# Memorandum

MIAMI-DADE  
COUNTY

**Date:** June 5, 2007

**To:** Honorable Chairman Bruno A. Barreiro and Members,  
Board of County Commissioners

Agenda Item No. 8(D)(1)(D)

**From:** George M. Burgess  
County Manager

**Subject:** Resolution Authorizing the Exchange of Property Rights Between the Florida Department of Transportation (FDOT) and Miami-Dade County for the Relocation of the Northline Canal at the Interchange of S.R. 826/S.R. 836, and the Granting by Miami-Dade County of a Permanent Easement to the FDOT in and Across Portions of the Aforesaid Northline Canal, in Sections 34 & 35, Township 53 South, Range 40 East; Section 2, Township 54 South, Range 40 East; Government Lot 2, Townships 53 & 54 South, Range 40 East; and Granting a License to FDOT for Temporary Use of Property at Miami International Airport (WC-860)

## **Recommendation**

It is recommended that the Board approve a resolution authorizing the exchange of property rights between the Florida Department of Transportation (FDOT) and Miami-Dade County; and the granting by Miami-Dade County of a perpetual easement to the FDOT in and across portions of the Northline Canal for the improvement of S.R. 826/S.R. 836 Interchange, and a license to FDOT covering a parcel of land at Miami International Airport for temporary use for construction purposes.

## **Scope**

The subject item is limited to certain parcels of land owned by the County and located in Commission District No. 6 and Commission District No. 12.

## **Fiscal Impact/Funding Source**

The subject item has no fiscal implication to Miami-Dade County.

## **Track Record/Monitor**

N/A

## **Background**

The Northline Canal is part of the secondary canal system owned and operated by Miami-Dade County for flood protection and water management. The right-of-way for said canal was obtained by implementation of the Water Control Master Plan at no cost to Miami-Dade County. A portion of that canal runs contiguous to the Palmetto Expressway (S.R. 826), and partly under the East-West Expressway (S.R. 836). The Florida Department of Transportation (FDOT) is undertaking a major redevelopment of the highway system at the interchange of S.R. 826/S.R. 836. The proposed improvement, which will improve traffic flow and create a corridor for the future expansion of the Metrorail, is presently restricted by the location of the existing canal. The FDOT is proposing a relocation of a section of that canal to facilitate that improvement.

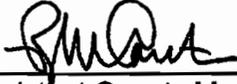

Miami-Dade County agrees to issue a County Deed to quit claim certain parcels of land no longer needed under the relocation plan. In exchange, the FDOT has submitted a valid deed to the County for the transfer of rights to parcels of land for the relocated section of canal.

In addition, the County will grant to FDOT a perpetual easement for the use of the waterway as needed for bridges and the placement of roadway supports. The County will also grant a temporary

and Members, Board of County Commissioners

license agreement to FDOT for use of airport property for construction purposes.

Because one of the subject parcels is under the control of the Miami-Dade Aviation Department (MDAD), the Department of Environmental Resources Management (DERM) and MDAD have reviewed the project and recommend Board approval of this item.

AGREEMENT PROVIDING  
FOR EASEMENT TO  
FLORIDA DEPARTMENT OF TRANSPORTATION  
FROM MIAMI-DADE COUNTY

THIS AGREEMENT, entered into this \_\_\_\_\_ day of \_\_\_\_\_, 20\_\_\_\_, by and between the Miami-Dade County, a political subdivision of the State of Florida, hereinafter referred to as the County, and the State of Florida Department of Transportation, hereinafter referred to as the FDOT.

WITNESSETH:

WHEREAS, the County is the fee simple owner by right-of-way deed of real property currently used for a secondary canal: The Northline Canal running along the East right-of-way line of S.R. 826; and

WHEREAS, a certain portion of said real property has been determined necessary for highway purposes by FDOT; and

WHEREAS, the proposed use of said real property for the construction of additional lanes and bridge supports in the widening and improvement of the interchange of S.R. 826/S.R. 836 requires the subordination of a portion of said fee simple ownership of the County to the FDOT in the form of an easement; and

WHEREAS, said easement desired by FDOT is legally described as set forth in Exhibit "C" attached hereto and incorporated herein by referenced as if fully set forth herein.

NOW, THEREFORE, in consideration of the performance by FDOT, its successors, grantees, and assigns of FDOT's covenants herein contained, it is agreed by and between the County and FDOT as follows:

1. County hereby grants FDOT, subject to the terms and conditions hereinafter set forth, the right and privilege, solely at FDOT's expense, to construct and erect such structures and appurtenances necessary for the widening and improvement of the interchange of S.R. 826/S.R. 836, within the area between the banks of the existing Northline Canal, and which area is legally described as the easement granted herein as set forth in EXHIBIT "C".

2. FDOT shall, at FDOT's sole expense, perform all work which may be required in connection with the redevelopment of the canal cross section wherever impacted by such structures and appurtenances to maintain the hydraulic viability of said canal. Said work shall include, but is not limited to, canal dredging, bank restoration and stabilization, and providing turbidity-control measures during construction, all the foregoing to the satisfaction of County. The FDOT shall, at FDOT's sole expense, do all work required by the County to maintain the hydraulic viability of said canal at a level of hydraulic viability which equals or exceeds the level of hydraulic viability which existed prior to any such structures and appurtenances having been constructed by FDOT. In no event shall the volume or velocity of water flowing through and in the aforesaid canal be negatively impacted at any time or under any circumstances or under any weather conditions by reason of any construction in the easement by FDOT or by the existence of any structures or appurtenances owned or operated by FDOT in the easement.

