Agenda Item No. 8(F)(1)

Subject: Recommendation for Approval to Award Contract RFP No. 01071, Bus Passenger Shelter Program

Recommendation

It is recommended that the Board of County Commissioners (Board) approve a competitive contract award, *Contract RFP No. 01071, Bus Passenger Shelter Program ("Program")*, to Outfront Media Group, LLC. ("Outfront") for the Department of Transportation and Public Works (DTPW). The prior contract was awarded as a permit agreement until October 31, 2019. The current contract is a short term contract and will expire on May 31, 2020.

Specifically, this recommended replacement contract will provide the following services:

- (1) cleaning, maintaining and repairing of all existing bus shelters and new bus shelters installed under this contract, located in Unincorporated Miami-Dade County ("County") and ensuring that the bus shelters are in a safe, repaired, and operational condition at all times with an attractive appearance, and with safe and proper illumination at night;
- (2) furnishing and installation of 10 full-size bus shelters, 10 enhanced full-size bus shelters, 10 slim-size bus shelters, 330 cantilever bus shelters, and 200 bicycle racks, each with the capacity for four bicycles; and
- (3) annual Participation Revenue sharing with the County throughout the 15 year-term of the contract.

This contract will replace the existing contract, Contract No. RFP-01071B. The Contractor will pay all costs required to perform contract services using proceeds from the advertising revenue received, except for the cost to furnish and install new shelters and bicycle racks, which will be directly paid by the County on a unit price basis. Advertising revenue will be considered as the Contractor's sole compensation for performing maintenance and repair work. The Contractor will pay the County Annual Participation Revenue, as a percentage of gross advertising revenue for advertising on the bus shelters or a Minimum Annual Guarantee in the form of quarterly payments, whichever is greater, for each year of this Agreement.

This item is placed for Board review pursuant to Miami-Dade County Code Section 29-124(f). The Board may only consider this item if the Citizens' Independent Transportation Trust (CITT) has forwarded a recommendation to the Board prior to the date scheduled for Board consideration or 45 days have elapsed since the issuance of this recommendation. If CITT has not forwarded a recommendation and 45 days have not elapsed since the issuance of this recommendation, a withdrawal of this item will be requested.

Background

DTPW currently owns and maintains 975 full-size shelters and 47 slim-size shelters in the County that require routine maintenance and repairs. The County seeks to enhance bus passenger comfort and convenience by furnishing and installing new bus shelters in compliance with the Americans with Disabilities Act at bus stops sites where bus shelters currently do not exist.

On December 21, 2018, a Request for Proposals was advertised and two proposals were received from Outfront and Focus Media Group, Inc. The proposal submitted by Focus Media Group, LLC. was deemed non-responsive by the County Attorney's Office (attached). The Competitive Selection Committee completed the evaluation of the remaining responsive and responsible proposal submitted by Outfront, following the guidelines published in the solicitation.

Outfront demonstrated the ability to meet all aspects of the project requirements and to provide Bus Passenger Shelter Program services supporting the County's needs. Outfront has past experience in providing the specified Program services for the County, as well as in metropolitan areas for MARTA in Atlanta, PalmTran in West Palm Beach, TARC in Louisville, SamTrans in San Mateo, and Golden Gate Transit in San Francisco.

Scope

The scope of this item is countywide in nature.

Fiscal Impact/Funding Source

The anticipated fiscal impact for the fifteen-year term is \$9,491,920. The County will pay \$12,705,720 to furnish and install new shelters and bicycle racks, less \$3,213,800 of estimated income to the County (Annual Participation Revenue).

Department	Allocation	Funding Source	Project Manager
Transportation and Public Works	\$9,491,920	DTPW Operating	Raonel Rodriguez
Total:	\$9,491,920		

Track Record/Monitor

Vanessa Stroman of the Internal Services Department is the Procurement Contracting Manager. The County is supervising, monitoring, and inspecting all aspects of the Program services. Mr. Raonel Rodriguez, Transit Passenger Amenities Manager, DTPW is responsible for this project.

