Subject: Contract Award Recommendation for a Professional Services Agreement: Contract No:
E20-MDAD-02B2 to Stantec Consulting Services, Inc.

EXECUTIVE SUMMARY

This agenda item seeks authorization from the Board of County Commissioners (Board) to enter into a five (5) year Professional Services Agreement (PSA) with Stantec Consulting Services, Inc. (Stantec) entitled: “Professional Services Agreement for General Mechanical, Electrical, Plumbing (MEP) Engineering & Design Services for Miami-Dade Aviation Department, Contract No. E20-MDAD-02B2”. The scope of services will provide professional general mechanical, electrical and plumbing (MEP) engineering and design services to the Aviation Department (MDAD), including but not limited to the renovation and improvement of mechanical, electrical, plumbing, and fire suppression systems at all MDAD facilities, which requires specialties such as paging systems as well as evaluations of air conditioning mechanical rooms.

This is one of three award recommendations for the provision of identical MEP services. Because the assigned contract measure for the Small Business Enterprise-Architectural/Engineering (SBE-A/E) goal differs on one of the three award recommendations, this award recommendation was advertised under a separate solicitation (Project No. E20-MDAD-02B) as well as the award recommendation to EXP U.S. Services, Inc., each award recommendation was advertised with a fifteen percent (15%) SBE A/E measure. The award recommendation to SDM Consulting Engineers, Inc. was advertised concurrently under Project No. E20-MDAD-02A with a Tier 3 Set-Aside SBE-A/E measure. A one percent (1.00%) SBE – Service goal was assigned to all three PSA’s which have been placed on today’s agenda as companion items.

RECOMMENDATION

This recommendation for award for PSA Contract Number E20-MDAD-02B2 between Stantec, an Architectural/Engineering (A/E) firm, and Miami-Dade County is recommended for approval with a term of five-years and a total compensation amount not to exceed \$5,513,750, which includes a contingency allowance amount of \$500,000 and an Inspector General Fee amount of \$13,750. This award recommendation was prepared by the Aviation Department.

SCOPE

The impact of this agenda item is countywide as it involves the County’s airport system. MEP professional services will be provided on an as-need basis at the following County airport facilities: Miami International Airport (MIA), Miami-Opa Locka Executive Airport (OPF), Miami Homestead General Aviation Airport (X51), Miami Executive Airport (TMB), and Dade Collier Training and Transition Airport (TNT).

BACKGROUND

Stantec will provide the professional engineering services to renovate and improve MDAD’s mechanical, electrical, plumbing and fire suppression systems at all MDAD facilities throughout the County’s airport system.

The work authorized by this PSA will begin only after a service order is issued to Stantec by the Aviation Department. Work will continue based upon the issuance of subsequent service orders. Each service order shall specify the scope of work including the deliverables, the time of completion, and the total compensation amount for the services authorized.

The five-year term of this PSA becomes effective upon the execution of the agreement by all parties, the term shall remain effective until all services are completed or until those service orders in force at the end of the term have been completed or accepted, whichever may be later.

TRACK RECORD/MONITOR

SBD HISTORY OF VIOLATIONS: None

EXPLANATION: The Request to Advertise (RTA) was filed with Clerk of the Board on November 12, 2021. A total of seven (7) proposals were received on December 15, 2021.

On February 28, 2022, the Internal Services Small Business Development Division deemed all proposals compliant with the contract measure established for this project.

(See Attachment B: SBD Project Worksheet and Compliance)

On June 30, 2022, at the First-Tier meeting, the Competitive Selection Committee (CSC) evaluated all responsive and responsible proposals and deemed the information sufficient to determine the qualifications of the teams. The CSC was tasked with evaluating the experience and qualifications of the Proposers and scored and ranked the proposals in accordance with the evaluation criteria outlined in the solicitation. The Competitive Selection Committee, elected by majority vote, to invite all seven (7) proposers to advance to Second Tier phase.

