APPROVED

Memorandum

Date: September 4, 2007

Agenda Item No. 8(J)(1)(B)

To: Honorable Chairman Bruno A. Barreiro
and Members, Board of County Commissioners

From: George M. Burry
County Manager

Subject: Resolution Authorizing Approval for Execution of a Retroactive Interlocal Agreement Between Miami-Dade County and the City of Hialeah for the Provision of Public Transportation Services

RECOMMENDATION

It is recommended that the Board of County Commissioners (Board) retroactively approve an Interlocal Public Transportation Services Agreement between Miami-Dade County (County) and the City of Hialeah for operation of a public transportation circulator service.

This agreement is in the best interest of Miami-Dade County because it will provide both County and City of Hialeah residents and visitors a continuation of this needed public transportation service. In addition, it will continue to increase resident's mobility, help decrease the need for area-specialized transportation services provided by the County, and will continue to connect the City of Hialeah public transportation circulator route with existing Miami-Dade Transit (MDT) public transportation services.

SCOPE

This interlocal agreement has an impact on Miami-Dade Commission District 13.

FISCAL IMPACT/ FUNDING SOURCE

There is no direct cost to the County for this interlocal agreement with the City of Hialeah. The City shall, at its sole option, provide grant-matching funds for State and/or federal grants for capital or operating funds to be used for public transportation services.

TRACK RECORD/MONITOR

This is the second Interlocal Public Transportation Services Agreement the County has entered into with the City of Hialeah. On September 7, 2000, the Board approved an Interlocal Public Transportation Services Agreement with the City for two years, with three one-year options to renew. The manager responsible for monitoring for this interlocal agreement is Tony Arroyo, Chief, MDT Materials Management.

BACKGROUND

The Interlocal Public Transportation Services Agreement between Miami-Dade County and the City of Hialeah, allows the City to operate public transportation circulator routes within the City to complement MDT bus service. The objective of the Interlocal Agreement is to provide an alternative form of supplemental public transit service to the residents and visitors of Hialeah.

This agreement is for a five-year term with two one-year options to renew. The City shall provide public transportation services on one or more routes (Figure 1) within the City of Hialeah and during the timeframes reflected in Figure 2. A copy of the Interlocal Public Transportation Services Agreement is attached hereto as reference.

As indicated, the original agreement was entered into in September 2000 for a two-year period. The agreement was amended June 4, 2002 (R-582-02) and extended for five years—from March 24, 2002 through March 23, 2007—without provisions for further extensions. Although the City continues to operate this service, Board approval for continuation of this agreement is required.

The Hialeah Transit System (HTS) is composed of two routes, the Flamingo and the Marlin. The fare for the HTS is \$1.25; transfers to a MDT bus are 25¢ cents.

Key provisions of the agreement include:

- The City will provide transit services at no cost to the County.
- Weekdays the routes operate from 6 a.m. to 9 p.m, and on weekends from 9 a.m. to 5 p.m. The Flamingo operates every 30 minutes while the Marlin operates every 45 minutes.
- The City will adhere to all federal, state and local transit operating requirements.
- The County shall provide information on the City of Hialeah's transit services through MDT's routine and customary public information dissemination modes (i.e. maps, materials, etc.).
