Memorandum

Date: May 5, 2020

To: Honorable Chairwoman Audrey M. Edmonson
and Members, Board of County Commissioners

From: Carlos A. Gimenez
Mayor 

Subject: Resolution Recommending that Confidential Project Macro Cyborg be approved for a Qualified Target Industry Tax Refund

Recommendation

The Beacon Council, on behalf of Confidential Project Macro Cyborg, has submitted an application for economic development incentives from the State of Florida (State) and Miami-Dade County that require approval from the Board of County Commissioners (Board). It is recommended that the Board authorize Confidential Project Macro Cyborg to be recognized by the State as a Qualified Target Industry (QTI) business and entitled to the financial benefits afforded under the QTI Tax Refund Program in accordance with Section 288.106, Florida Statutes. It is also recommended that the Board make available \$39,000.00 in matching funds from Countywide General Fund revenues. It is further recommended that the Board approve an extension of the job creation schedule to four years rather than the required three years and the extension of the payment disbursement schedule to seven years rather than the required six years.

Scope

Confidential Project Macro Cyborg is an existing business in Miami-Dade County seeking to expand its operational capacity as a healthcare technology company. The location is confidential at this time however, the company is looking to expand at its current facility in Commission District 3, which is represented by Chairwoman Audrey M. Edmonson. When this project is fully operational, it will create 65 new full-time equivalent jobs, as defined in section 288.106, Florida Statutes, while retaining 12 existing jobs.

Fiscal Impact/Funding Source

Confidential Project Macro Cyborg has applied for a total of \$195,000.00 in QTI Tax Refund Program incentives, of which 80 percent (\$156,000.00) would be provided by the State and 20 percent (\$39,000.00), which is the local match, will be provided by Miami-Dade County. If the accompanying resolution is approved by the Board, Miami-Dade County is committed to providing up to \$39,000.00 in matching funds from Countywide General Fund revenues to be paid over a seven-year period beginning in FY 2022-23.

Based on the projected capital investment of \$1,510,000.00 in new real and tangible personal property taxes, the project will generate \$40,176.00 (over seven years) in Countywide General Fund ad valorem revenues, which results in a net positive fiscal impact of \$1,176.00 to the County. However, creating a positive fiscal impact to the County's Countywide General Fund revenues is not a condition of the award.

Additionally, based on the job creation of 65 new jobs with an average salary of \$62,000.00, this project will generate approximately, \$27,139,800.00 in direct and indirect wages over the seven-year period the project is eligible for the award.

The County's 20 percent local match is required when the State determines that the 65 new jobs have been created and have met the average salary threshold required in the State's QTI Tax Refund Program. The disbursement schedule and the anticipated dates for job creation are subject to change at the discretion of the Florida Department of Economic Opportunity.

Track Record/Monitor

QTI funds awarded for job creation are provided on a matching basis upon the State invoicing Miami-Dade County for its 20 percent of the financial commitment for jobs created and verified by the State. The incentive amount is determined by the new jobs created and their annual salary. The State is responsible for verifying compliance with the terms of the award. Miami-Dade County's matching funds are distributed only if the applicant creates the 65 new jobs indicated in the accompanying QTI Tax Refund Program application and complies with all other conditions of the incentive program, including the 20 percent local residency requirement for new hires, pursuant to Resolution No. R-1175-16.

County staff requires access to the company's real estate and tangible personal property filings during the incentive period to monitor the fiscal impact to the Countywide General Fund from the QTI Tax Refund Program.

Background

Confidential Project Macro Cyborg is proposing to lease, renovate and expand its current facility by 10,000 square feet to house its healthcare technology operations (North American Industry Classification System Code #511210). The company plans to commence construction during FY 2020. Alternative locations include California, Nevada, Georgia and Alabama.

Confidential Project Macro Cyborg would employ 65 new workers, paying an average annual salary of \$62,000.00 which is at least 115 percent of the average annual wage in Miami-Dade County, while maintaining the 12 existing jobs. See "Exhibit A" to the resolution, the letter from Enterprise Florida, supporting the requested extensions. Employee benefits associated with each newly created job will be \$10,000.00. The value of employee benefits is not a requirement of the tax refund agreement with the State or the County's local match.

