Subject: Resolution Authorizing the Conveyance of a Non-Exclusive Easement to Florida Power and Light Company for the Installation and Maintenance of Electrical Power Transmission Facility - Folio No. 30-3110-040-0060

RECOMMENDATION:

It is recommended that the Board of County Commissioners (Board) approve the attached resolution authorizing the conveyance of a 100 square foot non-exclusive easement to Florida Power and Light Company (FP&L). This non-exclusive easement is needed to provide electrical service to the Miami-Dade Water and Sewer Department's (WASD) new Pump Station at 2150 NW 87 Street. The FP&L easement will allow for the construction and maintenance of underground electrical utility facilities, including wires, poles, cables, conduits and related equipment to exclusively serve the new Pump Station. See the Underground Non-exclusive Easement attached hereto as Attachment 1.

SCOPE

The new Pump Station will be located at 2150 NW 87 Street, Miami, FL (Folio No. 30-3110-040-0060), in Commission District 2, which is represented by Commissioner Jean Monestime. See the Property Appraiser Summary Report attached hereto as Attachment 2.

FISCAL IMPACT / FUNDING SOURCE:

FP&L will pay a nominal sum of \$1.00 for the easement and will be responsible for the construction, operation and maintenance of the underground electrical utility facilities, including wiring, poles, cables conduits and related equipment.

TRACK RECORD/MONITOR:

WASD's Liliana Blore, Real Estate Manager will oversee the conveyance of this non-exclusive utility easement to FP&L.

DELEGATION OF AUTHORITY

This item authorizes the County Mayor or County Mayor's designee to execute the easement and to exercise any and all rights conferred herein.

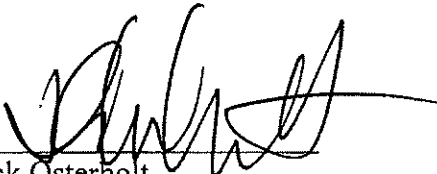

BACKGROUND:

On July 2, 2013, the Board adopted Resolution No. R-597-13, which directed the County Mayor to provide a plan to extend sewer services to commercial and industrial areas, identified but not limited to N.W. 7 Avenue, NW 27 Avenue, NW 79 Street, NE 2 Avenue, Biscayne Boulevard, SW 40 Street (including from Red Road to the Palmetto Expressway), South Dixie Highway (including the Naranja area) and West Dixie Highway.

Pursuant to the above-mentioned Resolution, WASD is proposing to construct a new Pump Station located at 2150 NW 87 Street, Miami, Florida that will provide service to commercial and industrial zoned properties in the area that do not have reasonable access to sewer lines. The sewer extensions are included in the WASD's five-year Capital Program, as it is in the best interest of the County to maximize the economic potential for its business corridors.

In order to provide underground electrical power to the Pump Station, FPL is requesting a 100 square foot easement. The easement will allow FPL the right to access and the ability to operate a new transformer that will provide a dedicated service to operate and maintain the new Pump Station. As required by Resolution No. R-504-15, the only visible element will be an aboveground transformer mounted on a concrete pad and screened from view by landscaping, which will not adversely impact the surrounding area.
