Memorandum

Date: April 5, 2016

To: Honorable Chairman Jean Monestime
and Members, Board of County Commissioners

From: Carlos A. Gimenez
Mayor 

Subject: Resolution Terminating and Releasing an Easement Created by Resolution No. R-1085-87 No Longer Needed by Miami-Dade County Located Between NE 213 Street and NE 214 Street and Between West Dixie Highway and NE 28 Court, in Section 34, Township 51 South, Range 42 East, Miami-Dade County, Florida

RECOMMENDATION

It is recommended that the Board of County Commissioners (Board) approve the attached resolution authorizing the execution of a release of the easement created by Resolution No. R-1085-87, which is no longer needed by Miami-Dade County. The subject easement is located between NE 213 Street and NE 214 Street, and between West Dixie Highway and NE 28 Court in Section 34, Township 51 South, Range 42 East, Miami-Dade County, Florida, as described and illustrated in Exhibit A attached and made a part hereof.

Scope

This easement is located within Commissioner Sally A. Heyman's District 4.

Fiscal Impact/Funding Source

There is no fiscal impact associated with this resolution.

Track Record/Monitor

The Department of Transportation and Public Works is the entity overseeing this project and the person responsible for monitoring is Leandro Oña, P.E., Chief, Roadway Engineering and Right-of-Way Division.

BACKGROUND

The subject easement was created by Resolution No. R-1085-87, which closed a street at this location. At that time, as a condition for approval, Miami-Dade County requested that an easement for public utilities be granted by the petitioner with the same footprint as the Street being closed (see Exhibit B). As part of the present owner's planned development of the property adjacent to the subject street, the Miami-Dade County Water and Sewer Department has stated that the easement is no longer needed by them. Additionally, Florida Power and Light and ATT are in the process of removing power lines and a fiber optic line that are within the easement (see Exhibit C). There are no other utilities using the subject easement. The execution of the Release of Easement will enable the landowner to clear all title issues.

The existing six (6)-in water main referenced in your e-mail must be capped and removed in conflict with the proposed development. No WASD customer must be affected by this operation. As observed in the Water Atlas B-1A (attached), both NE 213th Terr and NE 214th St appear to be well fed by twelve (12)-in water mains in E Dixie Highway and NE 28th Ct. However it is still your responsibility to verify it on the field that no interruptions can happen.

4. **Limitation of Liability.** AT&T's maximum liability arising in, out of or in any way connected to this Agreement shall be as set forth in the tariffs and/or guidebooks, if any as may be applicable, and in no event shall exceed Special Construction Charges paid by Customer to AT&T.
5. **Severability.** Any provision of this Agreement held by a court of competent jurisdiction to be invalid or unenforceable shall not impair or invalidate the remainder of this Agreement and the effect thereof shall be confined to the provision so held to be invalid or unenforceable.
6. **Successors and Assigns.** This Agreement is binding upon and shall inure to the benefit of the parties and their respective successors and assigns.
7. **Counterparts.** This Agreement may be executed in one or more counterparts, each of which when so executed shall be deemed to be an original, but all of which when taken together shall constitute one and the same instrument.
8. **Effect of Waiver.** No consent or waiver, express or implied shall be deemed a consent to or waiver of any other breach of the same or any other covenant, condition or duty.
