CLERK OF THE BOARD
OF COUNTY COMMISSIONERS
MIAMI-DADE COUNTY, FLORIDA**

RESOLUTION NO. R-874-07

RESOLUTION RELATING TO AN APPLICATION BY ATLAS PROPERTY I, LLC AND CENTURY GRAND I, LLLP FOR A CLASS IV PERMIT TO IMPACT 251.93 ACRES OF WETLANDS TO CONSTRUCT A MIXED USE DEVELOPMENT AND APPROVE A RESTRICTIVE COVENANT TO PRESERVE AND ENHANCE 90.61 ACRES ON-SITE BETWEEN NW 107 AND THEORETICAL NW 97 AVENUES AND BETWEEN NW 90 AND THEORETICAL NW 74 STREETS IN SECTION 8, TOWNSHIP 53 SOUTH, RANGE 40 EAST, MIAMI-DADE COUNTY, FLORIDA

WHEREAS, this Board desires to accomplish the purposes outlined in the accompanying memorandum, a copy of which is incorporated herein by reference. ,

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF MIAMI-DADE COUNTY, FLORIDA, that this Board having considered all the applicable factors contained within Section 24-48.3 of the Code of Miami-Dade County hereby approves the application by Atlas Property I, LLC and Century Grand I, LLLP for a Class IV Permit to impact 251.93 acres of wetlands to construct a mixed use development and approve a restrictive covenant to preserve and enhance 90.61 acres on-site, subject to the conditions set forth in the memorandum from the Director of the Miami-Dade County Department of Environmental Resources Management, a copy of which is attached hereto and made a part hereof. The issuance of this approval does not relieve the applicants from obtaining all applicable Federal, State, and local permits.

The foregoing resolution was offered by Commissioner Sally A. Heyman, who moved its adoption. The motion was seconded by Commissioner Bruno A. Barreiro and upon being put to a vote, the vote was as follows:

	Bruno A. Barreiro, Chairman	aye		
	Barbara J. Jordan, Vice-Chairwoman	aye		
Jose "Pepe" Diaz	aye		Audrey M. Edmonson	aye
Carlos A. Gimenez	aye		Sally A. Heyman	aye
Joe A. Martinez	absent		Dennis C. Moss	aye
Dorrin D. Rolle	aye		Natacha Seijas	aye
Katy Sorenson	aye		Rebeca Sosa	aye
Sen. Javier D. Souto	aye			

The Chairperson thereupon declared the resolution duly passed and adopted this 24th day of July, 2007. This resolution shall become effective ten (10) days after the date of its adoption unless vetoed by the Mayor, and if vetoed, shall become effective only upon an override by this Board.

Memorandum

MIAMI-DADE
COUNTY

Date: July 24, 2007

To: Honorable Chairman Bruno A. Barreiro and Members,
Board of County Commissioners

Agenda Item No. 5(U)

From: George A. Burgess
County Manager

Subject: Class IV Permit Application by Atlas Property I, LLC and Century Grand I, LLLP, to Impact 251.93 Acres of Wetlands to Construct a Mixed Use Development and Restrictive Covenant to Preserve and Enhance 90.61 Acres On-site

Attached, please find for your consideration an application by Atlas Property I, LLC and Century Grand I, LLLP, for a Class IV Permit and Restrictive Covenant. Also, attached is the recommendation of the Director of the Department of Environmental Resources Management and a Resolution seeking the Board's approval of the aforesaid Class IV Permit and Restrictive Covenant.

Assistant County Manager

Memorandum

Date: July 24, 2007

To: George M. Burgess
County Manager

From: Carlos Espinosa, P.E., Director
Environmental Resources Management

Subject: Class IV Permit Application by Atlas Property I, LLC and Century Grand I, LLLP, to Impact 251.93 Acres of Wetlands to Construct a Mixed Use Development and Restrictive Covenant to Preserve and Enhance 90.61 Acres On-site

Recommendation

I have reviewed the application for a Class IV Permit and Restrictive Covenant by Atlas Property I, LLC and Century Grand I, LLLP. Based upon the applicable evaluation factors set forth in Section 24-48.3 of the Code of Miami-Dade County, I recommend that the Board of County Commissioners approve the issuance of a Class IV Permit and acceptance of the Restrictive Covenant for the reasons set forth below.

Scope

The subject property is located between NW 107 and theoretical NW 97 Avenues and between NW 90 and theoretical 74 Streets, which is within County Commission District 12.

Fiscal Impact/Funding Source

Not applicable.

Track Record/Monitor

Not applicable.

Background

The subject Class IV Permit application involves the proposed dredging and filling of 251.93 acres of wetlands not supporting halophytic vegetation to construct a mixed-use development and restrictive covenant to preserve and enhance 90.61 acres on-site. The subject property is located between NW 107 and theoretical NW 97 Avenues and between NW 90 and theoretical 74 Streets in Section 8, Township 53 South, Range 40 East, Miami-Dade County Florida. The proposed project site is adjacent to residential and mixed-use developments, quarried lakes and a wetland mitigation area for an adjacent residential development. The proposed project site is located within the Urban Development Boundary.

The wetlands that will be impacted within the project site are characterized as herbaceous with generally high densities of *Melaleuca*, an invasive exotic plant species. The majority of the high quality of wetlands on the site will be preserved (see attached vegetation map). The applicant has begun the removal of the *Melaleuca* trees consistent with Chapter 24 of the Code of Miami-Dade County. Compensatory mitigation for the ecological impacts related to the removal of wetland plant communities

will be accomplished by providing mitigation funds in the amount of \$11,322,768.36 to Everglades National Park for the purpose of restoring 246.23 acres of wetlands within the Hole-in-the-Donut Regional Off-Site Mitigation Area owned and managed by the Department of the Interior through Everglades National Park. The Hole-in-the-Donut project enhances property in Everglades National Park by removing exotic vegetation, restoring filled areas to natural wetland grade, and allowing the area to revegetate with native wetland plant species. In addition, a 90.61-acre on-site preservation and enhancement area complete with varied habitats, transitional buffers, and culvert crossings for terrestrial mammals will be covenanted. A total of 83.05 of the 90.61 acres are designated as wetlands with the remaining acreage being considered upland transitional buffers.

