Summary

PROJECT DETAILS

Project Name:	CP 10-10001	**No. of Jobs:**	12
Investment Amount:	$25,000,000	**Annual Avg. Salary:**	$42,000
Type of Investment:	Real Property and Equipment	**Enterprise Zone:**	No

The property tax revenue generated from this project's investment will benefit the Miami-Dade County Government, Miami-Dade County Schools as well as the State of Florida and area special districts.

THE BASIC ASSUMPTIONS

The latest Miami-Dade County mileage tax rates (2006) were used. This latest mileage rate was used for the entire six-year period analysis.

To adjust for the likely reduction in mileage rates over the next six-years, the real property value was assumed to increase by 1.5% rather than the more typical 3%.

CONCLUSIONS

Based on the investment of **$25,000,000** by the project in new real property and equipment, their six-year investment tax revenue is projected as follows:

tal Project Tax Revenue: **$3,199,049**

The Miami-Dade County's General Fund: **$865,804**

The Miami-Dade County Public Schools: **$1,249,749**

The next biggest tax revenue would go to special districts, including fire rescue, library and MSA.

RECOMMENDATION

The Beacon Council recommends that a tax refund in the amount of **$692,643** (using the 80% rule: County general fund x 0.80) be distributed to the project over a six-year period. The tax refund amount is based on the project's creation of **$865,804** in County general revenue.

Section 1. Targeted Jobs Incentive Fund (TJIF) Background

1.1 The Targeted Jobs Incentive Fund is an initiative fashioned by The Beacon Council and Miami-Dade County and patterned after the State of Florida Qualified Target Industry Tax Refund Program (QTI). The program's intent is to attract relocating out-of-area businesses and encourage expansion of existing local companies by providing cash incentive awards. As with the QTI Program, a Company is required to create a certain number of jobs and must also generate enough new revenue to Miami-Dade County to fund its TJIF benefit. While the State's QTI program is limited to certain industries, including corporate headquarters relocation, the TJIF Program may also be utilized for the One Community One Goal (OCOG) industries, as well as the expansion and/or relocation of other operational components of a business (i.e. sales office, warehouse).

1.2 The TJIF is an inducement program available only to companies from outside the County (with the exception of Palm Beach, Broward, and Monroe Counties) wishing to relocate here, and to Miami-Dade companies which undertake a business expansion and which create jobs as a result of the local expansion. Nevertheless, a Palm Beach, Broward or Monroe County-located Company that is planning to relocate outside South Florida is eligible for this program. The Company must provide verifiable documentation supporting its consideration of other locales. Any business decisions, such as announcements, leasing of space or hiring of employees, made prior to the final TJIF approval will likely be grounds for disapproval unless waived by the Miami-Dade County Manager after a showing of good cause.

1.3 Although the TJIF is available to companies countywide, it is also used to encourage investment and the creation of jobs in Enterprise Zones, the Empowerment Zone and in Urban Targeted Areas by providing business with an additional award per job if the Company locates within these specified areas.

1.4 Another goal of the TJIF is to encourage companies to hire residents living in Enterprise Zones, the Empowerment Zone and Urban Targeted Areas. Companies hiring said residents will be eligible to receive an additional amount per new job created.

1.5 The TJIF program is strictly a performance-based incentive that is only paid out to the Company after it has met all of its job creation projections, capital investment commitments and must provide the incremental tax revenue necessary to fund the award.

Section 2. Criteria

2.1 The Targeted Jobs Incentive Fund (TJIF) is limited to the targeted industries as per the State of Florida QTI Program. In addition, the One Community One Goal (OCOG) target industries are also eligible, as are regional offices. They include, but are not limited to, the following:

2.2 The Company must create at least 10 new jobs. If the project is an expansion, the number of new jobs to be created must be the greater of a minimum of five new jobs or at least ten percent of the Company's work force at the time of application.

2.2 The County Commission, in recognition of its responsibility to set a community standard that permits full-time workers to live above the poverty line, enacted the Living Wage Ordinance, Section 2-8.9 Miami-Dade County Code. The County, through this ordinance sets an example by providing a living wage to County employees and requires living wages to be paid for County services provided by contractors and similarly by companies receiving incentives for job creation and capital investment through the TJIF program. http://www.miamidade.gov/dbd/library/Living_Wage_Brochure.pdf

2/

2.3 The Company's countywide ad valorem property taxes, excluding debt service, and countywide portion of sale taxes paid must generate sufficient incremental tax revenue to the County in order to fund the award. Incremental revenue generated by the project shall be determined by utilizing an Economic Impact Model and analysis by both The Beacon Council and County staff. The project must exhibit a positive Return on Investment Incentive of at least 120%.

2.4 This Application and Agreement must be signed by the Company and Miami-Dade County stipulating the number of new jobs to be created, the projected amount of capital investment, the amount of the projected tax revenue and the time frame of when the project will be completed. Payment to the Company will only be made after it has achieved all economic benchmarks.

