Substitute  
Agenda Item No. 5(J)

**Subject:** Ordinance Authorizing Issuance of Miami-Dade County Capital Asset Acquisition Special Obligation Bonds in an Amount Not to Exceed \$500,000,000

---

**This substitute differs from the original item in that it removes one project in FY20-21, Fire Rescue – Station 27 (North Bay Village), from those financed by this item, as shown in the revised Exhibit A and this Memorandum; thus, reducing the FY20-21 General Fund projects from \$77,840,000 to \$77,590,000, and the total projects funded from \$481,209,000 to \$480,959,000.**

## **Recommendation**

It is recommended that the Board of County Commissioners (Board) enact the accompanying Ordinance (2020 Ordinance) which authorizes the issuance of up to \$500 million of Special Obligation Capital Asset Acquisition Bonds (Bonds) in one or more series for the purpose of acquiring, constructing, improving, and/or renovating certain capital assets and/or projects as described below and in Exhibit A to the 2020 Ordinance (“Projects”).

## **Scope**

The proposed Bonds will finance projects that have a countywide impact.

## **Fiscal Impact/Funding Source**

The proposed Bonds will be special and limited obligations of the County with the principal and interest payable solely from legally available non-ad valorem revenues of the County, as appropriated annually, or from revenues otherwise available from authorized funds and debt service reserves. Actual debt payments will be budgeted in the Countywide General Fund and paid for by funds appropriated in the adopted budgets of the entities or departments benefitting from the projects funded by each series of Bonds.

Until a series of Bonds is issued, the enactment of the 2020 Ordinance will have no fiscal impact on the County. The terms, maturities, interest rates, and other bond-related details for each series of Bonds will be established in a series resolution adopted by the Board prior to the issuance of the respective Bonds.

## **Social Equity Statement**

The proposed ordinance will provide funds to pay for certain capital assets and projects that will allow for direct investment in County owned assets that benefit all citizens of Miami-Dade County. Approximately \$335 million of the authorized amount will be used to fund projects at the Port of Miami (Seaport Projects), which are contractually obligated with the exception of \$2 million. The Seaport Projects will provide for continued development at Port Miami, which is one of the County’s leading economic engines, and will benefit residents and local businesses as well as the traveling public.

## **Track Record/Monitoring**

The programming and recommended use of capital assets bond proceeds is managed through the County’s annual capital budget process, under the auspices of Deputy Mayor/Director of the Office of

Management and Budget, Jennifer Moon. Issuance of Bonds under this ordinance and subsequent series resolutions, payment of annual debt service, and continuing disclosure will be managed by the Finance Department, Division of Bond Administration, Arlesa Wood, Director.

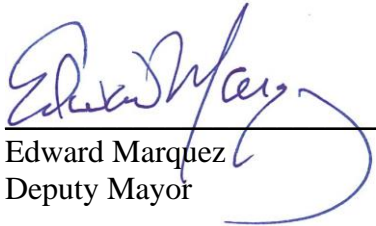

### **Background**

The County has approximately \$602.915 million of outstanding capital asset acquisition bonds and notes, with average annual debt service of approximately \$34.1 million per year over the remaining 26 years, and maximum debt service in fiscal year 2021 of approximately \$59.6 million. Capital asset acquisition bonds and notes were issued to finance and refinance various countywide capital equipment or construction projects. Each series was issued pursuant to Board authorized ordinances and subsequent series resolutions.