Delegated Authority

If this item is approved, the County Mayor or County Mayor's designee will have the authority to exercise all provisions of the contract, including any cancellation or extension provisions, pursuant to Section 2-8.1 of the County Code and Implementing Order 3-38.

Vendor Recommended for Award

A Request for Proposals was issued under full and open competition. Two proposals were received in response to the solicitation.

Vendor	Principal Address	Local Address*	Number of Employee Residents	Principal
			1) Miami-Dade 2) Percentage*	
Outfront Media Group, LLC	405 Lexington Avenue New York, NY	8530 NW 23 Street Doral, FL	46	Damian Gutierrez
			2%	

*Provided pursuant to Resolution No. R-1011-15. Percentage of employee residents is the percentage of vendor's employees who reside in Miami-Dade County as compared to the vendor's total workforce. Outfront Media Group, LLC. is a wholly owned subsidiary of Outfront Media, Inc.

Vendors Not Recommended for Award

Vendor	Local Address	Reason for Not Recommending
Focus Media Group, Inc.	No	*Deemed non-responsive by the County Attorney's Office (opinion attached)

* Focus Media Group proposed the creation of a local corporate entity, Focus Media Group Florida, Inc. that would perform the work. Therefore, it would be impossible for the Competitive Selection Committee to evaluate the qualifications, experience, etc. of an entity that does not exist.

Due Diligence

Pursuant to Resolution No. R-187-12, due diligence was conducted in accordance with the Internal Services Department's Procurement Guidelines to determine vendor responsibility, including verifying corporate status and that there are no performance and compliance issues. The lists that were referenced included convicted vendors, debarred vendors, delinquent contractors, suspended vendors, and federal excluded parties. There were no adverse findings relating to vendor responsibility.

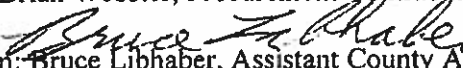

Applicable Ordinances and Contract Measures

- The two percent User Access Program provision does apply.
- The Small Business Enterprise Selection Factor does not apply.
- The Local Preference does not apply.
- Responsible Wages shall apply to the installation of the new Bus Shelters.

Re: Responsiveness Determination RFP 01071 "Bus Passenger Shelter Program"

You have asked for a responsiveness opinion concerning the proposal submitted by Focus Media Group, Inc. (or perhaps Focus Media Group Florida, Inc.). On page 3 of the proposal, the proposer states, "For this particular project, Focus Media Group would create a corporate entity, Focus Media Group Florida, Inc. or something similar (hereinafter referred to as Focus Media Group FL to facilitate the capital structure of the company and yet leverage the unparalleled experience of Focus Media Group, Inc. " Over 60 additional references in the proposal are made as to what Focus Media Group FL is offering. It is not clear who the actual proposer is- Focus Media Group – the entity purporting to submit the proposal or Focus Media Group FL- the entity apparently that will be offering the shelters and making the payments to the County. Moreover, Focus Media Group FL has yet to even be formed. Therefore, it would be impossible to evaluate the qualifications, experience, etc. of an entity that does not exist. As a result, since it is not clear which entity is proposing to enter into a contractual relationship with the County and no reasonable evaluation of an entity that does not exist can be conducted, the proposal must be rejected as non-responsive. Of additional concern is that the financial proposal submitted by this "proposer" does not include a minimum annual guarantee.

Since it is unclear who the actual proposer is, the County lacks adequate assurance that the contract would be entered into, performed, and guaranteed according to its specific requirements. As such, this deviation or irregularity on the part of the proposal submitted by Focus Media Group, Inc. (or perhaps Focus Media Group Florida, Inc.) is material and may not be waived. Thus, the proposal from Focus Media Group, Inc. (or perhaps Focus Media Group Florida, Inc.) may not be considered for award pursuant to this procurement.

