Subject: Resolution Approving Qualified Target Industry Tax Refund for Confidential Project Meridian

Recommendation

The Beacon Council, on behalf of a company requesting confidentiality, has submitted an application for economic development incentives from the State of Florida (State) and Miami-Dade County that require approval from the Board of County Commissioners (Board). It is recommended that the Board authorize Confidential Project Meridian to be recognized by the State as a Qualified Target Industry (QTI) business and entitled to the financial benefits afforded under the QTI Tax Refund Program.

Scope

Confidential Project Meridian is an existing international logistics company whose divisions include air, land, and sea freight transportation. The location is confidential at this time but will be in Commission District 6, which is represented by Commissioner Rebeca Sosa. When this project is fully operational, it will create 75 new full-time equivalent jobs, as defined in Florida Statute Section 288.106, while transferring five (5) existing jobs within Miami-Dade County.

Fiscal Impact / Funding Source

Confidential Project Meridian has applied for a total of \$525,000.00 in QTI Tax Refund Program incentives, of which 80 percent (\$420,000.00) would be provided by the State and the remaining 20 percent (\$105,000.00) is the local match provided by Miami-Dade County. If the accompanying resolution is approved by the Board, Miami-Dade County is committed to provide up to \$105,000.00 in matching funds from Countywide General Fund revenues to be paid over a six-year period beginning in FY 2018-19. Based on the projected capital investment of \$759,000.00 in new real property, the project will generate \$12,922.00 (over a six-year period) in Countywide General Fund ad valorem revenues, which results in a net fiscal deficit of \$92,078.00 to the County. However, creating a net positive fiscal impact to the County's Countywide General Fund revenues is not a condition of the award.

Additionally, based on the creation of 75 new jobs with an average salary of \$90,000.00, this project will generate \$44,213,120.00 in direct and indirect wages over the six-year period the project is eligible for the award.

Miami-Dade County's local match is required when the State determines that the 75 new jobs have been created and have met the average salary threshold required in the State's QTI Tax Refund Program according to the schedule set forth in the attached application. The disbursement schedule and the anticipated dates for job creation are subject to change at the discretion of the Florida Department of Economic Opportunity.

Track Record/Monitor

QTI funds awarded for job creation are provided on a matching basis upon the State invoicing Miami-Dade County for its 20 percent of the financial commitment for jobs created and verified by

the State. The incentive amount is determined by the new jobs created and their annual salary. The State is responsible for verifying compliance with the terms of the award. Miami-Dade County's matching funds are distributed only if the applicant creates the new jobs indicated in the accompanying QTI Tax Refund Program application and complies with all other conditions of the incentive program.

County staff requires access to the company's real estate and tangible personal property filings during the incentive period to monitor the fiscal impact to the Countywide General Fund from the QTI Tax Refund Program.

Background

Confidential Project Meridian is an international logistics company whose divisions include air, land, and freight transportation. The company is seeking to relocate its regional headquarters from Freeport, New York to Miami-Dade County. This facility would consolidate the business operations for North, South, and Central America as well as the Caribbean by expanding its facility space by an additional 8,200 square feet (North American Industry Classification System Code 551144). The renovations are anticipated to commence before the end of 2016. Alternative locations for this project include: Dallas, Texas; Irving, Texas; Coppell, Texas; and Atlanta, Georgia.

Confidential Project Meridian would employ 75 new workers paying an average annualized salary of \$90,000.00, which is more than 200 percent of the average annual State wage. According to documents submitted by The Beacon Council, employee benefits associated with each newly created job will be \$25,200.00. The value of employee benefits is not a requirement of the tax refund agreement with the State or the County's local match.

Project details are summarized in the attached chart.

abatement granted, in compliance with section 288.106(6)(d), Florida Statutes; and the County's funds will be paid to the Florida Economic Development Trust Fund with the stipulation that these funds are intended to represent the "local financial support" required by section 288.106, Florida Statutes, for Confidential Project Meridian, in compliance with the QTI Program.

The necessary commitment of local financial support shall be contingent upon Confidential Project Meridian maintaining the jobs during the life of the incentive, ensuring that its hiring practices aspire to be consistent with and reflect the diversity of the Miami-Dade County community, and providing the County with access to tax information and documents necessary to monitor economic and fiscal impacts of the designation of Confidential Project Meridian as a Qualified Target Industry business.

The project will create 75 direct new jobs with an average annualized salary of \$90,000, (more than 200% of the Average Annual State Wage) over a three year period and will make a new capital investment of \$759,000 in Miami-Dade County. Alternate locations include: Dallas, Irving, and Coppell, Texas; and Atlanta, Georgia.

We are referring this application to your office for review and preparation of a resolution to the Miami-Dade Board of County Commissioners requesting a maximum of \$105,000, representing Miami-Dade's 20% QTI portion, to be paid over a period of six years. Attached is the project briefing book as well as the economic impact analysis prepared by The Beacon Council's Research Department.

We are requesting that the item be placed on the next possible BCC agenda.

Florida Qualified Target Industry Tax Refund (QTI)

Confidential Project: Meridian

October, 2016

Prepared by the Beacon Council

Executive Summary for Confidential Project: Meridian

Background

Confidential Project: Meridian is an international logistics specialist with multiple locations worldwide that is relocating its Regional Hemisphere Headquarters Office. The project will create 75 direct new jobs with an average annualized salary of \$90,000, and make a new capital investment of \$759,000 over a 3-year period. The average salary of \$90,000 represents more than 200% of the State average wage. Alternate locations include: Dallas, Irving, and Coppell, Texas; and Atlanta, Georgia.

Based on the projected capital investment of \$759,000 in new real property, Confidential Project: Meridian will generate \$50,552 in new Miami-Dade County Property Taxes over a 3 year period. Of this amount, \$37,630 represents new tax generation that will be committed to Miami-Dade County Public Schools, Libraries, the Fire Department, etc. The balance of \$12,922 in new Miami-Dade County Property Taxes will be committed to the Miami-Dade County General Fund.

Based on the projected job creation of 75 new jobs with an average salary of \$90,000 in 3 years, Confidential Project: Meridian will generate \$44,213,120 in direct and indirect wages over a 6 year period.

Recommendation

The enclosed QTI application package requests a maximum of \$105,000 (20% of total incentive) to be paid by the County over a period of six years.

Of Miami-Dade County's \$105,000 contribution to the QTI, a total of \$12,922 can be derived from the Miami-Dade County General Fund, resulting in total cost-benefit ratio of 1:0.12. Therefore, Miami-Dade County must commit to contribute an additional \$92,078 over a period of six years.

This is a performance-based incentive. No funds will be provided to the Company until they meet all program and job creation requirements. The incentive that is provided is not a cash grant; it is an after-the-fact, performance-based refund.