The proposed project has been designed in accordance with all relevant Miami-Dade County Class IV Permit criteria and is consistent with all other Miami-Dade County wetland protection provisions. Please find attached a Project Report from the Department of Environmental Resources Management (DERM) Wetland Resources Section, which sets forth in more detail the reasons this project is recommended for approval by DERM pursuant to the applicable evaluation factors set forth in Section 24-48.3 of the Code of Miami-Dade County, Florida. The conditions, limitations, and restrictions set forth in the Project Report attached hereto are incorporated herein by reference hereto.

NOTICE OF PUBLIC HEARING ON AN APPLICATION BY ATLAS PROPERTY I, LLC AND CENTURY GRAND I, LLLP, FOR A CLASS IV TO IMPACT TO 251.93 ACRES OF WETLANDS TO CONSTRUCT A MIXED USE DEVELOPMENT AND APPROVE A RESTRICTIVE COVENANT TO PRESERVE AND ENHANCE 90.61 ACRES ON-SITE BETWEEN NW 107 AND THEORETICAL NW 97 AVENUES AND BETWEEN NW 90 AND THEORETICAL NW 74 STREETS IN SECTION 8, TOWNSHIP 53 SOUTH, RANGE 40 EAST, MIAMI-DADE COUNTY, FLORIDA

BOARD OF COUNTY COMMISSIONERS
MIAMI-DADE COUNTY, FLORIDA

NOTICE IS HEREBY GIVEN pursuant to Article IV, Division 1 of Chapter 24 of the Code of Miami-Dade County that the Board of County Commissioners of Miami-Dade County will hold and conduct a Public Hearing on a request by Atlas Property I, LLC and Century Grand I, LLLP for a Class IV Permit to impact 251.93 acres of wetlands to construct a mixed use development and approve a restrictive covenant to preserve and enhance 90.61 acres on-site. Such Public Hearing will be held on the 24th day of July 2007, at 9:30 am, at the County Commission Chambers on the 2nd Floor of the Stephen P. Clark Center in Miami, Florida.

Plans and details concerning the work requested in the application may be reviewed by interested persons at the office of the Miami-Dade County Department of Environmental Resources Management, 701 NW 1st Court, Suite 400, Miami, Florida, 33136-3912.

Oral statements will be heard and appropriate records made. For accuracy of records, all important facts and arguments should be prepared in writing in triplicate, with two copies being submitted to the Deputy Clerk of the County Commission at the hearing or mailed to her beforehand (Kay Sullivan, Deputy Clerk), 111 N.W. 1st Street, Stephen P. Clark Center, Suite 17-202, Miami, Florida 33128; and with one copy being submitted beforehand to the Miami-Dade County Department of Environmental Resources Management, 701 NW 1st Court, Suite 400, Miami, Florida, 33136.

A person who decides to appeal any decision made by any Board, Agency, or Commission with respect to any matter considered at its meeting or hearing, will need a record of proceedings. Such person may need to ensure that a verbatim record of the proceedings is made, including the testimony and evidence upon which the appeal is to be based.

Class IV Standard Form Permit Application Number FW 05-089, Doral Section 8 for the Dredging and Filling of 251.93 Acres of Wetlands for the Construction of a Mixed Use Development and the Enhancement of 83.05 Acres of Wetlands in Section 8, Township 53S, Range 40E.

5. Description of Project (Use additional sheets, if necessary)

Total Acreage of Wetlands to be Impacted	<u>251.93 total</u>
A. Lake Excavation or Dredging:	
1. Total wetland acreage to be excavated or dredged	<u>14.53</u>
2. Cubic yards: Total for Project	<u>468,835</u>
a. Depth of excavated/dredged area	<u>20' average depth</u>
b. Type of material to be excavated/dredged	<u>Limerock</u>
B. Placement of Fill	
1. Total wetland acreage to be filled	<u>251.93</u>
a. Cubic yards	<u>2,032,235</u>
2. Type of material to be used	<u>Clean limerock fill</u>
3. Source of fill material to be used	<u>On-site lake & nearby borrow pit</u>

CONTINUED ON NEXT PAGE

5. Description of Project (continued)

C. Agriculture

- 1. Total wetland area to be cleared and/or plowed _____
- 2. Total area to be bedded for planting _____
- 3. Type of agriculture to be conducted (check any that apply):

- a. Row Crops
- b. Grove
- c. Field Nursery
- d. Container Nursery
- e. Shade House Nursery
- f. Other

(please explain) _____

4. If proposed project involves the construction of any drainage, water containment or conveyance facilities (i.e. ditches, diked areas, ponds, swales), please describe the proposed facilities:

The applicant proposes the construction of a mixed use development and its associated surface water management system including french drains, green areas and wetland preservation areas.

NOTE: If the project involves construction of any residential, office, storage facilities or other structures, or if the project involves the placement of a trailer on the property, separate approval from Miami-Dade County Building and Zoning Department (305-375-2500) is required:

6. Date activity is proposed to commence	<u>ASAP</u>
Date activity is proposed to be completed	<u>3 years</u>

7. Previous permits for this project (or any part thereof) have been:

	State*	Corps*
A. Denied (date) _____	_____	_____
B. Issued (date) _____	_____	_____
C. Other (please explain) _____	_____	

*Differentiate between existing work and proposed work on the drawings.

