and Members, Board of County Commissioners

**From:** Carlos A. Gimenez

**Subject:** Historic Preservation Ad Valorem Tax Exemption for the Seville Hotel  
2901 Collins Avenue, Miami Beach, Florida

---

This item was amended at the October 11, 2016 meeting of the Unincorporated Municipal Service Area Committee to correct the ten-year tax abatement period to reflect January 1, 2015 through January 1, 2025. The original item incorrectly reflected January 1, 2017 through January 1, 2027.

## Recommendation

It is recommended that the Board of County Commissioners (Board) authorize the ad valorem tax exemption for the property located at 2901 Collins Avenue, Miami Beach, Florida, pursuant to the provisions of Florida Statutes Section 196.1997 and Section 16A-18 of the Code of Miami-Dade County.

## Scope

This property is located within Commission District 5, which is represented by Commissioner Bruno A. Barreiro. However, the impact of the agenda item is countywide.

## Fiscal Impact/Funding Source

The annual amount of ad valorem taxes to be exempted for the ten-year period is determined by applying the countywide operating millage against the taxable value of the qualifying improvements to the property. The ad valorem tax exemption is not applicable to other taxing authorities.

Based on this methodology, the estimated tax exemption for one (1) year is \$295,982, split between the hotel and seven (7) condominium units within the historic portion. These estimates were provided by the Property Appraiser and are attached to this transmittal memorandum (see the Revenue Implications Reports). However, the annual value of the tax exemption during the ten-year period may fluctuate based on adjustments to either the countywide operating millage or the Property Appraiser's taxable value of the qualifying improvements to the property. Countywide operating ad valorem property taxes will still be assessed and collected on the remaining taxable value that did not qualify for the exemption. Following the ten-year incentive period, the County will begin to assess and collect the Countywide operating millage on the full value of the property, inclusive of the previous exempt improvements.

## Track Record/Monitor

The Assistant Director of Planning in the Department of Regulatory and Economic Resources, Mark R. Woerner, will be responsible for implementation. County Historic Preservation staff and/or the Preservation Officer of the municipality in which the property is located will conduct periodic reviews of the property to insure that the improvements are maintained for the duration of the tax abatement.

The tax exemption takes effect on January 1 following substantial completion of the improvement and extends for a ten-year period, which for this property and these units will start on January 1, 2015 and end on January 1, 2025. Failure by the owners to adhere to these standards would result in revocation of the exemption.

## Background

In 1993, the State of Florida legislature approved tax exemptions for historic properties and enabled local governments the option to provide this property tax exemption for eligible historic properties.

The purpose of this legislation is to encourage the preservation of historic buildings by offering an economic incentive to those property owners who take on the responsibility of restoring and maintaining a designated historic structure. The exemption is not for the entire assessed value of the property. The tax exemptions are calculated from what the value of the renovations to the historic property were, and only apply to the countywide portion of the property's tax bill. An exemption may also be granted on the municipal portion of the property tax bill if approved by the respective municipality. Furthermore, all applicants must meet certain criteria as set forth by the Florida Department of State, Division of Historical Resources, in order for a tax exemption to be allowed, including:

- Certification that the property has been designated historic by the applicable preservation board;
- Certification that the property has received approval for the improvements by the applicable preservation board; and
- A determination that the planned improvements are consistent with the Secretary of the Interior's Standards for Rehabilitation.

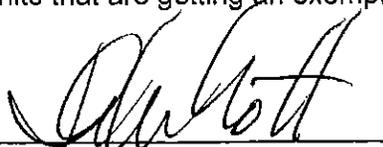

To obtain the County's ad valorem tax exemption, Part I of the application (construction plans) must be submitted prior to construction to ensure adherence to the rehabilitation standards. When the project is complete, the owner/applicant must submit Part II of the application (post-construction documents) along with a signed covenant. The local preservation officer must also review and authorize the work for Part I and Part II of the application.

Upon review and approval of Part II, the item can then be placed on the County's Historic Preservation Board agenda. The Property Appraiser prepares the Revenue Implications Report when they consider the project substantially complete, and provides this report to the County's Office of Historic Preservation. The tax exemption is calculated using the millage rate for the year in which the project was completed.

The Seville Hotel, located at 2901 Collins Avenue, Miami Beach, Florida, is a contributing structure within the Collins Waterfront Historic District (a locally designated district), and is a contributing structure within the Collins Waterfront Architectural District (a National Register district).

