Fiscal Impact/Funding Source

Background

The 2014-2017 Service Employees International Union Local 1991 – Registered Nurses (SEIU) collective bargaining agreement provided for a reopener to negotiate salary increases and group insurance plan design and premium contributions for the 2016-17 plan years. SEIU requested to

reopen this provision of the contract. With good-faith negotiations, the parties were able to reach a tentative agreement that provides for a number of changes, the most substantial of which include:

- All bargaining unit members would receive a 2 percent increase to base wages beginning in the pay period inclusive of October 1, 2016.
- All bargaining unit members would receive an additional 2 percent increase to base wages beginning in the pay period inclusive of September 30, 2017.

- The biweekly premium for the Select HMO Single Coverage would increase to \$15 biweekly.
- The biweekly premiums for employee-only coverage for both the Point of Service (POS) and Standard HMO health insurance plans would increase to \$100 and \$75, respectively.
- The dependent biweekly premiums for both the Standard HMO and the POS group health insurance plans would increase by 10 percent.
- Member responsibility for emergency-room visits, pharmacy benefits, and both inpatient and outpatient services at non-Jackson facilities would change as detailed in the attached coverage summary.
- Co-pays for Jackson-affiliated providers would be reduced on all medical plans as detailed in the attached coverage summary.
- Select Plan participants electing to use Jackson services would have access to a concierge service, as already provided for participants of the Jackson First plan.
- A Health Care Committee would be created to monitor the utilization, cost and effectiveness of the group health insurance plans, as well as to create and implement a wellness program.

In light of the direct fiscal impact this would have on the PHT budgets for FY 2016-2017 and beyond, the agreement includes provisions for both parties to use their best efforts to increase enrollment in the Jackson First and the Select HMO Plans, which represent cost savings and potential volume increases for Jackson programs. In addition, the parties agreed to collaborate on the creation of a wellness program.