ARTICLE 7. PERFORMANCE AND PAYMENT BOND

- A. Prior to commencing the Work, Contractor shall obtain and deliver to the County, at its sole cost and expense, both a payment bond and performance bond, or such other alternate form of security, any or all of which meets the requirements of Section 255.05, Florida Statutes, as set forth below, not less than ten (10) business days prior to the anticipated commencement date of the construction. Said payment and performance bonds shall be in favor of the County, the form of such bonds shall be as provided by Section 255.05, Florida Statutes, and each shall be in the amount of the entire cost of the construction of the Project, or any addition thereto, or in instances of repair, the total cost associated with the repair project regardless of the source of funding. The cost of construction shall equal the total amount of Table 13.1, Unit Price Schedule. The Payment and Performance Bonds shall name the County as an obligee on the multiple obligee rider attached to the Payment and Performance Bonds, and shall be issued by a surety insurer authorized to do business in the State of Florida. The bonds shall be subject to review and approval by Miami-Dade County, Internal Services Department, Risk Management Division, as well as the Miami-Dade Department of Transportation and Public Works. U.S. Treasury Circular Number 570, published annually in the Federal Register, lists companies approved to act as sureties on bonds securing Government contracts, the maximum underwriting limits on each contract bonded, and the States in which the company is licensed to do business. Use of a company listed in this circular is mandatory. Free copies of the circular may be obtained by writing directly to: U.S. Department of Treasury, Financial Management Service, Surety Bond Branch, 401 14th Street, SW, 2nd Floor, West Wing, Washington, D.C. 20226.
- C. Each bond shall clearly state the rate of premium and the total amount of premium charged. The current power of attorney for the person who signs for the surety company must be attached to the bond. The effective date of the power of attorney shall not precede the date of the bond. The effective date of the bond(s) shall be prior to the issuance of the Notice to Proceed. The County may negotiate the amount of the bond(s) depending on the stage of the Project.

- D. Failure by the Contractor and its subcontractors to obtain the required Performance and Payment bonds within the time specified, or within such extended period as the County may grant based upon reasons determined adequate by the County, shall be deemed an event of default, and the contract, and any other ancillary agreement and/or documentation related to the contract shall be subject to termination at the sole discretion of the County:
- E. Bonds shall be in place for the duration of the construction work, terminating upon completion and County acceptance of the construction work.

ARTICLE 8. IRREVOCABLE LETTER OF CREDIT

- A. An Irrevocable Letter of Credit (LOC) will be accepted as a substitution of security for the performance of work, in lieu of providing Payment and Performance Bonds. The Contractor shall, within ten (10) business days after contract award and before the County issues the Notice to Proceed, provide to the County a LOC in the amount of 100% of the value of construction, which shall equal the total amount of Table 13.1, Unit Price Schedule. The LOC shall be accessible such that the County may, at its convenience, withdraw funds from the LOC in the event the Contractor fails to execute its payment and performance obligations in a timely manner. The LOC shall be refreshed within five (5) days if drawdowns are made by the County, such that the amount of the LOC is continual at the amount equal to 100% of the cost of construction. The LOC shall remain in full force for the Term, except that on each anniversary of the Effective Date, the Contractor may cause the amount of the LOC to decrease to reflect 100% of the then-outstanding amount for construction.
- B. The LOC shall be in an acceptable form to the County, and shall be executed by a financial institution acceptable to the County, authorized to issue surety LOC's in the State of Florida. Provisions of the LOC shall not limit, in any way, any liability of the Contractor to the County. The LOC shall be drawn on a financial institution which is federally insured and authorized to do business and with offices in the State of Florida.
- C. The Letter of Credit shall be in place for the duration of the construction work, terminating upon completion and County acceptance of the construction work.