2.5 The TJIF is an inducement program that is only available to companies considering a relocation and/or expansion in Miami-Dade County and one or more other communities. The TJIF is utilized to induce "New to Market" companies to relocate to Miami-Dade County (not available for companies located within Palm Beach, Broward and Monroe Counties unless a Company is planning to relocate outside South Florida). Companies located in other Florida counties are eligible for TJIF for any net *new* jobs being created in Miami-Dade County. The Company must provide verifiable documentation supporting its consideration of other locales. Any business decisions, such as announcements, leasing of space or hiring of employees, made prior to the final TJIF approval will likely be grounds for disapproval.

Section 3. Program Funding

3.1 Incremental tax revenue generated by the companies locating or expanding within Miami-Dade County funds the program.

Section 4. Award Amounts Provided By Miami-Dade County

4.1 The total TJIF award is based on the number of new jobs created and the amount of countywide ad valorem property taxes, excluding debt service, and countywide portion of sales taxes paid per annual amounts addressed in the approved application/agreement. The TJIF award is tentatively ascertained, pending Board approval, during application processing by entering application information into the Economic Impact Model. Miami-Dade County will provide a qualifying Company up to ($9,000.00) per new job in TJIF incentives as follows:

The total award is based on the projected number of new jobs to be created and the amount of countywide ad valorem property taxes, excluding debt service, and countywide portion of sales taxes paid. The base award amount per new job created is up to $3,000 if the Company is located outside any of the following areas:

Empowerment Zone
Enterprise Zone
Target Urban Area
Brownfields
Community Development Block Grant areas

If the Company is located within any of the above areas an additional bonus award of up to $1,500 per new job created is available. Likewise, if the Company employs a resident of one of the above areas an additional bonus award of up to $1,500 per new job created is also available.

Up to $1,500 bonus for companies with a building or facility that qualifies as "green construction" and/or that incorporates alternative energy systems. Specially, a company can receive a bonus of up to $1,000 if the Company's building or facility qualifies as "green construction" and is certified through the Leadership in Energy and Environmental Design (LEED) Green Building Rating system by the Florida Green Building Council or by the U.S. Green Building Council; and an additional bonus of up to $500 if the Company's building or facility incorporates solar, thermal, photovoltaic, fuel cell, and/or co-generating energy generation. The alternative energy systems, with the exception of solar thermal, must be grid interconnected to the local utility to qualify.

Up to $1,500 bonus, if the company is in the business of Solar Thermal and Photovoltaic Manufacturing, Installation and Repair.

Consideration for award within a municipality or unincorporated Miami-Dade County will be evaluated on a case-by-case basis.

2 A capital investment TJIF award may be provided to a Company when the minimum number of New Jobs has been created and when new capital investment by and/or for the Company exceeds $3 million in taxable property value. For a period of up to six (6) years (or longer as may be determined by the Board), the Company may receive said capital investment TJIF awards in the amount of eighty percent (80%) of the amount of countywide ad valorem property taxes paid-in on the subject property and one hundred (100) percent of the amount of countywide ad valorem property taxes paid-in on the subject property if it is located in a Designated Priority Area. This award is not applicable to the ad valorem property taxes paid-in on the subject property's land value nor to any improvements in place prior to the project.

4.3 A Company may not receive award payments of more than twenty five percent (25%) of the total awards specified in the approved application/agreement in any fiscal year even if all the New Jobs are created in one (1) year. Further, a Company may not receive more than $1.5 million in awards in any single fiscal year, or more than $2.5 million in any single fiscal year if the project is located in a Designated Priority Area. A Company may not receive more than $5 million in award payments in all fiscal years, or more than $7.5 million (or higher amount as may be determined by the Board for inside or outside a Designated Priority Area) if the project is located in a Designated Priority Area. Further, the total award is capped by the lower of the above or the total of the applicable ad valorem property and sales taxes paid-in as a result of the project. Additionally, a Company cannot receive both a TJIF award and Enterprise Zone Tax Abatements unless the TJIF award is in excess of the Abatement; a Company cannot receive both the TJIF award on large capital investment taxes paid-in and the TJIF regular ad valorem property tax funded award; and, while a Company can receive both a tax refund under the State of Florida Qualified Target Industry Program and a TJIF award at the same time, it cannot receive more than an amount equal to what it has paid-in under the project at any time.

Section 5. Payment of Incentive

5.1 The TJIF is a performance based incentive program; therefore, verification of the new jobs created, capital investment made by the Company, and new revenue generated to Miami-Dade County must be verified by the County prior to any disbursement of funds to the Company. This procedure must be repeated each year that the Company submits a claim for the TJIF payment. The year that is applicable for consideration of taxes paid-in resulting in incremental tax revenue is April 1 through March 31. Company award claims must be submitted each year during the period of April 1 through May 15. Any award appropriation, if made by the Miami-Dade County Board of County Commissioners will be paid in the County fiscal year that begins on October 1 following the May 15 claims-submission deadline date.

