# Memorandum

**Date:** July 6, 2017  
**To:** Honorable Chairman Esteban L. Boyo, Jr.  
and Members, Board of County Commissioners  
**From:** Carlos A. Gimenez  
Mayor  
**Subject:** Fiscal Impact Statement for Ordinance Relating to the Vizcaya Museum and Gardens Trust

The proposed ordinance relating to the Vizcaya Museum and Gardens Trust amends Article LXXXI of the Code of Miami-Dade County (County), deleting and revising various provisions, providing for the transition of responsibility for the management of the Vizcaya Museum and Gardens to the Vizcaya Museum and Gardens Trust, Inc. (VMGTI), and providing for sunset of amended Article. Implementation of this ordinance will also approve the Operating and Management Agreement between the County and the VMGTI for the management of Vizcaya Museum and Gardens.

With the approval of this private-public partnership Operating and Management Agreement, the County retains sole ownership of Vizcaya's grounds, building, and art collections. However, the management and operations, including personnel, will be overseen by the not-for-profit 501(c)3 organization, VMGTI. VMGTI's focus will be on increasing Vizcaya's philanthropic contributions, increasing grant opportunities, and ensuring that charitable donations play a greater role in Vizcaya's future. These efforts will complement the \$2.5 million of Convention Development Tax (CDT) proceeds Vizcaya currently receives from the County. In addition, Vizcaya will receive the balance of capital funding from the 2004 Building Better Communities General Obligation Bond (BBC-GOB) Program, which currently amounts to \$8.385 million.

It should be noted that the Operating and Management Agreement requires VMGTI to submit an annual budget to the County for its review and approval, as part of the County's annual budget process. In addition, the County retains the same rights as presently in place to grant fee waivers and fee reductions for the use of Vizcaya.

Implementation of this ordinance will not create a fiscal impact to the County as the agreement provides that the annual operating and capital funding from the County is subject to the availability of funds as determined by the County and annual appropriation by the Board of County Commissioners. In addition, the BBC-GOB capital allocation is only the balance of already authorized funding.

**Subject:** Social Equity Statement for Ordinance Article LXXXI of the Code of Miami-Dade County to Transition the Responsibility for Operation and Management of Vizcaya Museum and Gardens to Vizcaya Museum and Gardens Trust, Inc.

---

The proposed ordinance amends Article LXXXI of the Code of Miami-Dade County to transition the responsibility for the operation and management of Vizcaya Museum and Gardens to Vizcaya Museum and Gardens Trust, Inc.

If approved, under the proposed governance structure Vizcaya's ownership would continue to remain with Miami-Dade County while its management would transition to a 501(c)3 not-for-profit, charitable organization. The Operating and Management Agreement specifies that the non-profit's Board of Directors will represent the diversity of the Miami-Dade community, and it provides for the Board of County Commissioners to approve a majority of these Board members. The Agreement requires the non-profit organization to maintain regular public access to Vizcaya, to establish non-discriminatory fees for programs at/use of Vizcaya, and to continue offering discounted admission for children, students, seniors and social-service organizations serving low-income individuals.

**WHEREAS**, this Board formed the Vizcaya Museum and Gardens Trust, an agency and instrumentality of Miami-Dade County, through Ordinance 98-112 (the "Trust"), to enhance the preservation of Vizcaya Museum and Gardens ("Vizcaya") as an accredited museum and National Historic Landmark for the Countywide benefit of Miami-Dade residents and visitors; and

**WHEREAS**, the County and private citizens have made tremendous strides in advancing Vizcaya's preservation and presentation as an educational resource; and

**WHEREAS**, this Board directed the Trust through Ordinance 98-112 to “develop such additional appropriate plans and ordinance amendments for the transition of the operation of Vizcaya to a public/private operating partnership similar to the structure of other successful cultural institutions owned by Miami-Dade County”; and

**WHEREAS**, in October 2013, in anticipation of Vizcaya’s 2016-2017 Centennial, the Trust approved a five-year strategic plan with the goal of fully preserving the entire landmarked estate, including the Village, to boost Vizcaya’s role as a community resource; and

**WHEREAS**, the Trust concluded, through this carefully developed strategic plan, that Vizcaya’s enhancement can be best accomplished by evolution of this public-private partnership, whereby the County retains sole ownership of Vizcaya’s grounds, buildings and art collections, but its management and operations, including personnel, are overseen by a single, not-for-profit organization through an agreement with the County, as set forth in the memorandum from the Chair of the Trust to this Board, attached hereto as Exhibit A; and

**WHEREAS**, such cooperative public-private venture would be focused on increasing private financial support with the ultimate goal of enriching Vizcaya’s capacity to serve as a cultural and educational hub, and this model has worked successfully for other Miami-Dade County-owned cultural institutions; and

**WHEREAS**, this Board agrees that the operation of Vizcaya can be best enhanced by the evolution of a public-private partnership whereby Vizcaya remains a Miami-Dade County-owned asset, but its management and operation, including personnel, is overseen by a not-for-profit organization through an operating and management agreement with Miami-Dade County (“Operating Agreement”), a copy of which is attached hereto as Exhibit B; and

**WHEREAS**, such not-for-profit management organization has been established by the Trust's current leadership in conjunction with this process under the name "Vizcaya Museum and Gardens Trust, Inc." ("VMGTI"), organized under the laws of the State of Florida, and granted 501(c)(3) status by the Internal Revenue Service; and

**WHEREAS**, such cooperative public-private venture is focused on increasing private financial support with the ultimate goal of enriching Vizcaya as a cultural and educational resource, which model has worked successfully for other Miami-Dade County-owned cultural institutions; and

**WHEREAS**, VMGTI is in a unique position to provide the citizens of Miami-Dade County with the necessary professional management services, by virtue of its knowledge, experience and abilities in light of its evolution from the existing Trust, including personnel; and

**WHEREAS**, the Operating Agreement defines and states the roles and responsibilities of VMGTI and Miami-Dade County, providing checks and balances and maintaining stringent expectations for public access to Vizcaya; and

**WHEREAS**, VMGTI will operate Vizcaya in accordance with all laws and the rigorous standards of the United States Secretary of the Interior, the American Alliance of Museums, the American Public Gardens Association, and the American Institute for Conservation of Historic and Artistic Works; and

**WHEREAS**, the Operating Agreement includes terms for the composition of VMGTI's Board of Directors to maintain continuity with the Trust, to include a majority of appointees by the County, and to ensure the long-term financial success of this accredited museum and National Historic Landmark; and

**WHEREAS**, the Operating Agreement requires VMGTI to conduct its meetings in accordance with the Government in the Sunshine Statute and make its records available in accordance with the Public Records Act as required by law; and

**WHEREAS**, a core premise of the Operating Agreement is that VMGTI will operate Vizcaya with a balanced annual budget, utilizing earned revenue and contributed income, along with Miami-Dade County and other governmental funds; and

**WHEREAS**, VMGTI will raise grants and donations to support operations, capital improvements and endowment to complement public support of Vizcaya; and

**WHEREAS**, the County has provided Vizcaya \$2.5 million in operating funds each year and an allocation of capital funds through the 2004 Building Better Communities General Obligation Bond Program, and it is anticipated that the County's annual operating and capital support of the County-owned Vizcaya will continue; and

**WHEREAS**, the Operating Agreement requires VMGTI to submit to Miami-Dade County annually, for its review and approval, an operating budget for Vizcaya, a recommended capital repair budget, annual reports and annual independent audits; and

**WHEREAS**, the Operating Agreement includes terms whereby all of Vizcaya's County staff will be offered employment with VMGTI with salaries commensurate to those currently offered by Miami-Dade County and with competitive benefits to further ensure continuity of successful operations; and

**WHEREAS**, those employees not wishing to accept employment with VMGTI will be eligible for classified rights and/or placement assistance through the County's Human Resources Department; and

8

**WHEREAS**, VMGTI will comply with State and County asset inventory requirements for art collections and other County-owned property; and

**WHEREAS**, relative to construction projects, VMGTI will comply with State statute on competitive bidding and with Miami-Dade County Code governing small business, responsible wages and workforce composition; and

**WHEREAS**, the Miami-Dade County will continue to have free and reduced-fee access to Vizcaya for events of Countywide significance in accordance with current County Code; and

**WHEREAS**, VMGTI will maintain regular public access, establish non-discriminatory fees for the use of Vizcaya, and continue to offer discounted admission for children, students, seniors and social-service organizations serving low-income individuals; and

**WHEREAS**, VMGTI will present for this Board's approval any updates to the Master Plan for the Vizcaya property; and

**WHEREAS**, Miami-Dade County and VMGTI may terminate this Agreement for convenience with one year's notice; and

**WHEREAS**, the key terms of the Operating Agreement were approved in substantially the form presented here by the Trust at its duly noticed public meeting of March 10, 2016, and are summarized in a memorandum to the BCC by the chair of the Trust, a copy of which is attached hereto as Exhibit 1; and

**WHEREAS**, the Board of Directors of VMGTI approved the Operating Agreement at its duly noticed public meeting of April 20, 2017; and

**WHEREAS**, this Board determines that it is in the best interest of Miami-Dade County to retain the Trust solely for purposes of winding up the affairs of the Trust and providing for the orderly transition of the management and operation of Vizcaya to VMGTI; and

WHEREAS, in order to accomplish this intent, this Board wishes to redefine the powers and duties of the Trust, and to provide for its dissolution upon the completion of said transition,

2-1130 of the Code of Miami-Dade County, Florida

**MEMORANDUM FROM THE CHAIR  
OF THE VIZCAYA MUSEUM AND GARDENS TRUST  
TO THE BOARD OF COUNTY COMMISSIONERS**

TO: Honorable Chairman Esteban L. Bovo, Jr.  
and Members, Board of County Commissioners

DATE: April 17, 2017

FROM: Rayfield M. McGhee, Chair *Rayfield M. McGhee Jr.*  
Vizcaya Museum and Gardens Trust

SUBJECT: Ordinance Enhancing  
Vizcaya's Governance

I am honored to serve Miami-Dade County as Chair of the Vizcaya Museum and Gardens Trust, working with a group of fine individuals who are wholly committed to Vizcaya's advancement as a vibrant community resource. I am writing on behalf of the entire Trust to urge your support of the ordinance to enhance Vizcaya's governance. The Trust represents our diverse community, and most of its members have been appointed by the BCC. We take this role very seriously and want to be sure you know that the members of the Trust developed and strongly support this governance recommendation.

