# Memorandum

**Date:** May 5, 2020

**To:** Honorable Chairwoman Audrey M. Edmonson  
and Members, Board of County Commissioners

**From:** Carlos A. Gimenez  
Mayor 

**Subject:** Non-exclusive Easement to Florida Power and Light Company to Install and Maintain  
Electrical Transformers and Lines for Brisas del Rio

---

## **RECOMMENDATION**

It is recommended that the Board of County Commissioners (Board) authorize the conveyance of a non-exclusive easement to Florida Power and Light Company (FPL) in exchange for \$1.00 to install and maintain electrical transformers and lines to Brisas del Rio located at 850 NW 13 Court, Miami, Florida (Project). It is further recommended that the Board authorize the County Mayor or the County Mayor's designee to execute the "Underground Easement (Business)" and to exercise all provisions contained therein.

## **SCOPE**

The Project and the easement area are located within County Commission District 5 represented by Commissioner Eileen Higgins.

## **FISCAL IMPACT / FUNDING SOURCES**

Granting the easement has no fiscal impact.

## **TRACK RECORD/MONITOR**

Public Housing and Community Development is the entity overseeing this project and the person responsible for monitoring this transfer is Director Michael Liu.

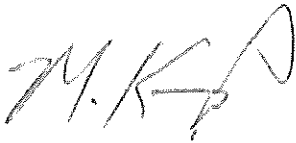

## **BACKGROUND**

On May 21, 2019, the Board adopted Resolution No. R-561-19, which authorized the execution of a 75-year ground lease with Related Urban Development Group, LLC or its subsidiary, Brisas del Rio Apartments, LLC for the redevelopment of Brisas del Rio Apartments, an additional phase of the multi-phase master plan project to redevelop the 22 acre site, on the public housing development sites of Haley Sofge, Robert King High and Martin Fine Villas (collectively referred to as the Senior Campus). The new project will contain 168 units in a mixed-income development. The proposed new 13-story building will provide high quality housing to extremely low income, elderly public housing residents and residents at or below 50 percent, 60 percent, and/or 80 percent of area median income. The construction of this phase of the Project commenced in February 2020 and is scheduled to be completed in August 2021.

The FPL requires a non-exclusive easement to install and maintain electrical transformers and lines to the Project site. The easement area is more fully described in Attachment A of the resolution. As required by Resolution No. R-504-15, the visible elements will be concrete and wooden poles, overhead wires and transformer cabinets on their respective concrete pads which will be screened from view by landscaping,

and will not adversely impact the surrounding areas. The Department recommends that it is in the County's best interest to grant the easement in order to ensure that electrical power is provided to Brisas del Rio.
