FISCAL IMPACT/FUNDING SOURCE

There is no fiscal impact to Miami-Dade County for the provision of these services. Services for the Program during fiscal year 2018-2019 will be supported by The Children's Trust's grant funding in the amount of \$179,823.00. MONITORING/RECORD TRACKING

Data from the Program will be collected, compiled and maintained for tracking and monitoring purposes to identify patterns and trends, measure performance, analyze results and to promote continuous improvement among the participants and the Program.

BACKGROUND

This grant funding from The Children's Trust is for CAHSD's implementation of the Youth Success Program. The Program targets at-risk youth/young adults to engage in structured activities that address the social, financial, emotional and educational barriers to high school graduation, post-secondary education and/or the workforce for students in Miami-Dade County. The Youth Success Program empowers youth to achieve optimal success by engaging them in meaningful services that will build upon their leadership strengths, develop their skills and social capital. The Program's services include academic support, social emotional learning, family engagement and civic engagement.

The Program will serve youth/young adults between the ages of 13-22 who have experienced difficulties in a traditional high school setting, as well as other high school students in surrounding communities. The program will be housed at the Miami-Dade County Public Schools' South Dade Technical College site and extend for 36 weeks. This initiative encompasses core services that focus on academic support, social/emotional learning, and family and civic engagement in a structured environment. The Program will provide services to 70 students. The Program will be staffed by a Project Director, three Case Managers, two Academic Success Teachers, an Office Support Specialist, three Success Coaches and a Security Guard.

This program will provide positive youth development experiences that culminate with graduates of the program establishing a portfolio that includes social skills building, completion of academic courses, a resume, cover letter and references, financial literacy course completion, a planned and executed team-led civic engagement project, active involvement in educational outings, peer mentorship experience and experience in attaining personal career aspirations. The Program supports the ongoing healthy growth and development of youth/young adults by providing them with structured educational activities and service learning opportunities that foster increased skill-building and success in moving towards a pathway for civic engagement, leadership, character development and educational skill attainment.

PROGRAM DESCRIPTION

Community Action and Human Services Department (CAHSD) Youth Success program addresses the social, financial, emotional and educational barriers to high school graduation and entering into post-secondary education and/or the workforce faced by at-risk youth in the South Dade community. Youth Success offers a variety of services, activities and support to bolster engagement and enhance outcomes by blending service-based learning, academics, hands-on experience, nutritious snacks, wrap-around social services for the entire family and social skills building.

Youth Success is rooted in positive youth development principles. The operating philosophy of the program is to create positive experiences and build positive relationships in a positive environment. Youth Success focuses on empowering youth to achieve optimal success by engaging them in meaningful activities that will build upon their leadership strengths and develop their skills and social capital. Positive reinforcements, motivational interviewing and stakeholders' case conferencing are some of the approaches that will be used to serve and monitor youth progress.

Youth Success core service areas include: Academic Support, Social Emotional Learning, Family Engagement and Civic Engagement. The program targets youth/young adults ages 15-22 enrolled in high school who are interested in:

- Assessing and addressing the needs of their community
- Achieving academic aspirations
- Exploring opportunities for the future
- Accessing social service resources for themselves, family members and their community
- Serving as a Peer Mentor and a support system for other youth
- Becoming a Community Role Model

The program welcomes and encourage participation from youth who are economically disadvantaged, basic skills deficient, involved in the juvenile justice system, migrant, in foster care and/or have a disability. All services are inclusive and the program model is flexible to address the needs of every student at no cost to the family.

At the end of the program, all Youth Success graduates ("Scholars") will have established a portfolio that includes a resume, cover letter and references, participated in a at least one college tour, completed a 6-week financial literacy course on smart money management, planned and executed a team-led civic engagement project, participated in fun and educational outings, strengthened their social skills and received access to life-long supportive services for themselves, family members and their community.

All Youth Success services are offered at the South Dade Skills Center located at 28300 SW 152nd Avenue in Homestead Florida, home of the South Dade Technical College, a Miami-Dade County Public School alternative high school.

Youth expected in activity: All Youth

Duration: 36 Weeks **Frequency:** 3time(s) per week **Minutes offered:** 30

Activity Description: Social-Emotional Learning (SEL) activities must include a structured design programming grounded in positive youth development best practices. Program focuses on positive skill-building (strengths-based versus deficit-based) through challenging activities, leadership development, decision-making opportunities, and opportunities for youth to have hands-on practice applying skills to real-world scenarios. Programs ensure a nurturing, socially positive environment, inclusive of staff equipped to actively and intentionally foster this environment by coaching children and appropriately modeling concepts and skills.