This project experienced significant delays due to appointed CSC committee members retiring and having health issues. There were three substitutions of committee members on the following dates, March 15, 2022, April 15, 2022, and June 3, 2022. Moreover, after the First-Tier meeting was held, Resolution No. R-62-22 was adopted by the Board and became effective on July 11, 2022. The Resolution amended Implementing Order No. 3-34 to require that CSCs consider all reports and findings issued by the Office of Inspector General (OIG) and the Office of Commission on Ethics and Public Trust (COE) while scoring and ranking the vendors in accordance with the applicable criteria identified in the solicitation.

On August 30, 2022, the CSC received the OIG and COE reports and findings. On September 21, 2022, the CSC reconvened to review the scores and rankings of the vendors based on the OIG and COE reports and findings. No revisions to the original scores and rankings were recommended.

By majority vote, the CSC decided to forego Second-Tier proceedings and recommended the number one ranked firm (Stantec) for negotiation of the PSA. See Table A below.

Table A.

Firm	Total Adjusted Qualitative Points	Total Adjusted Ordinal Score	Final Ranking
Stantec Consulting Services, Inc.	265	7	1
EXP US Services, Inc.	260	10	2
SGM Engineering Inc.	253	11	3
SDM Consulting Engineers, Inc.	255	12	4
STV Incorporated	250	12	5
Burns & McDonnell Engineering Co. Inc.	248	15	6
A.D.A. Engineering, Inc.	250	16	7

The Negotiation Committee was approved by the County Mayor’s designee on October 14, 2022. (See Attachment C: Negotiation Authorization, List of Respondents and Tabulation Sheets).

The Negotiation Committee negotiated with the top two firms. Negotiations with the highest ranked firm (Stantec) were held on November 15, 2022. The Negotiation Committee reached a consensus to finalize negotiations on December 22, 2022.

Pursuant to Resolution No. R-187-12, due diligence was conducted to determine the consultant’s responsibility, including verifying corporate status and that no performance or compliance issues exist. The following searches revealed no adverse findings for the firm: Small Business Development (SBD) database, convicted vendors, debarred vendors, delinquent contractors, suspended vendors, and federal excluded parties list.

There are 20 evaluations for work performed for the County by Stantec in the Capital Improvements Information System (CIIS) database with an average rating of 3.7, which is indicative of superior performance. (See Attachment D: Contractor Evaluations Report)

Based on the above, it is recommended that this PSA be awarded in an amount not to exceed amount of \$5,513,750 to Stantec.

Subject: NEGOTIATION AUTHORIZATION

ISD Project No. E20-MDAD-02B

The Competitive Selection Committee has completed the evaluation of the proposals submitted in response to the referenced Internal Services Department solicitation and consistent with the guidelines published in the Notice to Professional Consultants.

ISD Project No.: E20-MDAD-02B

Project Title: General Mechanical, Electrical, Plumbing (MEP) Engineering & Design Services

Scope of Services Summary: The scope of services to be provided by the selected A/E firm includes, but is not limited to, renovations and improvements of mechanical, electrical, plumbing and fire suppression systems at all Miami-Dade Aviation Department (MDAD) Facilities. These are multiple projects and require specialties such as paging systems, as well as evaluations of air conditioning mechanical rooms.

Term and Estimated Cost of Contract: The County intends to retain two (2) qualified consultants/teams for two (2) non-exclusive Professional Services Agreements (PSA) each with an effective term of five (5) years. Each PSA has a total maximum compensation of five million dollars (\$5,000,000.00), exclusive of a ten percent (10%) contingency in accordance with Ordinance 00-65 and an Inspector General Fee in accordance with Ordinance 97-215.

Participation Restrictions: Prime Consultants awarded under ISD Contract No. A18-MDAD-01A and A18-MDAD-01B are precluded from submitting a proposal under ISD Project No. E20-MDAD-02B.

Small Business Enterprise Goal: On August 3, 2021, the Internal Services Department's Small Business Development Division established a 15.00% Small Business Enterprise – Architectural and Engineering Goal and a 1.00% Small Business Enterprise - Services Goal for this project.

Advertisement Date: November 12, 2021

Number of Proposal(s) Received: Seven (7) proposals were received by the submittal deadline of December 15, 2021.

Name of Proposer(s): Please refer to the attached List of Respondents.

