Subject: FY 2019-20 End-of-Year Budget Supplement and Amendment

Recommendation

It is recommended that the Board of County Commissioners (Board) approve the attached budget supplements and amendments in accordance with the Home Rule Charter and Section 129.06 of the Florida Statutes. These amendments will align the County's FY 2019-20 Adopted Budget with actual expenditures.

Scope

The impact of this item is countywide.

Fiscal Impact/Funding Source

Detailed below.

Background

A budget supplement is required by the Miami-Dade County Charter and State law when expenditures exceed budgeted appropriations.

The total value of all operating adjustments detailed below is \$489.464 million. The revisions reflected in this item include adjustments needed to acknowledge additional revenues associated with allocated interest earnings and bond proceeds (CB 360, Subfund 103 Project 360111, CB 361, various Subfunds various Projects, CB 362, various Subfunds various Projects, CB 363, Subfund 002 Project 363005, D1, Subfund 2A1, D5, various Subfunds and D6, Subfund 2N2), transactions needed to balance funds (GF 030, Subfund 023 and SO 120, Subfund 122 Project 122000), transfer of other revenues (SO 120, Subfund 122), along with the corresponding expenditures. Pursuant to Resolution No. R-432-16, a transfer of \$7.556 million from the Countywide General Fund to the Affordable Housing Trust Fund is included as part of this item. With this transfer, the balance of the Affordable Housing Trust fund is \$19.549 million.

General Fund Adjustments

The following departments require a budget amendment in GF 010 totaling \$7.226 million for additional expenditures or activities. These adjustments are funded with savings from other departments in Fund GF 010, Subfund 010:

- Legal Aid - \$440,000 to offset grant revenue losses of \$205,000 due to the economic effects of COVID-19 and additional expenditures anticipated to be covered by grants not ultimately received (\$235,000)
- Parks, Recreation and Open Spaces - \$6.786 million for additional support to cover decreased operating revenues resulting from the closure of facilities in response to the COVID-19 pandemic

In FY 2019-20, funding has been reserved to support pending collective bargaining negotiations (\$2.645 million) in FY 2020-21, funded by the Wage, Separation and Energy Reserve General Fund (GF 010, Subfund 010).

Grant-Supported Programs

The following departments require a budget supplement in various funds totaling \$2.985 million for grant eligible expenditures and reimbursements based on the grant periods that do not necessarily align with the County’s fiscal year. These adjustments are funded from additional Federal, State and not-for-profit organization grant revenues:

- Administrative Office of the Courts - \$1.697 million for adult drug, dependency and veteran courts programs (Fund 720, Subfund 720)
- Animal Services - \$493,000 for pet-related expenditures such as medical and pet supplies, pet retention initiatives and spay and neuter surgeries funded from grants received by various private partners (Fund 720, Subfund 720)
- Cultural Affairs - \$92,000 for artist fees for multi-cultural performances at the South Miami-Dade Cultural Arts Center, Miami-Dade County Auditorium and African Heritage Cultural Arts Center (Fund SO 720, Subfund 720 and 721)
- Elections - \$111,000 for poll worker training and elections-related cyber security measures (Fund 720, Subfund 720)
- Miami-Dade Fire Rescue (MDFR) - \$448,000 for Urban Search and Rescue activations in several areas affected by Tropical Storms Dorian and Laura, Tropical Cyclone Sally and the Oregon wildfires and \$117,000 to purchase personal protective equipment in response to COVID-19 funded by the Coronavirus Aid, Relief, and Economic Security (CARES) Act: Emergency Management Performance Grant (EMPG-S) Supplemental Program (Fund 720, Subfund 720)

Other Adjustments

Board of County Commissioners

The Board of County Commissioners (BCC) requires a budget supplement of \$2.835 million in Fund GF 030, Subfund 052, Project 052BCC (various project details) to reflect transfer of unspent balances in FY 2019-20.

Cultural Affairs

The Department of Cultural Affairs requires a budget supplemental of \$1.235 million in Fund SO 125, Subfund 127, Project 127001 for expenses related to operation of cultural facilities. These expenditures were to be supported by tourist tax revenues which were not realized during the fiscal year due to impacts of the COVID-19 pandemic. Funding will be provided by the Convention Development Tax Shortfall Reserve Fund ST 160, Subfund 163.

Community Action and Human Services

The Department requires a budget supplement of \$217,000 in Fund 600 for various support services such as substance abuse treatment services, holiday baskets and utility assistance payments for low-income clients. This is funded by contributions/donations.

Fire Rescue

MDFR requires a budget supplement in the amount of \$9,000 in Fund SF 011, Subfunds 113 for expenses related with Hurricane Irma. Funding will be provided from pending Federal Emergency Management Agency (FEMA) reimbursement to the department.

Legal Aid

Legal Aid requires a budget supplement of \$235,000 in Fund SO 100 103, Project 103000 for expenditures anticipated to be covered by grants not ultimately received.

