Subject: Interlocal Agreement with City of Miami Gardens to Transfer Balance of Quality
Neighborhood Improvement Program Funding for Completion of Park Projects

Recommendation

It is recommended that the Board of County Commissioners (Board) approve the attached resolution amending Resolution R-180-04 to include the approval of an Interlocal Agreement (Attachment 1) with the City for the transfer of QNIP funds in an amount not to exceed \$1,725,636, for the construction/renovation of park projects within Brentwood, Buccaneer, Bunche, Carol City Community Center and Miami Carol City Parks (Exhibit A of Attachment 1) and that the Board approve such Interlocal Agreement.

Scope

The transfer of the QNIP funding will impact the City, which is located in Miami-Dade County (County) Commission District 1.

Fiscal Impact/Funding Source

The QNIP funding was previously allocated to the Park and Recreation Department benefiting parks which are now City property. The transfer of this funding will not impact any other park projects.

Track Record/Monitor

Upon award of the QNIP funds to the City, the Management and Budget Division of the Park and Recreation Department will be responsible for monitoring the interlocal agreement.

Background

The QNIP funding was allocated to parks within Commission District 1 prior to the incorporation of the City. As part of the bond issuance, the Park and Recreation Department (Department) planned several projects within those parks. After the City incorporated, the Board passed Resolution R-180-04 (Attachment 2) authorizing the allocation of QNIP funds for City projects. At that time, the City agreed that the Department would continue the projects underway at the parks listed in Exhibit B of the interlocal agreement. Additionally, the City would complete any projects not started by the Department. The

QNIP funding amounts listed in the original Resolution (R-180-04) were correct, however the project list included projects not funded through QNIP but through Safe Neighborhood Parks (SNP) funding. The SNP is allocated to the City through a sub-grant agreement authorized by the Board on May 3, 2005 (R-497-05) (Attachment 3). This item modifies Resolution R-180-04 by revising the project list of pending and completed projects and includes an interlocal agreement passed by the City at their February 14, 2007 Council Meeting.

The QNIP bond issuance is being paid through utility taxes. When the QNIP bonds were issued the taxes pledged to the debt service included the revenues now attributable to the City. As a condition of incorporation, the City is paying its share of the debt service on the QNIP bonds. The funding being transferred to the City can only be used at the locations designated in Exhibit A.

The County shall publicize each Application Submission Period and other pertinent application information at least one (1) month prior to the deadline for submission of the Grant Application, unless otherwise waived by the Committee. Such documentation shall include:

Each Applicant requesting funding for a Project in phases shall commit to completing the Project as defined in the Grant Agreement unless otherwise modified by approval of the Committee in accordance with these rules and the Ordinance.

B) **Pre-agreement Expenses.** The incurring of Pre-agreement Expenses creates no obligation on the County to execute a Grant Agreement or otherwise satisfy those expenses. However, prior to the effective date of the Grant Agreement, a recipient may incur eligible Pre-agreement Expenses as defined in Section 4, and then after the effective date of the Grant Agreement be reimbursed for those costs, provided that:

SECTION 8. ELIGIBILITY DETERMINATION

Following closure of an Application Submission Period, the Subcommittee will review each Grant Application for funding eligibility and determine the eligibility or ineligibility of each of its Grant Applications. The Committee may declare a Grant Application to be:

- A. **Ineligible.** Declaration that a Grant Application is ineligible.
- B. **Conditionally Eligible.** The Committee may determine that a Project is eligible for funding upon satisfaction of specified conditions. In the event that conditional approval is given, Committee staff shall verify that the conditions have been satisfied prior to disbursement of any bond funds.
- C. **Eligible.** Declaration that a Grant Application is fully eligible.

SECTION 9. GRANT ADMINISTRATION & REIMBURSEMENT POLICY

- A) As a condition of award of a Grant the County and the Grantee shall enter into a Grant Agreement which sets forth the responsibilities and duties of each regarding administration of the approved Project and approved Grant.  - 4) Grantees will use their own procurement procedures, which reflect applicable Federal, state and local laws and regulations.
 - 5) Grantees are responsible for managing the day-to-day operations of Grant supported

32

activities. Grantees must monitor Grant supported activities to assure compliance with the Ordinance, these rules, the Grant Agreement, and all applicable Federal, State, and local requirements.