Small Business Enterprise Compliance Review: All proposals reviewed were deemed in compliance. Please refer to the attached Compliance Review Memorandum dated February 28, 2022.

Selection Process: The Architectural and Engineering professional services solicitation process is a two-tiered selection process; First Tier is the Evaluation of Experience and Qualifications, and Second Tier is the Oral Presentations. The First Tier is the evaluation of the firms' current statements of experience, qualifications and performance data. The Second Tier is the evaluation of the shortlisted firms' knowledge of project scope, qualifications of team members assigned to the project, and ability to provide the required services within schedule and budget, as demonstrated through an oral presentation from firms.

Note: The Competitive Selection Committee may waive the Second Tier selection process by a majority vote and base their selection on the results of the First Tier ranking only.

First Tier Results: The First Tier meeting was held on June 30, 2022. The Competitive Selection Committee was tasked with evaluating the experience and qualifications of the Proposers, and scoring and ranking the proposals in accordance with the evaluation criteria outlined in the solicitation. The Competitive Selection Committee scored all responsive proposals. During the evaluation process, all ties were broken using the standard tie-breaking procedure, as described in Section 3.3, Proposal Evaluation, of the Notice to Professional Consultants. Please refer to the attached First Tier Tabulation Sheet.

Special Circumstances: After the First Tier meeting was held, County Resolution No. R-62-22 became effective on July 11, 2022, which amended Implementing Order 3-34 to require that Competitive Selection Committees consider all reports and findings of the Office of the Inspection General (OIG) and the Office of the Commission on Ethics and Public Trust (COE) regarding any Proposer and their proposed subcontractor(s) while scoring in accordance with the applicable criteria identified in the solicitation. In the interest of adhering to the revised legislation, ISD provided all available OIG and COE reports to the Competitive Selection Committee on August 30, 2022 and reconvened the Competitive Selection Committee. Reconvening allowed the Competitive Selection Committee to consider whether such reports would impact their scores.

Reconvened First Tier Results: The First Tier meeting was reconvened on September 21, 2022. ISD explained the reason for reconvening and County Resolution R-62-22 to the Competitive Selection Committee. ISD staff responded to their questions on the matter. No additional scoring took place during this meeting. All the members of the Competitive Selection Committee determined that such reports and findings did not affect their scoring or ranking. The CSC confirmed the First Tier ranking made during their previous meeting on June 30, 2022. Please refer to the attached First Tier Tabulation Sheet.

Second Tier Results: Based on the Competitive Selection Committee's professional judgement, the information provided in the proposals was deemed sufficient to determine the experience and qualifications of the Proposers. As a result, and by a majority vote, the Competitive Selection Committee decided to forego Second Tier proceedings.

Request for Appointment of Negotiation Committee: Pursuant to Section 2-10.4(6) of the Code of Miami-Dade County, the Internal Services Department hereby requests that the County Mayor or County Mayor's designee approve the following Negotiation Committee:

In addition to any other legal remedies, Miami-Dade County at its sole option may terminate this Contract or pay such premiums, and deduct the costs thereof from any amounts which are or may be due to the Consultant.
- 3.3 ASSIGNMENT: The Consultant shall not assign, transfer or convey this Agreement to any other person, firm, association, or corporation, in whole or in part. Such services shall be pursuant to appropriate agreements between the Consultant and the Sub-consultants, which shall contain provisions that preserve and protect the rights of the Owner under this Agreement. Nothing contained in this Agreement shall create any contractual relationship between the Owner and the Sub-consultants.

The Consultant shall not change any Sub-consultant without prior approval by the Director in response to a written request from the Consultant stating the reasons for any proposed substitution. Any approval of a Sub-consultant by the Owner shall not in any way shift the responsibility for the quality and acceptability by the Owner of the services performed by the Sub-consultant from the Consultant to the Owner. The Consultant shall cause the names of Sub-consultants responsible for significant portions of the Services to be inserted on the Plans and Specifications, subject to the approval of the Owner.

The Consultant may employ Sub-consultants to assist the Consultant in performing specialized Services. Payment of such Sub-consultants employed at the option of the Consultant shall be the responsibility of the Consultant and shall not be cause for any increase in compensation to the Consultant for the performance of the Basic Services. The Owner may also terminate this Agreement as directed by the Federal Aviation Administration (FAA).

