Agenda Item No. 8(P)(1)(J)

To: Honorable Chairman Bruno A. Barreiro
and Members, Board of County Commissioners

From: George M. Burgess
County Manager

Subject: Project Award Recommendation in the Amount of $105,114.28 Between Trans Tech Electric, L.P. and Miami-Dade County for the People's Transportation Plan (PTP) Project Entitled Traffic Signal Installation Along NW South River Drive and NW 91 Terrace, Located Within Commission District 12 **(Project – CICC 7360-0/08 RPQ No. 20060359)**

Recommendation

The attached Project Award Recommendation for the traffic signal installation along NW South River Drive and NW 91 Terrace, located within Commission District 12 (Project – CICC 7360-0/08 RPQ No. 20060359), in the amount of $105,114.28, between Trans Tech Electric, L.P. and Miami-Dade County has been prepared by the Public Works Department (PWD) and is recommended for approval. Proceeds from the Charter County Transit System Sales Surtax (the Surtax) will be used to fund this project, therefore, approval by the Board of County Commissioners (BCC) and Citizens' Independent Transportation Trust (CITT) is required.

Scope

The work to be performed under the life of this contract includes traffic signal installation along NW South River Drive and NW 91 Terrace, located within Commission District 12.

Fiscal Impact/Funding Source

The proposed improvements qualify under the allowable work categories included in the People's Transportation Plan (PTP) Neighborhood Improvements Section. Specific funding for this project will be allocated from the Commission District 12 PTP yearly allocations. The fiscal impact will be approximately $105,114.28 and will be funded from the Surtax.

Track Record/Monitor

The contractor, Trans Tech Electric, L.P., is new to the Department. Therefore, the Office of Capital Improvements (OCI) database lists no contracts for this contractor. PWD will closely monitor their performance.

Following PWD's standard operating procedures, after award of this contract, a pre-construction meeting will be scheduled. Throughout all PTP projects, the responsible staff person in PWD will continue to be the PTP Coordinator, Mr. Frank Aira, P.E. Following completion of the award process, the project will be assigned to Mr. Oscar Rubio, Project Manager, for day to day responsibilities.

According to the Florida Department of State, Division of Corporations, Trans Tech Electric, L.P., Company Principals are: Joseph Belushi, Mark Lord and Michael Urbanski the Company's address is listed as: 6015 Benjamin Road, Suite 324, Tampa, Florida 33634.

Background

In an effort to accelerate the continued success of the PTP Neighborhood Improvements initiative, PWD is taking advantage of various contracting mechanisms, such as the subject Miscellaneous Construction Contracting (MCC) process available under OCI contract CICC 7360-0/08. Through this process, PWD forwards the Request for Price Quotation (RPQ), by way of facsimile transmission and US-mail, to a pool of firms that have registered with OCI for the subject trade. Additionally, PWD advertises the project in the Daily Business Review as well as providing courtesy notifications in the Diario De Las Americas, Miami Herald, Miami Times, Haiti en Marche, Le Floridien, and Kiskeya Herald. Interested contractors prepare their bids according to the Job Order Contracting (JOC) process, whereby the County establishes unit prices for the pay items in accordance with industry averages. The contractors submit their bid as an overall percentage factor of the pricing established by the County. The project award evaluation is based upon the lowest percentage submitted by the responsive, responsible bidder for the project.

PWD staff submitted the referenced project to the Department of Business Development's (DBD) Review Committee. The Review Committee met on February 21, 2007, reviewed RPQ 20060359 and recommended no contract measures for this project. Therefore, on February 22, 2007, PWD issued an RPQ for a Traffic Signal Installation at NW South River Drive and NW 91 Terrace and forwarded it to a list of 12 pre-registered firms from the OCI database as noted above. Eight (8) firms purchased contract documents and five (5) firms proffered a bid. As a result, on April 3, 2007, PWD issued a recommendation of award for RPQ 20060359 with a percentage factor of 0.96 to Trans Tech Electric, L.P. with the stipulation that approval of this project must be obtained from the BCC and the CITT due to guidelines associated with the funding source.

The work to be accomplished for this project consists of, but is not limited to, furnishing all supervision, labor, required materials, and equipment and tools to perform traffic signal installation including any ancillary work at the intersection of NW South River Drive and NW 91 Terrace. The contractor shall furnish and install grounding electrodes, conduits, pull boxes, foundations, overhead signs (Internally Illuminated LED signs), mounting hardware, signal cable, power cable and power services. Additional work to be performed includes installing two (2) vehicle detection loops, two (2) traffic signal poles, signage, new pavement markings, and removing existing signs and old pavement markings in conflict with the proposed work. The base contract amount is $90,527.48, but the total allocated amount is $105,114.28, which is inclusive of the contingency and dedicated allowances.