Management and Budget

As part of the implementation of *INFORMS*, the Enterprise Resource Planning (ERP) application, those functions supported the new systems were transferred to the Office of Management and Budget (OMB) from Finance, Human Resources, Internal Services and Information Technology departments and are described in Attachment A. As a result, OMB requires a budget supplement of \$165,000 in Fund GF 030, Subfund 057 for expenditures related to the newly created the Strategic Business Management Division in OMB. These expenditures will be funded with IT Funding Model and ERP project revenues.

Regulatory and Economic Resources

The Department of Regulatory and Economic Resources (RER) requires a budget supplement in the amount of \$521,000 in Fund SU 140, Subfund 142 due to higher than budgeted capital expenditures associated with stormwater infrastructure consulting services. These expenses will be funded by Stormwater Utility revenues.

Seaport

Fund ES 422 requires a budget supplement of \$336,000 to reflect the capital improvement expenses associated with the recovery efforts related to Hurricane Irma. These expenses will be supported by the Seaport operating fund.

Solid Waste Management

The Department of Solid Waste Management requires a budget supplement in the amount of \$3.11 million in Fund EW 470 due to a lag in reimbursements from the County’s Master Financing Plan for the purchase of vehicles. These expenses will be funded by carryover revenue in excess of budget.

Transportation and Public Works

The Department of Transportation and Public Works requires a budget supplement in Fund ET 417 of \$295.951 million to reflect the issuance of Transit System Sales Surtax Revenue Bonds Series 2020A related to various capital projects.

Emergency and Disaster Relief/Hurricane Restoration Funds – COVID 19

Fund SR 987, various Subfunds requires a budget supplement of \$474 million to reflect the transfer of expenses associated with the response efforts related to COVID-19 pandemic. It is anticipated that future grant reimbursement from the FEMA and CARES act will cover these costs. Any expenses disallowed by FEMA will be supported by the originating department’s fund. County also received additional FEMA reimbursements for previous storm-related response efforts in fund SR 982 (Tuesday Deluge) for \$554,000, SR 984 (Hurricane Katrina) for \$845,000, SR 985 (Hurricane Wilma) for \$2,000 and SR 986 (Hurricane Irma) for \$1.361 million.

Budget Line Item Transaction Appropriations

Section 2-1796 of the Miami-Dade County Code requires the disclosure of line item expenditures that exceeded budgeted allocations and the proper line item adjustments based on pre-established criteria. No transactions of this type had occurred by the date established in the ordinance. In general, expenditure transactions beyond the stipulated line item budget are likely to occur in the last quarter of the year, when the majority of overdue transactions are posted in anticipation of the year-end closeout.

Attachment B lists all the transactions that require Board approval for the re-appropriation of budget as a result of exceeding the ten (10) percent threshold and/or the movement of personnel or capital expenditures to other line item categories. In addition, Attachment C lists in detail department(s) line item

appropriations that were administratively approved to reflect the proper expenditure categorization and did not exceed the ten (10) percent threshold. Both attachments detail the department name, the fund type where the over expenditure occurred, the spending category, the total budget for the department, the amount of the adjustment(s), the percent of the budget it represents, the spending category where the re-appropriation will occur, and a description of the adjustment. Through the approval of this item, the Board authorizes the OMB to process all budget transactions required to execute the year-end amendments/supplements.

Memorandum

Date: February 10, 2020

To: Carlos A. Gimenez
Mayor

From: Jennifer Moon, Deputy Mayor
Director, Office of Management and Budget

A handwritten signature in black ink, appearing to read "Jennifer Moon", written over the printed name and title.

Subject: Office of Management and Budget, Human Resources, Finance, Internal Services and Information Technology Department Reorganizations, Request for Centralized Employment Services (CES) Waiver and Overage Request

The first phase of the County's Enterprise Resource Planning (ERP) System implementation is scheduled to go live on October 1, 2020. As a result, it is necessary to establish the organizational structure that will support the system which integrates the general ledger, accounts payable, accounts receivable, billing, payroll, time and leave, benefits, supply chain, strategic sourcing, performance reporting and budgeting into one system. This will require tables of organization (TO) changes for the Office of Management and Budget (OMB), Human Resources (HR), Finance (FIN), Internal Services (ISD) and Information Technology (ITD) departments.

A new division of OMB, Strategic Business Management, will be responsible for the maintenance, enhancement/upgrade and support of the ERP technology applications, tools, processes and third-party integration systems. It will also coordinate business process improvements and strategic planning that will drive the analytics derived from the ERP. The new division will be responsible for managing and coordinating all activities referenced above including the change management communication plan throughout the organization. It will further ensure that the reporting of controls established by FIN, HR, ISD and ITD are incorporated into the ERP. This will require the transfer of positions and employees (if currently filled) from the following departments: Human Resources (two), Finance (seven), Internal Services (three) and Information Technology (five) as illustrated in the attached departmental TOs. Pursuant Section 2-41 (9) of the Miami-Dade County Code, all employees transferred to OMB as a result of this reorganization will be exempt from the classified service.

