Subject: Resolution Approving and Authorizing the First Amendment to the Interlocal Agreement Between Broward, Palm Beach, Miami-Dade and Monroe Counties for Services Related to the Southeast Florida Regional Climate Change Compact by the Institute for Sustainable Communities

Recommendation

It is recommended that the Board of County Commissioners (Board) authorize the County Mayor or County Mayor's designee to execute the First Amendment to the Interlocal Agreement (Amended Interlocal) among Broward County, Miami-Dade County, Monroe County, and Palm Beach County for cost share support of services for the Southeast Florida Regional Climate Change Compact (Compact). The Amended Interlocal is provided as Attachment 1 to the resolution. The Amended Interlocal serves to: (1) increase payment from \$50,000.00 to \$75,000.00 in calendar year 2020, for a total of \$175,000.00 over the three-year period of 2018 – 2020; (2) amend the Scope of Services (see Amended Exhibit A- Scope of Services in Amended Interlocal) that the Institute for Sustainable Communities (ISC) will be providing to include additional representative tasks, clarify prior tasks, and add an additional .5 full time equivalent (FTE) staff person that the funding increase will support; (3) update the contact information for Palm Beach County; and (4) provide guidelines for each county's participation in a more formal four-county Compact Leadership Committee.

Scope

The Compact's work encompasses and benefits the entire Southeast Florida region, and therefore, has countywide impact.

Fiscal Impact/Funding Source

This Amended Interlocal commits Miami-Dade County to increase its payment for ISC from \$50,000.00 to \$75,000.00 in calendar year 2020, for a total of \$175,000.00 over the three-year period of 2018 – 2020. This amount funds continued support and engagement of the ISC and additional staffing, tasks and services as detailed on the attached Scope of Services. The increased cost of \$25,000.00 will be paid from the Office of Resilience operating budget for FY 19-20 and FY 20-21 (Index Code PEOFRES, Sub-object 22430; current balance of \$144,500.00), as adopted by the Board.

Track Record/Monitor

James F. Murley, Chief Resilience Officer, within the Regulatory and Economic Resources Department, will be responsible for monitoring the three-year Agreement and its associated activities.

Background

The original Interlocal Agreement was approved by Resolution No. R-520-18 on May 15, 2018, and did the following: (1) committed Miami-Dade, along with Broward, Palm Beach and Monroe counties to contribute \$50,000.00 each year, for a total of \$150,000.00 each over the three-year period of 2018 – 2020, to pay the ISC for coordination and facilitation services, as referenced in the prior

scope of services: and (2) designated Broward County to officially contract with and supervise the ISC. The success of the Compact has been underpinned by the coordination and facilitation services provided by the ISC and staff currently employed by the ISC. Staff from the ISC are intimately familiar with the individuals, issues, priorities, and processes relating to the Compact's history, progress, and needs. Their valued advice, mediation skills, administrative support, and leadership have helped to guide the Compact process and are acknowledged by the staff from the four counties to be essential to the continued work and success of the Compact and implementation of the Compact's Regional Climate Action Plan.

The amended Scope of Services expands upon the support and services that were provided by the ISC in the original Interlocal Agreement approved in 2018. Since the original Interlocal Agreement was approved, the administrative support needs and communication needs of the Compact have increased due to heightened attention and engagement in the region and throughout the state on climate change and sea level rise issues. This is particularly true in the last year, with the appointment of a Chief Scientist and Chief Resilience Officer at the State level, making it more important than ever to keep the four counties current, engaged, and active on these issues and therefore increasing the demands on ISC support staff. In addition, the Kresge Foundation has been financially supporting ISC for its work with the Compact since 2013, but this financial support has decreased over time and will be ending. In order to maintain ISC's support for Compact activities in 2020, each of the four counties will be agreeing in this Amended Interlocal to increase payment from \$50,000.00 to \$75,000.00 in calendar year 2020, for a total of \$175,000.00 over the three-year period of 2018 – 2020.

In addition, in this Amended Interlocal, the four counties are agreeing to participate in a more formal Compact Leadership Committee that will serve in an advisory capacity to the governing bodies of each of the four counties. This committee lacks the power or authority to commit the counties or any of their agencies or instrumentalities to any policies, to incur any financial obligations, or to create any liability, contractual or otherwise, on behalf of the counties or any of their agencies or instrumentalities. Each of the four counties will select one representative to serve on the Committee and may select an alternate, both of whom must have experience and knowledge in the area of resilience and climate change and must have a leadership position related to the area of resilience and climate change in the respective county's government.