Project details are summarized in the attached chart.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF MIAMI-DADE COUNTY, FLORIDA, that:

Section 1. This Board recommends that Confidential Project Macro Cyborg be approved as a Qualified Target Industry (“QTI”) business pursuant to section 288.106, Florida Statutes, which created the Qualified Target Industry Tax Refund Program (“QTI Program”).

Section 3. This Board finds that the necessary commitment of local financial support for Confidential Project Macro Cyborg as required under the section 288.106, Florida Statutes, exists in an amount not to exceed \$39,000.00 from Miami-Dade County’s Countywide general funds and this local financial support will be available in the following increments:

	<u>\$39,000.00</u>

or payable over a time period and at annual amounts as determined by the State of Florida in its approval of Confidential Project Macro Cyborg’s application, as long as the \$39,000.00 is not exceeded with the provision that any tax abatement granted to Confidential Project Macro Cyborg under section 196.1995, Florida Statutes, reduces any QTI tax refund by the amount of any such abatement granted, in compliance with section 288.106(6)(d), Florida Statutes; and the County’s funds will be paid to the Florida Economic Development Trust Fund with the stipulation that these funds are intended to represent the “local financial support” required by section 288.106, Florida Statutes, for Confidential Project Macro Cyborg in compliance with the QTI Program.

The necessary commitment of the local financial support shall be contingent upon Confidential Project Macro Cyborg maintaining the jobs during the life of the incentive, demonstrating that 20 percent of new hires are local residents of the County, ensuring that its hiring practices aspire to be consistent with and reflect the diversity of the Miami-Dade County community, and providing the County with access to tax information and documents necessary to monitor economic and fiscal impacts of the designation of Confidential Project Macro Cyborg as a QTI business.

The anticipated dates for the job creation and disbursement of the incentive awards are subject to change at the discretion of the Florida Department of Economic Opportunity. However, the County's 20 percent local match will not exceed \$39,000.00.

April 2020

Prepared by the Beacon Council

Executive Summary for Confidential Project: Macro Cyborg

Background

Attached you will find the application for Confidential Project: Macro Cyborg to the State of Florida's Qualified Targeted Industry Tax Refund Program (QTI). Confidential Project: Macro Cyborg is the expansion of a healthcare technology company in Miami-Dade County. The project seeks to expand in its current location located in County Commission District 3. The project will create 65 direct new jobs, with an average annualized salary of \$62,000, (125% of the Average Annual Miami-Dade County Wage) over a four-year period and will make a new capital investment of \$1,510,000 in Miami-Dade County. Alternate locations include: Los Angeles, California; Las Vegas, Nevada; Atlanta, Georgia; and Birmingham, Alabama.

Based on the projected capital investment of \$1,510,000, Confidential Project: Macro Cyborg will generate \$148,625 in new Miami-Dade County Property Taxes over a 7-year period. Of this amount, \$108,449 represents new tax generation that will be committed to Miami-Dade County Public Schools, Libraries, the Fire Department, etc. The balance of \$40,176 in new Miami-Dade County Property Taxes will be committed to the Miami-Dade County General Fund.

Based on the projected job creation of 65 new jobs with an average salary of \$62,000 in 4-years, Confidential Project: Macro Cyborg will generate \$27,139,800 in direct and indirect wages over a 7-year period.

Recommendation

The enclosed QTI application package requests a maximum of \$39,000 (20% of total incentive) to be paid by the County over a period of seven years. This includes the \$3,000 per new job in accordance with the QTI incentive guidelines.

Miami-Dade County's \$39,000 contribution to the QTI can be derived from the Miami-Dade County General Fund, resulting in a total cost-benefit ratio of 1:1.03.

This is a performance-based incentive. No funds will be provided to the Company until they meet all program and job creation requirements. The incentive that is provided is not a cash grant; it is an after-the-fact, performance-based refund.
