

Memorandum

Date: May 7, 2019

To: Honorable Chairwoman Audrey M. Edmonson
and Members, Board of County Commissioners

From: Carlos A. Gimenez
Mayor

Agenda Item No. 8(N)(6)

Subject: Resolution Authorizing the County Mayor to Execute and File Three Grant Applications with the Federal Transit Administration for Up to \$91,000,000.00 in Fiscal Year 2019 Section 5307 Urbanized Area Formula, Section 5337 State of Good Repair Formula and Section 5339 Bus and Bus Facilities Formula Programs

Recommendation

It is recommended that the Board of County Commissioners (Board) approve the terms of and authorize the Miami-Dade County (County) Mayor or County Mayor's designee to execute and file three grant applications on behalf of the County with the United States Department of Transportation (USDOT), Federal Transit Administration (FTA) for up to \$91 million in Fiscal Year (FY) 2019 Formula Grant Programs. The total estimated amount includes up to \$55 million in Section 5307 Urbanized Area Formula, up to \$30 million in Section 5337 State of Good Repair Formula and up to \$6 million in Section 5339 Bus and Bus Facilities Formula grant programs. It is further recommended that the Board authorize these grant applications pursuant to the agreements, as well as the receipt and expenditure of funds as specified in the agreements.

A public hearing is required in accordance with Federal regulations.

Scope

These funds will provide support for multiple bus and rail projects, vanpool and paratransit services and a security project. Therefore, the impact of these grants is countywide.

Fiscal Impact/Funding Source

This item represents a positive fiscal impact to the County because it provides funding to the Department of Transportation and Public Works (DTPW). In addition, the required local match up to \$22.7 million will be provided in full by the Florida Department of Transportation through the use of State Transportation Development Credits as a "soft match" for these grants.

The Fixing America's Surface Transportation ACT (FAST Act) authorizes state transportation departments to make available to public transit agencies the use of transportation development credits on selected federally assisted public transit capital projects. By using the credits to substitute the required non-federal share on a new federal-aid project, the federal share can effectively be increased to 100 percent.

Track Record/Monitor

The Grant Manager for these grant applications is Ed Carson of DTPW, Financial Services.

Background

On December 4, 2015, President Obama signed into law the FAST Act which provides long-term funding for the 21st Century transportation system. There were no major changes to the current FTA formula grant programs which include the Section 5307 Urbanized Area Formula, Section 5337 State of Good Repair and Section 5339 Bus and Bus Facilities.

The FTA annually publishes the funds appropriated by law for these formula grant programs. The Miami Urbanized Metropolitan Area anticipates receiving up to \$169,926,247.00 in FY 2019 federal formula funds to be divided among the Miami Urbanized Metropolitan Area (Miami-Dade, Broward, Palm Beach Counties and the South Florida Regional Transportation Authority). The amount of funding each agency receives is based upon the apportioned funds, information from the National Transit Database and the appropriate formula established by the FTA. The agency directors within the Urbanized Metropolitan Area mutually agree on the final apportionment to each agency.

The Section 5307 Formula program makes federal funding available to urbanized areas for public transportation capital, planning, job access and reverse commute projects and use of certain expenditures by vanpool operators and operating assistance in areas with populations greater than 200,000 operating a maximum of 100 buses in fixed-route service during peak hours (rail fixed guideway excluded). For urbanized areas with populations of 200,000 and more, the formula is based on a combination of bus revenue vehicle miles, bus passenger miles, fixed guideway revenue miles, fixed guideway route miles, population, population density and the number of low-income individuals. The proposed projects expected to be funded up to \$55 million under the FY 2019 Section 5307 program for DTPW include:

- Upgrade to LED lighting – Metrorail/Metromover Stations and Metrorail Parking Facilities (part of required 1% program allocation for security projects)
- Replacement of security doors at Metrorail Stations (part of required 1% program allocation for security projects)
- Preventive Maintenance Bus
- Metromover – Train Control Equipment – Wayside Overhaul – Engineering/Design
- Metromover – Train Control Equipment – Wayside Overhaul – Construction
- Metromover – Train Control Equipment – Wayside Overhaul – Construction Engineering Inspection Services

Projects funded under the Section 5337 State of Good Repair Formula program are limited to replacement and rehabilitation of existing fixed guideway systems or capital projects required to maintain public transportation systems in a state of good repair. Funds are apportioned to urbanized areas with fixed guideway systems in operation for at least seven years through a new modified formula.

The proposed DTPW project expected to be funded up to \$30 million under the FY 2019 Section 5337 program include:

- Preventive Maintenance Rail

The Section 5339 Bus and Bus Facilities Formula program provides funding to replace, rehabilitate and purchase buses and related equipment, construct bus-related facilities and use of certain expenditures by vanpool operators. The formula is based upon population, vehicle revenue miles and passenger miles.

The proposed DTPW projects expected to be funded up to \$6 million under the FY 2019 Section 5339 program includes:

- Purchase Compressed Natural Gas Buses
- Special Transportation Services – Capital Cost of Contracting
- Vanpool Program – Capital Cost of Contracting

The combined formula grants funding (up to \$91 million) reflects an estimated amount that the County will receive from the FY 2019 appropriation. Upon approval by the Board, DTPW as an eligible designated recipient of federal funding, will submit separate grant applications to the FTA for each formula program.