In the event that FDOT fails at any time, during or after construction, to comply with any or all of the requirements or covenants of FDOT in this Paragraph 2. or in Paragraph 3. herein below or in Paragraph 4. herein below or in Paragraph 5. herein below, then FDOT agrees to remove any and all such structures and appurtenances which are in the easement herein granted upon the written request of the County and at the sole expense of FDOT and within the time period required for such removal by the County. FDOT agrees and covenants that the sole financial responsibility for any costs, expenses or damages of any kind whatsoever caused by such failure or failures to comply shall be borne by FDOT.

3. All work performed by or for FDOT within said canal shall be performed in accordance with County approved plans and as authorized under the terms and conditions of a Class III environmental permit issued by the County.

4. FDOT shall have no right to construct, maintain or operate, or to permit, suffer, allow, or authorize other persons to construct, maintain or operate any structures or appurtenances in the easement granted by the County which are not expressly authorized and permitted by the County in writing in the easement or in this Agreement.

5. FDOT agrees, at FDOT's sole expense, to perform any additional work anywhere in the aforesaid canal deemed necessary by the County in the event water flow contraction, restriction or obstruction occurs at anytime in the canal during and after construction of the structures and appurtenances by FDOT in the easement granted herein.

6. FDOT shall indemnify and hold harmless the County and its officers, employees, agents and instrumentalities from any and all liability, losses or damages, including attorney's fees and costs of defense, which the County or its officers, employees, agents or instrumentalities may incur as a result of claims, demands, suits, causes of actions or proceedings of any kind or nature arising out of, relating to or resulting from the performance of this Agreement by the FDOT or its officers, employees, agents, servants, partners, principals or subcontractors. The FDOT shall pay all claims and losses in connection therewith and shall investigate and defend all claims, suits or actions of any kind or nature in the name of the County, where applicable, including appellate proceedings, and shall pay all costs, judgments and attorney's fees which may issue thereon. Provided, however, this indemnification shall only be to the extent and within the limitations of Section 768.28 Fla. Stat., subject to the provisions of that Statute whereby the FDOT shall not be held liable to pay a personal injury or property damage claim or judgment by any one person which exceeds the sum of \$100,000, or any claim or judgment or portions thereof, which, when totaled with all other claims or judgments paid by the FDOT arising out of the same incident or occurrence, exceed the sum of \$200,000 from any and all personal injury or property damage claims, liabilities, losses or causes of action which may arise as a result of the negligence of the FDOT.

7. Failure of the FDOT to utilize any portion of the easement hereby granted for highway purposes, shall cause that portion of the easement to revert immediately to the County and its grantees, successors and assigns.

8. This Agreement shall be recorded in the Public Records of Miami-Dade County, Florida, at the expense of FDOT.

IN WITNESS WHEREOF, the parties hereto have caused these presents to be duly executed, the day and year first above written.

LICENSE AGREEMENT IN FAVOR OF FLORIDA  
DEPARTMENT OF TRANSPORTATION RELATING TO  
TEMPORARY USE OF MIAMI-DADE COUNTY PROPERTY  
DURING ROADWAY IMPROVEMENTS NEAR MIAMI  
INTERNATIONAL AIRPORT

This License Agreement, made as of the \_\_\_\_ day of June \_\_\_\_\_, 2007, by and between Miami-Dade County, Florida, as Licensor, and the Florida Department of Transportation, as Licensee.

WITNESSETH

The Licensor, for and in consideration of the sum of Ten Dollars (\$10.00) and other good and valuable considerations, the receipt of which is hereby acknowledged, hereby grants to the Licensee a license and privilege to enter upon certain lands of the Licensor described as Parcel 702 on the attached Exhibit A, for temporary use by the Licensee during roadway improvements near Miami International Airport; such usage shall be so performed by the Licensee so as not to cause injury or damage to any existing structural improvements in or on the lands of the Licensor.

There is hereby reserved to the Licensor, its successors and assigns, for the use and benefit of Miami-Dade County and the public, a right of flight for the passage of aircraft in the air space above the surface of the lands herein described, together with the right to cause in said air space such noise as may be inherent in the operation of aircraft, now known or hereafter used for navigation or flight in the air using said air space of landing at, taking off from or operating on Miami International Airport.

Licensee expressly agrees for itself, its successors and assigns to restrict the height of structures, objects of natural growth and other obstructions to be located as authorized herein on the described premises to such a height so as to comply with Federal Aviation Regulations, Part 77, and with the Code of Metropolitan Dade County, whichever is more restrictive.

Licensee expressly agrees for itself, its successors and assigns, to prevent any use of the described premises which would interfere with or adversely affect the operation or maintenance of Miami international Airport, or otherwise constitute an Airport hazard.

To the extent permitted by general law of the State of Florida, the Licensee shall defend, indemnify and hold Licensor harmless from any and all claims, liability, losses, expenses and causes of action, including appellate proceedings, which may arise out of the granting of this License or the use and activities of the Licensee under this License. Nothing contained herein shall be construed to require the Licensee to indemnify the Licensor for acts, omissions or neglect of the Licensor; nor shall this provision be construed to waive any of the provisions of Section 768.28 of the Florida Statutes.

Licensee agrees to keep the Parcel 702 clean during the term of the License; post project identification signs facing north at the north end of the project; and maintain access to County's soil staging area.

This License shall become effective upon the date first written above, and shall terminate upon the completion of the construction referred to herein, or twenty-four (24) months from the date first above written, whichever is earlier.

IN WITNESS WHEREOF, the said Licensor has caused these presents to be executed by and through the Mayor, and the Licensee has accepted the same under the conditions stated herein, the date first above written.
