopting and appropriating the operating budgets for the City Center Redevelopment Area, the Anchor Shops and Parking Garage and the Pennsylvania Avenue Shops and Garage for Fiscal Year 2015/16.

**Key Intended Outcome Supported:**

Enhance Beauty and Vibrancy of Urban And Residential Neighborhoods; Focusing on Cleanliness, Historic Assets, In Select Neighborhoods And Redevelopment Areas.

**Supporting Data (Surveys, Environmental Scan, etc.):**

One out of ten residents (10%) feels the best way to improve the overall quality of life in Miami Beach is to increase City beautification and cleanliness.

**Item Summary/Recommendation:**

The proposed budget for the City Center Redevelopment Area for Fiscal Year 2015/16 has been prepared to coincide with the overall City budget process, and is being presented to assist in providing a comprehensive overview of the district. Additionally, the revenues and expenses associated with the operations of the Anchor Shops and Parking Garage as well as the Pennsylvania Avenue Shops and Garage are presented as separate schedules so as to eliminate any perception that proceeds from the Facility's operations are pooled with TIF and other Trust Fund revenues.

Based on the 2015 Certificate of Taxable Value from the Property Appraiser's Office, the preliminary value of property in City Center is \$4,821,643,185; an increase of 15% over 2014, marking the fifth year in a row values have increased following two years of decline. However, as in previous years, the City has received correspondence from the County, advising of the finalization of the tax roll for the prior year, which in the case of FY 2013/14, reflects a decrease from the preliminary valuation for the same year and will result in a corresponding adjustment/reduction in TIF revenues totaling \$2,617,000 for 2015/16, versus \$2,291,000 for FY 2014/15; \$168,000 for 2013/14 and \$3.5 million for 2012/13.

Additional sources of revenue include a ½ mill levy in the amount of \$2.1 million, to be set aside for the Children's Trust pursuant to an Interlocal Agreement, dated August 16, 2004 between the RDA, the City of Miami Beach and Miami-Dade County; and an estimated \$60,000 in interest income.

The total proposed FY 2014/15 City Center Redevelopment Area Budget is \$44,240,000.

In order to address the existing and future obligations of the Redevelopment Area, it is recommended that the Redevelopment Agency adopt the attached Resolution which establishes the operating budgets for the City Center Redevelopment Area, the Anchor Shops and Parking Garage and the Pennsylvania Avenue Shops and Garage for FY 2015/16.

### ANALYSIS

The proposed budget for the City Center Redevelopment Area (RDA) for Fiscal Year 2015/16 has been prepared to coincide with the overall City budget process, and is being presented today to assist in providing a comprehensive overview of the district. Please refer to the attached Exhibit A for the proposed budget details.

#### **Revenues**

Based on the 2015 Certificate of Taxable Value from the Property Appraiser's Office, the preliminary value of property in City Center is \$4,821,643,185; an increase of 15% over 2014, marking the fifth year in a row values have increased following two years of decline. However, as in previous years, the City has received correspondence from the County, advising of the finalization of the tax roll for the prior year, which in the case of FY 2013/14, reflects a decrease from the preliminary valuation for the same year and will result in a corresponding adjustment/reduction in TIF revenues totaling \$2,617,000 for 2015/16, versus \$2,291,000 for FY 2014/15; \$168,000 for 2013/14 and \$3.5 million for 2012/13.

Additional sources of revenue include a ½ mill levy in the amount of \$2.1 million, to be set aside for the Children's Trust pursuant to an Interlocal Agreement, dated August 16, 2004 between the RDA, the City of Miami Beach and Miami-Dade County; and an estimated \$60,000 in interest income.

#### **Expenditures**

Project-related expenses account for approximately \$10.6 million, which includes \$4.5 million to be allocated for community policing initiatives in the City Center to continue providing enhanced levels of staffing and services throughout the area, and \$5.9 million for maintenance of RDA capital projects.

Administrative Expenses total \$1,223,000 comprising a management fee of \$982,000 which is allocated to the General Fund to pay for direct and indirect staff support for the RDA; \$241,000,000 for actual operating expenses; and \$25,000 for capital renewal and replacement projects under \$25,000. It should be noted that the Management Fee allocation is reflective of actual city resources applied to the operation of the RDA, as supported by the RSM McGladrey Cost Allocation Study, dated July 20, 2009. It should further be noted that Administrative and Operating expenses account for less than three percent (2.8%) of the total budget, which is well below the 20% threshold level established (and permitted) in the Interlocal Agreement between the City and the County.

