

Memorandum

Date: January 20, 2021

To: Honorable Chairman Jose “Pepe” Diaz
and Members, Board of County Commissioners

From: Daniella Levine Cava
Mayor *Daniella Levine Cava*

Subject: Resolution Ratifying the Action Related to Miami-Dade Water and Sewer Department Consent Decree and Capital Improvement Programs Acceleration Ordinance pursuant to Section 2-8.2.12 of the Miami-Dade County Code

Agenda Item No. 8(O)(7)

Recommendation

It is recommended that the Board of County Commissioners (Board) ratify the action of the County Mayor or County Mayor’s designee as authorized under Section 2-8.2.12 of the Miami-Dade County Code related to Miami-Dade Water and Sewer Department’s Capital Improvement Programs Acceleration Ordinance (WASD’s Acceleration Ordinance) for the funded project identified below and on Exhibit A, as attached.

Capital Improvement Project

Item 1 - Change Order No. 1 to Contract No. 17LCCF002; Project No. DB15-WASD-01 between Miami-Dade County Water and Sewer Department (WASD) and Lanzo Construction, Co., Florida (Contractor) is for a 326-day non-compensable retroactive time extension for Design-Build Services for Replacement of Water Mains and Service Conversions in the City of North Miami Beach “Donut Hole” Service Area (Project).

Scope

As shown on Exhibit A, which provides basic information about Change Order No. 1, the Project is located within District 1, which is represented by Commissioner Oliver G. Gilbert, III. This Change Order is approved pursuant to WASD’s Acceleration Ordinance and has a countywide impact.

Fiscal Impact/Funding Source

Change Order No. 1 to Contract No. 17LCCF002; Project No. DB15-WASD-01, provides for a non-compensable time extension of 326 days with no additional monies added to the Contract.

Track Record/Monitor

WASD’s Deputy Director of Capital Improvements, Hardeep Anand, will oversee the implementation of Change Order No. 1 to Contract No. 17LCCF002; Project No. DB15-WASD-01.

Background

On September 3, 2014, the Board approved Ordinance No. 14-77 authorizing the County Mayor or County Mayor’s designee to award and amend contracts, negotiate and issue change orders for funded capital projects, and accelerate the approval of WASD’s: 1) Consent Decree projects, and 2) projects identified in WASD Multi-Year Capital Plan’s Capital Improvements Program, subject to ratification by the Board.

On June 25, 2018, the County and Contractor entered into a Design-Build Contract for design-build services for the replacement of water mains and service conversions in the City of North Miami Beach “Donut Hole” Service Area with a total compensation amount of \$9,794,837.00. and a contract term of 552 calendar days, plus a contingency time allowance of 55 days. The Notice to Proceed was issued on August 2, 2018, establishing December 7, 2019 as the Contract’s Substantial Completion Date and February 5, 2020 as the Contract’s Final Completion Date.

The Contractor experienced extensive delays in obtaining the right-of-way (ROW) permit. At the request of the Contractor, WASD granted a 55-day non-compensable time extension through the contingency allowance account, which revised the Substantial and Final Completion dates from December 7, 2019 and February 5, 2020 to January 31, 2020 and March 31, 2020, respectively. In addition to the 55-day extension already granted through the contingency allowance account, the Contractor was delayed an additional 326 days on the Project, which this Change Order No. 1 addresses.

Justification

Change Order No. 1 is for a non-compensable time extension for 326 calendar days, which is comprised of the following two separate time extensions:

1) 173 days non-compensable time extension:

The Contractor was issued the ROW permit on January 16, 2020, and they requested 173 calendar days to complete the Project based on the timeline provided on their construction schedule. The added 173 days revised the Substantial and Final Completion dates to July 22, 2020 and September 20, 2020, respectively.

2) 153 days non-compensable time extension:

Due to the impact of COVID-19 and the recent increase in the number of positive cases across the State of Florida, the City of Miami Gardens Building Department closed temporarily to the public. The City of Miami Gardens notified all applicants that new permit submittals would not be accepted, and plan reviews related to permits not yet issued would be suspended until further notice. This situation directly impacted the Project because plumbing permits from the City’s Building Department were required to complete the Project.

Therefore, WASD agreed to grant a 153-calendar day retroactive non-compensable time extension to the Contractor, which will revise the Substantial Completion and Final Completion dates to December 22, 2020 and February 20, 2021, respectively.