8. ADDITIONAL ITEMS REQUIRED FOR APPLICATION SUBMITTAL. (Please note that, in addition to the information requested on this application form, there are several other items which must be submitted with your application. See instruction pamphlet for the additional information required for this application.)

11

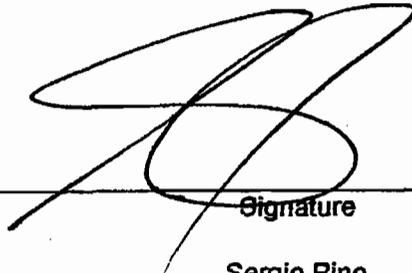

9. AFFIDAVIT OF OWNERSHIP OR CONTROL of the property on which the proposed project is to be undertaken.

I CERTIFY THAT I AM THE RECORD OWNER, LESSEE, OR RECORD EASEMENT HOLDER OF THE PROPERTY DESCRIBED BELOW.

NOTE: Lessees must provide a signed, notarized statement from the property owner indicating that the owner has reviewed the proposed project, including all proposed plans, and has agreed to allow the proposed project to occur on his or her lands.

Legal Description

PARCEL 1:

Tract "A"

A portion of Section 8, Township 53 South, Range 40 East, lying and being in Miami-Dade County, Florida, being more particularly described as follows:

Begin at the Northeast corner of Section 8, Township 53 South, Range 40 East, in Miami-Dade County, Florida; thence South $01^{\circ}44'24''$ East along the East line of said Section 8 for a distance of 1,219.59 feet; thence South $89^{\circ}39'25''$ West for a distance of 2,608.82 feet; thence North $01^{\circ}44'24''$ West for a distance of 1,219.63 feet to a point on the North line of said Section 8; thence North $89^{\circ}39'28''$ East along the North line of said Section 8 for a distance of 2,608.82 feet to the Point of Beginning.

Tract "B"

A portion of Section 8, Township 53 South, Range 40 East, lying and being in Miami-Dade County, Florida, being more particularly described as follows:

Begin at the Northwest corner of Section 8, Township 53 South, Range 40 East, in Miami-Dade County, Florida; thence North $89^{\circ}39'55''$ East along the North line of said Section 8 for a distance of 570.17 feet; thence South $01^{\circ}43'29''$ East for a distance of 240.00 feet; thence South $89^{\circ}39'55''$ West for a distance of 50.00 feet; thence South $01^{\circ}43'29''$ East for a distance of 250.00 feet; thence North $89^{\circ}39'55''$ East for a distance of 450.00 feet; thence North $01^{\circ}43'29''$ West for a distance of 490.00 feet; thence North $89^{\circ}39'28''$ East along the North line of said Section 8 for a distance of 1686.10 feet; thence South $01^{\circ}44'23''$ East for a distance of 3358.50 feet; thence South $89^{\circ}39'25''$ West for a distance of 2657.09 feet to a point on the West line of said Section 8; thence North $01^{\circ}43'29''$ West along the West line of said Section 8 for a distance of 3358.48 feet to the Point of Beginning.

Tract "C-1"

A portion of Section 8, Township 53 South, Range 40 East, lying and being in Miami-Dade County, Florida, being more particularly described as follows:

COMMENCE at the Southwest corner of said Section 8-53-40; thence North $01^{\circ}43'29''$ West along the West line of said Section 8 for a distance of 960.41 feet to the Point of Beginning of the following described parcel of land; thence continue North $01^{\circ}43'29''$ West along said line for a distance of 960.41 feet; thence North $89^{\circ}39'25''$ East for a distance of 2657.09 feet; thence South $01^{\circ}44'24''$ East for a distance of 960.42 feet; thence South $89^{\circ}39'25''$ West for a distance of 2657.34 feet to the Point of Beginning.

LESS

The West 40 feet of said tracts "B" and "C-1" of Section 8, Township 53 South, Range 40 East for Right-of-Way of N.W. 107th Ave., Miami-Dade County, Florida.

**RESTRICTIVE COVENANT RUNNING WITH THE LAND IN FAVOR OF
MIAMI-DADE COUNTY**

The undersigned, Atlas Property I, LLC and Century Grand I, LLLP, being the present owner(s) of the following real property (hereinafter called "the Property"), lying, being and situated in Miami-Dade County, Florida, to wit:

See Exhibit A

pursuant to Section 24-48.2(I)(B)(2)(b) of the Code of Miami-Dade County, Florida hereby proffers this executed Restrictive Covenant Running With The Land in Favor of Miami-Dade County, Florida as part of Miami-Dade County Department of Environmental Resources Management Class IV Permit Application Number FW 05-089:

1. The owners, their heirs, successors, assigns and grantees, covenant to Miami-Dade County to comply with all conditions set forth in the Miami-Dade County Class IV Wetland Permit No. FW 05-089 attached hereto as Exhibit B and incorporated herein by reference.
2. The owners, their heirs, successors, assigns and grantees, covenant to Miami-Dade County that neither native trees nor native understory shall be removed from the Property without the prior written consent of the Miami-Dade County Department of Environmental Resources.
3. The owners, their heirs, successors, assigns and grantees, shall notify Miami-Dade County in writing not later than thirty (30) days after any conveyance, sale, grant or transfer of the Property or any portion thereof, to any heirs, successors, assigns or grantees.
4. The owners, their heirs, successors, assigns and grantees, covenant to Miami-Dade County to prohibit and prevent public access to all areas of the Property. In the event that the Property is being degraded (i.e., the area is being destroyed or damaged, plants removed or trampled upon or trash and debris are accumulating in the area), then Miami-Dade County may require the owner(s) to install protective barriers around any area within the Property, which has been degraded.
5. This Restrictive Covenant shall run with the land and shall be recorded in the Public Records of Miami-Dade County, Florida and shall remain in full force and effect and be binding upon the undersigned, and their heirs, successors, grantees and assigns until such time as the same is modified or released in writing by Miami-Dade County, Florida.