Per the Third Amendment to the Interlocal Agreement between Miami Dade County and City of Miami Beach dated January 20, 2015, requires the Agency's expenses for Administration, Community Policing, and Capital Expenses not exceed the prior year's distribution for such expenses adjusted by the lesser of the Miami Urban Area CPI from July to June or 3 percent. The CPI increase from 2014 to 2015 was 1.2% and the FY 2015/16 budget includes an increase to these expenses of 1.2%.

The current combined debt service on the 2005 Series Bonds and the Parity Bonds accounts for approximately \$8.5 million annually. City Center also continues assuming debt service payments on the portion of the Gulf Breeze Loan used to pay for the Bass Museum expansion and renovation, and the portion of the Sunshine State Loan Program used for Lincoln Road Improvements, which collectively account for approximately \$1.3 million. The FY 2015/16 budget also includes \$2.1 million for the first year of interest payment and debt issuance cost of the proposed new RDA bond.

Reserve line item expenditures include those items that, pursuant to the existing Bond Covenants, may only be expended once the annual debt service obligations have been met. These include the County's administrative fees, equivalent to 1.5% of its respective TIF payment; and the corresponding contribution to the City's General Fund, equivalent to 1.5% of the City's share of its TIF payment; and the remittance of the ½ mill tax levy back to the Children's Trust.

In addition, the proposed budget includes \$17,723,000 in funding towards the new debt service anticipated for the remaining projects in the City Center Capital Plan, as well as for \$274 million in debt for the Convention Center Expansion and Renovation Project, consistent with the terms being negotiated with Miami-Dade County.

The revenues and expenses associated with operations of the City Center area Shops and Garages are presented as separate schedules. In order to eliminate any perception that proceeds from the facilities' operations are pooled with TIF and other Trust Fund revenues:

***Anchor Shops and Parking Garage***

Garage revenues at the Anchor Garage are projected at approximately \$4 million, with operating expenses, (including depreciation, contractual revenue-sharing obligations with Loews and general fund administrative fees) of approximately \$3.2 million, and an allocation of \$46,000 for window replacement in the facility. The Anchor retail operations is expected to generate \$847,000 in revenues, including interest, with operating expenses and depreciation totaling \$265,000, as well as projected reserves of \$56,000. Additionally, \$526,000 in transfers to the Pennsylvania Avenue Garage/Retail is budgeted to offset the RDA's estimated costs associated with the retail and parking operations.

***Pennsylvania Avenue Shops and Garage***

In consideration of the fact that the Pennsylvania Avenue Shops and Garage was built by the

RDA on City-owned property, the operation of the facility has been structured in the form of a ground lease between the City and the RDA, providing terms for both the Garage and Retail operations. The garage operations include base rent and an administrative fee, consistent with that of the Anchor Garage, Parking's operational fee, and revenue sharing between the City and the RDA. The Retail operations also include base rent and an administrative fee, as well as a retail lease rate based on 2010 retail market cap rates. The retail operations also include revenue sharing between the City and the RDA.

The facility is anticipated to generate \$1,108,000 in revenues in FY 2015/16, comprising totally of parking revenues. In light of the fact that the retail space is currently not rented, we have taken the conservative approach of not projecting retail rental income. The facility is still anticipated to operate at a loss during FY 2015/16, so the Anchor Garage/Retail plans to subsidize its operations through a transfer of \$526,000 to the parking operations. Expenses for the facility are budgeted at \$1.6 Million, comprising \$1,158,000 in direct operating costs for the garage and \$527,000 in lease term-related obligations.

#### CONCLUSION

The proposed FY 2015/16 City Center Redevelopment Area Budget is \$44,240,000. The Anchor Garage & Shops is \$4,927,000 and the Pennsylvania Avenue Garage & Shops is \$1,685,000.

In order to address the existing and future obligations in the Redevelopment Area, it is recommended that the Redevelopment Agency adopt the attached Resolution, which establishes the operating budgets for the City Center Redevelopment Area, the Anchor Shops and Parking Garage, and the Pennsylvania Avenue Shops and Garage for FY 2015/16.

