Memorandum

MIAMI-DADE COUNTY

Date: March 3, 2023

Agenda Item No. 2(B)(3)
April 4, 2023

To: Honorable Chairman Oliver G. Gilbert, III
and Members, Board of County Commissioners

From: Daniella Levine Cava
Mayor

Subject: Report Regarding Transition to Constitutional Offices – A Combined Response to Directives 221383, 221086, 221017, 221018, and 221381

Executive Summary

This report is an update to the December 15, 2022, combined response to Board of County Commissioners (Board) legislation which aims to ensure that new and reestablished constitutional offices in Miami-Dade County, made necessary by the passage of Amendment 10 to the Florida Constitution during the 2018 General Election, are ready to operate fully by the effective date of January 7, 2025. The resolutions passed by the Board during the Board's Special Meeting held on May 5th and carried forward on June 6th, 2022 are Resolutions R-558-22, R-463-22, R-464-22, R-465-22, all sponsored by former Commissioner Jose "Pepe" Diaz and Commissioner Raquel A. Regalado, and Resolution R-559-22 sponsored by Commissioner Regalado.

Specifically, this memo provides an update on the inventory required by the legislation as well as actions regarding the reestablishment of the Office of the Sheriff.

Background

Beginning on May 5, 2022 and carried forward until June 6, 2022, the Board held a Special Meeting to set County policy and to consider implementation planning to address the impact of Amendment 10 to the Florida Constitution approved during the 2018 General Election in Florida on the operations of the Miami-Dade County Tax Collector, the Supervisor of Elections, the Property Appraiser, Miami-Dade County Police, and the Clerk of Courts. Amendment 10 requires the creation or reestablishment of the constitutional offices of the Tax Collector, the Supervisor of Elections, the Property Appraiser, and the Sherriff in Miami-Dade County. With respect to the Clerk of the Court, Amendment 10 removes the County's ability to transfer by Charter any statuary duties of the Clerk of Court to the County.

Report

Status of Requested Inventory

The Board has requested an inventory of all real property, assets, equipment, contracts, grants, and licenses, as well as personnel, that are used in the Elections Department, the Finance Department, the Tax Collector Department (previously the Tax Collector Division of the Finance Department) and the Property Appraiser to perform the functions that would be assigned to a respective constitutional office. The Board has further requested that this inventory include items' date of acquisition, remaining useful life, current fair market value, the remaining term of active contracts, and limitations, if any, on transferring any of the items to successor departments. Information regarding employees' position titles, dates of hire, current salaries, and the value of all benefits is also required. Finally, the Board has also requested updates to these inventories every two months until January 7, 2025.

The following attachments include the required updated information:

- Attachment A includes a summary and the detailed inventory for the Elections Department.
- Attachment B includes a summary and the detailed inventory for the Finance Department (with respect to the statutory duties of the Clerk of Courts).
- Attachment C includes a summary the detailed inventory for the Tax Collector Department.
- Attachment D includes a summary and the detailed inventory for the Office of the Property Appraiser.

This information has been retrieved from a variety of sources, including the following:

- The Integrated Financial Resources Management System (INFORMS) contains information regarding capital and non-capital assets, employees, personnel vacancies, and active contracts.
- The Internal Services Department provided relevant real estate and office space information.
- The Finance Department provided information regarding capital and non-capital assets of the Finance and Tax Collector Departments.
- The Elections Department provided supplemental information regarding non-capital asset inventory in the Elections warehouse.
- The Office of Management and Budget provided information on County grants.

The table below provides a list of the type of information that is included in the inventory. This list may change for future reports as departments and staff fine tune the inventory information that is necessary to effectuate a seamless transfer of functions, materials, and personnel.

Inventory Category	Information	
Personnel and Vacancies	• Employee Name and ID • Department • Division • Date of Hire • Protected Status • Position Title • Position Number • Full Time/Part Time Status	• Base Annual Salary • Adjusted Annual Salary (or minimum / maximum of salary range for vacant positions) • Dollar Value of Employer Provided Benefits • Dollar Value of Employee Benefits Cost • Position Budgeted • Estimated Percentage of Time Employee is Involved in Constitutional Functions
Real Property	• Department Occupant • Facility Name • Address • Estimated Square Feet	• Asset Owner (ISD or Dept.) • Estimated Percentage of Square Feet Used for Constitutional Functions • Restrictions on Transfer to Successor
Equipment/Assets	• Department • Asset ID Number • Asset Description • Tag Number • Serial ID Number • Date of Acquisition • Asset Status	• Asset Type • Total Purchase Cost • Net Book Value • Estimated Remaining Life • Estimated Percentage of Time Asset is Used for Constitutional Functions • Restrictions on Transfer to Successor

