# Memorandum

**Date:** July 10, 2007

**To:** Honorable Chairman Bruno A. Barrero and  
Members, Board of County Commissioners

Agenda Item No. 9(A)(17)(A)

**From:** George M. Burgess  
County Manager

**Subject:** Agreement with Miami-Dade College for use of Fire College Training Facilities

## Recommendation

It is recommended that the Board approve the attached resolution authorizing the County Mayor or his designee to execute an agreement with Miami-Dade College (MDC) to allow the Miami-Dade-Fire Rescue Department (MDFR) to utilize the College as a state certified fire training facility. The term of this agreement is for one year beginning July 1, 2007 through June 30, 2008, at a cost of approximately \$212,000.

## Scope

MDFR out-sources the Firefighter I & II minimum standards certification training required under Chapter 633, Florida Statute and Florida Administrative Code 69A.37. Following state certification, the MDFR Training Division provides an additional ten weeks of focused training to orient and drill newly certified recruits in MDFR policy, procedures, EMS, hazmat, water rescue, and safety practices, as well as evaluate various competencies, attitude, and motivation. Successful completion of this training is a prerequisite for release to the field and monitoring by the Probationary Development Office.

## Fiscal Impact/Funding Source

MDC currently charges \$1,030.89 for Firefighter Minimum Standards Training and \$136.44 for first responder Training, totaling \$1,167.33 per student. The cost associated with the training and certification of new recruits is included in the MDFR Training and Safety Division budget.

## Track Record/Monitor

Miami-Dade College maintains one of three state certified training facilities in Miami-Dade County. MDC has been providing these services to MDFR since 1992. This contract will be monitored by Chief David Downey of the Training and Safety Division throughout the year.

## Background

Miami Dade College is one of six training facilities in South Florida (Miami-Dade, Broward, and Palm Beach) that provides the Firefighter Minimum Standards and first responding training that we stress at MDFR. This agreement is a typical renewal by both MDC and MDFR since 1992. MDC is the only training facility currently available to handle the ongoing demands and needs of the firefighter recruits. MDFR agrees to the attached terms, providing compensation and continued use of the fire college facilities. MDC agrees to process all state required documentation for MDFR recruits to become eligible to test as State certified firefighters.