# MIAMI BEACH REVELOPMENT AGENCY CITY CENTER REDEVELOPMENT AREA

## FY 2015/16 OPERATING BUDGET AND STATUS REPORT

### Mission/Purpose Statement

- To assure continued economic viability of the City Center Redevelopment Area and the City as a whole, through the implementation of the objectives and projects defined in the Redevelopment Plan and the amendment thereto.
- To incur minimum relocation and condemnation.
- To Involve community residents in the redevelopment process.
- To establish the necessary linkages to tie in the Convention Center, area hotels, cultural amenities, entertainment, residential and business uses in the district.
- To enhance diversity of form and activity through the use of established planning and design principles.
- To create a traffic system to serve local and through traffic needs.
- To recognize the historic structures and designations within the historic districts and facilitate development accordingly.

### Status Report

The 332-acre City Center/Historic Convention Village Redevelopment and Revitalization Area (CC/HCVRRRA or City Center) was established in 1993, in order to provide the funding mechanism to foster the development of new convention hotel development within proximity of the Miami Beach Convention Center and to establish the necessary linkages between the City's many core area civic, cultural and entertainment uses in order to create the fabric of a true urban downtown.

Since its inception, the City Center Redevelopment Area has undergone dynamic change through a combination of public and private investment initiatives.

## MIAMI BEACH REDEVELOPMENT AGENCY CITY CENTER REDEVELOPMENT AREA

Exciting projects which have transformed the area include:

- Two convention-quality hotels, both of which were the result of public/private partnerships between the Redevelopment Agency (RDA) and the respective Developers - the 800-room Loews Miami Beach Hotel and the 425-room Royal Palm Crowne Plaza Hotel, the latter of which had the distinction of being the first African-American owned hotel in the United States;
- The development of an 800-space public parking garage (Anchor Garage) to accommodate the parking needs for the Loews Miami Beach Hotel, the Crowne Plaza Hotel and other service and retail businesses in the area;
- In 1994 a \$20 million overhaul of Lincoln Road, partially funded with the participation of businesses on Lincoln Road;
- An award-winning Beachwalk extending from 21st Street to Luminus Park, comprising an at-grade, landscaped pedestrian walkway;
- Implementation of a Cultural Arts Campus Master Plan for the area east of the Miami Beach Convention Center, which includes a new regional library, the headquarters of the Miami City Ballet, the expansion and renovation of the Bass Museum of Art, the re-landscaping of Collins Park, including the restoration of the Rotunda and extensive streetscape improvements throughout the area.
- The completion of the much heralded New World Campus, including the new state-of-the art Gehry-designed headquarters facility for the New World Symphony and two publicly-funded components, including a \$15 Million municipal Gehry-designed parking garage and a \$21 Million world-class park;

## MIAMI BEACH REDEVELOPMENT AGENCY CITY CENTER REDEVELOPMENT AREA

Other important projects include the 650-space mixed-use parking facility built on the surface parking lot on the west side of City Hall, which includes 35,000 square feet of municipal office space; the implementation of major street and infrastructure improvements throughout City Center, valued at more than \$26 Million; and the acquisition and of three multi-family buildings (Barclay, Allen House, The London House) to maintain the stock of affordable housing in the area.

Tax Increment Financing (TIF) through the sale of bonds has been a major tool for financing redevelopment activities. To date, four bond issues have occurred in City Center: one in 1994 for \$25 million, to acquire land for the hotel development initiatives; one in 1996, in the amount of \$43.2 million to fund contractual obligations and capital improvements related to the Loews Hotel and Crowne Plaza Hotel projects; one in 1998, in the amount of \$38.2 million to finance capital expenditures related to the convention hotel projects, the Cultural Campus project and to repay the \$21.5 million debt obligation to the City; and the most recent, which occurred in 2005, in the amount of \$80.7 million to refinance the outstanding debt service on prior bond issues.

The City and Redevelopment Agency's commitment to upgrading and improving the area's infrastructure, addressing parking and circulation issues, and facilitating new development has fueled significant new private-sector investment in the area, evidenced by more than \$600 million in new building permit activity since the area's inception.

### Work Plan

Since its success in attracting two convention-quality hotels, the Redevelopment Agency has been focusing its efforts on a number of initiatives aimed at upgrading the area's infrastructure, streets and parks, alleviating traffic and parking congestion and encouraging the production and presentation of arts and cultural activities in the area. In 2003, the Redevelopment Agency amended its Redevelopment Plan for City Center to specifically address these objectives in the context of the New World Symphony's expansion plans involving the 17<sup>th</sup> Street surface lots and the resulting impact to the Convention Center and businesses in the area.