Inventory Category	Information	
Active Contracts	• Department • Contract ID Number • Contract Status • Contract Description • Start Date • Expiration Date • Total Contract Value	• Total Amount of Contract for Department Allocation • Remaining Allocation for Department • Released Amount • Estimated Percentage of Contract Used for Constitutional Functions • Restrictions on Transfer to Successor
Grants	• Department • Funding Type • Granting Organization • Grant Title • Amount Awarded • Grant Status	• Grant Start Date • Grant End Date • Description for use of Funds • Estimated Percentage of Grant Used for Constitutional Functions • Restrictions on Transfer to Successor
Licenses	• Department • Department Work Unit • License Identifier(s) • Issuer of License	• Date Issued • Date of Expiration • Restrictions on Transfer to Successor • License Description

With respect to County assets, it is important to note that useful remaining life and fair market value information requested by the Board is not kept in INFORMS. As an alternative, INFORMS provides the number of years it takes for an asset to be fully depreciated as well as the current Net Book Value. Net Book Value is the value of an asset reported in the County's accounting system that is reduced annually by scheduled depreciation until it reaches $0. Additionally, under state law and County procedures, only capital assets with a purchase price of $5,000 or more are required to be recorded in the Countywide asset inventory. County departments may report non-capital asset inventory voluntarily; where available, that information is included in the inventory. Information regarding current market value and useful life of County real property is not currently tracked by the Internal Services Department.

As required, the inventory information will be updated and provided to the Board bi-monthly.

Office of the Sheriff

Resolution R-558-22 requires the administration to report to the Board every two months regarding the progress being made to prepare for the reestablishment of the Office of the Sheriff, as well as establishing the policy for the continued provision of municipal police patrol services by the Miami-Dade Police Department (MDPD) in the Unincorporated Municipal Services Area (UMSA) and investigative and specialized police services in UMSA and, potentially, in County municipalities by interlocal agreement after the January 7, 2025.

Since the previous report submitted to the Board on December 15, 2022, staff from MDPD and the Office of Management and Budget have been reviewing current levels of effort that MDPD performs on Sheriff duties as stipulated in Florida Statutes. This exercise is intended to produce a staffing framework for a future Miami-Dade County Police Department that provides services consistent with the Board's policy. This exercise also includes identifying and quantifying resource requirements for administrative support.

Given the Board's policy, MDPD is also reviewing its workload history of investigative and specialized services that have been provided to municipalities. MDPD services being reviewed include activities performed by MDPD's Strategic Response Division (e.g., Special Patrol, Marine Patrol, Tactical

Operations, Motorcycle and Aviation) and by Investigative Services (e.g., Forensic Services, Crime Scene Investigations, Economic Crimes, Narcotics, Robbery, Homicide, and Special Victims). This analysis is necessary for developing draft interlocal agreements to offer these services to municipalities after 2025.

In developing such draft interlocal agreements, and to determine the resource levels that would be required for a future Miami-Dade County Police Department to provide investigative and specialized services to municipalities, it is important to determine beforehand municipalities' interest and willingness to pay for such services from their annual budgets. Currently, the provision of these services within municipalities is funded by the Countywide General Fund tax that residents in both UMSA and the municipalities currently pay. Board policy also requires Miami-Dade County Police to provide Crime Lab, Homeland Security, and Special Patrol activities after 2025. Using this revenue source to pay for such services may not be possible after the reestablishment of the Office of the Sheriff in 2025.

It is important to note that given the Board's policy, future continuation of MDPD's current agreements to provide comprehensive police services, including local patrol, in Cutler Bay, Palmetto Bay and Miami Lakes may not be possible after the reestablishment of the Office of the Sheriff. Opinions released by the Florida Attorney General's Office assert that there is no statuary authority to allow municipal police departments to provide all of another municipality's police services. In circumstances where a municipality has no police department and seeks to contract for law enforcement services, the municipality may contract with the Sheriff.

Furthermore, OMB continues to review how the Miami-Dade County Corrections and Rehabilitation Department and the incoming Office of the Sheriff in Miami-Dade County could work together at Miami-Dade County's courthouses. This analysis includes a review of how Florida counties with separate sheriff and corrections departments transport and escort inmates to and within courthouses, how overall security is maintained in these counties' courthouses, and if correctional officers in these jurisdictions have any role other than transporting the inmates to the courthouses.