ARTICLE 9. RESPONSIBLE WAGES

The Contractor is advised that Pursuant to Section 2-11.16 of the County Code, Responsible Wages, applies to competitively bid County contracts in excess of \$100,000 for the construction of public buildings or public works, whether on publicly-owned or privately-owned land. All MAG and APR payments shall be payable quarterly to the County no later than the 10th working day from April 1st, July 1st, October 1st, and January 1st, regardless of the effective date of this Agreement. If payment is not made by the date specified herein, the payment shall be deemed late. Payment shall be for all amounts due to the County for the preceding quarter and shall be based on the compensation schedule set forth above. Quarterly payments shall be accompanied by a schedule showing the advertisements displayed, and a statement of the gross revenue earned and the amount of future revenue to be earned under existing contracts. - E. In the event the County Project Manager determines to decrease or increase the number of Approved Bus Shelters, the MAG and APR shall be adjusted downward or upward proportionately to the percentage decrease or increase of the number of approved bus shelters. - J. Contractor shall use commercially reasonable efforts to maintain advertising at a level not below seventy percent (70%) of the total number of advertising-ready shelters.
- K. The County's payment to the Contractor will be based on actual quantities of Work accepted by the County as being complete. - B. No Extra Work shall be performed except pursuant to a written Change Order issued by the County expressly authorizing the performance of such Work and explicitly declaring the intention of the County to treat the Work described therein as Extra Work. In the absence of such a Change Order, if the County Project Manager shall direct, order or require any work, whether orally or in writing, which the Contractor deems to be Extra Work, the Contractor shall nevertheless comply therewith, but shall within five (5) days, or such additional time that may be reasonable under the circumstances, of the County Project Manager's order or directive give written notice to the County Project Manager stating why the Contractor deems it to be Extra Work. Such notice is required to afford an opportunity to the County to: (1) cancel promptly such order, direction or requirement; (2) keep an accurate record of the materials, labor and other items involved; and (3) take such action as may be deemed advisable in light of the Contractor's claim. The failure of the Contractor to give written notice within the time limit stated therefor may be deemed a conclusive and binding acceptance on the Contractor's part that the direction, order or requirement of the County Project Manager does not involve the performance of Extra Work.
- C. Within thirty (30) days of the Contractor's submission of written notice that an order, direction or requirement of the County Project Manager is deemed by the Contractor to involve Extra Work, the Contractor and each Subcontractor shall submit in a form satisfactory to the County a detailed proposal ("Change Order Proposal") (including the elements of cost identified in Article 26, "Change Order Basis for Payment," Paragraphs A., B., C., D, and E.) which shall include adjustments to the Contract price, to the extent permitted under Article 26 to the delivery schedule, or to any other provisions of the Contract necessary to accomplish the Extra Work. Upon written request of the Contractor, within the thirty (30) day period set forth above, for good cause shown, the County Project Manager may grant the Contractor additional time in which to submit a Change Order Proposal. The failure of the Contractor to submit a detailed proposal within the time limit stated therefor, or within such additional time as is granted by the County Project Manager at its sole discretion, may be deemed a waiver of any claim for compensation that the Contractor may have with respect to the claimed Extra Work.
- D. The provisions of the Contract relating to the Work and its performance shall apply without exception to Extra Work and the performance thereof, except as otherwise provided in a written Change Order between the Contractor and the County.

ARTICLE 26. CHANGE ORDER BASIS FOR PAYMENT

If Extra Work requires the provision of items of Work or material of the same type as those for which unit prices are quoted in the Proposal, compensation for such Extra Work shall be computed on the basis of the unit price in Article 13(B) for such items.

If Extra Work requires the provision of items of Work or material for which compensation cannot be computed on the basis of unit prices identified by Article 13(B) and the scope and extent of the Extra Work can be determined before the Extra Work is performed, the County will perform a cost analysis of the Contractor's proposal and negotiate a lump sum amount with the Contractor as compensation for such Work. The County Project Manager may in such case direct the Contractor to proceed with the Extra Work pending performance of the cost analysis and negotiation of the amount of compensation for such Extra Work.