As a requirement of this Contract with The Children's Trust, Provider and/or Seller agrees that prior to, or on the date commencing the effective term of this Contract, Provider and/or Seller will enroll in The Children's Trust direct deposit program. The direct deposit program requires that all reimbursements received from The Children's Trust are directly deposited into the Provider and/or Seller's designated bank account held in a United States financial institution. The format, including the terms and conditions for the direct deposit of payment, can be found on The Trust's website .

Cost Reimbursement Method of Payment

The parties agree that this is a cost reimbursement method of payment Contract; Provider and/or Seller shall be paid in accordance with the approved budget and/or approved budget amendments/revisions as set forth in this attachment. Provider and/or Seller also agrees to pay its subcontractors, vendors and employees for the fulfillment of services provided in this Contract, on a timely basis. If there are subcontractors to this Contract, the 'Attestation of Payment' form must be included in the Request for Payment. These forms may be downloaded from The Trust's website. For the purpose of payment only, a subcontractor is defined as an independent agency that has entered into agreement with Provider and/or Seller to perform services pertaining to The Children's Trust funded programs identified in this Contract.

Deliverable-Based Method of Payment

The parties agree that this is a deliverable based Contract, and Provider and/or Seller will be paid based on acceptance by The Children's Trust of deliverables as outlined in Attachment A. Provider and/or Seller will submit required reports and/or deliverables in accordance with the deliverable schedule set forth in Attachment A or in Attachment B if not included in Attachment A. If Provider and/or Seller fails to submit approved deliverables in accordance with the Contract, The Children's Trust may amend the Contract to reduce the amount of dollars representing the deliverables not provided. Any delay in amendment by The Children's Trust is not deemed a waiver of The Children's Trust's right to amend or seek reimbursement for deliverables not provided in accordance with the Contract.

Provider and/or Seller also agrees to timely pay its subcontractors, vendors, and employees for the fulfillment of services provided in this Contract. Every request by Provider and/or Seller for payment for services provided, work performed, or costs incurred pursuant to this Contract, except for any advanced payments by The Trust, shall be accompanied by a Request for Payment from The Children's Trust. If there are subcontractors to this Contract, the 'Attestation of Payment' form must be included in the Request for Payment. These forms may be downloaded from The Trust's website. For the purpose of payment only, a subcontractor is defined as an independent agency that has entered into agreement with Provider and/or Seller to perform services pertaining to The Children's Trust funded programs identified in this Contract.

Advance payment requests

The Children's Trust offers advance payments up to 15% of the total Contract value. The Children's Trust will only approve advance requests that are equivalent to the total amount of the first two (2) months programmatic expenditures and up to 15% of the total Contract value. Determinations of programmatic expenditures will be supported by the immediate prior year's performance or a detailed listing of estimated expenditures. Advance requests shall be limited to governmental entities and not-for-profit corporations, in accordance with subsection 216.181(16)(b), F.S. Advance requests must include the amount requested and a justification for the request. Advance requests must be submitted using the designated form and must be approved in writing by The Children's Trust's Contract Manager and Chief Financial Officer or their designee. Advance payments are made at and within the sole discretion of The Children's Trust.

Advance repayment

Advance repayment is due within sixty (60) calendar days of receipt of the advance. Provider and/or Seller shall report the amount of the advance repayment in SAMIS using the "advances/adjustments" button on the SAMIS reimbursement screen. If a Provider and/or Seller does not use SAMIS, the Provider and/or Seller is required to deduct its advance repayment from each invoice, consecutively, until the advance is repaid in full.

List of Approved Certified Public Accountants or Certified Public Accounting Firms

To receive reimbursement for the preparation of the program specific audit, as defined, Provider and/or Seller must choose from a list of approved independent Certified Public Accounting (CPA) firms, which are posted on The Children's Trust website. Inclusion in this pre-approved vendor pool requires that a CPA firm meet the following three criteria:

(a) participation in either the American Institute of Certified Public Accountants (AICPA) or the Florida Institute of Certified Public Accountants (FICPA) peer review program as evidenced by submitting a triennial System Review Report with a passing score to The Children's Trust;

- (b) providing documentation that a CPA firm, or one of its associates, has adequate experience in governmental accounting and/or nonprofit accounting with the application of Government Auditing Standards; and
- (c) completion of an annual CPA training session sponsored by The Children's Trust finance department.