(See www.miamidade.gov/ao/home.asp).

In the event the Owner terminates this Agreement for cause, the Owner will take over any and all documents resulting from Services rendered up to the termination and may complete them, by contracting with other consultant(s) or otherwise, and in such event, the Consultant shall be liable to the Owner for any additional cost incurred by the Owner due to such termination. "Additional Cost" is defined as the difference between the actual cost of completion of such incomplete Services and the cost of completion of such Services which would have resulted from payments to the Consultant hereunder had the Agreement not been terminated. The IG shall have the power to analyze the need for, and reasonableness of, proposed Change Orders.

The IG may, on a random basis, perform audits on all County contracts throughout the duration of said contract (hereinafter "random audits"). It shall delineate the nature, extent, and location of site access, required temporary barricading, signing, marking, and lighting for the Aircraft Operation Areas and Landside work areas for the Project. The safety plan shall also be coordinated with appropriate Owner staff.

4.3.2.5 Work Sequence and Staging Plan: The Consultant shall develop a Work Staging Plan to avoid adverse impacts on existing airport and aircraft operations and shall advise the Owner in writing of the remaining adverse impacts, if any, and estimated increase in Project costs that would result from such staging plan. The Consultant shall develop a Work Sequencing Schedule showing the sequence of the construction and the relative time frame within the overall construction period. Alternative plan(s) and associated cost(s) shall also be developed and submitted, along with an analysis by the Consultant of pertinent factors and relative merits of each plan, even if such alternative plan(s) would

adversely impact airport and aircraft operations. The decision as to which plan to use will be made by the Owner, and the Consultant will be informed of such decision in writing.

4.3.2.6 Outline Specification: The Consultant shall prepare an outline specification which will describe the architectural and engineering requirements, earthwork, utility adjustments and relocations, bridge substructure, superstructure, drainage, foundations, mechanical, electrical, utilities, lighting, signalization, signage, markings, external finishes, painting, security systems, fire protection systems, plumbing, and other incidental and special equipment being proposed for the Project, all of which will be considerations in the cost estimate.

ARTICLE 5

COMPENSATION FOR SERVICES

Owner agrees to pay to the Consultant and the Consultant agrees to accept for all Services rendered pursuant to this Agreement, the amounts determined in accordance with this article. All allocations of money are for budgetary purposes only. The County, in issuing service orders, may transfer monies between such service categories without restraint, subject to the overall contract allocation for this Agreement. No payment will be made to the Consultant for work performed without a Service Order. The Consultant agrees that all such services can be provided within the awarded amount of this Agreement.

5.1 COMPENSATION FOR SERVICES:

Unless otherwise authorized by Amendment to this Agreement, aggregate payments to the Consultant for Basic Services, Work Site, Work-Related and Additional Services and Reimbursable Expenses performed shall not exceed **FIVE MILLION DOLLARS (\$5,000,000.00)** and shall be disbursed as reflected herein, unless additional payments up to the limits of the Allowance Account have been authorized.

5.1.1 Compensation to the Consultant for Services shall be based as follows:

5.1.1.1 Flat Rate: When approved based on resume qualifications and experience, compensation to the Consultant for Services shall be on the basis of flat rates in accordance with the approved fee schedule included in 5.1.2.2 to this Agreement. Any other classifications that may be used during the course of performing the Services and the hourly rate for such classifications shall only be authorized by Service Order.

5.1.1.2 Multiple of Direct Salaries: Under this compensation basis, the Consultant is compensated for the time of personnel engaged directly in performing Services under this Agreement. The compensation to be paid shall consist of the Direct Salaries of such personnel, as reported to the Director of the United States Internal Revenue Services, times a multiple of such Direct Salaries. A not-to-exceed cap for the total fee for assignments given under this compensation basis shall be established prior to the issuance of the initial Services Order.

5.1.1.3 Fixed Lump Sum: Under this compensation basis, the Consultant agrees to perform specifically described Services for an agreed fixed dollar amount of compensation.

