HCCO
Agenda Item No. 3C

Subject: Recommendation for Approval to Establish a Prequalification Pool for Canopies and Awnings, Purchase/Repair/Materials, and Authorizing the Use of Charter County Transportation Surtax Funds for Such Purpose

Recommendation

It is recommended that the Board of County Commissioners (Board) approve the establishment of a prequalification pool, *RTQ-01107 Canopy and Awning Purchase/Repair/Materials*, for multiple County Departments. The current pool, 6939-0/15, was approved by the Board on December 7, 2010 for a five-year term and subsequently extended on January 20, 2016 for five additional years. Awnings and canopy structures are installed countywide at various locations such as walkways, parking lots, building entrances, aircraft operating areas, cruise ship terminals and at bus shelters all along the South Dade Transitway.

This item is placed for Board review pursuant to Miami-Dade County Code Section 29-124(f). The Board may only consider this item if the Citizens' Independent Transportation Trust (CITT) has forwarded a recommendation to the Board prior to the date scheduled for Board consideration or 45 days have elapsed since the issuance of this recommendation. If CITT has not forwarded a recommendation and 45 days have not elapsed since the issuance of this recommendation, a withdrawal of this item will be requested.

Background

The pool will provide the County with access to canopy and awning purchase, installation, and repair services for existing canopies and awnings, as well as the option to purchase raw canopy and/or awning shade cloth, as needed.

The establishment of this replacement pool was undertaken pursuant to County Resolution R-1032-18, directing the Strategic Procurement Division to conduct a procurement to establish a pool of qualified vendors available on a push-button basis for the repair or replacement of awnings and canopies along the South-Dade Transitway. Once the replacement pool is established, the current pool will be terminated, following a reasonable transition period. The current pool includes geographical restrictions which requires vendors to have a Local Business Tax Receipt for either Miami-Dade County or Broward County. As such, the County is ineligible to receive reimbursement from the Federal Emergency Management Agency for any disaster related expenditures, as was experienced with Hurricane Irma in 2017. This replacement pool does not include geographical restrictions.

Five vendors responded to this solicitation, with one vendor submitting a "No Bid." Three vendors are being recommended for inclusion in the pool, of which two have a local address and one is a certified Small Business Enterprise. A total of 495 vendors were notified upon advertisement. Outreach efforts were made to increase local vendor participation including sending an invitation to all seven vendors in the current pool, as well as to vendors with related local business tax receipts. The pool will remain open to allow additional vendors that meet the prequalification criteria to be added.

Scope

The scope of this item is countywide in nature.

Fiscal Impact/Funding Source

The fiscal impact for the five-year term is \$7,662,000. The current pool, 6939-0/15, is valued at \$8,076,000 for a ten-year and two-month term and expires on February 28, 2021. The allocation under the replacement pool is higher than the current pool on an annualized basis due to estimated usage during the term of the pool and the possibility of purchasing raw materials in preparation for an emergency. A portion of the purchase will be funded by Charter County Transportation Surtax funds.

Delegated Authority

Upon approval of this item, a pool of prequalified vendors will be established to participate in spot market competitions. The County Mayor or the County Mayor's designee will have the authority to solicit pricing and award contracts up to an aggregate amount of the allocation authorized by the Board. The County Mayor or the County Mayor's designee will also have the authority to (a) exercise all provisions of the solicitation documents and any resulting contracts pursuant to Section 2-8.1 of the County Code and Implementing Order 3-38 and (b) add vendors to the pool at any time, subject to ratification by the Board on a bi-annual basis.

Vendors Prequalified for Pool

A Request to Qualify was issued under full and open competition. Five vendors responded to the solicitation, including one "No Bid." Three vendors are being recommended for inclusion in the pool, as set forth in the table below. Two of the three vendors have a local address, and one is a certified Small Business Enterprise.

Pursuant to Resolution No. R-477-18, fewer than 75 percent of the vendors recommended for inclusion in the pool are local due to a smaller number of vendor submittals. Staff outreach efforts included sending invitations to all incumbent vendors in the current pool, as well as vendors identified via the County's Local Business Tax Receipts database based on related commodity codes for which they were registered. Staff will continue to reach out to vendors to encourage their participation in the pool.

This pool has three groups: Group A, Purchase of Canopy or Awning Materials; Group B, Furnish, Repair, Replace, and Install Canopies; and Group C, Furnish, Repair, Replace, and Install Awnings.

Vendor	Principal Address	Local Address	Principal	Groups Prequalified
Industrial Shadeports, Inc.	1975 NW 18 Street, Pompano Beach, FL	None	Stanley D. Breitweiser	A, B
No Equal Design Company	6995 NW 46 Street Suite A Miami, FL	Same	Casparus D. Otto	A, B, C
Paradise Awnings Corporation (SBE)	4310 NW 36 Avenue Miami, FL	Same	Juan Chaviano	A, C

Vendors Not Prequalified for Pool

Vendor	Local Address	Reason for Not Recommending
Awning Brokers A B, Inc.	Yes	Vendor is not a registered Miami-Dade County Vendor. Upon completion of vendor registration, the vendor may be added to the pool.
Hendee Enterprises, Inc.	No	No Bid*

*A "No Bid" means the vendor responded indicating that it will not be providing an offer.

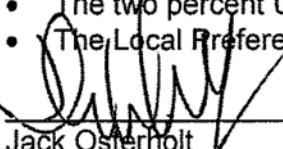

Due Diligence

Pursuant to Resolution No. R-187-12, due diligence was conducted in accordance with the Internal Services Department's Procurement Guidelines to determine vendor responsibility, including verifying corporate status and that there are no performance and compliance issues. The lists that were referenced included convicted vendors, debarred vendors, delinquent contractors, suspended vendors, and federal excluded parties. There were no adverse findings relating to vendor responsibility.

Pursuant to Resolution No. R-140-15, prior to re-procurement, a full review of the scope of services was conducted to ensure the replacement pool reflects the County's current needs. The review included conducting market research, posting a draft solicitation for industry comment, and holding meetings and drafting sessions with client departments. The scope of services was updated to remove unnecessary language, remove potential barriers to competition, streamline requirements, and include an additional group for purchase of raw materials in accordance with Resolution No. R-1032-18.

Applicable Ordinances and Contract Measures

- Each Work Order under this Prequalification Pool must be submitted to the Small Business Development Division for review and application of Small Business Enterprise measures to include: SBE Construction, SBE Goods & Services, Responsible Wages, Living Wages, Community Workforce Program goals, Resident First and Employ Miami-Dade County, if applicable.
- The two percent User Access Program provision applies where permitted by the funding source.
- The Local Preference applies where permitted by the funding source.