The BCC formed the Trust through Ordinance 98-112, and in the past 19 years Vizcaya has taken great strides, with enormous support from you, from private individuals and from dedicated staff. In the past decade, Vizcaya's daytime visitation has more than doubled to 250,000, creative educational programs have been introduced, important capital and conservation projects have been accomplished, and our finances are sound. I am pleased to share that this year the American Institute for Conservation honored Vizcaya with its Ross-Merrill Award for Outstanding Commitment to the Preservation and Care of Collections. This award is given annually to one museum or library in North America for exemplary and sustained care of cultural property.

Ordinance 98-112 directed the Trust to "develop such additional appropriate plans and ordinance amendments for the transition of the operation of the Museum and Gardens to a non-profit partnership similar to the structure of other successful cultural institutions owned by Miami-Dade County." In accordance with this and in anticipation of the estate's 2016-2017 Centennial, five years ago the Trust engaged in a comprehensive planning process to determine how best to advance this extraordinary landmark. Based on this process, we recommend that under the County's ownership of Vizcaya, the facility's management and fundraising be migrated to a 501(c)(3) non-profit organization formed with the sole purpose of preserving and enhancing Vizcaya as a public asset.

This model has been very successful for other museums in our community and across the nation and we, the Trust, remain convinced that such restructuring would dramatically streamline operations and increase private fundraising, both of which are central to Vizcaya's future success.

#### The Vizcaya Village

The Village was built at the same time as Vizcaya's house and gardens, and it is included within the property's National Historic Landmark designation. Located between South Miami Avenue and Route 1, just steps from public transit, the Village features a campus of architecturally significant buildings under expansive banyan trees. The Village was once a hive of activity that supported the estate's complex operations, including fields that supplied fruits and vegetables for the property.

Honorable Chairman Esteban L. Bovo, Jr.  
and Members, Board of County Commissioners  
April 17, 2017; Page 2

Though lesser-known than the main house and gardens, the Village is critical to realizing Vizcaya's full potential as a cultural hub. Following consultation with planning professionals and the public, the Trust has developed recommendations for restoring the Village to create vibrant new programs for our entire community. We will soon present these recommendations to the BCC for your review and, we hope, your approval. Increased fundraising through enhanced governance is especially important as we unite behind exciting plans to revitalize the Village.

### Operating and Management Agreement

The non-profit partnership we have proposed is governed by a detailed Operating and Management Agreement. Following meetings with all of our commissioners and other County officials over the past several years, we have reached a form of Operating and Management Agreement with very strict safeguards for ongoing County control to ensure a smooth transition and full transparency. These safeguards include:

- Ongoing County ownership of Vizcaya's grounds, buildings and art collections.
- Commitment to operating Vizcaya in accordance with the rigorous standards of the U.S. Secretary of the Interior, the American Alliance of Museums, the American Public Gardens Association, and the American Institute for Conservation.
- Compliance with Florida's open government laws for meetings and public records.
- County appointment of a majority of the non-profit's Board members.
- Annual BCC review and approval of Vizcaya's budget.
- Commitment to providing ongoing employment to all of Vizcaya's County staff.
- Assurance of strong public access and ongoing County facility use at waived/reduced fees.
- Compliance with State and County asset inventory regulations.
- BCC approval of plans for the Vizcaya Village, the key to our future.
- Rights to terminate the agreement for convenience if not fully satisfied.

Vizcaya is the only nationally accredited museum operated by Miami-Dade County—and the only museum among its County-affiliated peers that is **not managed** through this **non-profit partnership model**. Based on the success of these partnerships in our community, we believe the change to a non-profit management structure is critical to streamlining operations and increasing private-sector support for Vizcaya.

After several years of working on this, we truly hope to accomplish Vizcaya's governance reorganization, solidify plans for the Village restoration, and capitalize on fundraising opportunities in this exciting Centennial year. My fellow Trust members and I believe that the proposed ordinance will significantly strengthen Vizcaya's capacity to serve our community, and we hope we can count on your support.

Thank you.

**WHEREAS**, the Trust concluded, through this carefully developed strategic plan, that Vizcaya's enhancement can be best accomplished by evolution of this public-private partnership, whereby the County retains sole ownership of Vizcaya's grounds, buildings and art collections,, but its management and operations, including personnel, are overseen by a single, not-for-profit organization through an agreement with the County; and

**WHEREAS**, such cooperative public-private venture is focused on increasing private financial support with the ultimate goal of enriching Vizcaya's capacity to serve as a cultural and educational hub, and this model has worked successfully for other Miami-Dade County-owned cultural institutions; and

**WHEREAS**, the BCC supports such constructive evolution of the Trust, including its personnel, into a not-for-profit management organization for the enhancement of Vizcaya; and

**WHEREAS**, the Corporation will raise grants and donations to support operations, capital improvements and endowment to complement public support of Vizcaya; and

**WHEREAS**, the County has provided Vizcaya \$2.5 million in operating funds each year and an allocation of capital funds through the 2004 Building Better Communities General Obligation Bond Program, and it is anticipated that the County's annual operating and capital support of the County-owned Vizcaya will continue; and

**WHEREAS**, this Agreement requires the Corporation to submit to the County annually, for its review and approval, an operating budget for Vizcaya, a recommended capital repair budget, annual reports and annual independent audits; and

**WHEREAS**, this Agreement includes terms whereby all of Vizcaya's County staff will be offered employment with the Corporation with salaries commensurate to those currently offered by the County and with competitive benefits to further ensure continuity of successful operations; and

**WHEREAS**, those employees not wishing to accept employment with VMGTI will be eligible for classified rights and/or placement assistance through the County's Human Resources Department; and

**WHEREAS**, the Corporation will present for the BCC's approval any updates to the Master Plan for the Vizcaya property; and

**WHEREAS**, the County and the Corporation may terminate this Agreement for convenience with one year's notice; and

**WHEREAS**, the key terms of this Agreement were approved in substantially the form presented here by the Trust at its duly noticed public meeting of March 10, 2016; and

**WHEREAS**, the Board of Directors of the Corporation ("Corporation's Board") approved this Agreement at its duly noticed public meeting of April 20, 2017; and

**WHEREAS**, in mutual consideration of the promises and obligations contained herein, the parties agree as follows:

#### **A. GENERAL TERMS**

##### **A.1. PARTIES.**

This Agreement shall encompass all matters relating to the services to be provided and the obligations to be performed by the Corporation to the County and by the County to the Corporation in connection with the operation and management of the facilities and property

owned by the County and known and designated as Vizcaya ("Facility").

The Facility is owned and shall continue to be owned solely by the County and includes:

2. That certain real property acquired by the County on November 9, 1955 by Warranty Deed, recorded in the public records of Miami-Dade County at Book 4193, Pages 345-351 (Vizcaya Farm Village and surrounding property), subject to certain restrictive covenants;
3. That certain personal property and art objects located in 1952 in the main residential building of Vizcaya, James Deering Estate and subsequently acquired by the County;
4. Those additional art objects accessioned into Vizcaya's collections thereafter; and

**A.3. TERM.**

The initial term of this Agreement shall be twenty (20) years from the date of the effective date of the BCC resolution or ordinance approving this Agreement. The County has the option, in its sole and absolute discretion, to extend the term of this Agreement for two additional terms of twenty (20) years each. Such extensions shall happen automatically unless one party provides written notice to the other of its intent not to renew at least twelve (12) months prior to the expiration of the initial and renewal terms. The Corporation may permit use of the Facility by third parties through agreements and may charge reasonable, non-discriminatory fees for such use, so long as such uses and agreements support the mission of Vizcaya, do not prevent the operation of Vizcaya as a public cultural asset and do not extend beyond the term of this Agreement. Revenue-generating concession operations shall constitute a permissible use, including but not limited to operation of café and retail museum shop concessions at the Facility. Additionally, nothing herein shall restrict the ability of the Corporation to enter into contracts with vendors or contractors to perform services typically performed by such contractors such as security, planning, architecture, grounds and facility maintenance, educational programming, fine arts curation and such other services as are currently procured through third-party vendor agreements.

**A.6. CLAIMS.**

In the event of third party claims brought against either the County or the Corporation in connection with matters arising under this Agreement, each party will be responsible for its own acts and omissions. The Corporation agrees to indemnify the County for any loss which the County incurs as a result of the acts or omissions of the Corporation.

**A.7. CORPORATION PERSONNEL.**

No employee of the Corporation shall be an employee of the County. The Corporation shall abide by all applicable federal, state, and local mandates with regard to its employment practices. The Corporation must provide equal access and equal opportunity in employment and services, and shall not discriminate in hiring or against any employee on the basis of race, color, religion, ancestry, national origin, sex, pregnancy, age, disability, marital status, familial status, sexual orientation, gender identity or gender expression, or status as victim of domestic violence, dating violence or stalking, in accordance with Title VI and Title VII of the Civil Rights Act of 1964, the Age Discrimination Act of 1975, Title IX of the Education Amendments of 1972 as amended (42 U.S.C. 2000d et seq.), the Americans with Disabilities Act (ADA) of 1990, Section 504 of the Rehabilitation Act of 1973, and Miami-Dade County ordinances No. 97-170, § 1, 2-25-97 and No. 98-17, § 1, 12-1-98.