If it is not possible beforehand to estimate the extent and duration of the Extra Work or to estimate costs with any degree of certainty, such Extra Work shall be compensated on a time and material basis, limited to the following amounts only:

- A. The sum of plant, field and engineering labor hours performed by the Contractor's or Subcontractor's own employees, and deemed by the County Project Manager to be reasonably required for such Extra Work, plus 21% for overhead, administrative expenses, and profit, plus actual increase in insurance premiums, not included above, for insurances required by the Contract. Where Extra Work is performed on overtime or premium basis the 21% additive shall not apply to the premium portion of such costs.
- B. The actual reasonable cost of materials, together with the actual reasonable cost of the rental of equipment or use of Contractor or Subcontractor owned equipment, required by the Contractor or Subcontractor for performance of such Extra Work, plus material handling costs (inclusive of general and administrative expenses) of 10% of the cost of the material actually incorporated into the Extra Work.
- C. The actual reasonable cost of permitted Subcontract Work, as enumerated above, incorporated in such Extra Work, plus an amount for the Contractor's own administration, overhead and supervision, of 10% of the cost of such permitted Subcontract Work. A single allowance of 5% will be allowed notwithstanding that more than one tier of Subcontractors is employed with respect to such subcontract Work.
- D. For any machinery or special equipment (other than small tools), including fuel and lubricant, the Contractor will receive 100% of its actual incurred cost.
- E. Fees or other costs for required Bonds, and increases thereto, are deemed to be included in the overhead rates enumerated above, and in no event shall additional sums be allowed for such costs in connection with Extra Work under this Contract.

The County will allow for the cost of transporting the equipment to and from the location at which it will be used. If the equipment requires assembly or disassembly for transport, the Department will pay for the time to perform this work at the rate for standby equipment. Equipment may include vehicles utilized only by Labor, as defined above.

For all Work or materials required to be done or furnished under the provisions of this Article, the Contractor shall furnish to the County upon request such documentation as the County may require for substantiating all costs of the Extra Work.

ARTICLE 27. NOTICE OF DISCOVERY OF DIFFERING SITE CONDITIONS

Contractor shall, before any of the existing conditions are disturbed, provide immediate oral and/or electronic mail notice of the discovery of such conditions to the County's Authorized Representative, followed by written notice to the County's Project Manager of the discovery within forty-eight (48) hours thereafter, of any of the following subsurface conditions:

- A. Type 1 Condition: Subsurface or latent physical conditions at the Worksite differing materially from those indicated in the Contract;

- B. Type 2 Condition: Unknown physical conditions at the Worksite of any unusual nature that differ materially from those ordinarily encountered in and generally recognized as inherent in Work of the character provided for in the Contract.
- C. Type 3 Condition: Substances that Contractor believes may be Hazardous Substances that are required to be removed to a Class I, Class II, or Class III disposal site in accordance with provisions of Law.

If Contractor encounters substances or conditions during performance of the Work that it reasonably believes to be a Type 1 Condition or Type 2 Condition, Contractor shall not disturb the condition or interfere with the County's right or ability to investigate, but may continue Work in the area. The Contractor shall document and submit such conditions in a written field report (including photographs) within five (5) Days of the initial notice to the County, and include a recommendation how to safely proceed with Work at the area.

If Contractor encounters substances during performance of the Work that it reasonably believes to be a Hazardous Substance, a Type 3 Condition, Contractor shall not disturb the condition and shall suspend Work in the immediate area of the suspected Hazardous Substances until the County authorizes it to resume. The Contractor shall document and submit such conditions in a written field report (including photographs) within five (5) Days of the initial notice to the County, and include a recommendation how to safely proceed Work at the area.

The County will promptly investigate the conditions, and if it finds the conditions do materially differ, or do involve previously unknown Hazardous Substances. The County may make an adjustment in accordance with Article 25 "Extra Work" and Article 26 "Change Order Basis for Payment".