6. The undersigned agree(s) and covenant(s) that this Restrictive Covenant and the provisions contained herein may be enforced against any person permitting, allowing, letting, causing or suffering any violation of the terms of this Restrictive Covenant by the Department of Environmental Resources Management, or its successor, by temporary, permanent, prohibitory, and mandatory injunctive relief as well as otherwise provided by law or ordinance and also may include an action for and to recover civil penalties, damages, costs and expenses, and attorney's fees in favor of Miami-Dade County against said person(s) as authorized by law or ordinance. All of the remedies provided herein shall be deemed to be independent and cumulative and shall be deemed to be supplemental to any remedies provided by law or ordinance.

IN WITNESS WHEREOF, the undersigned have caused this Covenant to be executed this 3rd day of July, 2007

SURVEYOR'S NOTES:

- 1) -This is not a Boundary Survey, but only a GRAPHIC DEPICTION of the description shown hereon.
- 2) -Not valid without the signature and the original raised seal of a Florida Licensed Surveyor and Mapper. Additions or deletions to survey maps or reports by other than the signing party or parties is prohibited without written consent of the signing party or parties.
- 3) -There may be additional Restrictions not shown on this Sketch & Legal that may be found in the Public Records of this County, Examination of ABSTRACT OF TITLE will be made to determine recorded instruments, if any affecting this property.
- 4) -North arrow direction and Bearings shown hereon are based on assumed value of N89°39'28"E, along the North Line of Section 8, Township 53 South, Range 40 East, as shown on the Section Sheet thereof of the Public Records of Miami-Dade County, Florida.
- 5) -The Sketch and Legal Description shown herein is based on the information provided by the Client.
- 6) -No title research has been performed to determine if there are any conflict existing or arising out of the creation of the easements, Right of Ways, Parcel Descriptions, or any other type of encumbrances that the herein described legal may be utilizes for.

SURVEYOR'S CERTIFICATE:

I Herby Certify to the best of my knowledge and belief that this drawing is a true and correct representation of the SKETCH AND LEGAL DESCRIPTION of the real property described hereon. I further certify that this sketch was prepared in accordance with the applicable provisions of Chapter 61G17-6, Florida Administrative Code.

Ford, Armenteros & Manucy, Inc. L.B. 6557

Date: MARCH 7, 2007.

LEGAL DESCRIPTION:

A portion of the West 1/2 of Section 8, Township 53 South, Range 40 East, Miami-Dade County, Florida, being more particularly described as follows:

COMMENCE at the Northwest Corner of said Section 8; thence S01deg43min29secE, along the West Line of the Northwest 1/4 of said Section 8, for a distance of 808.48 feet; thence S89deg52min09secE for a distance of 772.78 feet to the POINT OF BEGINNING of the hereinafter described Parcel of Land; thence continue S89deg52min09secE for a distance of 102.45 feet; thence N66deg36min20secE for a distance of 63.31 feet; thence N00deg04min33secW for a distance of 112.69 feet; thence N89deg55min27secE for a distance of 18.98 feet; thence N88deg16min27secE for a distance of 748.62 feet to a point of curvature of a circular curve to the right, concave to the Southwest; thence Easterly and Southeaster along the arc of said curve, having for its elements a radius of 23.00 feet, through a central angle of 89deg57min11sec for an arc distance of 36.11 feet to a point of tangency; thence S01deg46min22secE for a distance of 68.72 feet; thence S58deg36min21secE for a distance of 69.34 feet; thence N88deg12min43secE for a distance of 103.97 feet to a point of curvature of a circular curve to the right, concave to the Southwest; thence Easterly and Southeaster along the arc of said curve, having for its elements a radius of 23.00 feet, through a central angle of 90deg00min55sec for an arc distance of 36.13 feet to a point of tangency; thence S01deg46min22secE for a distance of 211.83 feet; thence S40deg36min26secE for a distance of 32.84 feet; thence S23deg41min35secE for a distance of 392.77 feet; thence N88deg17min29secE for a distance of 172.43 feet; thence S01deg43min56secE for a distance of 1019.63 feet; thence N88deg15min37secE for a distance of 299.23 feet to a point of curvature of a circular curve to the right, concave to the Southwest; thence Easterly and Southeasterly along the arc of said curve, having for its elements a radius of 25.00 feet, through a central angle of 89deg59min59sec for an arc distance of 36.27 feet to a point of tangency; thence S01deg44min24secE for a distance of 1098.30 feet to a point of curvature of a circular curve to the right, concave to the Northwest; thence Southerly and Southwesterly along the arc of said curve, having for its elements a radius of 25.00 feet, through a central angle of 89deg59min42sec for an arc distance of 36.27 feet to a point of tangency; thence S88deg15min18secW for a distance of 553.08 feet to a point of curvature of a circular curve to the right, concave to the Northeast; thence Southwesterly, Westerly and Northwesterly along the arc of said curve, having for its elements a radius of 25.00 feet, through a central angle of 90deg00min31sec for an arc distance of 39.27 feet to a point of tangency; thence N01deg44min11secW for a distance of 549.10 feet; thence S88deg16min31secW for a distance of 302.12 feet to a point of curvature of a circular curve to the right, concave to the Northeast; thence Southwesterly, Westerly and Northwesterly along the arc of said curve, having for its elements a radius of 24.00 feet, through a central angle of 90deg00min00sec for an arc distance of 37.70 feet to a point of tangency; thence N01deg43min29secW for a distance of 411.60 feet; thence S88deg16min31secW for a distance of 303.01 feet to a point of curvature of a circular curve to the right, concave to the Northeast; thence Southwesterly, Westerly and Northwesterly along the arc of said curve, having for its elements a radius of 23.00 feet, through a central angle of 89deg59min46sec for an arc distance of 36.13 feet to a point of tangency; thence N01deg43min43secW for a distance of 367.71 feet to a point of curvature of a circular curve to the left, concave to the Southwest; thence Northwesterly and Westerly along the arc of said curve, having for its elements a radius of 40.00 feet, through a central angle of 89deg59min46sec for an arc distance of 62.83 feet to a point of tangency; thence S88deg16min31secW for a distance of 379.02 feet to a point of curvature of a circular curve to the right, concave to the Northeast; thence Southwesterly, Westerly and Northwesterly along the arc of said curve, having for its elements a radius of 23.00 feet, through a central angle of 90deg00min00sec for an arc distance of 36.13 feet to a point of tangency; thence N01deg43min29secW for a distance of 271.10 feet; thence N82deg54min20secW for a distance of 112.01 feet; thence S88deg12min43secW for a distance of 203.36 feet to a point of curvature of a circular curve to the right, concave to the Northeast; thence Southwesterly, Westerly and Northwesterly along the arc of said curve, having for its elements a radius of 24.00 feet, through a central angle of 90deg03min48sec for an arc distance of 37.73 feet to a point of tangency; thence N01deg43min29secW for a distance of 227.30 feet to a point of curvature of a circular curve to the right, concave to the Southeast; thence Northerly and Northeasterly along the arc of said curve, having for its elements a radius of 24.00 feet, through a central angle of 90deg00min00sec for an arc distance of 37.70 feet to a point of tangency; thence N88deg16min31secE for a distance of 201.85 feet; thence N01deg43min29secW for a distance of 622.37 feet; thence N00deg07min51secE for a distance of 140.98 feet to the POINT OF BEGINNING.