**A.8. DEBT.**

At no time may the Corporation incur any aggregate outstanding debt in excess of 20% of the Corporation's annual operating budget without the consent of the County. The above limitations shall include lease-purchase agreements. The Facility and its contents owned by the County may not be used to secure any debt. County consent required under this section may be withheld for any reason within the sole discretion of the BCC. The Corporation will not incur any debt that requires funding support from the County's general fund.

## **AA. TRANSITION PHASE**

The period beginning on the effective date of the Agreement and ending sixty days thereafter shall be considered the "Transition Phase." In accordance with Section G.6, below, this Agreement shall be amended one year after the effective date of the Agreement to eliminate Section AA in its entirety.

### **AA.1. ROLE AND TRANSITION OF THE TRUST'S EXECUTIVE DIRECTOR.**

The Trust has been responsible for the selection and evaluation of the Executive Director of Vizcaya, a County employee ("Trust ED"), since the full implementation of Ordinance 98-112. To build upon prior successes and facilitate continuity during this evolution, this Agreement specifies an ongoing role for the Trust ED in the Corporation's management of the Facility.

The Corporation shall, within thirty (30) calendar days following the effective date of this Agreement, enter into a separate Employment Agreement with the Trust ED ("Employment Agreement") to assume sole employment and supervisory responsibility as the Corporation's paid chief executive officer or Executive Director ("Corporation ED") for a term of five (5) years.

Until the Trust ED assumes the role of Corporation ED, the Corporation shall work closely with and only supervise the Trust ED on the elements of the Transition Phase as specified herein.

In the event that the Trust ED separates from the County prior to assuming the role of Corporation ED, or upon the separation of the Corporation ED from the Corporation thereafter, the Corporation shall have the authority to select the Corporation ED as specified in Section B.2.

The transition and separation policies defined in Section AA.2, below, shall also apply to the Trust ED, except in the event of conflict with language specific to the Trust ED.

### **AA.2. TRANSITION OF TRUST COUNTY PERSONNEL.**

**AA.2.1. Transition of Existing and Budgeted Trust Employees to the Corporation.** The County employs a talented and dedicated cadre of employees at Vizcaya ("Trust Employees"), and it is the goal of this Agreement to maximize the number of Trust Employees that continue their service to the Facility by becoming employees of the Corporation.

The Corporation shall, within thirty (30) calendar days following the effective date of this Agreement, make written employment offers ("Corporation Employment Offers") to hire all employees holding full-time and part-time positions on the table of organization for the Trust as of the effective date of this Agreement. Upon or soon after the effective date of this Agreement, the County shall provide Trust Employees with notice of separation from the

County, effective no less than sixty (60) calendar days thereafter ("County Separation Date"). Those Trust Employees opting to accept positions with the Corporation shall commence as Corporation Employees on the day following their County Separation Date.

The Corporation shall establish the table of organization, job classifications, compensation, benefits, policies and other terms for Corporation employees. In the course of this transition, Trust ED shall recommend the Corporation's budget, table of organization, and job classifications with salary ranges to the Corporation Board for its approval. Within the terms of such approval, the Trust ED shall be solely responsible for determining the initial compensation and benefits for individual employees; however the Corporation shall provide these employees with an initial salary no less than these employees' County salary as of the date of the Employment Agreement and with competitive benefits.

Such benefits for all Trust Employees shall include a defined contribution pension plan in which the Corporation shall contribute to the employee's retirement account, subject to applicable federal limitations, at least the same percentage of the employee's salary as the County contributes through the Florida Retirement System's Investment Plan as of the effective date of this Agreement. All Trust Employees will be vested in the Corporation's defined contribution pension plan (i.e., they will own the assets in their retirement account) upon commencement of their employment with the Corporation. All employees separating from the County to accept employment with the Corporation shall be advised of their eligibility to switch from the Florida Retirement System's Pension Plan to the Florida Retirement System's Investment Plan (the latter of which has a shorter vesting period) prior to said separation. The Corporation shall provide those Trust Employees who have worked with the County less than one year (and, therefore, are not yet vested in any County retirement plan) and who accept employment with the Corporation a one-time payment that is approximately equal, as determined solely by the Corporation, to the percentage of the employee's salary that is contributed by the County to employees under the Florida Retirement System Investment Plan as of the effective date of the Agreement multiplied by the employee's compensation with the County as an employee of Vizcaya over the twelve (12) months prior to their commencement of employment with the Corporation. Such one-time payment shall be made to the employee or to the employee's defined contribution pension plan with the Corporation in the Corporation's sole discretion.

All of the Trust's employees shall have at least thirty (30) calendar days after the Corporation Employment Offers to determine if they wish to become employees of the Corporation. Such election shall be furnished by the employee to the Corporation in the form specified by the Corporation.

**AA.2.2. Transition for Trust Employees Who Do Not Wish to Become Employees of the Corporation.** In accordance with County policy, the County shall provide all of the full-time Trust Employees who do not wish to become Corporation employees with information and assistance to help them explore the prospects of ongoing employment within the County following the applicable County guidelines and rules. Any Trust Employees who have not secured County employment by their County Separation Date shall be subject to lay off on the County Separation Date. Upon separation from the County, such employees shall be eligible for separation compensation in accordance with County policy; such compensation shall be paid through the proprietary operating funds managed by the Trust.

**AA.2.3. Separation from the County of Trust Employees Joining the Corporation.** All Trust Employees who have elected to become employees of the Corporation shall separate from the County on their County Separation Date and be eligible for separation compensation in accordance with County policy; such compensation shall be paid through the proprietary operating funds managed by the Trust.

**AA.3. CORPORATION ROLE AND RESPONSIBILITY AT OUTSET OF AGREEMENT.**

Until sixty-one (61) days after the effective date of this Agreement, the Corporation's responsibilities shall be governed by its operating agreement with the Trust and this Agreement, including, but not limited to, the following:

1. Fundraising, marketing, and fiscal agent activities on behalf of Vizcaya;
2. Negotiation of an employment contract with the Trust ED as defined in Section AA.1 above;
3. Provision of employment offers, as detailed in Section AA.2 above, to Trust employees with the approval of the Trust ED;
4. Hire of any employees with the written approval of the Trust ED to establish such positions, select candidates, and determine their compensation;
5. Development and submission of the Corporation's operating budget to the County for the fiscal year commencing October 1, 2017, within sixty (60) days following the effective date of this Agreement;
6. Development, in consultation with the County, the Trust, and the Trust ED, of plans and systems for assuming full management of Vizcaya, including fulfillment, assignment or termination of agreements;
7. Election of additional members to the Corporation's Board in accordance with the terms specified in Section B.1 below.

**AA.4. COUNTY ROLE AND RESPONSIBILITY DURING TRANSITION PHASE.**

In addition to assisting the Trust, the Corporation, and the Trust's personnel in supporting personnel and system transitions as described elsewhere in this Agreement, the County shall have several important responsibilities during the Transition.

**AA.4.1. Maintenance of Fund Balances in Trust's County-held Proprietary Accounts.** So that the Corporation is fully prepared to plan for Vizcaya's financial stability, the County shall not reduce the Trust's allocation in the approved FY 2016-17 or FY 2017-2018 budget following its adoption, or levy any administrative fees or deduct any funds from the proprietary operating accounts of the Trust, unless such deductions are specified in the approved FY 2016-2017 or FY 2017-2018 budget of the Trust. Such limitation shall not apply to compensation of Trust employees upon their separation from the County, expenses approved by the Trust, previously established financial encumbrances, or third-party claims (Section B.5.1), which expenses shall be paid through the Trust's County-held proprietary funds.

**AA.4.2. Transfer to Corporation of Proprietary Fund Balances.** To ensure continuity of operations, thirty (30) days after the effective date of the Agreement, the County shall transfer

to the Corporation all fund balances remaining in the Trust's County-held proprietary accounts, with the exception of any such funds required to fulfill outstanding contracts, encumbrances or other financial commitments of the Trust. Such obligated funds shall be maintained in the Trust's County-held proprietary accounts as further described in Section B.3.6.

## **B. OPERATIONS**

In the event of conflict between terms in Section AA and Section B, those in Section AA shall prevail for the Transition Phase.

### **B.1. CORPORATION BOARD COMPOSITION.**

The Corporation's initial Board shall consist of the four (4) officers of the Trust as of the effective date of the Agreement; such individuals shall continue to serve until their successors are elected. The Corporation shall be governed by the Corporation's Board, consisting of no fewer than thirteen (13) individuals within one year of the effective date of this Agreement. The Board, when it numbers thirteen (13) individuals, shall include one (1) ex-officio staff appointee of the County Mayor, at least six (6) members appointed by majority vote of the BCC and selected from a slate of candidates approved by the Corporation's Board (such slate of candidates to be resubmitted with additional candidate(s) in the event a majority of the members of the BCC does not vote to fill all vacancies from the candidate(s) initially submitted), and one (1) appointee of the Deering Family heirs as conveyed by the President of the Miami Corporation (or its successor); the remaining officers and members of the Corporation's Board shall be elected by majority vote of the Corporation's Board members. In the event that the Corporation's Board grows beyond thirteen (13) individuals, a majority of its members shall always be County appointees, including the appointee of the County Mayor and the appointees of the BCC through the method specified above. In the event that the size of the Board temporarily drops below thirteen (13) individuals or the number of County appointees temporarily drops below a majority of the total Board due to the separation of one or more members, the Corporation shall take expeditious steps in cooperation with the County to restore the majority of its members as County appointees, but shall be empowered to conduct its business in the interim. The Board shall not operate without a majority of County appointees, after the initial year of this Agreement, for a period longer than six (6) months, unless the County Mayor and/or the BCC do not make appointments to fill their vacancies. The term of the County Mayor's representative shall coincide with the term of the appointing County Mayor, except that such appointed Board member shall be considered active unless and until the succeeding County Mayor makes an alternative appointment. The terms of individuals appointed by the BCC shall be three years, except that such appointed Board members shall be considered active unless and until the BCC approves an alternative appointment. All members of the Corporation's Board shall be elected or appointed based on their ability to advance the organization through their fundraising capabilities, non-profit governance experience, civic standing, knowledge of museums and/or public gardens, and personal skills, with the goal of having a Corporation's Board that represents the diversity of the Miami-Dade community and the varied needs of the Corporation.

