Subject: Road Closing Petition P-820
Section: 2-52-40

All Roads within the Plat of COUNTRY CLUB OF MIAMI ESTATES SECTION ONE, Recorded in Plat Book 75, Page 6, of the Public Records of Miami-Dade County, Florida, Except the East 150 feet of Guy del Russo Parkway and Conveying Said Roads to Country Club of Miami Estates Improvement, Inc., a Homeowners Association in Accordance to Florida Statute 3363125(St. Andrews Parkway by Plat)
Commission District: 13

This item was amended during the February 6, 2007 Board of County Commissioners meeting. Commissioner Seijas recommended the amendments to the Manager's Memo to reflect that the tax assessment on the privatized roads and rights-of-way will be treated as common area allocated to individual property owners at no additional value; the County Deed will have an expanded and more detailed legal description; and the Agreement shall have an expanded legal description and delete Exhibit "C".

RECOMMENDATION

It is recommended that the Board of County Commissioners (BCC) grant the attached Road Closing Petition and authorize conveyance of said closed rights-of-way to Country Club of Miami Estates Improvement Association, Inc. a not for profit Homeowners Association following a public hearing. In addition, it is recommended that the Board authorize the County Manager to execute the attached Agreement for Conveyance of Rights-of-Way with Country Club of Miami Estates Improvement Association, Inc. The Miami-Dade County Departments of Planning and Zoning, Public Works, Water and Sewer and Fire Rescue have no objection to the rights-of-way closing.

BACKGROUND

The Petitioner, Country Club of Miami Estates Improvement Association, Inc., wishes to close all of the rights-of-way within the plat of "COUNTRY CLUB OF MIAMI ESTATES SECTION ONE", recorded in Plat Book 75, Page 6, of the Public Records of Miami-Dade County, Florida, west of a line 150 feet west of the east line of Section 2, Township 52 South, Range 40 East. The purpose of this Road Closing is to convert the rights-of-way into private roads and convey them to the Petitioner in accordance with Section 336.125, Florida Statutes (2006). Said statute provides that the roads may be conveyed to an existing Homeowners Association to be used as private roads, and it also requires that the Association be responsible for the repair and maintenance of said private roads. This road closing will not enhance the individual properties; however, the petitioner will be able to control access to the community to improve its safety and privacy once these roads become private.

The subject right-of-way was dedicated in 1962 by the plat of "COUNTRY CLUB OF MIAMI ESTATES SECTION ONE", recorded in Plat Book 75, Page 6, of the Public Records of Miami-Dade County, Florida. The area surrounding the subject right-of-way is zoned RU-1 (Single Family Residential District). The Public Works Department will be saving approximately \$4,000.00, in yearly costs for the maintenance and upkeep of the subject roads.

This petition was filed after October 1, 2004, when the BCC approved the resolution which amended Administrative Order 4-114 by creating the two tier fee system for Road Closing Petitions. However, the rights-of-way will not revert to individual property owners to enhance their buildable lots, but instead will remain as private access roads as part of the Association's common area. Therefore, the rights-of-way will be allocated to individual property owners for property tax purposes at no additional value. The petitioner has paid only the \$800.00 application fee. This petition is being sponsored by Commissioner Natacha Seijas.

6. The Association meets the requirements of Section 336.125(1)(a)3. In particular, the Association is both a corporation not for profit organized and in good standing under Chapter 617 Florida Statutes, and a "homeowners' association" as defined in Chapter 720, Florida Statutes, Section 720.301(9), with the power to levy and collect assessments for routine and periodic major maintenance and operation of street lighting, drainage, sidewalks and pavement in the subdivision (there presently are no sidewalks within the subdivision). Attached hereto is a copy of the Association's Third Revised Declaration of Protective Covenants recorded in Official Records Book 14024, at page 1929, of the Public Records of Miami-Dade County, Florida. Pursuant to paragraph 5 of the declaration, the Association has plenary power to levy and collect annual and special assessments to improve and maintain properties, services and facilities devoted to promoting the health, safety and welfare of the residents of the subdivision, including repair, replacement and additions, and further including the cost of labor, equipment, materials, management and supervision.
7. Pursuant to Section 336.125(1)(a)4, the Association is prepared to enter into and execute such agreements, covenants, warranties, and other instruments; has provided, and hereby provides assurance of, such funds, reserve funds, and funding sources; and is prepared to satisfy such other requirements and conditions as may be established or imposed by the County with respect to the ongoing operation, maintenance and repair and the periodic reconstruction or replacement of the roads, drainage, street lighting and any future sidewalks (there presently are no sidewalks within the subdivision) in the subdivision after the abandonment by the County.
8. Pursuant to Section 336.125(b), the Association shall install, operate, maintain, repair and replace all signs, signals, markings, striping, guardrails and other traffic control devices necessary or useful for the private roads unless an agreement is entered into between the County and the Association, as authorized under Section 316.006(3)(b), expressly providing that the County has traffic control jurisdiction.
9. Pursuant to Section 336.125(2), upon abandonment of the roads and rights-of-way and the conveyance thereof to the Association, the Association shall have all the rights, title and interest in the roads and rights-of-way, including all appurtenant drainage facilities, as were previously vested in the County. The Association thereafter shall hold the roads and rights-of-way in trust for the benefit of the owners of the property in the subdivision, and shall operate, maintain, repair, and, from time to time, replace and reconstruct the roads, street lighting, sidewalks, and drainage facilities as necessary to ensure their use and enjoyment by the property owners, tenants, and residents of the subdivision and their guests and invitees.
10. The Association's application fee in the amount of \$800.00 accompanies this petition. The Association respectfully requests that the processing fee be waived.

Wherefore, the Association respectfully requests that this petition be granted by resolution adopted after public hearing on notice.

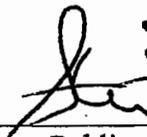

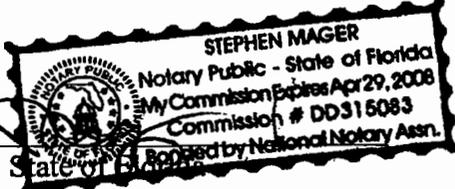

Respectfully submitted,

Country Club of Miami Estates Improvement Association, Inc.
