Special Item No. 1

Subject: Resolution and Public Hearing for the Transmittal to Florida Department of Community Affairs for the Special Application to Amend the Comprehensive Development Master Plan

R#848-07

Recommendation

It is recommended that the attached resolution be adopted after the public hearing on the Special Application to amend the Comprehensive Development Master Plan (CDMP) currently scheduled to begin **at 9:30 AM on Thursday, July 12, 2007** in the Commission Chamber. This meeting is held in the month of July in accordance with a special schedule prescribed in Resolution No. R-613-07, adopted on May 22, 2007. The attached resolution provides for the transmittal of the 2007 Special Application to amend the CDMP to the Florida Department of Community Affairs (DCA) and other agencies as required pursuant to Section 163.3184, F.S.

Scope

The CDMP is a broad-based countywide policy-planning document to guide future growth and development to insure the adequate provision of facilities and services for existing and future populations, and to maintain or improve the quality of the natural and man-made environment. The 2007 Special Application has a countywide impact.

Fiscal Impact/Funding Source

Fiscal impact means the cost to the County of implementing the activities or actions that would be incurred after approval of the resolution. The proposed text changes in the Special Application to amend the CDMP currently have no fiscal impact to the County.

Track Record/Monitor

CDMP Amendments do not involve contracts; therefore, a Track Record/Monitor is not applicable.

Background

The attached resolution provides for transmittal of the proposed Special Application requesting text amendments to the CDMP relating to public school facilities. The application would be transmitted to DCA for review and issuance of Objections, Recommendations and Comments (ORC) report. The application was the subject of a public hearing conducted by the Planning Advisory Board (PAB) on July 9, 2007. The recommendation of the Department of Planning and Zoning (DP&Z) on the proposed application is to "Transmit." At a public hearing held May 22, 2007, the Board of County Commissioners (the Board) adopted Resolution No. R-613-07 directing the County Manager to file a separate special application to amend the CDMP, considering a special schedule set forth on R-613-07, to comply with statutory requirements for public school facilities. Therefore, the actions required of the Board today regarding Special Item No. 1, are, after public hearing, to consider transmittal to DCA and other review agencies of the Special Application for consistency review that the Board elects to process through the regular amendment procedure.

The proposed Special Application requests revisions to the text and figure of the following CDMP Elements: Educational Element, Capital Improvements Element, and Intergovernmental Coordination Element, including revisions to the text and figure of the Preface. The proposed text amendments are

intended to address statutory requirements concerning school concurrency and intergovernmental coordination between Miami-Dade County and Miami-Dade Public School System through an interlocal agreement. State statutes mandate local governments to include a Public School Facilities Element in its comprehensive plan that is financially feasible, (s.163.3177(2) and (13), F.S.). In addition, schools are now included as one of the public facilities subject to the concurrency requirements of the Local Government Comprehensive Planning Act (s.163.3180(1)(a), F.S.). Local governments are also required to offer a "proportionate fair share" mitigation system to satisfy school concurrency requirements. The deadline DCA established for Miami-Dade County and its municipalities to adopt the element requirements and a revised interlocal agreement is January 1, 2008. If the requirements are not met, local governments are prohibited from adopting amendments to the comprehensive plan, which increase residential density until the necessary amendments have been adopted and transmitted to the state land planning agency.

It is anticipated that the DCA will return an ORC report in September 2007 addressing the transmitted special application. Preceding the final hearing by the Board, the DP&Z will respond to any DCA objections and may issue a revised recommendation, and the LPA will conduct an additional hearing and may also issue a revised recommendation. The Board is scheduled to conduct a final public hearing on the transmitted application in November or December of 2007.

Recommendations of the Department of Planning and Zoning

The Department of Planning and Zoning published its initial recommendations for the Special Application in its "Application and Initial Recommendations" report dated July 3, 2007. The initial recommendation for the proposed amendment is to "Transmit." This recommendation is also stated in the summary matrix in the agenda kit materials.

Recommendations of the Local Planning Agency

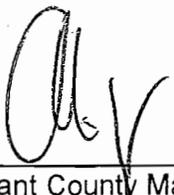

The recommendation of the Planning Advisory Board acting as Miami-Dade County's Local Planning Agency is contained in their resolution.

Resolution Format

As provided in the County Code, transmittal instructions are to be issued by Resolution. Section 1 of the attached resolution contains spaces where the Board's adopted transmittal instruction will be entered for each individual amendment application. Transmittal instructions shall be "Transmit" or "Do Not Transmit". Transmittal does not constitute adoption of an application; however, denial of transmittal in effect denies any further consideration of an application during this CDMP amendment cycle. To transmit any application, County Code requires the affirmative vote of a majority (7) of the Commissioners in office.

Section 2 of the Resolution requests DCA to review and return its ORC report on the transmitted application before the Board conducts its next public hearing to take final action on the applications.

After the Board adopts its entries to Section 1 of the Resolution, it must take a final vote to adopt the Resolution in its entirety, incorporating the foregoing entries.