- 7) Completion of the authorized signature form (Exhibit A).
- 8) In general, payment shall be made on a reimbursement basis. A Grant Recipient may, upon submission of a *Request for Advance Payment* form (Exhibit B), receive an advance payment of up to 25% of the value of the Safe Neighborhood Parks bond funds awarded for the subject Project. All advance payments received by a Grantee shall be maintained in a separate interest bearing account and may not be co-mingled with other funds. All advances must be fully accounted for within one (1) year of the date of the approval and before subsequent reimbursement requests are paid. The grantee will be required to close the account and submit a check to the County for the interest earned accompanied by an *Interest Earned on Advance Form* (Exhibit C). Upon receipt of the check and supporting documentation all subsequent reimbursement requests can be paid. Checks must be made payable to Miami-Dade County Board of County Commissioners and forwarded to the Office of Safe Neighborhood Parks.
- 9) Grantees must submit reimbursement requests on a quarterly basis, December 31, March 31, June 30 and September 30. If a Grantee is unable to submit a reimbursement request by the quarterly deadline, a written justification indicating the reason for the delay and expected submission date is required to be submitted by the deadline. Failure to comply with this requirement shall render the Grantee in non-compliance with the Administrative Rules and may result in reduction or forfeiture of payment, at the discretion of the MAAR Subcommittee.
- 10) Grantees shall complete, sign, and submit to the County Reimbursement Request forms as necessary (Exhibits D through H). *All Contractual Services/Direct Payment and FF&E reimbursement requests must be accompanied by supporting documentation (i.e., copies of invoices, receipts and check payments.*
- 11) *Reimbursement requests for FF&E items must be approved by the MAAR Subcommittee prior to submission of the request. Written requests for FF&E approval must be accompanied by Exhibit H.*
- 12) Ten percent (10%) of the value of the Safe Neighborhood Parks bond funding for a given Project shall be retained by the County until the Project is complete, unless otherwise approved in writing by the MAAR Subcommittee. Upon completion of a Project a signed project completion certificate (Exhibit I) must be submitted with the final reimbursement request forms in order for the retainer to be released.
- 13) The first reimbursement request for any grant requiring a dollar-for-dollar cash match must be accompanied by documentation of the expenditure of committed match funds (i.e.

copies of invoices, canceled checks, etc.).

- 14) Each Grantee will ensure that all contractors and consultants perform in accordance with the terms, conditions and specifications of their contracts or purchase orders.
- 15) Each Grantee shall maintain an accounting system, which meets generally accepted accounting principles and shall maintain all required financial records to properly account for all Safe Neighborhood Parks bond funds and any supplemental funds used for the Project. The Grantee shall at all times maintain a separate accounting of all Safe Neighborhood Parks bond funds.
- 16) The Grantee shall be responsible for completing the Project. If the total cost of the Project exceeds the value of the Grant, then the Grantee must provide any supplemental funds required. In the event that supplemental funds are necessary for completion of a Project, as of the point in time that it is known that supplemental funds are needed, the Grantee must demonstrate that such supplemental funds have been committed to the Project prior to and as a condition of disbursement or further disbursement of Grant funds. The requirement for a Grantee to provide supplemental funds may be modified, in part or whole, by the Committee, to the extent that it approves in writing any reduction to the Project scope of work in accordance with the Ordinance. Approval of any reduction in scope of work is at the sole discretion of the Committee.

