Memorandum

Date: March 6, 2007

To: Honorable Chairman Bruno A. Barreiro
and Members, Board of County Commissioners

From: George M. Burgess
County Manager

Subject: Sabal Chase Park
Amended Lease

Agenda Item No. 8(M)(1)(C)

RECOMMENDATION

It is recommended that the Board adopt the attached resolution authorizing the execution of an amendment to the lease agreement with Miami-Dade County Public Schools (District) for William Lehman Elementary School located within Sabal Chase Park. The resolution also modifies indemnification provisions related to Americans with Disability Act (ADA) and ADA Accessibility Guidelines, alters maintenance responsibilities and establishes permissions to issue all permits.

BACKGROUND

Sabal Chase Park, located at SW 109 Road and SW 113 Place, contains both park and school facilities. District construction of a school on park land was authorized by a lease agreement (Attachment 1) approved by the Board in 1993 through Resolution No. R-823-93 (Attachment 2), which also required that future changes to the school be subject to a Governmental Facility Hearing. The District, now needing to make changes to the facility, has completed the Hearing and has agreed to provisions that necessitate indemnifications for Miami-Dade County (County) against Americans with Disability Act violations and Americans with Disability Act Accessibility Guidelines requirements (Attachment 3). In return, the County has allowed the District to inspect and permit construction on County lands. These provisions are contained in an amended lease agreement, which is a companion item to the Governmental Facility Hearing.

Other terms and conditions of the lease remain unchanged, including a forty year lease term; District responsibility for utilities and maintenance of the school facility; and in the event the County intends to cancel the lease agreement in the public interest, and acquire and use the property for a County park purpose, it must give the District 150 days notice. In that event, the County shall pay the Miami-Dade County School Board the fair market value of the permanent improvements constructed on the site.

June 28, 2006

**SUBJECT: AUTHORIZE THE SUPERINTENDENT TO FINALIZE
NEGOTIATIONS AND EXECUTE A LEASE AMENDMENT
WITH MIAMI-DADE COUNTY, FOR THE LAND TO SITE
WILLIAM LEHMAN ELEMENTARY SCHOOL, LOCATED
AT 10990 SW 113 PLACE**

COMMITTEE: FACILITIES AND CONSTRUCTION REFORM

Background Information

Since September 1999, the Board has leased 8.11 acres of land from Miami-Dade County (County) to site William Lehman Elementary School (School). The District constructed the school, at its sole cost and expense, and has total responsibility for the operation and maintenance of the facility. The lease expressly provides that no additional temporary or permanent structures may be placed on the demised premises without approval through compliance with Chapter 33-303, of the County Code, which requires review by a number of County agencies as part of a Government Facilities Hearing.

Additional Information

As part of the District's capital construction program, it has been determined that a need exists at this location for a 242-seat modular classroom addition. A request was made to the County to allow this addition, which was approved, subject to compliance with requirements generated as a result of a Government Facilities Hearing.

The Government Facilities Hearing has been completed, and staff has, or is in the process of, complying with all requirements. Among these, is a request from the County Attorney's Office to amend the lease agreement to address issues related to the Americans with Disabilities Act (ADA) and Americans with Disabilities Act Accessibility Guidelines (ADAAG). Specifically, the District will indemnify and save harmless the County from any and all claims, liability, losses, and causes of action arising under ADA and/or due to violations of ADAAG requirements on facilities and/or improvements constructed by the District at the School. In addition, the District will be required to correct any existing violations of the Florida Building Code or ADAAG within the School.

The Department of Facilities ADA Compliance has advised that approximately \$500,000 will be required to correct those outstanding ADA issues noted in a recent survey of the School. This work is slated to be completed by the District during fiscal year 2014-15. In addition, the County has notified the District that it

believes an additional approximate \$400,000 will be required to complete all outstanding ADA compliance issues (for a total of approximately \$900,000). It is anticipated that, as part of the construction of the new modular facility, additional funds will be made available to complete a substantial portion of the outstanding ADA compliance issues.

The proposed amendment will include, substantially, the following terms:

- the District will be responsible for conducting all inspections of the modular classroom addition in compliance with the Florida Building Code and ADAAG, and issuing all necessary permits. The District shall correct any existing violations of the Florida Building Code or ADAAG within the demised area; and
- the Board shall indemnify and save harmless the County from any and all claims, liability, losses, and causes of action arising under ADA and/or due to violations of ADAAG requirements on facilities and/or improvements constructed by the District at the School.

The proposed language has been reviewed and approved by the School Board Attorney's Office.

All other terms and conditions of the lease agreement will remain unchanged, including the following:

- a forty year lease term;
- the District has all responsibility for utilities, and maintenance of the facility; and
- in the event the County intends to cancel the lease agreement in the public interest, and acquire and use the property for a County purpose, it must give the District 150 days notice. In that event, the County shall pay the Board the fair market value of the permanent improvements constructed on the site.

RECOMMENDED:

That The School Board of Miami-Dade County, Florida, authorize the Superintendent to finalize negotiations and execute a lease amendment with Miami-Dade County, for the land to site William Lehman Elementary School, to indemnify and save harmless the County from any and all claims, liability, losses, and causes of action arising under ADA and/or due to violations of ADAAG requirements on facilities and/or improvements constructed by the District at the School. All other terms and conditions of the lease agreement will remain unchanged.