Pursuant to Ordinance No. 14-65, this report will be placed on the next available Board agenda. Should you require additional information, please contact David Clodfelter, Director, Office of Management and Budget at 305-375-5143.

ATTACHMENT A

Bimonthly Constitutional Office Inventory Report
Executive Summary: Elections
February 2023

Below is a summary of the required information for the Elections Department inventory report. This information is based on a moment in time and is subject to change. Inventory information regarding Elections personnel, real property, capital assets, non-capital assets, contracts, grants, and licenses is attached. Below are key highlights of the inventory.

Personnel

At the time of this inventory, Elections has 107 full-time employees and fifteen vacancies, and a FY2022-23 personnel budget of $21,227,000.

Real Property

Elections maintains offices in multiple locations throughout Miami-Dade County. The spaces used are as follows:

Supervisor of Elections Warehouse
2700 NW 87th Avenue

Supervisor of Elections Offices
2700 NW 87th Avenue

Stephen P. Clark Center (Satellite Office)
111 NW 1st St. (Lobby)

Internal Services Department Trade Shops
3501 NW 46th Street

Corrections Department
3505 NW 107th Avenue

Elections Warehouse (Leased)
9835 NW 14th Street

Capital Assets

Overall, Elections has 1,926 capital equipment assets with a net book value of $12,697,155.48. All the equipment is used more than half of the time on statutory functions. Included in the inventory are five Canon Copier Machines and one Stahlfolder, which are located in the Internal Services Department Print Shop and used for Elections

printing needs (such as ballot production) as well as printing services for other County departments. Future transition agreements between the County and the Office of the Supervisor of Elections will need to provide for shared use of this equipment. Additional asset information that include voting machine types was provided by Elections and has been added where appropriate to the capital and non-capital asset inventories.

Non-Capital Assets

INFORMS data shows Elections has 3,220 non-capital equipment items with a total initial purchase value of $7,722,925.68. This number is based on information that was existing in the INFORMS systems at the time this inventory was completed. Additional supplemental information regarding non-capital assets that are not currently tracked in INFORMS was provided by the Elections Department and has been included in this inventory. All equipment inventoried to date is used 100% of the time for statutory functions, and there is no restriction on the transfer of any of this equipment.

Active Contracts

The inventory identified 21 contracts used by the Elections Department; seven are exclusive to Elections and the remaining fourteen are Countywide, with a total remaining departmental allocation of $17,240,105.68.

Grants

Elections currently has no active grants.

Licenses

Elections currently has no active licenses.

ATTACHMENT B

Bimonthly Constitutional Office Inventory Report
Executive Summary: Finance Department for Clerk of Courts
February 2023

Below is a summary of the required information from the Finance Department for the Clerk of Courts inventory report. This information is based on a moment in time and is subject to change. Inventory information regarding the Finance department personnel, real property, capital assets, non-capital assets, contracts, grants, and licenses is attached. Below are key highlights of the inventory.

Personnel

At the time of this inventory, Finance has 214 full-time employees and 35 full-time vacancies. The employees spend 100% of their time on statutory duties of the Clerk of Courts, with the exception of four employees in the Bond Administration Section.

Real Property

Finance currently maintains offices in two County buildings currently managed by the Internal Services Department. Total square footage is estimated at 42,700. The space used is as follows:

Stephen P. Clark Center (29,700 total square footage)
111 NW 1st Street, 25th and 26th floor

Martin Luther King Building (13,000 total square footage)
2525 NW 62 Street

In the future, Finance is planning to eliminate the use of space in the MLK building and on the 25th floor of the SPCC, transitioning into a hoteling concept due to increased telecommuting.

Capital Assets

Overall, Finance has six capital assets with a total initial purchase cost of $39,923.76.

Non-Capital Assets

INFORMS data shows Finance has 392 non-capital equipment items with a total initial purchase value of $170,293.02. The list for Non-Capital Assets does not include furniture.

Active Contracts

The inventory identified 31 contracts used by the Finance Department with a total remaining departmental allocation of $35,366,403.45. Only 21 of these contracts are used in full to perform statutory functions of the Clerk of Courts. Twelve of these contracts are multi-departmental County contracts.

Grants

Finance currently has no grants.

Licenses

Finance currently has no licenses.