C) *Acquisition Projects.* Guidelines and requirements for administering Acquisition Project Grants are as follows:

- 1) ***Appraisal Required.*** Prior to acquisition of a Project site, a Grantee must obtain an appraisal or appraisals supporting the fair market value of the land to be acquired. Pursuant to State law, if the property is \$500,000 or less in appraised value, one appraisal is required. If the property exceeds \$500,000 in appraised value, two appraisals are required.
- 2) ***Amount Authorized for Payment.*** The amount of Grant funds authorized for payment for land acquisition shall in no case exceed the Grant funds available for such purpose. In the event that the negotiated acquisition price exceeds by ten percent or greater the appraised value of the land, the disbursement of Grant funds shall be conditioned upon a written justification for the purchase price and other conditions attendant to the proposed purchase, which justification is declared satisfactory by the Committee in writing. Appraisal costs are eligible Grant costs as long as the appraised property is being realistically and seriously considered for Acquisition, regardless of the outcome.
- 3) ***Environmental Survey.*** The Grantee may not purchase property with Grant funds until a Phase I environmental survey is completed, which demonstrates that the property is suitable for its intended general use and for the specific Project.
- 4) ***Signage.*** For Acquisition only Projects, for six months following Acquisition, the Grantee shall post a sign, in the general design provided by the County, containing the Safe Neighborhood Parks logo, identifying the source of Project funding. The cost of such a

 - 2) **Cost Elements.**
 - a) **Construction Equipment.** Grantees are required to use their own equipment, if available. If a Grantee's equipment is used, the maximum Grant payment shall cover operating and routine maintenance costs of such equipment; the Grant excludes any depreciation or replacement cost from payment. If an Applicant's equipment is used, a report or source document must describe the work performed, indicate the hours used and be relate the use to the Project. If a Grantee does not have needed construction equipment available, then the Grantee may rent such equipment.
 - b) **Construction Supplies and Materials.** Supplies and materials may be purchased for a specific Project or may be drawn from a central stock, providing they are claimed at a cost no higher than that which the Applicant paid. When supplies and/or materials are purchased with the intention of constructing a piece of equipment, structure or part of a structure, the costs that are charged as supplies and materials may be capitalized according to the Applicant's normal practice or policy. If capitalized, only the cost reasonably attributable to the Project may be claimed under the Project.
 - c) **Personnel or Employee Services.** Services of the Applicant's employees who perform work directly related to the accomplishment of the Project are eligible costs. These costs must be computed according to the Applicant's prevailing wage or salary scales and may include fringe benefit costs, such as vacations, sick leave, FICA, MICA, health and life insurance, and workers compensation at the Applicant's established fringe benefit rate. Costs charged to the Project must be computed on the basis of actual time spent on the Project, and supported by time and attendance records describing the work performed on the Project. Overtime costs may be allowed under the Applicant's established policy, provided that the regular work time was devoted to the same Project. Salaries and wages claimed for employees working on grant-funded Projects must not exceed the Applicant's established rates for similar positions. Alternative methodologies for established wage rates must be pre-approved by the MAAR Subcommittee.

d) *Signage.* During the time period of Development, the Grantee shall post a sign at the Project site, in the general design provided by the County, containing the Safe Neighborhood Parks logo, identifying the source of funding for the Project. The cost of such a sign is eligible.

b) *Ceremonial expenses.*

 - 3) Grantees shall obtain the prior written approval of the Committee whenever budget adjustments are anticipated. The request must be in the same budget format the Grantee used in the Agreement and shall be accompanied by a narrative justification for the proposed revision. Such request for adjustment shall, if approved, amend the Grant Agreement under the Grant award. Requests for budget changes shall be considered by the Committee whenever any of the following adjustments are required:
 - a) For any Project involving both Acquisition and Development activities, any proposed budget transfers from Acquisition to Development or vice versa.
 - b) Any proposed reduction or revision of the scope or objectives of the Project (regardless of whether there is an associated budget adjustment). *However, in the event that a Grantee has completed the approved scope of work for a park and has unexpended funds, the Grantee may request to OSNP to expend these funds in an existing or new budget line item for the park. OSNP is authorized to approve such budget changes and expenses not to exceed \$9,999.00. (Revised 3/18/02 by MAAR Subcommittee)*

 - 3) Records retention responsibilities set forth above;