To this end, the Redevelopment Agency's mission is to coordinate, implement and fund the Plan's objectives and to compliment the City's established vision:

## MIAMI BEACH REDEVELOPMENT AGENCY CITY CENTER REDEVELOPMENT AREA

- Policing Culture;
- Management and Service Delivery;
- Infrastructure;
- International Center for Tourism and Business; and
- Educational Excellence.

The Redevelopment Agency's objective over the next five years will focus on the planning and implementation of capital projects associated with, but not limited to the Master Plan for the expansion of the Convention Center, upgrading streetscapes and related infrastructure throughout City Center and increasing the inventory of parking facilities, including the pending construction of a new 450-space parking garage to be located on 23<sup>rd</sup> street and Collins Avenue, designed by world-renowned architect Zaha Hadid. The RDA will also continue to fund public service enhancements provided for under the Community Policing Program as well as ensure the on-going maintenance of capital assets funded with TIF. It should be noted that that a majority of the capital enhancements set forth in the Redevelopment Plan and the 2002 Amendment thereto, have been completed including the City Center Right-of-Way improvements, the City Hall Expansion Garage, the Collins Park improvements and the development of the 17<sup>th</sup> Street surface lots into the New World Campus.

### *Miami Beach Convention Center Renovation and Expansion*

Spanning four city blocks and located in the heart of South Beach, the Miami Beach Convention Center (MBCC) currently accommodates meetings, conventions, tradeshow and consumer shows. The Convention Center originally opened in 1957 and received a major expansion and facelift in 1989, doubling it in size. Currently the MBCC boasts over 1,000,000 SF of flexible space, including; over 500,000SF of exhibit space, and over 100,000SF of versatile pre-function area space and 70 meeting rooms comprised of 127,000SF.

The expansion and renovation of the Miami Beach Convention Center project will transform the building to "Class A" standards which shall include Silver LEED certification upgrades and enhanced technology. The design modifications will include the re-orientation of the exhibit halls, façade upgrades, site improvements along the canal, and along all roadways, the addition of a grand ballroom, junior ballrooms and meeting rooms, and two levels of rooftop parking.

The interior renovation work focuses on the redistributed division of the four main exhibition hall spaces, and the additional programming of more flexible arrangements of private meeting rooms and additional indoor/outdoor versatile exhibition spaces. Currently, the four main exhibit halls are divided into quadrants—two accessible solely from Washington Avenue (Halls A and B) and the other two solely accessed from Convention Center Drive (Halls C and D). The new Convention Center re-orientes the halls in an East/West direction with the primary access from Convention Center Drive leading into a new grand, open double height entry lobby. Washington Avenue will serve as a secondary means of pedestrian entry.

## MIAMI BEACH REVELOPMENT AGENCY CITY CENTER REDEVELOPMENT AREA

The project will also include substantial improvements to the north of the property. The new addition at the northern portion of the property features an enclosed ground floor parking area and truck loading and delivery area. Above this, a 60,000 square foot grand ballroom is proposed offering vistas of the beautified 21<sup>st</sup> Street Park that will span along Collins Canal and feature the to-be-restored Historic Carl Fisher Clubhouse. This addition will create a new internalized loading area and will include two helix ramping entrance accesses to the roof level parking.

The Washington Avenue elevation will become predominately pedestrian in nature with the elimination of the visitor drop-off and cab queuing areas. The streetscape modifications will include a green edge along the avenue with native shade trees to promote a more pedestrian friendly experience. Convention Center Drive will in turn become the main access point for vehicular access and for the visitor drop-off area. Modifications will include a new median along Convention Center Drive and 19<sup>th</sup> Street creating a more sophisticated streetscape and a more celebrated boulevard experience. The Canal walk will be substantially improved and will create a softer northern edge to the MBCC.

The project also includes the demolition of the existing Recreation Center along Washington Avenue and the creation of a neighborhood park. Another architectural feature of the project is the proposed rooftop indoor and outdoor meeting space located in the southwestern corner of the roof. This will offer the patrons expansive views out onto the new Civic park proposed to replace the surface parking lot.