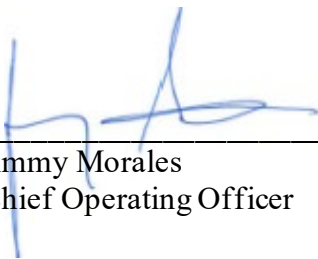

WASD reviewed the Contractor’s request for a non-compensable retroactive time extension and found a total of 326 days justifiable and non-concurrent. The Contractor agreed to accept WASD’s recommendation regarding the non-compensable retroactive time extension.

Small Business Enterprise Measures

The Small Business Enterprise – Construction (SBE-Construction) participation goal of 16.00 percent, Architecture and Engineering (SBE-A/E) participation goal of 25.00 percent, and a Good & Services (SBE-G/S) participation goal of 4.00 percent requirements were established as part of the original Contract.

On August 18, 2020 prior to issuance of Change Order No. 1 to Contract No. 17LCCF002, the Internal Services Department's Small Business Development (SBD) Division reviewed the Contract for compliance and determined that Lanzo Construction Co., Florida was in compliance. See the SBD memorandum attached hereto as Exhibit B.

Attached hereto as Exhibit C is Change Order No. 1 identified in this memorandum, which has been executed by the County Mayor or County Mayor's designee in accordance with WASD's Acceleration Ordinance. A copy of the original contract is available upon request from the Department's Intergovernmental Affairs Division.

LANZO CONSTRUCTION, CO., FLORIDA
CONTRACT NO. 17LCCF002

PROJECT TITLE: Design-Build Services for Replacement of Water Mains and Service Conversions in the City of North Miami Beach "Donut Hole" Service Area; Contract No. 17LCCF002; Project No. DB15-WASD-01 (the "Project")

TO CONTRACTOR: Lanzo Construction, Co., Florida
125 S. E. 5 Court Deerfield Beach, FL 33441

YOU ARE HEREBY REQUESTED TO MAKE THE FOLLOWING CHANGES IN THE PLANS AND SPECIFICATIONS FOR THIS PROJECT AND TO PERFORM THE WORK ACCORDINGLY, SUBJECT TO ALL CONTRACT STIPULATIONS AND COVENANTS.

BACKGROUND/DESCRIPTION OF WORK:

On June 25, 2018, the County and Lanzo Construction, Co., Florida ("Contractor") entered into a Design-Build Contract for design-build services for the replacement of water mains and service conversions in the City of North Miami Beach "Donut Hole" Service Area with a total compensation amount of \$9,794,837.00 and a contract term of 552 calendar days, plus a contingency time allowance of 55 days. The Notice to Proceed was issued on August 2, 2018, establishing December 7, 2019 as the contract's Substantial Completion Date and February 5, 2020 as the contract's Final Completion Date.

The Contractor experienced extensive delays in obtaining the right-of-way (ROW) permit. At the request of the Contractor, WASD granted a 55day non-compensable time extension through the contingency allowance account, which revised the Substantial and Final Completion dates from December 7, 2019 and February 5, 2020 to January 31, 2020 and March 31, 2020, respectively. In addition to the 55-day extension already granted through the contingency allowance account, the Contractor was delayed an additional 326 days on the project, which this Change Order Number One addresses.

JUSTIFICATION:

Change Order Number One is for a non-compensable time extension for 326 calendar days, which is comprised of the following two separate time extensions:

1) 173 days non-compensable time extension:

The Contractor was issued the ROW permit on January 16, 2020, and they requested 173 calendar days to complete the Project based on the timeline provided on their construction schedule. The added 173 days revised the Substantial and Final Completion dates to July 22, 2020 and September 20, 2020, respectively.

2) 153 days non-compensable time extension:

Due to the impact of COVID-19 and the recent increase in the numbers of positive cases across the State of Florida, the City of Miami Gardens Building Department closed temporarily to the public. The City of Miami Gardens notified all applicants that new permit submittals would not be accepted, and plan reviews related to permits not yet issued would be suspended until further notice. This situation directly impacted the Project because plumbing permits from the City's Building Department were required to complete the Project. Therefore, WASD agreed to grant a 153-calendar day retroactive non-compensable time extension to the Contractor, which will revise the Substantial Completion and Final Completion dates to December 22, 2020 and February 20, 2021, respectively.

WASD reviewed the Contractor's request for a non-compensable retroactive time extension and found a total of 326 days justifiable and non-concurrent. The Contractor agreed to accept the WASD recommendation regarding the non-compensable retroactive time extension.