**B.2. CORPORATION PERSONNEL.**

This section is subject to the provisions of Sections AA.1 and AA.2.

The Corporation shall select and supervise the Corporation ED, who shall be an employee of the Corporation. This individual shall be in charge of day-to-day operations and shall provide information or reports about Corporation activities to the County Mayor on request. The Corporation ED, on behalf of the Corporation, shall be the liaison with the County through the County Mayor or the County Mayor's designee. This will remain the official and primary means of communication between the respective parties to this Agreement, although the Corporation's Board reserves the right to communicate with the County through the County Mayor or the BCC.

The salary, employment terms and benefits of the Corporation ED shall be determined and paid by the Corporation, with the goal of maintaining appropriate industry standards and providing a competitive and equitable compensation package. The Corporation ED shall report directly to the Corporation's Board.

Under the supervision of the Corporation ED, the Corporation shall select, supervise, set the salary and other employment terms and benefits of, and directly pay all employees of the Corporation, with the goal of maintaining appropriate industry standards and competitive and equitable compensation packages. Employees of the Corporation shall not be employees of the County, nor shall they be considered agents of the County.

**B.3. COUNTY OPERATIONAL RIGHTS AND RESPONSIBILITIES.**

**B.3.1. Ongoing County Ownership of the Facility.** The County shall at all times be the sole owner of the Facility.

**B.3.2. County Recognition of Corporation's Primacy as Facility Operator and Corporation.** The County recognizes the Corporation as the primary operator and Corporation of Vizcaya Museum and Gardens. The County, moreover, supports the Corporation's goal of maintaining and perfecting Vizcaya Museum and Gardens' museum accreditation.

**B.3.3. County's Optional Right to Fund Operations and Repairs.** The County may, in its sole discretion, continue to provide funding, subject to the availability of funds as determined by the County, and annual appropriation by the BCC, for the Facility's operations and/or structural repairs and repairs to the Facility. It is understood that the County and the Corporation will cooperate to identify and secure additional public and private sector funding to address the Facility's capital needs. The Corporation hereby agrees that any such funding shall be entirely discretionary to the County, and further waives any right to make any claim, for damages or otherwise, due to the County's failure to provide funding to the Corporation pursuant to this paragraph. Repairs required as a result of acts of the Corporation's negligence shall be the responsibility of the Corporation. The Corporation shall provide the County with a recommended capital repair budget and necessary list of repairs as part of its annual budget submittal to the County as set forth in Section B.4.10 below.

**B.3.4. County Inspections and Right of Entry.** The County shall have the authority to make inspections of the Facility and its operations, along with any and all equipment, furnishings, fixtures, intellectual property, and/or improvements thereof to determine whether the Corporation is operating in compliance with the terms and provisions of this Agreement. The County shall have the right to enter the Facility to make emergency repairs, alterations, replacements, or improvements, as the County deems necessary, but the County assumes no obligation to make any such repairs, alterations, replacements, or improvements, other than those expressly provided for in this Agreement. The County agrees, however, that any such repairs, alterations, replacements, or improvements shall be made with a minimum amount of inconvenience to the Corporation, and that the County will diligently proceed therewith to completion.

**B.3.5. Ongoing County Use of Facility.** In accordance with Miami-Dade County Rule 9.03 ("Rule 9.03"), Section 2-1 of the County Code and longstanding practice prior to this Agreement, and notwithstanding the provisions of Section B.4.9, the County shall retain the right to grant fee waivers and fee reductions for evening use of the Facility. This Agreement complies with the provisions of Rule 9.03, Section 2-1 at the time of its adoption, a copy of which is attached hereto as Exhibit 1; the parties agree that any subsequent revisions to Rule 9.03, Section 2-1 or its successor shall not expand County Use of the Facility beyond the provisions explicitly stated in this Agreement unless jointly agreed upon by the parties. The Parties acknowledge that Rule 9.03, Section 2-1, or its successor shall not apply to the Corporation's use of the Facility.

The County shall be granted up to two fee waivers and up to four fee reductions for evening use of the Facility per calendar year of this Agreement. However, the County may elect to grant fee reductions in lieu of either or both of the two fee waivers. Events for which the County requests no more than a 50% reduction in the Corporation's prevailing facility rental fees shall constitute a fee reduction as defined herein; any reduction in excess of 50% shall constitute a fee waiver as defined herein. Fee waivers and fee reductions shall be granted only to not-for-profit or governmental organizations, and not to private individuals or for-profit organizations. Fee waivers and reductions shall be granted only to major cultural, governmental, diplomatic, international, military or other events or conferences involving heads-of-state or other similar individuals that will enhance the visibility of the County as a place to live, work, visit or invest or otherwise benefit the entire citizenry of Miami-Dade County. In light of the Corporation's substantial responsibility to raise funds to support the Facility and to protect its capacity to do so, no fee waivers or reductions shall be granted for events whose purpose is, in whole or in part, by ticket purchase or as a sponsorship benefit, to raise funds for entities other than the Corporation.

All County-initiated Facility rental fee waivers and reductions shall comply with the Facility rental rules promulgated by the Corporation and designed to protect the Facility's historic integrity. All organizations that are granted fee waivers or fee reductions shall sign and be bound by the Corporation's Facility rental agreement, except for provisions pertaining to deposits and fees. In the event an organization materially violates said Facility rental rules, thereby

jeopardizing the Corporation's management or preservation of the Facility, the Corporation shall reserve the right to deny said entity's events in the future. Either the County or the party for whom it requests a waiver or reduction shall pay the Corporation for all direct expenses paid by the Corporation to third parties in conjunction with the event.

Such direct expenses are those necessary to be contracted through third parties and are above and beyond the regular operational costs of Vizcaya. These direct expenses may include, but shall not be limited to, independently contracted police, security or maintenance services and tent or other equipment rentals. The Corporation shall generally disclose such fees to the party receiving the facility reduction in advance of the event as part of the Facility rental agreement, addenda to it or in other written communications; however, the Corporation may need to incur such direct expenses without advance notice based on unanticipated changes in the event set up, number of visitors, weather or otherwise. The party for whom the County requests a waiver or reduction shall be responsible for paying the Corporation for direct expenses paid by the Corporation to third parties in conjunction with the event.

All fee waiver and fee reductions shall be processed through the Office of the County Mayor. The County Mayor shall be granted fee waivers upon written request or upon majority vote of the BCC. When initiating a fee waiver or fee reduction, the Office of the County Mayor shall first verify availability of the date through the Corporation's Executive Director or designee and then submit a written request to reserve that date. Any reservations not cancelled within thirty days of the proposed date shall be treated as one of the County's annual fee reductions or waivers, depending on how the cancelation was reserved, in light of the Corporation's loss of use.

**B.3.6. County-held Proprietary Account.** The County shall retain a proprietary account on behalf of the Facility for the purpose of receiving and disbursing payments in association with the Facility's Trust or County contracts. In addition to any funds transferred from the County to the Corporation at the outset of this Agreement, the County shall transfer to the Corporation within 30 days any unencumbered additional funds that are deposited into the County's proprietary fund held on behalf of the Facility or freed of third-party encumbrance thereto. Any grants or donations made to the County on behalf of the Facility shall, likewise, be transferred to the Corporation within 30 days, unless such grants or donations explicitly prohibit such transfer or are encumbered for Facility expenses that must be paid by the County. Once this proprietary account is free of liabilities, the County shall transfer all remaining funds to the Corporation.

**B.3.7. County Participation in Securing Third-party Grant Funding.** In light of the County's continued ownership of the Facility, the County shall cooperate with the Corporation to apply for available governmental funding on behalf of the Facility and/or the Corporation, including but not limited to emergency relief funding from the Federal Emergency Management Agency. Moreover, when possible at the County's sole discretion, the County may cooperate with the Corporation to identify governmental funding sources and act as fiscal agent to the Corporation for funding opportunities not available to a not-for-profit organization.

**B.3.8. Provision to Corporation of Beneficial Access to County Contracts.** The County shall permit, but not require, the Corporation to use existing, eligible County contracts for goods and services, including the Equitable Distribution Program and the Miscellaneous Construction Contracts Program, should the Corporation in its sole discretion deem such contracts beneficial in its management of the Facility. In providing such access, the County shall only charge the Corporation for third-party costs and shall not levy administrative charges, except that reasonable administrative charges may be levied under complex circumstances, as defined solely by the County, and with advance notice of such anticipated charges to the Corporation.

**B.3.9. Consultation with County Professionals.** In light of the County's ongoing ownership of the Facility and its broad base of expertise, the County, in its sole discretion, may make available to the Corporation, upon the terms and at a cost commensurate with what County currently makes available to other major County-owned cultural and educational facilities that are managed by independent not-for-profit organizations or other County agencies, the expertise of its professional staff to support the Corporation's management of the Facility. Such expertise may include, but not be limited to, risk management, emergency preparedness, security, information technology, and communications.

**B.3.10. Information Technology Resources.** The County shall delegate to the Corporation management of the Facility's technological infrastructure, including oversight of Vizcaya's hardware and software systems, telephone and Internet connections, email and calendar systems, databases, Website, social media accounts, data storage, subject to the Corporation's agreement to address County conditions essential to maintain the integrity of shared infrastructure. The County shall, however, ensure that under such delegation the Corporation will be able to retain current telephone exchanges and email and Web addresses. Moreover, such delegation shall include the Corporation's right to contract with the County for various information technology services, including but not limited to maintaining its telephone and Internet connections, maintaining its telephone hardware, providing data backup services, and hosting its Website and/or email and calendar systems. In the event the Corporation contracts with the County to provide such services, the County shall charge the Corporation no more than the rate it customarily charges County departments or agencies for such services. Furthermore, notwithstanding Section B.4.15, if the Corporation does not contract with the County to provide telephone systems to the Corporation, the County reserves the right to request the return of the Facility's telephone hardware.