- B. Nothing in this Agreement shall be construed for the benefit, intended or otherwise, of any third party that is not a parent or subsidiary of a party or otherwise related (by virtue of ownership control or statutory control) to a party.
- C. In those situations where this Agreement imposes an indemnity obligation on the Contractor, the County may, at its expense, elect to participate in the defense if the County should so choose. Furthermore, the County may at its own expense defend or settle any such claims if the Contractor fails to diligently defend such claims, and thereafter seek indemnity for costs from the Contractor.

ARTICLE 29. QUALITY ASSURANCE/QUALITY ASSURANCE RECORD KEEPING

The Contractor shall maintain, and shall require that its subcontractors and suppliers maintain, complete and accurate records to substantiate compliance with the requirements set forth in the Scope of Work. The Contractor and its subcontractors and suppliers, shall retain such records, and all other documents relevant to the Work furnished under this Agreement for a period of three (3) years from the expiration date of this Agreement and any extension thereof.

ARTICLE 30. AUDITS

Such records shall subsequently conform to Generally Accepted Accounting Principles requirements, as applicable, and shall only address those transactions related to this Agreement.

Pursuant to Section 2-481 of the Code of Miami-Dade County, the Contractor will grant access to the Commission Auditor to all financial and performance contract related records, property, and equipment purchased in whole or in part with government funds. The Contractor agrees to maintain an accounting system that provides accounting records that are supported with adequate documentation, and adequate procedures for determining revenues, payments, and the allowability and allocability of costs.

Such Work performed by such Subcontractor will strictly comply with the requirements of this Contract.
- D. In order to qualify as a Subcontractor satisfactory to the County, in addition to the other requirements herein provided, the Subcontractor must be prepared to prove to the satisfaction of the County that it has the necessary facilities, skill and experience, and ample financial resources to perform the Work in a satisfactory manner. To be considered skilled and experienced, the Subcontractor must show to the satisfaction of the County that it has satisfactorily performed services of the same general type which is required to be performed under this Agreement.

Upon the written request of the County, the Contractor shall furnish to the County copies of all subcontracts between Contractor and Subcontractors and suppliers hereunder.

However, since these assumptions, parameters, projections, estimates and explanations represent predictions of future events the County

makes no representations or guarantees; and the County shall not be responsible for the accuracy of the assumptions presented; and the County shall not be responsible for conclusions to be drawn therefrom; and any assumptions, parameters, projections, estimates and explanations shall not form the basis of any claim by the Contractor. The Contractor accepts all risk associated with using this information.

- C. The foregoing notwithstanding, any individual, corporation or other entity which attempts to meet its contractual obligations with the County through fraud, misrepresentation or material misstatement may be debarred from County contracting for up to five (5) years in accordance with the County debarment procedures. The County may grant an additional period of such duration as the County shall deem appropriate without waiver of any of the County's rights hereunder, so long as the Contractor has commenced curing such default and is effectuating a cure with diligence and continuity during such thirty (30) day period or any other period which the County prescribes. The default notice shall specify the date the Contractor shall discontinue the Work upon the Termination Date.

ARTICLE 39. REMEDIES IN THE EVENT OF DEFAULT

If an Event of Default occurs, the Contractor shall be liable for all damages resulting from the default, including but not limited to:

- E. In the event any Deliverable or anything provided to the County hereunder, is held during the Term to constitute an infringement and its use is or may be enjoined, the Contractor shall have the obligation to, at the Contractor's option to either (i) modify, or require that the applicable subcontractor or supplier modify, the alleged infringing item(s) at its own expense, without impairing in any respect the functionality or performance of the item(s) so its

The Contractor shall enter into agreements with all suppliers and subcontractors at the Contractor's own risk. The County may reject any Deliverable that it reasonably believes to be the subject of any such litigation or injunction, or if, in the County's reasonable judgment, use thereof would delay the Work or be unlawful.