Supporting Documentation Requirements

Provider and/or Seller shall maintain original records documenting actual expenditures and services provided according to the approved budget and Scope of Services. Supporting documentation shall be made available and provided to The Children's Trust upon request.

Provider and/or Seller shall keep accurate and complete records of any fees collected, reimbursement or compensation of any kind received from any client or other third party, for any service covered by this Contract, and shall make all such records available to The Children's Trust upon request. Provider and/or Seller shall maintain a cost allocation methodology that is used to allocate its costs to ensure that The Children's Trust is paying only its fair share of costs for services, overhead and staffing devoted to the program funded by this Contract. Such methodology shall be made available to The Children's Trust upon request.

ATTACHMENT C: Data Requirements and Program Progress Metrics

The Children's Trust requires collecting ongoing measures on the quantity, quality and impact of service efforts. The purpose of data collection, reporting and analysis is to promote continuous improvement in program quality and participant outcome achievement. Contract-specific reporting requirements are identified in Attachment A – Scope of Services.

The Program Metrics tool can be found on the Children's Trust website and it details the components that are regularly reviewed by Trust staff or approved contractors. These components—as well as the way they are rated—are specific to the initiative and can be revised throughout the funding cycle.

Successful programs regularly monitor the quality of their own implementation at the site level, offer staff training and coaching on program components, and incorporate feedback from participants and staff.

Data requirements:

As applicable, provider is expected to collect and enter demographic, attendance, screening, and assessment data in a timely manner, while incorporating practices that ensure data quality and integrity. Data must be collected using the appropriate tools (e.g., required demographic fields can be found in the **Child and Adult Information Forms** found on The Children's Trust website) and entered in a timely manner into the Trust's approved data system. All data entered must be reviewed and validated by the provider no later than the 15th of month following the month in which services were delivered.

As applicable, provider may also be expected to complete a Program Narrative Report (see initiative specific requirements—including timing—in the **Initiative Specific Reporting Requirements** in The Children's Trust website) that captures a brief account of the program's successes, challenges, and supports needed.

With each submission, the provider attests, based on his/her best knowledge, information and belief, that all data submitted in conjunction with the reports are accurate, truthful and complete. The trust and approved partners shall use and analyze this data for evaluation and strategic planning purposes.

Program Progress Metrics:

- Compliance Items: Provider shall fulfill all applicable compliance items specified in the safety, administrative and fiscal compliance component in the Program Metrics tool, as well as in the **Required Documentation Checklist** posted on The Children's Trust website.
- Quarterly or Yearly Growth Plan: In partnership with the Contract Manager, the provider will develop and implement Growth Plans up to four times per contract year. A **Growth Planning Guidance Document** with additional information can be found on The Children's Trust website.

Additional Program Continuous Quality Improvement Requirements:

Provider must ensure appropriate staff and subcontractors attend various Trust-sponsored or facilitated trainings. **Training requirements by initiative** are detailed on The Children's Trust website. At a minimum, staff will be required to attend the following annually:

- Contract management trainings
- The Children's Trust provider meetings
- SAMIS training for budgets, amendments, invoices, SAMIS programmatic and reports trainings
- Content-specific trainings related to program quality and performance measures (e.g., Injury Free, ACT, Project RISE, evidence-based programs, and measurement tools).

Attachment D Program-Specific Audit Requirements

The Program-Specific Audit must encompass an audit of The Children's Trust Contracts in accordance with **Section O: Records, Reports, Audits and Monitoring** of this Contract. The comprehensive nature of auditing performed in accordance with the standards set forth below places on the independent certified public accounting firm (CPA) the responsibility for ensuring that (1) the audit is conducted by personnel who have the necessary skills; (2) independence is maintained; (3) applicable standards are followed in planning and conducting audits and reporting the results; (4) the organization has an appropriate internal quality control system in place; and (5) the organization undergoes an external quality control review.

Program-Specific Audits must be conducted in compliance with AU-C 935 and are required to include performing tests of controls over compliance.