ATTACHMENT C

Bimonthly Constitutional Office Inventory Report
Executive Summary: Tax Collector
February 2023

Below is a summary of the required information for the Tax Collector inventory report. This information is based on a moment in time and is subject to change. Inventory information regarding the Tax Collector Department personnel, real property, capital assets, non-capital assets, contracts, grants, and licenses is attached. Below are key highlights of the inventory.

Personnel

At the time of this inventory, Tax Collector Department has 187 full-time positions, including 38 vacancies. Additionally, all 187 employees are involved 100% of their time in statutory duties for the Tax Collector.

Real Property

The Office of the Tax Collector's two County buildings are currently managed by the Internal Services Department (ISD). Most of its activities take place in the West Lot Office Building, which is currently used exclusively for the Tax Collector except for a small area used by ISD Parking operations. The Tax Collector uses most of the square footage for statutory functions. The facilities used by the Tax Collector are the following:

West Lot Office Building (55,000 total square footage)
200 NW 2nd Avenue

Internal Service Department Trade Shops (5,200 total square footage)
3501 NW 46th Street

Capital Assets

The Tax Collector has 26 capital assets with an estimated cost of $6,522,987.67. At the time of this report, there are 7 capital assets pending deletion from the system, totaling $218,143.45, resulting in a final net cost of $6,304,844.22.

Because the reports of capital and non-capital assets were generated prior to the establishment of the Tax Collector Department, most of the assets are shown as pertaining to the Tax Collector Division of the Finance Department. This information may be updated in future reports to reflect the new organizational structure.

Non-Capital Assets

The Tax Collector has 200 non-capital equipment items with a total initial purchase value of $88,792.75. This list includes non-capital items such as computers that are assigned to employees and subject to return when the employee leaves the department. The list for Non-Capital Assets does not include furniture.

Active Contracts

The inventory identified 14 contracts used by the Tax Collector with a remaining allocation of $7,089,669.32. All these contracts are used in full to perform statutory functions of the Tax Collector.

Grants

The Tax Collector currently has no grants.

Licenses

The Tax Collector currently has no licenses.

Tax Collector Asset Inventory

Real Property

Bimonthly Constitutional Office Inventory Report
Executive Summary: Property Appraiser
February 2023

Below is a summary of the required information for the Office of the Property Appraiser's (OPA) inventory report. This information is based on a moment in time and is subject to change. Inventory information regarding OPA personnel, real property, capital assets, non-capital assets, contracts, grants, and licenses is attached. Below are key highlights of the inventory.

Personnel

At the time of this inventory, OPA has 410 budgeted fulltime employee positions of which 378 are filled, and a FY 2022-23 personnel budget of $47,574,000. Also, based on their operational needs, OPA created a number of new classifications and re-graded certain positions over the last year. At the time of this inventory, staff was being transitioned into new positions and old positions had not yet been deleted. OPA is in the process of reconciling all positions. OPA employees spend all of their time on statutory duties.

Real Property

OPA maintains offices in three County buildings currently managed by the Internal Services Department. All the buildings house other County departments. The space used is as follows:

Stephen P. Clark Center
111 NW 1st St., 7th, 8th, and 9th

South Dade Government Center
10710 SW 211 St., 2nd floor

OTV North Building
701 NW 1st St., part of the 11th floor

Capital Assets

Overall, OPA has 50 capital equipment assets with a net book value of $ 464,084.68. There is no identified restriction on transferring this equipment to a successor office. All the equipment is used 100% of the time on statutory functions.

In addition, there is some capital equipment that is not currently in the OPA inventory but is critical to the operation of the office. One such category of items consists of the network switches located on each floor and the backbone switches that route traffic to the Wide Area Network (WAN) providing connectivity between PA remote sites, internet service, and access to critical application such as INFORMS and CAMA. OPA is in the process of identifying these assets.

Non-Capital Assets

INFORMS data shows OPA has 189 non-capital equipment items with a total initial purchase value of $292,962.14. This number is based on information that was existing in the INFORMS systems at the time this inventory was completed and reflects items that were deemed capital assets prior to the capital asset threshold being increased from $1,000 to $5,000. The OPA maintains a more complete inventory of non-capital assets in a separate in-house application. All equipment inventoried to date is used 100% of the time for statutory functions, and there is no known restriction on the transfer of any of this equipment.

Active Contracts

The inventory identified 26 contracts under OPA's authority with a total remaining allocation of $7,494,625.15. Eight of the contracts will expire within the next 6 months. New contracts will be reestablished for the respective commodities.

Grants

OPA currently has no grants.

Licenses

OPA currently has no active licenses.
