# Memorandum

**Date:** September 4, 2007

**To:** Honorable Chairman Bruno A. Barreiro  
and Members, Board of County Commissioners

Agenda Item No. 8(E)(1)(C)

**From:** George M. Burgess  
County Manager

**Subject:** Implementing Order No. 4-83; Rules, Regulations and Fee Schedule for Branch Auto Tag Agencies

## **Recommendation**

It is recommended that the Board approve the attached Implementing Order No. 4-83, which amends existing Administrative Order 4-83, which establishes rules, regulations and a fee schedule for private Branch Auto Tag Agencies that are charged to the public in addition to state and county fees which are authorized by Florida Statutes, Chapters 319.32 and 320.04. The recommended changes include technical revisions, modifications to reflect new provisions of the State Department of Highway Safety and Motor Vehicles, and a service fee increase for the private Branch Auto Tag Agencies. It is also recommended that the Board rescind Administrative Order No. 4-83.

## **Scope**

The impact of the agenda item is countywide in nature.

## **Fiscal Impact/Funding Source**

There is no fiscal impact of the proposed agenda item.

## **Track Record/Monitor**

The Finance Department, Tax Collector Division, and the State Department of Highway Safety and Motor Vehicles (DHSMV), monitor activities of the Private Auto Tag Agencies.

## **Background**

The Tax Collector acts as an agent of the DHSMV for the purpose of implementing the statutory and regulatory requirements for the titling and registration of vehicles and vessels. As an agent of the State, the Tax Collector is responsible for issuance of automobile license plates/decals, mobile home decals, disabled persons parking permits, vessel decals and title applications. In doing so, the Tax Collector is responsible for maintenance of records, reporting sales, accounting for inventories and dispersing monies collected in a timely manner to the DHSMV. To help perform these duties, the State allows Tax Collectors to contract with private Branch Auto Tag Agents. In addition to the contract between the Tax Collector and the Branch Auto Tag Agents, the Tax Collector and each Branch Auto Tag Agent must enter into a tri-party agreement with the DHSMV to access the Florida Real-time Vehicle Information System equipment and software.

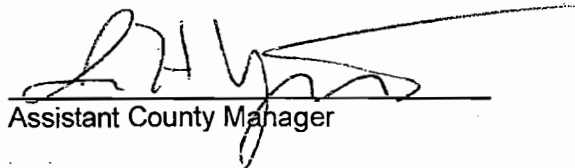

In Miami-Dade County there are twenty-five (25) private Branch Auto Tag Agencies. The Branch Auto Tag Agencies are governed by Article XVII of the Code of Miami-Dade County. Section 2-125(b) of the Code gives the Tax Collector authority to prescribe rules and regulations relating to the operation of Branch Auto Tag Agencies. Service fees are retained by Branch Auto Tag Agencies to cover agency personnel and operating expenses. These service fees

may be reviewed and adjusted to compensate for inflation and for the changes in operating requirements. The last fee increase was approved in 2001.

The majority of the changes set forth in this Implementing Order are technical revisions in order to clearly tie the Implementing Order provisions to requirements set forth in the County Code. Aside from these technical and clarifying revisions, other changes include the following:

1. Requires Branch Auto Tag Agencies to be compliant with the Americans with Disabilities Act
2. Modifies the bidding and selection process to appoint new Branch Auto Tag Agencies, including the establishment of an application fee for interested persons or entities
3. Requires Branch Auto Tag Agencies to have their employees attend classes given by the Tax Collector and/or the DHSMV, and to pass a written examination administered by the County
4. Clarifies reporting and remittance requirements of state and county funds and reports in accordance with Florida Statutes and the County Code
5. Establishes penalties for failure to remit funds and deliver related reports and/or documents to the County within required timeframes
6. Modifies bonding requirements by establishing a minimum bond of twenty-five (25) percent of the average monthly county and state auto tag revenues, excluding sales tax, collected by the agency based on the preceding fiscal year beginning October 1
7. Provides additional provisions regarding insurance requirements pursuant to the County's Risk Management requirements
8. Clarifies the service charge associated with dishonored checks received from Branch Auto Tag Agencies

This Implementing Order revision also recommends a service fee increase for the private Branch Auto Tag Agencies. As mentioned above, the last service fee increase was approved in 2001. The Branch Auto Tag Agency Association submitted a request to the Tax Collector for a service fee increase to be included with the proposed revisions to this Implementing Order. The Tax Collector's Office met with representatives of the Association to review its request and concur that a service fee increase is justified to help offset cost-of-employment and operational cost increases. The Association used an industry standard Employment Cost Index in calculating its requested service fee increase. This was the same methodology applied in justifying the previous service fee increase. It should be noted that our private Branch Auto Tag Agencies have increased staffing levels to match the increase in customer population levels.