**B.3.11. Oversight.** The County, acting through the County Mayor, and the Commission Auditor or their designees, shall have the right to oversight of the Corporation's operations.

#### **B.4. CORPORATION OPERATIONAL RIGHTS AND RESPONSIBILITIES.**

**B.4.1. Corporation Operation and Management of the Facility.** The Corporation shall operate and manage the Facility on behalf of the County on an exclusive basis using the highest degree of professionalism. The Corporation shall conduct its business in accordance with local, state and federal law. The Corporation shall operate the Facility in a fiscally responsible manner.

The Corporation shall provide, through its staff and through agreements with third-party vendors, all management required for operation of the Facility, including but not limited to educational, curatorial, horticultural, conservation, property management, security, accounting, advertising, marketing, public relations and legal services; it shall obtain and pay all costs for utilities, water, sewer, trash and garbage collection, as well as all maintenance, security and janitorial services required by the Facility.

The Corporation will have authority and responsibility over the day-to-day operation of the Facility and all activities occurring there. The Corporation shall have the authority to establish and approve its own annual operating budget, with the requirement that it be a balanced budget, and it shall use the revenue generated by programs of the Facility to pay the expenses associated with the operations of the Facility and make improvements thereto. The Corporation shall be responsible for securing public and private funds to help pay for these expenses, with the intent that the Corporation's increased private-sector fundraising is an explicit goal of this Agreement. The Corporation may, at its sole discretion, enter into ancillary agreements with concession operators to provide catering, museum shop, or other revenue-generating services at the Facility, so long as such agreements do not exceed the term of this Agreement. All contracts, licenses and agreements entered into by the Corporation in connection with the management of the Facility shall be in its own name.

So long as the Trust remains as an active agency of Miami-Dade County, its activities shall be limited to those associated with the conclusion of its affairs, as provided by the Ordinance through which this Agreement has been adopted. All actions of the Trust shall be subject to the approval of the Corporation.

**B.4.2. Corporation's Autonomy.** Notwithstanding requirements that the Corporation be transparent and accountable to the County in its oversight of the Facility, the Corporation is and shall remain an independent contractor autonomous of the County.

**B.4.3. Corporation Mission Statement.** The Corporation's mission statement, which is based on the mission statement of the Trust, shall be:

Preserving the estate of agricultural industrialist James Deering, to engage the public in learning through the arts, history and the environment.

While the Corporation reserves the right to restate or paraphrase the mission statement, formal revisions to the mission statement shall require approval of the BCC.

**B.4.4. Corporation Adoption of Core Institutional Documents.** The Corporation shall adopt the vision statement, core values, strategic plan, collections management policy, interpretive plan, donor recognition policy, facility rental policy, hurricane preparedness policy, and any other relevant operational policies of the Trust and/or the Facility. However, the Corporation shall have the authority to revise and update these core documents to advance the Corporation's County-approved mission statement. The Corporation shall make reference to any such revisions in its annual report to the County, and the County reserves the right to inspect the

Corporation's core documents to ensure compliance with the terms of this Agreement.

**B.4.5. Corporation Commitment to Maintaining High Professional Standards.** Vizcaya Museum and Gardens is a National Historic Landmark that is recognized locally, nationally, and internationally for its cultural significance and its exemplary approach to preservation and educational programming. The Corporation agrees to operate the Facility in accordance with the rigorous standards set forth by the Secretary of the Interior's Standards for Treatment of Historic Properties, the American Alliance of Museums, the American Public Gardens Association, and the American Institute for Conservation of Historic and Artistic Works or successor standards or organizations, and shall strive to maintain all currently existing or successor accreditations.

**B.4.6. Corporation Responsibility to Maintain Regular Public Access to the Facility.** The Corporation shall maintain a minimum of 250 days a year of public access to the Facility, except as prevented by Acts of God or as agreed by the County Mayor or Mayor's Designee. The Corporation shall report to the County any changes in said schedule thereafter, with the exception of additional closures that are required due to Acts of God, necessary conservation or capital projects, or other periodic operational needs.

**B.4.7. Corporation Recognition of the County's Ownership and Support.** The Corporation shall routinely recognize Miami-Dade County's ongoing ownership and support of the Facility in its promotional and educational materials. The County should be recognized at a level commensurate with the recognition accorded a private or institutional donor making contributions at a level of support similar to that of the County.

**B.4.8. Scheduling of the Facility.** Except as otherwise provided herein, including but not limited to the provisions of paragraph B.4.6, the Corporation shall have the exclusive authority to schedule the spaces within the Facility, and establish policies for collecting and retaining rents, admissions, and fees, all in accordance with its uniform fee policy. The County supports the Corporation's goal to generate through usage charges, charitable solicitations, and other means, sufficient revenue to defray the cost of operating Vizcaya Museum and Gardens and its programs. The Corporation may undertake fundraising activities within the Facility, including but not limited to, parties, benefits, balls, which shall require a donation to attend. The Corporation may levy a charge for building use or general admission to the premises or any portion thereof in accordance with Section B.4.9 below.

**B.4.9. Facility Use Fees.** The Corporation shall establish uniform rates for admission to and programs at the Facility, for use of spaces within the Facility (including parking), for any services to be performed within the Facility, or otherwise in association with the Facility's operation. Such fees shall be based on and consistent with sound management practice, and with the objectives of maintaining a balanced budget and presenting programs and activities that are affordable to the public. Various classes of rates may be established, so long as the rates are assessed in a non-discriminatory manner within each class so as to provide equitable access to the Facility. The Corporation must provide the County with a statement of non-discriminatory "Admission Pricing Practices" annually with its Financial Statements. In addition, the

Corporation shall maintain programs to provide discounted admission for children, students, seniors, and social service organizations that serve low-income individuals for general daytime visitation to the Facility for educational purposes. The County shall not establish any admission charges or fees, nor be entitled to keep any revenues received by the Facility from the rental of spaces therein, the sale of tickets by the Corporation, revenues from concession sales, and any other revenue generated by the Corporation.

The Corporation shall not reduce facility rental rates below the uniform rates for any third-party events, unless such events are deemed by a 2/3 majority of the Corporation's Board to be fundraisers or educational programs that serve the Facility's mission. In light of the Corporation's substantial responsibility to raise funds to support the Facility and to protect its capacity to do so, no fee waivers or reductions shall be granted for events whose purpose is, in whole or in part, by ticket purchase or as a sponsorship benefit, to raise funds for entities other than the Corporation, unless at least 50% of the net proceeds from such event will be directed to the Corporation for the benefit of Vizcaya. The Corporation shall, moreover, establish conflict of interest and fee reduction policies for ensuring that fees are not reduced for the financial gain or personal benefit of Corporation's Board members, staff or their affiliates.

**B.4.10. Fiscal Year, Financial Records, Annual Budget Submission and Annual Report.**

The Corporation shall maintain the same fiscal year as the County. The Corporation shall keep its financial books and records in accordance with generally accepted accounting principles. All books and records of the Corporation shall be kept in Miami-Dade County, Florida, in accounts owned by the Corporation. Failure to submit such reports at the time required or in the form as required herein shall be a material breach and cause for termination under Section F. The County shall have the right to inspect, to copy or to audit any and all financial books and records of the Corporation during the term of this Agreement and for a period of three years after the expiration of this Agreement. Failure to comply with any provision of this section shall be cause for termination under Section F.

By March 1 of each year, the Corporation shall submit to the County its proposed annual operating budget for the following fiscal year, including all general classes of revenues and expenditures, and a recommended capital repair budget in accordance with Section B.3.3 above. This budget shall be subject to review and approval by the BCC as part of the annual County budget process. **B.4.11. Corporation Responsibility for Unpaid Obligations.** The Corporation shall be responsible for the collection of unpaid obligations due as a result of the use or operation of the Facility and the County shall have no responsibility therefore, except that the County shall be

responsible for payment of fees that might be due in conjunction with fee waivers or reductions granted by the County in accordance with Section B.3.5 above.

**B.4.12. The County may inspect the Facility and marketing materials created by the Corporation to make certain that the Corporation is continuing to meet the County's quality standards.

Except as otherwise provided in the License and subject to the assignment provision in this section, the Corporation shall own any intellectual property related to the Facility or its operations, which is developed or commissioned by the Corporation following the effective date of the Agreement. This shall include the Corporation's right to use, adapt, reproduce and/or reissue for educational, promotional and commercial purposes to benefit the Facility depictions of the Facility and individual elements therein, research, interpretive materials, promotional materials, Web-based content, logos and graphic standards, books, videos, sound recordings and like materials, regardless of their medium. The Corporation shall also be responsible for all municipal, county or state taxes assessed against any occupancy interest or personal property of any kind or nature, owned by or placed in, upon or about the Facility by the Corporation.

**B.4.14. Gift Acceptance and Donor Recognition.** The Corporation shall have the right to accept donations and to recognize those donors who have made significant financial commitments to benefit the Facility, whether through the County, the Trust, or an affiliated support organization, whether active or defunct. Such acceptance shall comply with accepted accounting standards for charitable organizations and such recognition shall be through plaques and other vehicles that the Corporation deems appropriate and consistent with the Facility's National Historic Landmark status, and in accordance with BCC policy in this regard. In accordance with donor recognition policies adopted by the Trust, the Corporation shall have the further authority, but not the obligation, to name rooms, buildings, and exterior areas in the Vizcaya Village on the west side of South Miami Avenue in honor of individuals or organizations making donations of at least \$1 million following the adoption of this Agreement. Any such systems, equipment, or furnishings purchased by the Corporation during the term of the Agreement shall be owned by the Corporation.