In association with the renovations to the Miami Beach Convention Center, a new urban park, dining pavilion and Veterans Plaza is being created to replace a surface parking lot that currently contains spaces for approximately 800 vehicles. Convention Center Park has been envisioned as a neighborhood park. The park includes a series of six clustered 'shaded edges' that will line the perimeter of the 6-acre park and surround an internal great flexible lawn.

### *Headquarter Hotel*

On January 27, 2015, the City Commission authorized the issuance of Request for Proposals No. 2015-103-ME (the RFP) for the Development of a Convention Headquarter Hotel Adjacent to the Miami Beach Convention Center ("MBCC"). On April 10, 2015, the City received proposals from Portman Holdings, LLC and Oxford Capital Group/RLB Swerdling ("Oxford Capital"). On April 21, 2015, the City Manager notified Oxford Capital that its proposal was not responsive to the RFP's minimum requirements. On April 29, 2015, the City Manager, via Letter to Commission (LTC) No. 176-2015, appointed an Evaluation Committee, which convened on May 7, 2015, to interview the Portman Holdings team and score the proposal, consistent with the evaluation criteria outlined in the RFP.

On May 20, 2015, the Mayor and City Commission approved Resolution No. 2015-29029, authorizing the Administration to negotiate a Development and Ground Lease Agreement, including a Room Block Agreement (collectively, the "Lease") with Portman Holdings, LLC, with said Lease subject to prior approval by the Mayor and City Commission before the final execution

thereof. On June 3, 2015, the Administration submitted the proposed Lease for the Finance and Citywide Projects Committee's review and input, in accordance with the requirements of Section 82-37(a)(1) of the City Code.

The City Commission approved the Ground Lease on First Reading and Public Hearing on July 31, 2015 and is scheduled to hearing the item on Second Reading on September 2, 2015.

The Leased Property generally consists of an approximately 2.65 acres on the 1700 block of Convention Center Drive, bounded roughly by the Miami Beach Convention Center to the North, 17th Street to the South, the Fillmore Miami Beach at the Jackie Gleason Theater to the East, and Convention Center Drive to the West. The project includes the development, design, construction, equipping and operation of a full-service convention headquarter hotel with approximately (but not-to-exceed) 800 hotel rooms and related improvements ("Hotel"), including the design, construction and operation of an enclosed overhead pedestrian walkway or "Skybridge" connecting the Hotel and the MBCC. The Lease is contingent upon sixty percent (60%) voter approval in accordance with Section 1.03(b)(3) of the City Charter. The referendum is contemplated to occur on November 3, 2015.

If the site is developed with a hotel annual (year 4) lease and tax revenue generated is estimated to be \$20.4 million.

### *Ancillary Projects*

**Bass Museum Interior Space Expansion:** Renovation of Bass Museum interior to increase programmable space by 47%, with an estimated cost of \$3,750,000.

**Convention Center Lincoln Rd Connectors & 17th St N. Improvement Penn Ave to Wash:** Enhance the pedestrian experience from the Convention Center complex to Lincoln Road along Drexel Avenue, Pennsylvania Avenue and Meridian Avenue. Work to consist of new lighting, sidewalk reconstruction, street furnishings, landscaping, healthy tree fertilization systems, road reconstruction, cross walk enhancements. Improvements to 17th Street from Pennsylvania Avenue to Washington Avenue will consist of landscaping, irrigation, pedestrian lighting and sidewalk replacement. This project has an estimated cost of \$12,000,000.

**Lincoln Rd / Washington Ave to Lenox Ave:** Refurbishment of Lincoln Road pedestrian mall from Washington Avenue to Lenox Avenue. Work to consist of new lighting, refurbishing pedestrian surfaces, street furnishings, healthy tree fertilization systems, milling and resurfacing pavement surfaces and cross walk enhancements. This project has an estimated cost of \$20,000,000.

### *2014 City Center Plan Amendment (Third Amendment)*

The City and County agreed to terms of a third amendment to the City Center RDA (the Third Amendment), which extended the life of the City Center RDA from FY 2022-23 to FY 2043/44 at the 95 percent (95%) tax increment funding level. This allows the RDA to fund, through the issuance of CRA bonds, the additional funding needed for construction costs of the new and expanded Convention Center and to fund \$36 million of previously approved City Center RDA

## **MIAMI BEACH REDEVELOPMENT AGENCY CITY CENTER REDEVELOPMENT AREA**

capital projects (described above), provide increased operating and maintenance expenses for the Convention Center, as well as City Center RDA administrative costs, community policing, and capital project maintenance within the RDA. However, after FY 2022/23, when the existing RDA would have expired, City returns a pro-rata share of administrative costs, community policing, and capital project maintenance to the County.