5.1.1.4 Not to Exceed: Under this compensation basis, the Consultant is

compensated for the actual time of personnel engaged directly in performing Services under this Agreement. In addition, the Consultant is compensated for other related services necessary to complete the required services. A not to exceed cap for the total fee for each assignment given under this compensation basis shall be established prior to the issuance of the Service Order. The compensation method shall be in accordance with the compensation schedule as shown in 5.1.2.2 of this Agreement.

5.1.2 The Fee to the Consultant based on a Multiple of Direct Salaries shall be determined as follows:

5.1.2.1 Compensation for the Principal shall be at the flat rate without application of any multiplier of \$ 210.00 per hour.

Principal(s) to be paid this rate is/are those listed by name in Exhibit 2 - "Principals of the Consultant", attached to this Agreement.

Upon mutual agreement between the Owner and the Consultant, the Principals identified in Exhibit 2 - "Principals of the Consultant", may be substituted, provided the total number of Principals does not exceed the number of Principals originally listed.

5.1.2.2. Compensation for all personnel shall either be a direct labor multiplier of 2.9 times the direct salaries for all home office support personnel or 2.3 times the direct salaries for all field personnel. Unless otherwise changed as provided for hereinafter, the maximum rate of compensation for personnel (excluding the multiple of direct salary) shall be in accordance with the table below, Job Classifications and Maximum Raw Rates. If the Consultant elects to pay more than the rates listed below, the County is only liable to pay the rates below.

JOB CLASSIFICATION	MAXIMUM FLAT RATES
Principal	*\$210.00
	MAXIMUM RAW RATES
Project Engineer (Registered)	\$ 65.00
Senior Engineer	\$ 55.00
Staff Engineer	\$ 45.00
Senior Project Manager	\$ 65.00
Project Manager	\$ 60.00
Assistant Project Manager	\$ 50.00
CADD / Technician	\$ 40.00

Clerical /Administrative	\$30.00
--------------------------	---------

***Hourly Flat Rate**

The maximum rate of compensation for all other personnel, not listed above, including the multiple of Direct Salaries shall not exceed \$165.00 per hour. The Owner reserves the right to adjust the maximum rate.

JOB CLASSIFICATION	MAXIMUM RAW RATES
Senior Field Representative	\$ 55.00
Assistant Field Representative	\$ 45.00
Inspectors	\$ 40.00
Clerical /Administrative	\$ 30.00

The maximum rate of compensation for all field personnel, not listed above, including the multiple of Direct Salaries shall not exceed \$125.00 per hour. The Owner reserves the right to adjust the maximum rate.

- 5.1.3 Compensation for authorized overtime services must be approved in writing by Owner prior to incurring overtime charges. For Employees that are salaried and are not required to be paid, time and one half for work over Forty 40 hours. Forty (40) hours multiplied by the base pay rate (\$) multiplied by the appropriate multiple (M) based on whether the Services are Additional or Work Site; plus Hours Worked Beyond Forty (40) Hours During Week (Hrs.) multiplied by the pay rate (\$) multiplied by 1.1. Using conventions contained in Microsoft Excel, the equation for this would be:

$$(40*\$*M) + (Hrs*\$*1.1)$$

For Employees that are on an hourly basis and are required to be paid at a time and one half overtime rate. Hours Worked Beyond Forty (40) Hours During Week (Hrs) multiplied by the premium pay rate (\$*1.5) and then multiplied by 1.1. Using conventions contained in Microsoft Excel, the equation for this would be:

$$(40*\$*M) + (Hrs*\$*1.5*1.1)$$

EXAMPLE

Hours worked during week = 50

Pay rate = \$30/hr.

Multiplier = 2.65

$$(40*30*2.65) + (10*30*1.1) = 3180+330 = \$3510 \text{ or}$$

EXAMPLE

Hours worked during week = 50

Pay rate = \$30/hr.

Multiplier = 2.65

$(40*30*2.65) + (10*30*1.5*1.1) = 3180+495 = \3675

- 5.1.3.1 Consultant shall not invoice Owner for charges for office, rent or overhead expenses of any kind, including but not limited to, insurance, telephone (except long distance calls authorized by the Owner), and utility charges, office/drafting supplies, depreciation of equipment, professional dues, subscriptions, reproduction of drawings and/or specifications for internal use, mailing, stenographic, clerical, nor shall it invoice for other employee time to travel and subsistence not directly related to the Project. The multiple factor set forth above shall cover all such costs pertinent to the Project.