Containing 3,158,090.37 Square Feet or 72.50 Acres more or less.

Re: Century Grand I LLLP

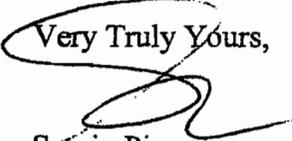

To Whom It May Concern:

We act as the records custodian for Century Grand I LLLP, a Florida limited liability limited partnership (the "Partnership").

The Partnership has only one general partner. The name of this sole general partner is Century Grand I Management Group, LLC, a Florida limited liability company ("Century Grand Management"). I am a manager of Century Grand Management.

If you should have any further questions concerning the Partnership or Century Grand Management, please do not hesitate to contact the undersigned.

Very Truly Yours,

Sergio Pino
Manager
Century Grand I Management Group, LLC

Applicants/Agents Letter

Engineer's Certification Letter

PERMIT APPLICANT/ AUTHORIZED AGENT STATEMENT

Date: June 19, 2007

To:

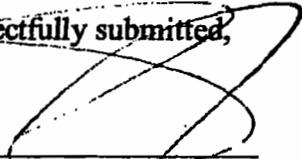

Miami Dade County DERM
Wetland Resources Section
701 NW 1st Court
Miami, FL 33136

Re: Class IV Standard Form Permit Application Number FW 05-089, Doral Section 8 for the Dredging and Filling of 251.93 Acres of Wetlands for the Construction of a Mixed Use Development and the enhancement of 83.05 acres of wetlands in Section 8, Township 53S, Range 40E

By the attached Class IV Standard Form permit application with supporting documents, I, Sergio Pino, am the permit applicant and hereby request permission to perform the following: Class IV Standard Form Permit Application Number FW 05-089, Doral Section 8 for the Dredging and Filling of 251.93 Acres of Wetlands for the Construction of a Mixed Use Development and the enhancement of 83.05 acres of wetlands in Section 8, Township 53S, Range 40E

If approval is granted for the proposed work by the Board of County Commissioners, complete and detailed plans and calculations of the proposed work shall be prepared by an engineer registered/licensed in the State of Florida in accordance with the minimum requirements of Chapter 24 of the Code of Miami-Dade County, Florida. Said plans and calculations shall be subject to the review and approval of the Department of Environmental Resources Management. The permit applicant will secure the services of an engineer registered/licensed in the State of Florida to conduct inspections throughout the construction period, and said engineer shall prepare all required drawings of record.

Respectfully submitted,

Sergio Pino, Managing Member, Atlas Property I, LLC
and Manager, Century Grand I Management Group, LLC,
General Partner of Century Grand I, LLLP

ENGINEER LETTER OF CERTIFICATION

June 8, 2007

Miami-Dade County DERM
Wetland Resources Section
701 NW 1st Court
6th Floor
Miami, Florida 33136

RE: Class IV Standard Form Permit Application Number FW 05-089, Doral Section 8 for the Dredging and Filling of 251.93 Acres of Wetlands for the Construction of a Mixed Use Development and the enhancement of 83.05 acres of wetlands in Section 8, Township 53S, Range 40E

Ladies and Gentlemen:

This letter will certify that I am an engineer registered/licensed in the State of Florida, qualified by education and experience in the area of construction, and that to the best of my knowledge and belief, the proposed work does not violate any laws of the State of Florida or any provision of the Code of Miami Dade County which may be applicable, that diligence and recognized standard practices of the engineering profession have been exercised in the engineer's design process for the proposed work, and in my opinion based upon my knowledge and belief, the following will not occur:

- a. Harmful obstruction or undesirable alteration of the natural flow of the water within the area of the proposed work.
- b. Harmful or increased erosion, shoaling of channels or stagnant areas of water. (Not applicable to class IV permits)
- c. Material injury to adjacent property.
- d. Adverse environmental impacts from changes in water quality or quantity. (Applicable to class IV permits only)

Further, I have been retained by the applicants to provide inspections throughout the construction period and prepare a set of reproducible record prints of drawings showing changes made during the construction process based upon the marked-up prints, drawings, and other data furnished by the contractor to me.