Before its restoration, the hotel sat vacant for several years. Work included the meticulous replacement of all the glass in the windows and doors to ensure the retention of the original configuration and fenestration; restoration of the porte-cochere, entry steps and glass curtain wall on the significant southern-facing entrance; repair of character-defining features such as the brise soleil, balcony, eyebrows and cheese holes; reintroduction of the "Seville" signage and ceramic wall tiles on the south elevation sidewalls; and restoration of the historic diving board and sundial.

Part of the overall project included the construction of a new condominium tower, which was not included in the exemption calculations. The exemption is limited to the historic hotel and seven (7) condominium units that are either completely or partially within the historic structure. The seven (7) units that are getting an exemption include units 1203, 1204, 1205, 1206, 1207, 1404 and 1407.

3. (Only for properties of archaeological significance) The Owner agrees to ensure the protection of the site against willful damage or vandalism. Nothing in this Covenant shall prohibit the Owner from developing the site in such a manner that will not threaten or damage the archaeological resource, provided that permission for alteration of the site is obtained pursuant to 2. above.

4. The Owner agrees that the Local Historic Preservation Office and appropriate representatives of the Local Government, their agents and designees shall have the right to inspect the Property at all reasonable times in order to ascertain whether or not the conditions of this Covenant are being observed.

5. In the event of the non-performance or violation of the maintenance provision of the Covenant by the Owner or any successor-in-interest during the term of the Covenant, the Local Historic Preservation Office will report such violation to the Property Appraiser and Tax Collector who shall take action pursuant to s.196.1997 (7), F.S. The Owner shall be required to pay the difference between the total amount of taxes which would have been due in March in each of the previous years in which the Covenant was in effect had the property not received the exemption and the total amount of taxes actually paid in those years, plus interest on the difference calculated as provided in s.212.12(3), F.S.

6. If the Property is damaged by accidental or natural causes during the Covenant period, the Owner will inform the Local Historic Preservation Office in writing of the damage of the Property, including (1) an assessment of the nature and extent of the damage; and (2) an estimate of the cost of restoration or reconstruction work necessary to return the Property to the condition existing at the time of project completion. In order to maintain the tax exemption, the Owner shall complete the restoration or reconstruction work necessary to return the Property to the condition existing at the time of project completion on a time schedule agreed upon by the Owner and the Local Historic Preservation Office.

7. If the Property has been destroyed or severely damaged by accidental or natural causes, that is, if the historical integrity of the features, materials, appearance, workmanship, and environment, or archaeological integrity which made the property eligible for listing in the National Register of Historic Places or designation under the terms of the local preservation ordinance have been lost or so damaged that restoration is not feasible, the Owner will notify the Local Historic Preservation Office in writing of the loss. The Local Historic Preservation Office will evaluate the information provided and notify the Owner in writing of its determination regarding removal of the Property from eligibility for tax exemption.

If the Local Historic Preservation Office determines that the property should be removed from eligibility for tax exemption, it will notify the Property Appraiser of the county in which the Property is located in writing so that the tax exemption can be cancelled for the remainder of the Covenant period. In such cases, no penalty or interest shall be assessed against the Owner.

8. If it appears that the historical integrity of the features, materials, appearance, workmanship, and environment, or archaeological integrity which made the Property eligible for listing in the National Register of Historic Places or designation under the terms of the local preservation ordinance have been lost or damaged deliberately or through gross negligence of the Owner, the Local Historic Preservation Office shall notify the Owner in writing. The Owner shall have 30 days to respond indicating any extenuating circumstances which show that the damage was not deliberate or due to gross negligence.

9. If the Owner cannot show such extenuating circumstances, he shall develop a plan for restoration of the Property and a schedule for completion of the restoration. In order to maintain the tax exemption, the Owner shall complete the restoration work necessary to return the Property to the condition existing at the time of project completion on a time schedule agreed upon by the Owner and the Local Historic Preservation Office. If the owner does not complete the restoration work on the agreed upon time schedule, the Local Historic Preservation Office will report such violation to the Property Appraiser and Tax Collector who shall take action pursuant to s.196.1997 (7), F.S. The Owner shall be required to pay the difference between the total amount of taxes which would have been due in March in each of the previous years in which the Covenant was in effect had the property not received the exemption and the total amount of taxes actually paid in those years, plus interest on the difference calculated as provided in s.212.12(3), F.S. The terms of this Covenant shall be binding on the current Property owner, transferees, and their heirs, successors, or assigns.

This Covenant shall be enforceable in specific performance by a court of competent jurisdiction.