- 5.1.7 Payments of the Work Related Services Fee, Phase 5, shall be made in monthly installments. The amount of each monthly installment payment shall be determined by increasing the Construction Contract Time for completion of all work for this project, as stated in the Service Order in calendar days, by twenty percent (20%) then dividing the calculated number of days by 30 days/month and rounding up to the next integer. This integer will be the number of months over which the Work Related Services Fee will be paid.

5.1.7.1 In the event that Prolonged Period of Contract Administration, Phase 5, of Basic Services becomes necessary, payment for the Prolonged Period of Contract Administration shall be the same amount as the monthly installment payments for Work Related Services. Payments for Prolonged Period of Contract Administration shall begin once the original contract time has been exceeded by 20% if such extended time is due to no fault of the Consultant.

- 5.2 INVOICES AND METHODS OF PAYMENT: The Consultant shall submit monthly to the Project Manager, two (2) copies of a duly certified invoice for payments stating that the Services have been performed per this Agreement. The Consultant shall make all payments to such Sub-consultant(s) promptly following receipt by Consultant of corresponding payment from the Owner. Prior to any payments to Sub-consultant(s), the Consultant shall, if requested by the Project Manager, furnish to the Owner a copy of the agreement(s) providing for such payments.

8.11 ORGANIZATIONAL CONFLICT OF INTEREST:

1. Policy

It is the policy of the County, implemented through this section, to identify, analyze and address organizational conflicts of interest that might otherwise exist in order to maintain the public’s trust in the integrity and fairness of the County’s contracting for the Capital Improvement Program CIP (“the Program”) and to protect the business interests of the County, thereby safeguarding public dollars. This policy shall be supplemental to and not in derogation of any other requirements of law relating to conflicts of interest including, but not limited to, the County’s Code of Ethics.

2. Definitions

Organizational conflict of interest situation in which the Consultant : (a) under this Agreement, or any part thereof, including a particular work order or defined task, is required to exercise judgment to assist the County in a matter such as in drafting specifications or assessing another consultant’s or contractor’s proposal or performance and the Consultant has a direct or indirect financial or other interest at stake in the matter, so that a reasonable person might have concern that when performing work under the contract, the Consultant may be improperly influenced by its own interests rather than the best interest of the County, or (b) would have an unfair competitive advantage in a County competitive solicitation as a result of having performed work on this Agreement that puts the consultant in a position to influence the result of the solicitation.

Affiliates: business concerns are affiliates of each other when either directly or indirectly one concern or individual controls or has the power to control another, or when a third party controls or has the power to control both.

Sub-consultants: firms under contract with the Consultant under this Agreement.

3. Certification of no organizational conflict of interest

The Consultant: (a) execution of this Agreement or any work order and/or (b) making a claim for payment under this Agreement, constitutes the Consultant's certification to the County that the Consultant or its subconsultants do not have knowledge of any organizational conflicts of interest that exists in performing the work under this Agreement. False certifications may be considered a material breach of the Agreement and the Consultant may be liable to the County for a false claim under the County's false claim ordinance. At any time during the performance of the Agreement, the County may require the Consultant to execute an express written certification that after diligent inquiry the Consultant does not have knowledge of any organizational conflict of interest. The County may also require the Consultant to set forth in writing the scope of the inquiry conducted to make the express certification. Failure to make diligent inquiry, to disclose a known conflict or potential conflict, or to execute the documents required to be produced may be considered a material breach of the contract and may disqualify the Consultant or its subcontractors from award of other County professional service agreements.