Sincerely,

Ford Engineers, Inc.

Ken W. Groce P.E.
Director of Engineering

Miami, Florida 33126

Re: Section 8 at Doral:
Grand Bay at Doral, Doral Village & Doral Place
N.E. of N.W. 107 Avenue & N.W. 74 Street
in Section 8-53-40
Folio Nos: 35-3008-000-0010,0011, 0012 & 0041
C&F No. 519

Dear Mr. Pino:

This office has completed its review of the fill encroachment study for the referenced project pursuant to the information submitted. We have concluded that the proposed surface water management area calculated for cut and fill criteria complies with the Basin B requirements. Therefore, approval is granted, subject to the following conditions:

1. A covenant running with the land binding present and future owners must be executed and submitted to the Water Control Section to reserve a minimum of 13.03 acres of lake area, a minimum of 18.11 acres of FPL easement area, and 72.50 acres of forested conservation easement area, as surface water management areas. Said covenant must be submitted prior to final plat approval.
2. An agreement between FPL and the developer shall be executed and submitted to the Water Control Section, which permanently guarantees a minimum of 18.11 acres within FPL's right-of-way, as stormwater management for the Section 8 at Doral.
3. No encroachment by fill shall be allowed in the surface water management area.

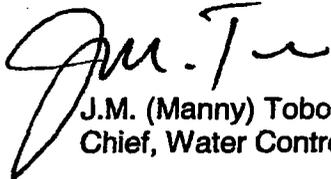

75

Mr. Sergio Pino
Section 8 at Doral
Page 2

4. Provide a berm with minimum elevation of +8.18 feet NGVD (100-year/3-day storm stage) along the property lines with equivalent grading to match the required berm elevation at all roadway entrances.
5. An Individual Environmental Resource Permit issued by the South Florida Water Management District, and a Class II permit issued by the DERM must be obtained before construction of the proposed surface water management system, or final plat approval.

Should you have any questions, please contact Rogelio Mata of this office at (305) 372-6681.

Sincerely,

J.M. (Manny) Tobon, P.E.
Chief, Water Control Section

RM:ms

United States Department of the Interior
NATIONAL PARK SERVICE

Everglades and Dry Tortugas National Parks
40001 State Road 9336
Homestead, Florida 33034

IN REPLY REFER TO:

HID 2007-016
May 30, 2007

Mr. Sergio Pino
Atlas Property I
7270 NW 12th Street, Suite 410
Miami, FL, 33126

Dear Mr. Pino:

As the manager of the Hole-in-the-Donut Wetland Restoration and Mitigation Banking Program at Everglades National Park, it is my intent to sell 246.23 acres of freshwater herbaceous wetland restoration for mitigation to Atlas Property I for the Doral Section 8 project, with permit application numbers and property information as follows:

Permit/Application Numbers

DERM: FW05-089 SFWMD: 051101-13 Corps: 2005-9417 (IP-MLC)

Property Information

Folio	S	T	R	Location
35-3008-000-0041	8	53	40	East of NW 107 Avenue and south of NW 90th street in the City of Doral.
35-3008-000-0011	8	53	40	East of NW 107 Avenue and south of NW 90th street in the City of Doral.
35-3008-000-0012	8	53	40	East of NW 107 Avenue and south of NW 90th street in the City of Doral.
35-3008-000-0010	8	53	40	East of NW 107 Avenue and south of NW 90th street in the City of Doral.

The cost for each restored acre will be \$45,984.52, for a total of \$11,322,768.36, payable to the National Park Foundation, 1201 I Street NW #550B, Washington, DC 20005. The Foundation currently adds a \$100.00 transaction fee to the cost listed above. If the aforementioned restoration credits are not purchased within one year of the date of this reservation, the offer to sell is withdrawn and the reserved credits will be released for sale to other buyers.

The Hole-in-the-Donut Wetland Resources Mitigation Bank operates according to permits issued by the Florida Department of Environmental Protection (permit #132416479) and the U.S. Army Corps of Engineers (permit #1993-01691), both of which expire on February 15, 2015. Thank you for supporting the Hole-in-the-Donut wetland restoration project. If the Hole-in-the-Donut Wetland Resources Mitigation Bank can be of assistance to you as a source of wetland mitigation credits in the future, please contact me.

Sincerely,

Craig S. Smith
Restoration Project Manager

Army Corps of Engineers Permit Application No. 2005-947 (IP-MLC)
Doral Section 8 Project, Miami-Dade County, S8/T53/R40**

Dear Mr. Pino:

Please be advised that the Everglades Mitigation Bank (the "EMB") has reserved the 3.74 Freshwater Forested mitigation credits necessary to offset the unavoidable wetland impact for the above referenced project. Phase 1 of the EMB has a signed Mitigation Banking Instrument acknowledged by both FDEP and USACE and sufficient credits are currently available on the EMB ledger to offset the proposed impacts.

Please contact me at 561-691-2889 for any additional information or questions regarding this matter.