With respect to all such leased or purchased items of the Corporation, on or before the termination of the Agreement, the Corporation shall cause all such leased or purchased items to be conveyed to the County at no cost to the County, free and clear of any liens, claims or encumbrances. Upon the termination or expiration of this Agreement, the Corporation shall leave all such personal property in the Facility free of Liens.

The Inventory shall be maintained and updated (annually) throughout the term, and copies of the updated Inventory shall be provided to the County upon the County's request. Upon the expiration or earlier termination of this Agreement, the Corporation and the County shall prepare a final Inventory, and the Corporation shall explain to the County any discrepancies between the most recent Inventory (prior to termination or expiration) and the final Inventory. To the extent the final Inventory discloses missing items (other than items that became unusable, were consumed or otherwise disposed of in accordance with the terms of this Agreement during the last year of the term, or were reported to law enforcement as stolen) the County may, at its sole discretion, require the Corporation to pay the County from its fund balance an amount equal to the depreciated value of the missing items. Any dispute between the County and the Corporation as to the existence of missing items or the replacement cost of missing items shall be submitted to Mediation/Arbitration. The Corporation shall mark all items of Inventory in accordance with Applicable Law, including, but not limited to, the applicable provisions of Section 69I-73.004, Florida Administrative Code, as amended from time to time. Notwithstanding the foregoing, the County shall have the right, from time to time, to place identification reflecting the County's ownership on all personal property reflected in the Inventory.

The Collections Schedule shall include, but not be limited to, those items defined in Section A.2, subparagraphs 3 and 4, above; and it shall be amended by acquisitions or de-accessions reported through the inventories described in Section B.4.17. Such Art Collections shall remain the property of the County. However, the Corporation assumes responsibility for protecting and preserving said Art Collections. Those objects of artistic or cultural value excluded from the Collections Schedule, but reasonably recognized to be a part of the Facility's historic collections, shall be subject to the same provisions as those objects specified on the Collections Schedule, and shall be added to the Art Collections periodically through the inventories described in Section B.4.17. Art objects that are acquired by the Corporation and are intended to become part of the Facility's permanent collection shall be accessioned by the Corporation as County property and reported on said inventories.

The Corporation shall adhere to stringent professional standards in protecting the Facility's Art Collections, including those of the American Alliance of Museums, and shall report on such standards and on protection efforts in its annual report to the County. In the event an object that

is part of the Art Collections is stolen, the Corporation shall immediately file a report with the City of Miami Police Department and notify the County Mayor or County Mayor's designee immediately, and in no case more than 2 business days after the theft. In the event an Art Collections object is damaged, the Corporation shall follow professional conservation standards for its treatment. In the event an Art Collection object is seriously damaged or destroyed, the Corporation shall notify the County Mayor or County Mayor's designee immediately, and in no case more than 2 business days after the theft, with an explanation of what occurred. Any theft, serious damage, destruction or loss of an Art Collections item shall also be reported to the County on the Corporation's annual report to the County, and on the inventories as described below.

**B.4.17. Art Collections Inventory.** The County hereby delegates to the Corporation's Executive Director the role of "Custodian" responsible for inventorying on behalf of the County those objects within the Art Collections that meet the criteria established by the State and the County in accordance with Florida Statutes Chapter 274 or successor legislation. Many of the Art Collections are not subject to State and County inventory requirements due to an appraisal value below the State's minimum threshold or the fact that they are permanently affixed to real property. The Corporation's Executive Director shall provide to the County an inventory of the required Art Collections in the form and frequency specified by the County.

In addition to State requirements, the Corporation shall provide the Office of the County Mayor with a Comprehensive Art Collections Inventory in a form and frequency to be established by the Corporation and approved by the Office of the County Mayor. In accordance with professional museum standards, such Comprehensive Art Collections Inventory shall include all items on the Schedule of Art Collections, as periodically updated, be maintained in an industry-appropriate art collections database, and shall not be required more frequently than once every three years. In addition to this Comprehensive Art Collections Inventory, the Corporation shall conduct spot-inventory checks of the Art Collections Inventory in a form and frequency to be determined by the Corporation.

Both the inventory required by the State of Florida and the Comprehensive Art Collections Inventory will reflect relevant Art Collections accessions and/or de-accessions, whether by the Corporation's intent or by accidental circumstances. Changes to the Comprehensive Art Collections Inventory shall amend and supersede the Collections Schedule attached to this Agreement.

**B.4.18. Sale, Conveyance or Disposal of Art Collection Objects and Management of Proceeds.** Museums commonly remove from their collections objects that do not serve their mission or otherwise support institutional needs. The Facility's Collections Management Policies contemplate the de-accession of objects that were not historically at the Facility and that have no connection to the estate or its founder. The Corporation shall be permitted to de-accession individual Art Collections objects that are not original to the Facility, that have no connection to James Deering, and that have been valued by an independent appraiser at \$5,000 or less. Such de-accession shall require majority approval by the Corporation's Board and then written approval by the County Mayor or the County Mayor's designee acknowledging that

such criteria have been met. In the event the Corporation wishes to de-accession Art Collections objects valued at more than \$5,000 or otherwise not meeting the above criteria, such de-accession shall require the approval of the BCC. The Corporation agrees that members of its Corporation's Board or its paid personnel shall not acquire de-accessioned Art Collections, whether by purchase or other conveyance. Art Collections that are approved for de-accession by the Corporation and, if necessary as specified above, by the BCC shall be considered surplus property of the County and the County delegates to the Corporation the authority to sell it in accordance with Florida law, including but not limited to Florida Statute Chapter 274.06 or successor legislation.

In the event that Art Collections objects, upon said de-accession are sold by the Corporation, the proceeds from such sale shall be deposited in a segregated account of the Corporation. In accordance with professional museum standards, proceeds from the sale of Art Collections shall only be used by the Corporation for Direct Collections Care, defined herein as: 1) the purchase of other art objects to become part of the Art Collections (including but not limited to the purchase of archival objects, third-party charges for transportation, art handling, conservation treatment, or installation of such objects) or 2) direct care of other Art Collections objects (which shall be limited to third-party charges for professional conservation treatment of such objects, including conservator fees, transport fees, art handling fees, or materials). Under no circumstances shall the Corporation use proceeds from the sale of Art Collections to reimburse costs for Corporation staff to participate in the purchase or direct care of Art Collections or for other operating or capital purposes even as they may be related indirectly to the protection of Art Collections.

Any approved sale of Art Collections shall be reported in the Corporation's annual report to the County. The Corporation shall provide to the County Mayor or the County Mayor's designee on an annual basis or as otherwise requested by the County confirmation that any and all proceeds from the sale of Art Collections are being used exclusively for Direct Collections Care.

Notwithstanding the above, the Corporation may, upon the request of another County agency (e.g., the Deering Estate at Cutler) and with the approval of the County Mayor or the County Mayor's designee, transfer to said other County agency Art Collections that are not original to the Facility.

**B.4.19. Marketing Plan.** The Corporation shall establish and shall follow a marketing plan to enhance and encourage use of the Facility. The marketing plan shall contain specific long and short-term goals for attracting audience support. At least once each year the Corporation shall present its then current marketing plan to the County and shall report on the results of its past marketing plans.

**B.4.20. Corporation's Authority to Procure Goods and Services.** The Corporation shall adopt a procurement policy (the "Procurement Policy") prior to entering into any contract for the purchase of goods or services, including without limitation, professional services and capital improvements. The Procurement Policy shall promote the transparency, efficiency and fairness of the contracting of the Corporation, and shall promote the best value for the Facility, all

consistent with the best interest of the Facility.

The Procurement Policy shall identify and limit the contracting and purchasing authority of Corporation personnel. The Procurement Policy shall at all times comply with all provisions of applicable law, including those governing the use, construction, maintenance and improvement of public facilities, and at a minimum, and without limitation, shall provide:

(a) except as specifically provided in this Agreement for concession agreements and temporary permits, the Corporation shall not lease, convey or transfer the Facility, or any portion thereof, without the express written approval of the County Mayor or designee;

(b) the purchase of architecture, engineering or landscape architecture services, or any other covered under the Consultants Competitive Negotiation Act, Section 287.055 of the Florida Statutes, shall be done in compliance with all of the provisions of that law when funded in whole or in part with County or other agency funds as defined in the law;

(c) bidding for construction on the Facility shall be governed by the provisions of Section 255.20 of the Florida Statutes;

(d) a payment and performance bond or alternative form of security shall be obtained for any and all construction on the Facility when required under Section 255.05 of the Florida Statutes;

(e) contracts for the design and construction of the Facility shall comply with the requirements of the County Code governing small business enterprises;

(f) contracts for the construction of the Facility shall comply with the County's responsible wages ordinance, Section 2-11.16 of the Code; and

(g) contracts for the construction of the Facility shall comply with applicable County requirements relating to contractor's workforce, including the hiring of personnel from Designated Target Areas pursuant to Section 2-1701 of the Code of Miami-Dade County, and the education and hiring requirements of Section 2-11.17 of the Code which seeks to promote the employment opportunities of local residents.

The adopted Procurement Policy shall be delivered to the County for review at any time upon the County's request. Failure of the Procurement Policy to comply with the requirements of this Section, and any purchase made or contract executed in violation of the Procurement Policy shall be considered a material breach of this Agreement.

## **B.5. INDEMNIFICATION AND INSURANCE**

**B.5.1. Indemnification.** The Corporation shall indemnify and hold harmless the County and its officers, employees, agents and instrumentalities from any and all liability, losses or damages, including attorneys' fees and costs of defense, which the County or its officers, employees, agents or instrumentalities may incur as a result of claims, demands, suits, causes of actions or

proceedings of any kind or nature arising out of, relating to or resulting from the performance of this Agreement by the Corporation or its employees, agents, servants, partners principals or subcontractors. Corporation shall pay all claims and losses in connection therewith and shall investigate and defend all claims, suits or actions of any kind or nature in the name of the County, where applicable, including appellate proceedings, and shall pay all costs, judgments, and attorney's fees which may issue thereon. Corporation expressly understands and agrees that any insurance protection required by this Agreement or otherwise provided by Corporation shall in no way limit the responsibility to indemnify, keep and save harmless and defend the County or its officers, employees, agents and instrumentalities as herein provided.