4. Identification of organizational conflict of interest

The Consultant and its subconsultants shall be obligated to disclose to the County any organizational conflict of interest which may exist or arise during the performance of this Agreement, or the potential for such conflicts to occur, immediately upon the discovery of such actual or potential conflict. The disclosure shall be in writing, addressed to the Director or his designee. The disclosure shall identify the organizational conflict of interest with sufficient detail for the County's analysis and shall propose a method to address the same. Such disclosure shall be simultaneously reported to the Office of the Inspector General (OIG) and the Commission on Ethics and Public Trust (COE). The Consultant /subconsultants' failure to identify an organizational conflict of interest, or to disclose the same to the County in the manner set forth in this Section, may be considered a material breach of the Agreement. In addition, in any subsequent solicitation for professional services for which the Consultant or its subconsultants compete for award, the Consultant and/or its subconsultants shall identify and address any potential organizational conflict of interest as between that solicitation and this Agreement or the work hereunder, particularly in those instances where the Consultant offers to use the same sub-consultants which may be primes or sub-consultants in other Program contracts where such use is not specifically prohibited by the advance restrictions set forth in this policy. The potential for organizational conflicts of interest, and the methodology offered to prevent organizational conflicts of interest, may be evaluated by the County as a criterion for selection as set forth in the applicable competitive solicitation documents.

5. Addressing organizational conflicts of interest

The County will analyze and address organizational conflicts of interest on a case-by-case basis, because such conflicts arise in various, and often unique, factual settings. The Director of MDAD, subject to the approval of the Executive Director of the Commission on Ethics or his designee, shall make the decision of how to address an

organizational conflict of interest. The Executive Director of the Commission on Ethics or his designee shall render its determination promptly to avoid impacting the Program. The County shall consider the specific facts and circumstances of the situation and the nature and potential extent of the risks associated with an organizational conflict of interest when determining what method or methods of addressing the conflict will be appropriate. When an organizational conflict of interest is such that it risks impairing the integrity of the Program, then the County must take action to substantially reduce or eliminate those risks. If the only risk created by an organizational conflict of interest is a performance risk relating to the County's business interests, then the County shall have broader discretion in accepting some or all of the performance risk, but only when the potential harm to the County's interest is outweighed by the expected benefit from having the conflicted Consultant perform the Agreement. The County shall balance risks created by any organization conflict of interest against potential impacts to the Community Business Enterprise community in analyzing the appropriate method of addressing any organizational conflict of interest. Notwithstanding the preceding, the County's decision as to the existence of, and/or remedy for, any organizational conflict of interest shall be wholly binding on the Consultant, and shall be made in the County's sole and complete discretion.

6. Measures to address organizational conflicts of interest

The measure, or combination of measures, which may be appropriate to address an organizational conflict of interest, if any, shall be decided by the Director of MDAD and include, but are not limited to: (a) avoidance of risk through reduction of subjectivity in the analysis or by defining work tasks and deliverables with specificity, (b) requiring the Consultant and/or its sub-consultants to implement structural barriers (firewalls) and internal corporate controls, (c) limiting the Consultants or subconsultant or the specific personnel to be involved in a work assignment, (d) employing specific hourly limits on defined tasks, (e) limiting or prohibiting certain pass through fees and markups, (f) executing a mitigation plan which will define specific Consultant and sub-consultant duties to mitigate organizational conflicts of interest, (g) requiring sub-consultants who are conflict free to perform identified areas of work, (h) requiring the Consultant or its sub-consultants to adopt, disseminate and instruct staff on conflict of interest identification and remediation procedures and (i) relying on more than one source or on objective or verifiable data or information.

7. Documentation and evaluation

The Director of MDAD will set forth in the Agreement file a written explanation of the methodology used to address an identified organizational conflict of interest. The County shall periodically evaluate the effectiveness of the methodology in the protection of the Program. Upon the rendering of a decision regarding the resolution of a reported conflict of interest, a copy of such finding shall be forwarded to the OIG and the COE.

8. Organizational conflicts of interest which are not remedied

If in the sole discretion of the County there is no measure or combination of measures which protect the County against the organizational conflict of interest, the County may require that the Consultant cease the activity which creates a conflict with this Agreement. Failure to abide by this requirement shall result in the Consultant being

in breach of this Agreement. In addition, the County may without penalty decline to award future professional service agreements or other contracts to the Consultant or its subconsultants if the award of such agreement or conflict with result in a conflict which cannot be remedied.