Regards,

Scott A. Busa
Asset Manager

PROJECT REPORT

CLASS IV PERMIT APPLICATION NO. FW 05-089

Atlas Property I, LLC

and

Century Grand I, LLLP

June 18, 2007

Staff's recommendation of approval for the above-referenced project is based upon the applicable evaluation factors set forth in Section 24-48.3, Code of Miami-Dade County. The following is a summary evaluation of the proposed project with respect to each applicable evaluation factor:

1. Potential Adverse Environmental Impact – The proposed project will result in an adverse environmental impact to 251.93 acres of wetlands. However, the mitigation, as set forth in Number 14 below, will compensate for the loss of wetland values associated with the proposed project. No mitigation for adjacent secondary impacts was required because adequately sized planted buffer areas will be build around the majority of the on-site wetland preserve areas.
2. Potential Cumulative Adverse Environmental Impact – The proposed project will result in minimal cumulative adverse environmental impacts. However, the mitigation, as set forth in Number 14 below, will compensate for the loss of wetland values associated with the proposed project within the subject property.
3. Hydrology - The proposed project, as designed, is not reasonably expected to adversely affect surface water drainage or retention of stormwater.
4. Water Quality – The proposed project, as designed, is not reasonably expected to adversely affect applicable DERM water quality standards.
5. Well fields – The proposed project is located approximately 1,500 feet outside of the maximum cone of influence for the Northwest Wellfield protection area as designed and is not reasonably expected to adversely affect the Northwest Wellfield.
6. Water Supply – The proposed project is not reasonably expected to adversely affect the water supply.
7. Aquifer Recharge – The proposed project is not reasonably expected to adversely affect aquifer recharge.
8. Aesthetics - The proposed project is designed to be aesthetically compatible with the surrounding area.
9. Navigation – Not applicable.
10. Public Health - The proposed project is not reasonably expected to adversely affect the public health.
11. Historic Values – The proposed project is not reasonably expected to adversely affect historic values.

12. Archaeological Values – There are two (2) known archaeological sites located within the boundaries of this application. However, the proposed project is not expected to affect the two (2) historic upland hammock areas containing Native American archaeological sites. These Native American archaeological areas will be preserved as part of the Federal Permitting Process and associated agreement with the Seminole and Miccosukee Tribes. These two (2) archaeological sites fall within the 90.61 acre on-site preservation and enhancement area, as set forth in Number 14 below.
13. Air Quality – The proposed project is not reasonably expected to adversely affect air quality.
14. Marine and Wildlife Habitats - The proposed project will result in the dredging and filling of 251.93 acres of wetlands. The wetlands that will be impacted within the project site are characterized as herbaceous with generally high densities of *Melaleuca*, an invasive exotic plant species. The majority of the high quality wetlands on the site will be preserved (see attached vegetation map). The applicants have begun the removal of the *Melaleuca* trees consistent with Chapter 24 of the Code of Miami-Dade County. Compensatory mitigation for the ecological impacts related to the removal of wetland plant communities will be accomplished by providing mitigation funds in the amount of \$11,322,768.36 to Everglades National Park for the purpose of restoring 246.23 acres of wetlands within the Hole-in-the-Donut Regional Off-Site Mitigation Area owned and managed by the Department of the Interior through Everglades National Park. The Hole-in-the-Donut project has enhanced approximately 3,000 acres of invasive exotic plant species dominated wetlands by removing exotic vegetation, restoring filled areas to natural wetland grade, and allowing the area to revegetate with native wetland plant species. An additional 3.74 freshwater-forested mitigation credits have been reserved in the Everglades Mitigation Bank. In addition, a 90.61-acre on-site preservation and enhancement area complete with varied habitats, transitional buffers, and culvert crossings for terrestrial mammals will be covenanted. A total of 83.05 of the 90.61 acres are designated as wetlands with the remaining acreage being considered upland transitional buffers. This 83.05 acre on-site wetland preservation area includes a 31.88 acre historic hammock and bayhead tree island habitat; a 28.92 acre forested wetland with sawgrass understory, a 15.13 acre muhly and sawgrass prairie and a 7.12 acre enhanced long hydroperiod marsh. The 31.88 acre historic hammock and bayhead tree island habitat contains two upland hammock areas and each of these areas contains Native American archaeological sites.
15. Wetland Soils Suitable for Habitat - The proposed project will result in the permanent removal of wetland soils. However, the mitigation, as set forth in Number 14, will result in the enhancement of existing wetland habitat and soils by restoring appropriate wetland elevations and removing exotics, thereby promoting re-vegetation with native wetland plant species and soil-vegetative interactions.

16. Floral Values - The proposed project will impact herbaceous wetlands. However, the mitigation, as set forth in Number 14 above, will provide for the establishment of native wetland vegetation appropriate for promoting the natural ecosystem.
17. Faunal Values - The proposed project will disturb native wildlife habitat. However, the mitigation, as set forth in Number 14 above, will provide for high quality habitat for native fauna.
18. Rare, Threatened and/or Endangered Species - The proposed project is not reasonably expected to result in adverse impacts to rare, threatened or endangered species.
19. Natural Flood Damage Protection - The water management features of the project have been reviewed by DERM's Water Control Section and are in compliance with DERM's cut and fill criteria for development in this area. (see attachment C).
20. Wetland Values - The proposed project will result in the dredging and filling of 251.93 acres of jurisdictional wetlands. However, the mitigation, as set forth in Number 14 above, will compensate for the loss of wetland values associated with the proposed project.
21. Land Use Classification - The City of Doral Planning and Zoning Department has determined the proposed work does not violate any zoning law applicable to the area of the proposed work. (See Attachment C)
22. Recreation - There are no recreation aspects that will be affected by the proposed project.
23. Other Environmental Values Affecting the Public Interest - There are no other known environmental factors that will affect the public interest.
24. Standard Construction Procedures and Practices and Design and Performance Standards - The proposed project complies with the standard construction procedures and practices and design and performance standards of the applicable portions of the following:
 - Miami-Dade County Public Works Manual
 - Biscayne Bay Management Plan (Section 33D-1 through 33-D-4)
 - Chapter 33B of the Code of Miami-Dade County
25. Comprehensive Environmental Impact Statement (CEIS) - In the opinion of the Director, the proposed mitigation plan will compensate for the loss of wetland values associated with the proposed project. Additionally the majority of on-site high

quality wetlands are being preserved and enhanced. As such, a CEIS was not required by DERM to evaluate the proposed project.

