Agenda Item No. 8(O)(1)

Subject: Resolution Authorizing Refund of Water and Sewer Connection Charges for
FUNDIMENSION, LLC.

Recommendation

It is recommended that the Board of County Commissioners (Board) adopt the attached resolution authorizing the Miami-Dade Water and Sewer Department (WASD) to refund a payment of water and sewer connection charges in the amount of \$86,594.53 to FUNDIMENSION, LLC, a warehouse converted to 15,000 square feet of family recreational facility located within the North Central Dade Enterprise Zone. Pursuant to Section 2-348 of the Miami-Dade County Code, FUNDIMENSION, LLC is entitled to a refund of the water and sewer connection charges because it: (1) renovated property located within a designated enterprise zone, as defined by Section 290.004, Florida Statutes, (2) met the requirement to employ a certain percentage of residents who reside in the enterprise zone, and (3) was deemed to have received a property tax abatement exemption by the Department of Regulatory and Economic Resources.

Scope of Agenda Item

FUNDIMENSION, LLC is located in the County's North Central Enterprise Zone at 2129 NW 1 Court, Miami, Florida 33127, in District 5, which is represented by Commissioner Eileen Higgins.

Fiscal Impact/Funding Source

Upon Board approval of this item, there will be a fiscal impact to the County in the amount of \$86,594.53, which is the refund amount due to FUNDIMENSION, LLC for water and sewer connection charges resulting from enhancements made to an existing facility in an enterprise zone. The funding source for the refund is WASD Plant Expansion Funds.

Track Record/ Monitor

WASD's Chief Financial Officer, Frances Morris, will oversee the refund process to the FUNDIMENSION, LLC.

Background

FUNDIMENSION, LLC is a warehouse converted to 15,000 square feet of family recreational facility located at 2129 NW 1 Court, Miami, Florida 33127, in Miami-Dade County's North Central Enterprise Zone. The enhancement of the property added 3,538 feet to the existing facility. Joyce Frohman, the business owner of FUNDIMENSIONS, LLC, applied for a property tax abatement exemption of water and sewer connection charges (attached hereto as Exhibit A) after the improvements were completed.

As a condition to the continued rendition of increased water and sewer service, WASD imposed a water and sewer connection charge in the amount of \$86,594.53 for additional gallonage for the recreational

facility. The connection charge was collected with the understanding that should the business meet the requirements delineated in Section 2-348 of the Code of Miami-Dade County, which provides for waivers of payment for water and sewer connection charges, the County would refund the payment made for the water and sewer connection charges.

Section 2-348 of the Code of Miami-Dade County provides that commercial or industrial real property development within enterprise zones, for which new or increased water or sewer service is required, is eligible for waiver of payment of water and sewer connection charges upon approval of the Board of County Commissioners (Board), subject to the following requirements:

1. The development is consistent with the Miami-Dade County Comprehensive Development Master Plan;
2. The development is located within an existing designated enterprise zone established pursuant to Florida Law;
3. The development has been deemed to have been granted an ad valorem tax exemption by Miami-Dade County; and
4. The development meets the requirement that 25 percent of the employees of the business located at the development reside within the enterprise zone.

The County's Department of Regulatory and Economic Resources reviewed the application sent by Joyce Frohman and issued a response (attached hereto as Exhibit B) confirming that the improvements made to FUNDIMENSION, LLC met the County's criteria specified in section 2-348 of the Miami-Dade County Code. Joyce Frohman was advised that the renovations made qualified for a refund of the water and sewer connection charges. FUNDIMENSION, LLC must create five new jobs and maintain those jobs for five years. In addition, 25 percent of their employees must live within the Enterprise Zone to continue to meet the criteria for this program over the next five years, which condition must be verified on the Florida Department of Revenue Employer's Quarterly Report. Pursuant to the employee roster and as confirmed during the site visit, this project has a total of 65 employees with 19 employees living within the Enterprise Zone.

WASD then proceeded to process the necessary documentation, including the Exemption Application Approval form that was executed by Joyce Frohman, Manager of FUNDIMENSION, LLC, and approved by the Director of Miami-Dade Water and Sewer Department (attached hereto as Exhibit C). A Covenant executed by Joyce Frohman, as the business owner, and Rene Morales on behalf of R.M. Realty Corporation, as property owner, is also a requirement for a refund and is attached hereto as Exhibit D.

C/O Joyce Froham
2129 NW 1st Court
Miami, FL 33127

Dear Ms. Frohman:

RE: Water and Sewer Connection Fee Approval Letter – FunDimension

This letter is to inform you that the project located at 2129 NW 1st Court, Miami, FL 33127 has been deemed to have received a property tax abatement exemption and thereby qualifies for a refund of water sewer connections authorized under County Ordinance No. 13-51. A business (project) is deemed to have met the criteria for this program under the following conditions:

- It is a new or expanding business in the Enterprise Zone (EZ) – improvements must be verified by the Property Appraiser’s Office;
• It must have created five (5) new jobs and maintain those jobs for five (5) years;
• Twenty-five (25) percent of all employees must live in the Enterprise Zone, approval from the Board of County Commissioners and municipality approval (if applicable) must be received to qualify for the refund of water/sewer connection fees.

Twenty (25) percent of EZ employees must be maintained for five (5) years and verified on the Florida Department of Revenue Employer’s Quarterly Report (RT6). Employees hired by a tenant are acceptable. However, the applicant will be responsible for ensuring that the jobs have been created and maintained. In the event the jobs are not maintained, the refund and statutory interest must be paid to the County or a lien will be placed on the property. The landowner must execute the lien as a condition of the reimbursement.

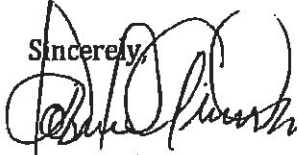

Every year on the anniversary date of this letter, (for the next four (4) years), the RT6 form and an employee roster certifying that the jobs have been created/maintained, must be submitted to this office. Failure to submit these required documents constitutes failure to comply with the term and conditions program. A representative of the Planning Research and Economic Analysis Section of the Department of Regulatory and Economic Resources will be conducting yearly site visits to monitor compliance with the employment requirement.

Pursuant to the employee roster and confirmed during the site visit, this project has a total of 65 employees with 19 employees living in the enterprise zone.

To continue with the refund process, please contact Sandra Alvarez, New Business Manager, in the Water and Sewer Department at (786) 268-5112.
