Amended
Agenda Item No. 8(I)(1)(C)

Subject: Emergency 911 Fees, Interlocal Cooperation Agreements with the cities of Miami, Miami Beach, Coral Gables, Hialeah, Pinecrest and Aventura

R#317-07

RECOMMENDATION

It is recommended that the Board approve the attached resolution for six (6) Interlocal Cooperation Agreements between the County and the cities of Miami, Miami Beach, Coral Gables, Hialeah, Pinecrest and Aventura regarding emergency 911 system service fees; and authorize the County Manager to execute the agreements on behalf of Miami-Dade County.

BACKGROUND

Pursuant to Florida Statutes, local telephone exchange providers must bill their subscribers for the locally approved emergency 911 fee, collect all emergency 911 fees paid by subscribers and then transfer to the County, less a one (1) percent remuneration for administrative costs, the balance of the emergency 911 fees. Also, wireless telephone service providers must bill their subscribers for emergency 911 fees, collect all emergency 911 fees paid by subscribers and then transfer to the Florida State Wireless 911 Board, less a one (1) percent remuneration for administrative costs, the balance of the emergency 911 fees. The Florida State Wireless 911 Board then transfers a portion of these funds to the County pursuant to Florida Statute 365.173.

The cities of Miami, Miami Beach, Coral Gables, Hialeah, and Pinecrest serve as the primary Public Safety Answering Points (PSAPs) for their jurisdictions, as designated by the Comprehensive Statewide Emergency 911 Plan. Miami-Dade County has been utilizing revenues from 911 fees to defray a portion of the daily operating costs of these PSAPs. As the state designated primary PSAP for their jurisdictions, the cities are a necessary and essential element of Miami-Dade County's integrated, regional emergency 911 system. To discontinue funding for these essential municipal PSAPs would degrade emergency 911 coverage.

This agreement specifies the responsibilities for each city, including legal requirements, accountability, budgets, audits, authorized expenses and the proper maintenance of records. Each city's share of 911 fees received from local telephone exchange providers is based on the number of such telephone service subscribers serviced by each city's PSAP. With respect to wireless 911 fees received from Florida State Wireless 911 Board, each city's share is based on the percentage of wireless 911 calls received by each city. Aventura's PSAP will be operational January 2007. Therefore, Aventura will receive 911 fees after Aventura residents begin receiving 911 services from the City and the necessary documentation for distributing the fees is provided.