26. Conformance with All Applicable Federal and State Laws and Regulations – The proposed project is in conformance with the following applicable State, Federal and local laws and regulations:

- a) United States Clean Water Act (US Army Corps of Engineers and US Environmental Protection Agency)
- b) Federal Endangered Species Act (US Fish & Wildlife Service)
- c) Florida Department of Environmental Protection Regulations
- c) Chapter 24 of the Code of Miami-Dade County
- d) Rules of the South Florida Water Management District
- e) Basis of Review for Surface Water Management Permit Applications Within the South Florida Water Management District

27. Conformance with the Miami-Dade County Comprehensive Development Master Plan (CDMP) – In the opinion of DERM, the proposed land use is consistent with the CDMP. Specifically, the proposed project complies with the following CDMP Elements and Policies:

LAND USE ELEMENT:

Objective 1 – Growth management - The proposed project is generally consistent with the goals, objectives and policies contained in the Conservation, Aquifer Recharge and Drainage Element.

Objective 3/Policies 3B, 3C - Protection of natural resources and systems. - The proposed project is consistent with all applicable environmental regulations, as well as all other elements of the CDMP. The proposed project is compatible with surrounding land uses and does not involve development in the Big Cypress area of Critical State concern or the East Everglades.

CONSERVATION, AQUIFER RECHARGE AND DRAINAGE ELEMENT:

Objective 2/Policy 2A – Protection of ground and surface water resources – The proposed project adheres to all relevant stormwater management criteria.

Objective 3/Policies 3A, 3B, 3D - Wellfield protection area protection. - The proposed project is located approximately 1,500 feet outside of the maximum cone of influence for the Northwest Wellfield protection area. The project, as designed, is not reasonably expected to adversely affect the water quality reaching the Northwest Wellfield.

Objective 3/Policy 3E - Limestone mining within the area bounded by the Florida Turnpike, the Miami-Dade/Broward Levee, N.W. 12 Street and Okeechobee Road. - The proposed project is not located within the above area.

Objective 4/Policies 4A, 4B, 4C - Water storage, aquifer recharge potential and maintenance of natural surface water drainage. - The proposed project is not reasonably expected to adversely affect water storage, aquifer recharge potential, or natural surface water drainage.

Objective 5/Policies 5A, 5B, 5F - Flood protection and cut and fill criteria - The water management features of the proposed project have been reviewed by DERM's Water Control Section and are in compliance with DERM's cut and fill criteria for development in this area.

Objective 6/Policy 6A - Areas of highest suitability for mineral extraction. - The proposed project is not located in an area proposed or suitable for mineral extraction.

Objective 6/Policy 6B - Guidelines for rock quarries for the re-establishment of native flora and fauna. - Not applicable.

Objective 6/Policy 6D - Suitable fill material for the support of development. - The proposed project will not cause premature urban encroachment. The proposed project must use suitable fill material in order to meet the requirements of Chapter 24 of the Code of Miami-Dade County.

Objective 7/Policy 7A - No net loss of high quality, relatively unstressed wetlands. - The wetlands associated with this project are not high quality. The loss of wetland values associated with the proposed project will be mitigated as set forth in Number 14 above.

Objective 9/Policies 9A, 9B, 9C - Protection of habitat critical to Federal or State-designated threatened or endangered species. - The proposed project is not expected to affect any rare, threatened, or endangered species.

28. Conformance with Chapter 33B, Code of Miami-Dade County (East Everglades Zoning Overlay Ordinance) - The proposed project is not within the East Everglades Zoning overlay area.

29. Conformance with Miami-Dade County Ordinance 81-19 (Biscayne Bay Management Plan) – The proposed project is not within the area of the Biscayne Bay Management Plan.
30. Conformance with Manatee Protection Plan – Not applicable.
31. Consistency with Miami-Dade County Criteria for Lake Excavation – Not applicable.
32. Municipality Recommendation - The City of Doral Planning and Zoning Department has determined the proposed work does not violate any zoning law applicable to the area of the proposed work. (See Attachment C)
33. Coastal Resources Management Line – Not Applicable.
34. Maximum Protection of a Wetland's Hydrological and Biological Functions Through Adherence to the Following Fill Limitations: -
 - i) Placement of the minimum fill necessary to provide for the land usage alternative which results in the least adverse environmental impact and the least cumulative adverse environmental impact – The proposed project uses the minimum amount of fill necessary to provide for the proposed land usage alternative.
 - ii) Placement of temporary fill pads and fill roads for the purpose of conducting rock mining. - Not applicable.

The proposed project was also evaluated for compliance with the minimum required standards contained in Section 24-48.3 (2), (3), and (4) of the Code of Miami-Dade County. The following is a summary of the proposed project's compliance with said standards:

24-48.3 (2) Dredging and/or Filling for Class I Permit – Not applicable.

24-48.3 (3) Docks and Piers for Mooring Purposes - Not applicable.

24-48.3 (4) Clean Fill in Wetlands - The proposed project involves the placement of clean fill material only.

24-48.3 (6) Basin B Fill Criteria - The proposed project complies with criteria for the total volume of fill material placed on a project. Specifically, the applicants have provided calculations showing engineering alternatives to the standard formula that provide for the full on-site retention of stormwater without exceeding established stages for the 100-year, three-day storm. Additionally the side slopes of the stormwater management areas comply with the 4:1 slope criteria.

SUMMARY

BASED ON THE FOREGOING, IT IS RECOMMENDED THAT A CLASS IV PERMIT BE APPROVED.

Matthew Davis 7-9-07