The attached Amended Interlocal continues and enhances the original Interlocal Agreement between the four counties and ISC for the final year of the three-year Agreement.

Delegation

This resolution authorizes the County Mayor or the County Mayor's designee to select a Miami-Dade County representative who would participate on the four-county Compact Leadership Committee, consistent with the requirements specified in the Amended Interlocal. The Mayor or the County Mayor's designee may also select an alternate Miami-Dade County representative for the Compact Leadership Committee.

FIRST AMENDMENT TO INTERLOCAL AGREEMENT AMONG BROWARD COUNTY, MIAMI-DADE COUNTY, MONROE COUNTY, AND PALM BEACH COUNTY FOR COST SHARE SUPPORT OF SERVICES FOR THE SOUTHEAST FLORIDA REGIONAL CLIMATE CHANGE COMPACT

This is a First Amendment ("First Amendment") to the agreement among the counties of Broward, Miami-Dade, Monroe, and Palm Beach, political subdivisions of the State of Florida, for cost-share support services for the Southeast Florida Regional Climate Change Compact ("Interlocal Agreement"). The counties are collectively referred to as the "Parties," and, when excluding Broward, the "Contributing Counties."

Recitals

- A. The Parties entered into the Interlocal Agreement on July 18, 2018, and agreed to share the costs associated with the Institute for Sustainable Communities' ("ISC") coordination and facilitation of services for the Southeast Florida Regional Climate Change Compact.
- B. The Parties desire to increase their respective 2020 calendar year contributions to Eighteen Thousand Seven Hundred Fifty Dollars (\$18,750) per quarter for a total payment of Seventy Five Thousand Dollars (\$75,000) in 2020 by each of the Parties and a total not-to-exceed amount of One Hundred Seventy Five Thousand Dollars (\$175,000) by each of the Parties.
- C. The Parties agree that it would be beneficial to have a more formal Compact Leadership Committee tasked with providing unified advice and recommendations to the Parties' governing bodies with respect to climate change and resilience issues.
- D. The Parties desire to update the contact information for Palm Beach County.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties agree as follows:

The Compact Leadership Committee will serve in an advisory capacity to the Parties' governing bodies and lacks the power or authority to commit the Parties or any of their agencies or instrumentalities to any policies, incur any financial obligations, or to create any liability, contractual or otherwise, on behalf of the Parties or any of their agencies or instrumentalities.

All proceedings of the Compact Leadership Committee must be conducted in accordance with the Government in the Sunshine Law, § 286.011, F.S., and the Florida Public Records Act, Ch. 119, F.S. Members of the Compact Leadership Committee must also comply with all applicable ethics laws. Three members of the Compact Leadership Committee constitute a quorum. The Compact Leadership Committee will hold regular meetings and will aim to meet at least once a month. The Compact Leadership Committee may create its own rules of procedure, as needed, provided that such rules are consistent with this Agreement and applicable laws.

Deliverables

ISC must provide a quarterly narrative report detailing activities across these three key tasks, including an ISC accounting of staff time and expenses for review and approval by the Contract Administrator.

Personnel and Fringe Benefits—salaries are budgeted as gross wages and reflect current or comparable rates from ISC's current projects. ISC fringe benefits are based on each employee's salary, timesheet allocations, and its Negotiated Indirect Cost Rate Agreement ("NICRA") (included as Attachment A), which is approved by United States Agency for International Development, ISC's cognizant audit agency.

Travel—ISC requires travelers to take reasonable steps to lower travel costs and air travel is based on economy or coach class fares. ISC pays for actual hotel costs and provides per diem rates for meals and incidental expenses that do not exceed US Government rates.

Other Direct Costs—ISC's estimates include communication and photocopying expenses and a portion of ISC's A-133 audit expense. These expenses have been budgeted for this program based on ISC's overall program cost and budget.

Indirect Costs—ISC's indirect cost calculation methodology uses a modified total direct cost base consisting of total direct costs, less grant agreement amounts that exceed \$25,000. ISC's NICRA is currently 28 percent of its modified total direct cost base.