An auditor's risk assessment must include an expectation of the operating effectiveness of controls over compliance, and in doing so, the assessed control risk must be assessed at low during the planning stage. If the auditor determines a lack of controls and identifies risk of material noncompliance that demonstrates internal controls do not exist or are not effective regarding the compliance requirement, a response to such risks should be developed, and a finding (significant deficiency or material weakness) should be reported.

The auditor's test work and sample size of each compliance requirement should be the result of the assessed level of inherent risk and control risk as it relates to each compliance requirement as stated in The Children's Trust Contracts.

The Program-Specific Audit requires the following components (a sample format may be found on The Children's Trust website):

1. Independent Auditor's Report on the Schedule of Expenditures of The Children's Trust Contracts
2. Schedule of Expenditures of The Children's Trust Contracts
3. Notes to Schedule
4. Independent Auditor's Report on Compliance for each of The Children's Trust Contracts and Report on Internal Control over Compliance
5. Schedule of Findings and Questioned Costs

At a minimum, the auditor must include the following tests in its audit program to ensure that the compliance requirements set forth in The Children's Trust compliance supplement are met. They are:

The Children's Trust Compliance Supplement to the Program-Specific Audit:

Compliance Requirement	Program-Specific Audit Implication	Example
a) Internal Controls	<p>1) An auditor's risk assessment must include an expectation of the operating effectiveness of controls over compliance, and in doing so, the assessed control risk must be assessed at low during the planning stage. If the auditor determines a lack of controls and identifies risk of material noncompliance that demonstrates internal controls do not exist or are not effective regarding the compliance requirement, a response to such risks should be developed, and a finding (significant deficiency or material weakness) should be reported.</p> <p>The auditor's test work and sample size of each compliance requirement should be the result of the assessed level of inherent risk and control risk as it relates to each compliance requirement as stated in The Children's Trust Contracts</p>	A) Controls tested during the financial statement audit may not consider compliance as it relates to The Children's Trust's Contract. Overall control risk must consider each compliance requirement tested during the Program-Specific Audit. Separate risk assessment procedures and materiality should be performed and generated for a Program-Specific Audit.

b) Budget vs. Actual Expenditures	1) The approved budget is to include the original approved Contract as well as any approved budget amendments/revisions.	<p>A) Test work should include a schedule identifying each Contract and its original/ amended budget, monthly billings, Contract utilization and any analytical expectations that may identify any overbillings.</p> <p>i. The current Children's Trust electronic system does not allow providers to overbill any budgeted line item or Contract allocation, however, if Contract utilization is greater or less than expected, this could indicate that a budgeted salary rate is not the employee's actual rate. Provider must compensate employees at the rate stated on the budget. Any difference in rate would warrant a finding in the Program-Specific Audit Report.</p>
-----------------------------------	--	---