The Third Amendment also includes a provision which allows the Board of County Commissioners the right, in its sole and absolute discretion, to appoint a member of the Agency, who shall be the Commissioner of County Commission District 5.

Pursuant to an existing Convention Development Tax (CDT) Interlocal agreement, the City receives a flat \$4.5 million per year from Convention Development Taxes to operate and maintain the Convention Center, plus an annual year-end revenue share based on CDT exceeding collection amounts that increase each year. The Third Amendment allowed for an additional annual operating and maintenance subsidy starting at \$1 million in 2017 and growing to \$4 million by 2021, which will then escalate at 4 percent or Consumer Price Index (CPI) annually (whichever is less) starting in 2026 over the life of the Convention Center, funded either through RDA funds or through Convention Development Taxes, depending on the availability of the latter. That funding will remain in place until 2048.

Finally, once the currently existing debt is refinanced, the Third Amendment exempts the Children's Trust, an independent taxing district, with respect to the pledging of annual tax increment revenues attributable to The Children's Trust, to conform with the general exemption provided to The Children's Trust in Section 2-1742 of the Miami-Dade County Code.

### **Budget Highlights**

- Based on the 2015 Certificate of Taxable Value from the Property Appraiser's Office, the preliminary value of property in City Center is estimated to increase by 15.2% over 2014, prior to appeals and adjustments, marking the 5<sup>th</sup> year in a row that values are back on the rise. However, as in previous years, the City has received correspondence from the County, advising of the finalization of the tax roll for the prior year, which in the case of FY 2013/14, reflects a significant decrease from the preliminary valuation for the same year and will result in a corresponding adjustment/reduction in TIF revenues totaling \$2.6 Million for 2015/16.
- Additional sources of revenue include a ½ mill levy in the amount of \$2.15 million, to be set aside for the Children's Trust pursuant to an Interlocal Agreement, dated August 16, 2004 between the RDA, the City of Miami Beach and Miami-Dade County; and an estimated \$60,000 in interest income.
- Project-related expenses account for approximately \$10.4 million which includes \$4.4 million to be allocated for community policing initiatives in City Center to continue to provide enhanced levels of staffing and services throughout the area, and \$6 Million for maintenance of RDA capital projects. There is no additional funding for on-going and planned capital

projects in City Center in the FY 2015/16 Budget due to the RDA extension for the renovation and expansion of the convention center.

- Administrative Expenses total \$1,201,000, comprising a management fee of \$960,000 which is allocated to the General Fund to pay for direct and indirect staff support for the RDA; approximately \$40,000 set aside for on-going planning and consulting work related to the Convention Center expansion master plan; and \$8,000 for capital renewal and replacement projects under \$25,000.
- \$28.5 million is budgeted in Reserve for Contingency/Debt Service to cover debt service costs related to the Convention Center bonds. The bonds are anticipated to be sold in November, 2015 and it is anticipated that there will be at least one interest payment during FY 2015/16. The necessary debt service amount will be moved from the Reserve to Debt Service once the final debt service schedule is determined. Debt service payments on both principal and interest will commence in FY 2016/17. Funds in this reserve over and above the annual debt payment can be used to finance any potential shortfalls in the RDA fund or pay down the Convention Center bonds early, but not prior to FY 2023/24. City Center also continues assuming debt service payments on the portion of the Gulf Breeze Loan used to pay for the Bass Museum expansion and renovation, and the portion of the Sunshine State Loan Program used for Lincoln Road improvements, which collectively account for approximately \$1.3 million and will be paid off in FY 2015/16.
- Reserve line item expenditures include those items that, pursuant to the existing Bond Covenants, may only be expended once the annual debt service obligations have been met. These include the County's administrative fees, equivalent to 1.5% of its respective TIF payment; and the corresponding contribution to the City's General Fund, equivalent to 1.5% of the City's share of its TIF payment; and the remittance of the ½ mill tax levy back to the Children's Trust.