The County shall indemnify and hold harmless the Corporation and its officers, employees, agents and instrumentalities from any and all liability, losses or damages, including attorney's fees and costs of defense, which the Corporation may incur as a result of claims, demands, suits, causes of actions or proceedings of any kind or nature arising out of, relating to or resulting from the performance of the Agreement by the County. Provided, however, this indemnification shall only be to the extent and within the limitations of Section 768.28 Florida Statutes, subject to the provisions of the Statute whereby the County shall not be held liable to pay a personal injury or property damage claim or judgment by any one person which exceeds the sum of \$200,000 (or as adjusted by Statute), or any claim or judgment or portions thereof, which when totaled with all other claims or judgments paid by the County arising out of the same incident or occurrence, exceed the sum of \$300,000 (or as adjusted by Statute) from any and all personal injury or property damage claims, liabilities, losses or causes of action which may arise as a result of the negligence of the County.

The County accepts full legal and financial responsibility for all third-party claims brought against the Facility, the Trust, the County or the Corporation based on matters associated solely with operation of the Facility until sixty (60) days after the effective date of the Agreement, regardless of when such claims are filed.

**B.5.2. Worker's Compensation and Liability Insurance.** The Corporation shall provide:

- A. Worker's Compensation Insurance for all employees of the Corporation as required by Florida Statute 440.
- B. Commercial General Liability Insurance on a comprehensive basis in an amount not less than \$1,000,000 combined single limit per occurrence for bodily injury and property damage. Miami-Dade County must be shown as an additional insured with respect to this coverage.
- C. Automobile Liability Insurance covering all owned, non-owned and hired vehicles used in connection with the work, in an amount not less than \$1,000,000 combined single limit per occurrence for bodily injury and property damage.

The Corporation shall be responsible for requiring that permittees, contractors, and other parties

entering into an agreement with the Corporation provide appropriate insurance throughout the term of the agreement. Each such agreement shall include an indemnification clause that includes the Corporation and Miami-Dade County.

**B.5.3. Property Insurance.** Protecting the Facility against physical loss shall be a shared responsibility of the County and the Corporation in light of their respective ownership and management roles.

The County shall provide coverage for the Facility under the Countywide Master Property Insurance Program at its sole expense, in addition to other support specified elsewhere in this Agreement:

- A. Real Property Insurance: Miami-Dade County shall insure the Facility under the County's Master Program. As per Section B.3.7, the County shall include the Facility in its disaster-relief applications to the Federal Emergency Management Agency ("FEMA"). The County will provide the Corporation with a copy of the Facility's schedule of values on an annual basis and the Corporation will review, and as necessary revise, to insure the appropriate schedule of values on a replacement cost basis is submitted to the County. The Corporation will hire an independent appraiser at its sole expense to verify property values from time to time in cooperation with the County. Upon receipt of said independent appraisal, the Corporation will revise the schedule and provide to the County for submittal to the insurance carrier.

Such independent appraisal shall be performed at the Corporation's sole expense at such intervals that the Corporation deems prudent but at least once every fifteen years over the term of this Agreement. The

independent appraiser shall be recommended by the Corporation and approved by the County, such approval not being unreasonably withheld. Art Collections insurance shall provide the coverage to repair and, if necessary and viable, to replace Art Collections objects.

The Corporation shall provide the following property insurance coverage at its sole expense, in addition to other support specified elsewhere in this Agreement:

- A. Real Property Insurance: To provide coverage below the County's above-specified deductible, the Corporation shall purchase commercial building and property insurance that is supplementary to the County's to insure the Facility against all other perils (on a special causes of loss form), excluding named windstorm coverage. Such insurance shall provide coverage in an amount per occurrence equaling the County's AOP deductible (currently \$5 million per occurrence on the effective date of this Agreement).

The Corporation may, alternatively, elect to decline such insurance and assume sole responsibility for repair or replacement of Art Collections objects in an amount not to exceed \$1,000 per object, per occurrence.

Any and all deductibles under the Corporation's insurance policies shall be the sole responsibility of the Corporation.

It is understood that the County's deductibles and the Corporation's responsibility for AOP and Art Collections insurance may change over the term of this Agreement. In the event such deductible(s) increase at a rate that is greater than the aggregate rate of increase of the Consumer Price Index following the inception of this Agreement, the County shall remain responsible for AOP and Art Collections insurance premiums or losses below the deductible but above the aggregate rate of increase of the Consumer Price Index.

## **C. CAPITAL IMPROVEMENTS TO THE FACILITY**

### **C.1. MASTER PLAN.**

**C.1.1. Description and Incorporation of the Facility's Master Plan in This Agreement.** The BCC approved elements of Vizcaya's Master Plan through Resolution 1157-05. The Trust has formulated recommendations to the BCC for refinements and additions to the Master Plan and these refinements and additions shall be adopted by the Corporation if approved by the BCC. The Corporation agrees to abide by the terms of the Master Plan as approved by the BCC, in the BCC's sole discretion. The Corporation shall present as recommendations for BCC approval any substantive revisions or additions to the BCC's prior Master Plan approvals. The Corporation further agrees to update the County on the progress of the Master Plan as part of its annual report. The revised Master Plan shall include a plan for the development of the entire Facility, and the Corporation shall be required to abide by the Master Plan in developing the Facility.

The Master Plan shall include the ongoing repair, conservation and restoration of the historic elements of the main house, gardens and Vizcaya Village in a manner that is consistent with the U.S. Secretary of the Interior's Standards for the Treatment of Historic Properties and compliant with all applicable local, state and federal laws, while advancing the operations of Vizcaya as an accredited museum. The Master Plan is focused on preserving the Facility's historic

significance and explicitly precludes demolition or major alterations to the historic elements of the main house, gardens and Vizcaya Village.

As of the effective date of this Agreement, the work still to be completed in the main house includes, but is not limited to, repairs to and/or replacement of building envelope (windows, doors, hurricane protection), structural elements, air-conditioning, plumbing, electrical and lighting, fire suppression and various aspects of display, including but not limited to public opening of historic staff quarters. The work still to be completed elsewhere on the east grounds includes repairs to the Barge and sea arms, restoration of natural areas including estuaries, ticket booth replacement, provision of service facilities, and upgrades to the parking lot and pedestrian and automotive ingress and egress.

The work in the Vizcaya Village includes ongoing restoration and adaptive re-use of the historic buildings in a manner that complies with the Warranty Deeds by which the property was conveyed to the County and supports: 1) Vizcaya's educational programming for the local community, 2) visitor services and experiences, providing insight into the estate's social and agricultural history, 3) the institution's professional functions (such as work spaces and storage that cannot be accommodated in the main house), and 4) earned-revenue activities to help sustain expanded operations. The Master Plan will include the re-establishment of green spaces on the Vizcaya Village property, with the multifaceted intent of interpreting the site's historic agricultural and horticultural uses, providing recreational amenities to the neighborhood, and launching an educational urban farming program for our community and visitors to it.

**C.1.2. Corporation's Use of the Site Occupied by the Science Museum Building and Planetarium in the Vizcaya Village.** Beginning in the 1950s, the County erected on the site of the Vizcaya Village a museum building and planetarium. 5. Corporation's failure to remain solvent or to operate the Facility in a fiscally responsible manner.

#### **F. TERMINATION**

##### **F.1. CORPORATION AND COUNTY TERMINATION FOR CONVENIENCE.**

Either party may terminate this Agreement for its convenience upon one year's prior written notice to the other party. The County's decision to terminate the Agreement under the terms of this paragraph must be approved by a resolution of the BCC. The Corporation's decision to terminate the Agreement under the terms of this paragraph must be approved by a resolution of the Corporation's Board. The provisions in paragraphs F.2 and F.3 below shall not apply to a termination under the terms of this paragraph.

##### **F.2. TERMINATION FOR DEFAULT.**

If an event of Default, as set forth in Article E, the party asserting Default shall furnish the defaulting party with a written Notice to Cure Default. If the defaulting party has not begun to cure the default within 15 days after the submission of written Notice to Cure Default, or does not proceed diligently in curing the default, then the parties shall institute the Dispute Resolution Procedure described in the following paragraph. If a satisfactory resolution is not achieved as a result of the Dispute Resolution Procedure, then the party asserting default may move to terminate this Agreement upon 30 days' prior written notice to the defaulting party. The Corporation may appeal this termination, within 15 days, by filing an action in the 11<sup>th</sup> Judicial Circuit in and for Miami-Dade County.

### **F.3. DISPUTE RESOLUTION PROCEDURE.**

In the event the County and the Corporation are unable to resolve their differences concerning any disagreement or claim arising under or relating to the Agreement, either the Corporation or the County may initiate a Dispute in accordance with the procedure set forth in this section. Exhaustion of these procedures shall be a pre-condition to any lawsuit permitted hereunder. Pending final decision of a Dispute hereunder, the Corporation shall proceed diligently with the performance of the Agreement.

Any and all Disputes shall be decided by a designee ("Hearing Officer") appointed by the Director of the Department of Cultural Affairs, or successor County Department ("Director"). The designee can be any individual selected by the Director, including but not limited to the Director himself, another County employee, an expert in the subject area of the Dispute, an attorney experienced in arbitrations, or a retired judge. The Director shall select and appoint the Hearing Officer upon a timely request made under this Section for the initiation of the Dispute.