5.2 The TJIF incentive is paid out beginning after the first year the new jobs are created. For instance, if a Company has projected creating 400 new jobs, 100 per year during a four-year period, the incentive will be paid for the first 100 jobs in the year after the jobs have been created. Disbursement shall be over four years even if all the new jobs are created in one year. Payment to the Company will only be made after it has achieved all economic benchmarks. A Company's incremental tax revenue paid to Miami-Dade County must be sufficient to fund the Company's award. In keeping with the State QTI program requirements, a Company receiving a cash incentive award under this TJIF program and also applying for and receiving Enterprise Zone tax abatements, must, in any given year, have its TJIF cash incentive award reduced by the amount of any such tax abatement granted.

Section 6. Application Process

6.1 Any Company that meets the criteria and objectives of the TJIF must submit this Application and Agreement to The Beacon Council for review. The Beacon Council will prepare an economic impact analysis for the project, based on the information provided by the Company.

6.2 The completed Application and Agreement is submitted to Miami-Dade County for verification and concurrence with the economic impact analysis provided by The Beacon Council. The analysis should reflect a Return On Incentive Investment (ROII) of at least 120% if the Company is not located in a Designated Priority Area, at least 110% if the Company is located in a Designated Priority Area, and at least 100% if the Company is located in a Designated Priority Area and the Board of County Commissioners finds such increase is in the public's best interest and approves said ROII when jointly recommended by The Beacon Council and the County Manager. The Beacon Council presents Company Application and Agreement along with its analysis and recommendation to Miami-Dade County.

Section 7. Review and Approval Process

7.1 Upon Application and Agreement evaluation by the County, staff will recommend approval or denial to the County Manager and prepare an agenda item for the next available Board of County Commissioners meeting where the TJIF incentive is considered for approval. The County Manager will recommend Application and Agreement approval or denial to the Board of County Commissioners. Per Miami-Dade County Ordinance No. 00-98 creating this program as amended by Ordinance No. 02-251, the Board of County Commissioners shall have no obligation to approve any Application and Agreement before it.

7.2 The Beacon Council staff and a Company representative (when requested) will attend the Board of County Commissioners meeting to be available to answer any questions related to the project and the TJIF.

7.3 If the Board of County Commissioners approves the Application and Agreement, the Company and the County Manager will execute said document(s). Pursuant to Florida Statutes, § 288.075 and § 288.1066, confidentiality will be protected for any information regarding a project's location and/or expansion evaluation of any site in the State of Florida. If confidentiality is requested, the Company name and identifying information shall be provided by the Company by the date indicated on the cover page of this Application and Agreement and shall be appended hereto. Upon said approval, as the applying Company you will be sent a letter by The Beacon Council stipulating the conditions of the approval.

SECTION 11 PROJECT IMPACT INFORMATION

11.2 – The incentive award is a major component of the site selection decision process for (Project). As the headquarters for the entirety of the Caribbean and Latin American markets for , the Project will operate with a 100% import and 100% export model, not serving any local USA markets (providing significant locational flexibility). Although other lower cost markets offering attractive sites, lower operational costs, foreign trade zone availability and aggressive incentive packages both in and out of the USA are being considered, (Panama City, Panama is the number one contender to Miami Dade for the Project). considers that Miami's qualitative advantages justify some additional costs for land, taxes, labor, building construction, etc. Despite these qualitative advantages, senior management in requires that the Project be awarded to a local community that has offered an attractive incentive package enabling successful start up and support of continued operations.

The Project represents a long term commitment to the chosen community and the real estate portion of the Project is reflective of that commitment. Due to the unique industry specific nature of the activities that will be conducted at the facility, it is a requirement of the Project that construct a new building which they will own. Conservative estimates of the cost of this capital investment (building and equipment) are at least $24,000,000 plus the cost associated with acquisition of land. If a Miami-Dade county location is selected for the Project, the anticipated total project investment by will exceed $40,000,000.

11.3 The Project will have numerous impacts on the local community in which it is located. Besides the locally created jobs at the facility, the selected community will benefit from substantial activity during construction.

In considering future plans to brand their local community as an attractive location for foreign investment to their community, the winning community will enjoy a special status as a "winner" (especially for Latin American related operations) given that a major global corporation (and one of most important companies) like has selected it for this major investment and long term commitment.

11.4 Applicant and its parent and sister companies have been and continue to be active and dynamic members of the local business community in Miami Dade County. have numerous in Miami. Approximately 3 ½ years ago, selected a building in Miami to conduct market tests of a new That model has proven to be successful (creating the significantly increased scope of the Project).

Applicant has not been the subject of any civil or criminal fines, investigations nor has it been the target of any environmental or growth management action. Applicant takes great price its role as a supporting and active member of all of the local communities in which it is involved.