I respectfully request an overage position and approval of a CES waiver to appoint Mr. Joseph P. Conway as Assistant Director, Strategic Business Management Division, effective February 24, 2020 with a starting salary of \$186,200. This newly defined role will lead the support efforts for strategic systems and business processes for at an enterprise level for the County.

Mr. Conway is a seasoned IT and business professional with more than 30 years of experience leading information and business process engineering changes for both the private sector and government. In his tenure as an ITD Division Director with Miami-Dade County, he led the implementation of time collection (ePars) for all County departments and managed the successful upgrades for the Water and Sewer and Aviation departments' ERP applications. Mr. Conway will continue to lead the County's ERP implementation. As the project transitions to meet significant go-live milestones, it will be essential to establish a cross-functional team to support the on-going efforts associated with the new ERP solutions and for the enhancement of future business needs. Mr. Conway possesses an Executive Master of Business Administration from the University of Maryland, and a Bachelor of Science, magna cum laude, from the University of Baltimore. Mr. Conway also holds a Project Management Professional (PMP) certification.

With the appointment of Mr. Conway to the new Strategic Business Management Division, ITD will need to restructure its divisions to better align staff and workloads throughout the organization. A new branch is being created, "Administration and Customer Service", moving the Operational Support Services (administration), Service Management and Enterprise Portfolio Management divisions from under the Director to a new Assistant Director position. In addition, the Business Relationship Management unit is also transferred out of the Shared Services Division and into the Administrative and Customer Service branch. This change requires in the reclassification of an existing vacant Network Manager 1 to an Assistant Director position.

In addition, HR will assume responsibility of the entire payroll process requiring the transfer of seven currently filled positions from the Payroll Unit in the Finance Department. These positions will be responsible for all tasks and responsibilities associated with the processing of direct deposits, garnishments, vouchers and stop payments, W2 processing for active and retired employees, last wage payments, Florida Retirement System reporting, biweekly payroll wire transfers and the administration of the two payroll bank accounts. Through the continued review of the various HR business processes of the ERP implementation, it may be necessary to centralize certain functions such as Position Management and Department Personnel Representative (DPR) functions. At that time, a separate reorganization recommendation will be provided for your review and approval.

As we complete the various phases of the ERP implementation, operational impacts requiring position changes will be addressed through the budget development process.

Thank you for your consideration.

ORDINANCE NO. _____

ORDINANCE APPROVING, ADOPTING AND RATIFYING FISCAL YEAR 2019-20 END-OF-YEAR SUPPLEMENTAL BUDGET ADJUSTMENTS AND AMENDMENTS FOR VARIOUS COUNTY DEPARTMENTS AND FUNDS; AMENDING ORDINANCE NOS. 19-85, 19-87, AND 19-90 TO MAKE BUDGET ADJUSTMENTS; RATIFYING AND APPROVING IMPLEMENTING ORDERS AND OTHER BOARD ACTIONS WHICH SET FEES, CHARGES AND ASSESSMENTS FOR FY 2019-20; APPROPRIATING GRANT, DONATION AND CONTRIBUTION FUNDS FOR FY 2019-20; PROVIDING SEVERABILITY, EXCLUSION FROM THE COUNTY CODE, AND AN EFFECTIVE DATE

WHEREAS, this Board desires to accomplish the purposes outlined in the accompanying memorandum, a copy of which is incorporated herein by this reference,

BE IT ORDAINED BY THE BOARD OF COUNTY COMMISSIONERS OF MIAMI-DADE COUNTY, FLORIDA:

Section 1. In compliance with the provisions of section 1.02(A) of the Miami-Dade County Home Rule Charter and section 129.06, Florida Statutes, the Fiscal Year 2019-20 supplemental budgets attached hereto and made a part hereof are hereby approved, adopted and ratified and the budgeted revenues and expenditures therein provided are hereby appropriated.

Section 2. Ordinance Nos. 19-85, 19-87 and 19-90 are hereby amended to make budget adjustments in the appropriation schedules attached hereto as outlined in the accompanying memorandum and correct scrivener's errors, if applicable. These amendments to the FY 2019-20 Adopted Budget are hereby approved, adopted and ratified.

Section 3. All resolutions, implementing orders and other actions taken by the Board of County Commissioners setting fees, charges and assessments for FY 2019-20 are hereby ratified, confirmed and approved.

Section 4. All grant, donation and contribution funds received by the County are hereby appropriated at the levels and for the purposes intended by the grants, donations and contributions for FY 2019-20.

Section 5. If any section, subsection, sentence, clause or provision of this ordinance is held invalid, the remainder of this ordinance shall not be affected by such invalidity.

Section 6. It is the intention of the Board and it is hereby ordained that the provisions of this ordinance shall be excluded from the Code of Miami-Dade County, Florida.

Section 7. All provisions of this ordinance shall become effective ten (10) days after the date of enactment unless vetoed by the Mayor, and if vetoed, shall become effective only upon an override by this Board. In the event any particular components of this ordinance are vetoed, the remaining components, if any, shall become effective ten (10) days after the date of enactment and the components vetoed shall become effective only upon override by this Board.

Section 8. This ordinance does not contain a sunset provision.