As soon as practicable, the Hearing Officer shall adopt a schedule for the Corporation and the County to file written submissions stating their respective positions and the bases therefore. The written submissions shall include copies of all documents and sworn statements in affidavit form from all witnesses relied on by each party in support of its position. Within twenty (20) working days of the date on which such written submissions are filed, the Hearing Officer shall afford each party an opportunity to present a maximum of one hour of argument. The Hearing Officer may decide the Dispute on the basis of the affidavits and other written submissions if, in his opinion, there is no issue of material fact and the party is entitled to a favorable resolution pursuant to the terms of this Agreement. As part of such decision, the Hearing Officer shall determine the timeliness and sufficiency of each notice of claim and claim at issue as provided in this article. The Hearing Officer shall have the authority to rule on questions of law, including disputes over Agreement interpretation, and to resolve claims, or portions of claims, via summary judgment where there are no disputed issues of material fact. Furthermore, the Hearing Officer is authorized by both parties to strike elements of claims seeking relief or damages not available under the Agreement (such as, but not limited to, claims for lost profits, off-site overhead, loss of efficiency or productivity claims or claim's preparation costs) by summary disposition.

In the event that the Hearing Officer determines that the affidavits or other written submissions present issues of material fact, he shall allow the presentation of evidence in the form of lay or expert testimony directed solely to the issues which he may specifically identify to require factual resolution. The testimonial portion of the process shall not exceed one day in duration per side, including opening statements and closing arguments, if allowed by the Hearing Officer at his reasonable discretion.

No formal discovery shall be allowed in connection with any proceeding under this Section. Notwithstanding the foregoing, both parties agree that all of the audit, document inspection, information and documentation requirements set forth elsewhere in this Agreement shall remain in force and effect throughout the proceeding. The Hearing Officer shall not schedule the hearing until both parties have made all their respective records available for inspection and

reproduction and the parties have been afforded reasonable time to analyze the records. The continued failure of a party to comply with the document inspection, examination, or submission requirements set forth in this Agreement shall constitute a waiver of that party's claims and/or defenses, as applicable. Hearsay evidence shall be admissible but shall not form the sole basis for any finding of fact. Failure of any party to participate on a timely basis, to cooperate in the proceedings, or to furnish evidence in support or defense of a claim shall be a criteria in determining the sufficiency and validity of a claim.

The Hearing Officer shall issue a written decision within fifteen (15) working days after conclusion of any testimonial proceeding and, if no hearing is conducted, within fifteen working (15) days of the filing of the last written submission. This written decision shall set forth the reasons for the disposition of the claim and a breakdown of any specific issues or claims. The decision of the Hearing Officer shall be conclusive, final and binding on the parties, subject only to the limited right of review specified below.

If either party wishes to contest the decision of the Hearing Officer, such party may commence an action in a court of competent jurisdiction, within the periods prescribed by law, it being understood that the review of the court shall be limited to the question of whether or not the Hearing Officer's determination was arbitrary and capricious, unsupported by any competent evidence, or so grossly erroneous to evidence bad faith.

#### **F.4. EFFECT OF TERMINATION.**

Upon termination, the Facility and all its fixtures, furnishings and equipment belonging to the County, including but not limited to Art Collections, shall be returned to the care and custody of the County. Personal property, intellectual property and financial assets of the Corporation shall become the property of the County, solely upon the election of the County.

Should the Corporation be a party to an operating agreement with one or more third parties, the parties to the current Agreement acknowledge that, upon termination, the County will assume all rights, obligations and duties of the Corporation as a party to such operating agreement(s) until termination or expiration of the then-current term of such agreement(s).

To ensure that this Agreement is easily and properly interpreted going forward, one year after the effective date of the Agreement, it shall be amended automatically to sunset, or delete, all transitional text (Section AA and any other text identified herein with a double underscore). Such amendment shall bear the subtitle "As Amended," and the date of said amendment, but shall not require execution by the parties, and the original signature page below shall remain in force and be attached thereto.

This Agreement may otherwise be amended by written document approved by the Corporation at a duly noticed and constituted meeting of the Corporation's Board and approved by the BCC

by resolution duly adopted and executed by the County Mayor or County Mayor's designee.

**G.7. NO WAIVER OF RIGHT TO ENFORCE.**

The waiver by either party of any breach of any term, covenant or condition herein contained shall not be deemed to be a waiver of such term, covenant, or any subsequent breach of the same or any other term, covenant or condition herein contained. No covenant, term, or condition of this Agreement shall be deemed to have been waived by either party, unless such waiver is in writing by said party, and there shall not be any accord and satisfaction unless expressed in writing and signed by both the County and Corporation. Any waiver of any portion of this Agreement shall be evidenced in writing by the party that made such waiver.

**G.8. INSPECTOR GENERAL REVIEW.**

**G.8.1. Miami-Dade County Inspector General Review.** The Corporation shall comply with provisions of the County Code relating to the Office of the Inspector General (IG); however, Corporation contracts shall not be subject to the IG fee. The IG may, on a random basis, perform audits, inspections, and reviews on all County contracts, throughout the duration of said contracts. Upon written notice from the County, the Corporation shall make available to the IG all requested records and documentation pertaining to this Agreement for inspection and reproduction. The County shall be responsible for the payment of these IG services and, under no circumstance, shall the Corporation's costs or expenses be inclusive of any charges relating to these IG services. Any reasonable and necessary copies required by the IG shall be made at the IG's expense. The terms of this provision herein apply to the Corporation, its officers, agents and employees. Nothing contained in this provision shall impair any independent right of the County to conduct an audit or investigate the operations, activities and performance of the Corporation in connection with this Agreement. The terms of this section shall not impose any liability on the County by the Corporation or any third party.

**G.8.2. Independent Private Sector Inspector General Review.** The Corporation shall comply with provisions of the County Code and Administrative Orders relating to the County's right to retain the services of an Independent Private Sector Inspector General (hereinafter "IPSIG"), whenever the County deems it appropriate to do so. The IPSIG may be engaged to audit, investigate, monitor, oversee, inspect and review the operations, activities and performance of the Parties in connection with this Agreement.

**G.9. SAVINGS CLAUSE.**

In the event any term or provision of this Agreement is determined by an arbitration panel, or appropriate judicial authority, to any extent, to be illegal, ineffective, unenforceable or otherwise invalid, such provision shall be given its nearest legal meaning or be construed as deleted as such authority determines, and the remainder of this Agreement shall be construed to be in full force and effect.

**G.10. CHOICE OF VENUE.**

Any litigation between the County and the Corporation relating in any way to this Agreement shall be brought and presented exclusively in a court located in Miami-Dade County, Florida.

**G.11. SURVIVAL.**

The parties acknowledge that many of the obligations in this Agreement will survive the term, termination and/or cancellation hereof. Accordingly, the respective obligations of the Corporation and the County under this Agreement, which by nature would continue beyond the termination, cancellation or expiration thereof, shall survive termination, cancellation or expiration hereof.

IN WITNESS WHEREOF, the parties have set their hands and seals, and such of them as have caused these presents to be signed by their duly authorized officers as of the date first set forth above.

## **EXHIBIT 1**

Operating and Management Agreement Between  
Miami-Dade County and  
Vizcaya Museum and Gardens Trust, Inc.

**RULE 9.03, SECTION 2-1**

Miami-Dade County, Florida – Code of Ordinances

Chapter 2 – Administration

Article I. – In General

Sec. 2-1. - Rules of procedure of County Commission.

*Rule 9.03 Fee reduction and waiver requests for the use of Vizcaya Museum and Gardens.*

- (a) All requests for fee reductions and waivers for the use of Vizcaya Museum and Gardens must be submitted to the board for review at a public hearing before the full Commission. Following the public hearing any such fee reductions and waivers will require a two-thirds ( 2/3 ) majority vote of the board members present. This Rule does not apply when Vizcaya Museum and Gardens' budget is fully reimbursed from another County fund for such fee reduction or waiver. The following criteria shall govern the grant of a fee waiver or reduction:
- (1) Fee waivers and reductions shall be granted only to major cultural, diplomatic, international, military, or other events or conferences involving heads-of-state or other similar individuals that will enhance the visibility of the County as a place to live, work, visit, or invest.
  - (2) No fee waivers or reductions shall be granted for events whose purpose is, in whole or in part, to raise funds.
  - (3) Fee waivers and reductions shall be granted only to not-for-profit or governmental organizations, and not to private individuals or for-profit organizations.
  - (4) Fee waivers and reductions may be granted at the discretion of the Board to an organization more than once every two years, but the Board recognizes that repeat events should generally not be based on recurrent complimentary use of this fragile facility.
  - (5) Organizations that are offered fee waivers and reductions shall comply with all Vizcaya Museum and Gardens facility rental rules and regulations and shall sign and be bound by the facility rental agreement, except for the provisions regarding rental fee payment and deposit.
  - (6) All direct costs that result from the organization's event shall be payable by the organization directly to Vizcaya Museum and Gardens, including but not limited to tent or equipment rental, hire of police and cleanup crew, and costs of any damages or cleanup by County staff or outside vendors, unless the resolution granting the fee waiver and reduction states that the County will pay such costs to Vizcaya Museum and Gardens.
  - (7) Organizations requesting a fee waiver or reduction should first attempt to find other public or private ways to fund the Vizcaya fee.

(Ord. No. 08-127, § 1, 11-20-08)

- (b) Notwithstanding the previous paragraph (a), the County Manager shall be permitted to:
- (1) Administratively reduce fees four (4) times during any calendar year and waive fees two (2) times during any calendar year for the use of Vizcaya Museum and Gardens for any nonfundraising events provided that those events are either diplomatic activities or events that benefit the entire citizenry of Miami-Dade County, and annually report the reductions and waiver to the Commission; and
  - (2) Waive fees for events sponsored by organizations which provide volunteer services to Vizcaya Museum and Gardens or raise funds and provide support for the maintenance of, and improvements to, Vizcaya Museum and Gardens.
