ARTICLE III. NONEMERGENCY MEDICAL TRANSPORTATION*

Sec. 4-41. Short title.

This article shall be known as the "Nonemergency Medical Transportation Ordinance."

(Ord. No. 80-145, § 1, 12-18-80)

Sec. 4-42. Legislative findings and intent.

(a) During the 1979 State legislative session, authority for regulation of nonemergency medical transportation was transferred from the Public Service Commission to the Department of Health and Rehabilitative Services (Chapter 401, Florida Statutes). It mandated the elimination of economic regulations at the State level and required each County to establish local control of the industry. A prior condition for obtaining a State license and permit is a County certificate of public convenience and necessity.

(b) The purpose of this article is to ensure the health and safety of those citizens who must use nonemergency transportation. Regulation of the nonemergency medical transportation industry is susceptible to and can most effectively be carried out under a uniform plan of regulation to [of] the County as a whole.

(c) Artificial restrictions upon the nonemergency medical transportation industry based solely upon economic regulations, that limit competition and impose unreasonable standards on the industry, are not in the best interest of the health, welfare, safety and convenience of the handicapped and disabled residents of the County who rely on this form of transportation. The riding public should not be required to bear the effects of governmentally imposed restrictions upon the industry which are artificial or unnecessary.

(Ord. No. 80-145, § 2, 12-18-80)

BACKGROUND

On December 18, 1980, the Board of County Commissioners adopted Ordinance 80-145, later codified in Chapter 4, Article III of the Code of Miami-Dade County, providing for the regulation of nonemergency medical transportation.

Section 4-44 of the County Code provides the procedures to be followed by the County in processing certificate applications. Based upon those requirements, a public hearing was scheduled before the Economic Development and Human Services Committee of the Board of County Commissioners. The Board may issue or refuse to issue the certificate as applied for, or may issue the certificate with modifications or upon such terms and conditions as in its judgment the public interest may require. In reaching a determination, the Committee and Board shall consider the application, the County Manager's report and recommendation, all matters presented at the public hearing, and among others, the following criteria:

- (1) The ability of the applicant to provide the proposed service;
- (2) The adequacy of the management plan of the applicant; and

Honorable Chairman Bruno A. Barreiro
and Members, Board of County Commissioners
Page 2

- (3) The benefits that will accrue to the public interest from the proposed service.

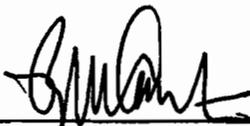

Each resolution approving an application shall specify that a certificate to operate a single nonemergency vehicle has been authorized thereby.

Comfort Wheelchair Cab, Inc. d/b/a Comfort Wheelchair located at 19741 NW 57 Place, Hialeah, Florida 33015, seeks to obtain a Certificate of Public Convenience and Necessity to provide nonemergency wheelchair medical transportation service. Comfort Wheelchair Cab, Inc. d/b/a Comfort Wheelchair seeks to provide nonemergency wheelchair service to individuals requiring this type of transportation. The applicant is an existing service provider with one taxicab medallion issued during the 2004 taxicab lottery and seeks to transport patients to and from various medical facilities throughout Miami-Dade County. The vehicle operated under this certificate will be required to meet the requirements of Section 4-49 of the Code establishing vehicle inspection frequencies. Service will be provided to and from various medical facilities throughout Miami-Dade County, seven (7) days a week, 24 hours a day. The proposed rates are \$35.00 for the first 10 miles and \$2.00 each additional mile, one-way.

The management plan submitted by Mr. Noe Saldana, President of Comfort Wheelchair Cab, Inc. d/b/a Comfort Wheelchair includes maintenance, communication, and record keeping systems and meets the requirements of the Code. All required financial statements and credit references have been submitted. The proposed service standards meet all requirements of the Code and adequately meet transportation and comfort needs. A background investigation reveals no criminal record within the last five years for the officer(s) of the corporation.

The proposed services to be provided under this certificate will increase the availability of licensed nonemergency medical transportation in Miami-Dade County thus providing increased competition and high service standards to the public.