<p>c) Allowable/Unallowable Activities and Costs</p> <p>Common unallowable costs:</p> <ol style="list-style-type: none"> 1. Salary rates, payroll methods and hours billed that do not match original or amended budgets. 2. Fringe benefits billed to The Children's Trust for employees not included in Contract budget and are unrelated to the program. 3. Professional services billed within regular salaries and wages. 4. Capital purchases disguised as repairs. 5. Sales taxes and tips. 6. Fuel. 7. Food and beverage costs for parties, celebrations, end-of-program events, and conferences or conventions, unless while attending an out-of-town conference or convention. 8. Monetary gift cards as incentives. <p>A detailed listing of all costs and activities considered allowed and unallowed can be viewed in the Budget Guidelines form on The Children's Trust website.</p>	<p>1) Requires that the nature of services and type of costs paid are in agreement with the contractual budget and/or budget amendment/revision's Scope of Services and budget guidelines.</p> <p>AND/OR</p> <p>Requires that activities performed or costs paid with The Children's Trust funds are listed in the contractual budget narrative or a contractual budget amendment/revision narrative.</p> <p>2) Any cost or service billed that is not approved in the Contract's budget is a finding and reported as a questioned cost on the Program-Specific Audit Report.</p> <p>3) If any cost or service is billed in more than one Contract, and the billings are in excess of the total disbursement or approved allocation, the expense has been overbilled or double billed and should be considered a finding.</p> <p>4) The Children's Trust funds must supplement a program; supplanting of funds is unallowable. A provider may not use Contract funds to defray any costs that the recipient already is obligated to pay. (See example F.)</p>	<p>A) If Provider asks to be reimbursed for six (6) field trips to teach children social skills, only field trips enumerated in either the contractual budget narrative or the contractual Scope of Service will be reimbursed.</p> <p>B) If the contractual budget, lists a program coordinator position at \$25.00/hour, the provider must pay the program coordinator and charge The Children's Trust \$25.00/hour. The provider cannot substitute funding identified for the program coordinator to any other position.</p> <p>C) If the contractual budget, lists a program coordinator's position, with dedicated time charged to The Children's Trust program of 25%, the provider must keep records of an employee's time to substantiate that 25% of time was in fact earned and charged to The Children's Trust program.</p> <p>D) If three Contracts list a program coordinator's total budgeted salary as \$100,000.00 and each Contract will reimburse \$35,000.00 (35%), then a possible overbilling of \$5,000 may have occurred (\$35,000.00*3=\$105,000.00 or 35%*3=105% Children's Trust salary allocation).</p> <p>E) If an invoice is submitted to The Children's Trust that includes food charges for end-of-year parties and celebrations, those costs are NOT allowable per The Children's Trust budget guidelines and cannot be paid by The Children's Trust.</p> <p>F) If a provider, prior to applying to participate in the contracted program, committed to purchase 10 new computers for another program, the provider must purchase those 10 computers in addition to any other computers requested for The Children's Trust program.</p>
<p>d) Cash Management</p>	<p>1) With the exception of the last month of the Contract period, monthly invoices must represent costs actually paid during the Contract period (cash basis), rather than costs incurred or accrued.</p>	<p>A) If payroll is paid on 3/31, it should be disclosed in March's reimbursement.</p> <p>B) If payroll is paid on 4/1, but represents time charged in March, it should be disclosed in April's reimbursement.</p>

e) Period of Availability	<p>1) Requires provider to charge The Children's Trust grant with only allowable costs resulting from obligations incurred during the funding period.</p>	<p>A) If the active Contract period extends from 8/1 through 7/31, and provider expends \$250.00 for office supplies on 9/30 during said Contract period, that expenditure must support program services performed during the Contract term.</p> <p>B) The following items warrant the most attention at the beginning and end of Contract periods:</p> <ul style="list-style-type: none"> i. Payroll from expired Contracts is not allowed to be billed in the first month of the renewed Contract if it was paid during the invoiced month but was incurred in prior Contract. Reporting requirements for final invoice allow this payroll to be expensed and reimbursed in prior Contract. Only the portion of payroll incurred during the Contract period may be billed. ii. Utilities iii. Insurances
---------------------------	---	---

f) Special Provisions	<p>1) Eligibility requirements related to Contract expectations such as type of participants served, number of participants served and background checks should NOT be tested as part of The Children's Trust Program-Specific Audit. The Program-Specific Audit is meant to test the fiscal viability of the provider. Therefore, certain-Contract provisions that support the fiscal viability of the provider should be tested.</p>	<p>Each of the following special provisions must be tested:</p> <p>A) Insurance requirements (further described in Section K: Insurance Requirements of this Contract)</p> <ul style="list-style-type: none"> i. Auditor should determine if all applicable insurance policies were carried during the fiscal year. <p>B) Proof of tax status (further described in Section L: Proof of Tax Status of this Contract)</p> <ul style="list-style-type: none"> ii. Auditor should vouch that applicable documents verifying that all incurred payroll and unemployment taxes have been paid. <p>C) Data security obligation (further described in Section O: 12 of this Contract)</p> <ul style="list-style-type: none"> i. Auditor should obtain and/or understand the provider's data security policy. <p>D) Subcontractor agreements (if applicable)</p> <ul style="list-style-type: none"> i. Auditor should obtain and understand any agreements made with subcontracted parties. Additionally, the auditor should obtain and understand any provider monitoring procedures. <p>E) Matching Funds</p> <ul style="list-style-type: none"> i. In some cases, a required match is contracted. This will be indicated in Section C: Total Funding of this Contract. Verify the applied method the provider uses to satisfy match requirements. Also, verify that provider maintains documentation to back up match requirements.
-----------------------	---	---

The independent auditor's report shall state that the audit was conducted in accordance with: (1) auditing standards generally accepted in the United States of America; (2) the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and (3) the Program-Specific Audit Requirements listed in The Children's Trust Contract.
