

Date: January 22, 2008

To: Honorable Chairman Bruno A. Barreiro and Members,
Board of County Commissioners

From: George M. Burgess
County Manager

Agenda Item No. 5(H)

R-79-08

Subject: Class I Permit Application by Yachting Promotions, Inc. to install and remove temporary floating docks, ramps, pilings, and tents for the annual Yacht & Brokerage Show.

Attached, please find for your consideration an application by Yachting Promotions, Inc. for a Class I Permit. Also, attached is the recommendation of the Director of the Department of Environmental Resources Management and a Resolution seeking the Board's approval of the aforesaid Class I Permit.

Assistant County Manager

Date: January 22, 2008

To: George M. Burgess
County Manager

From: Carlos Espinosa, P.E., Director
Environmental Resources Management

Subject: Class I Permit Application by Yachting Promotions, Inc. to install and remove temporary floating docks, ramps, pilings, and tents for the annual Yacht & Brokerage Show.

Recommendation

I have reviewed the Class I Permit application by Yachting Promotions, Inc. Based upon the applicable evaluation factors set forth in Chapter 24-48.3 of the Code of Miami-Dade County, Florida, I recommend that the Board of County Commissioners approve the issuance of a Class I Permit for the reasons set forth below.

Scope

The project site is located along the Indian Creek waterway at 4121 Indian Creek Drive – 5025 Collins Avenue, Miami Beach, Miami-Dade County, Florida, which is in Commission District 4, Sally A. Heyman.

Fiscal Impact/Funding Source

Not Applicable

Track Record/Monitor

Not Applicable

Background

The subject Class I Permit application involves the annual short term installation of temporary floating docks, ramps and pilings to create no greater than 475 boat slips for the annual Yacht & Brokerage Show on the Indian Creek Waterway located at 4121 Indian Creek Drive – 5025 Collins Avenue, Miami Beach, Miami-Dade County, Florida. The 2008 Yacht & Brokerage Show will be held on February 14th - the 18th. In addition, the applicant is requesting a variance to place temporary tents over some of the floating docks for the show. The floating docks, ramps, pilings, and tents shall be installed and removed within a thirty (30) day time period surrounding the boat show that will occur annually in February and last approximately five (5) days.

The subject boat show has been held annually in this location for several years under previous Miami-Dade County Department of Environmental Resources Management (DERM) permits. Two (2) previous application and variance requests were approved by the Miami-Dade County Board of County Commissioners in 1997 and 1998 through Resolution numbers R-82-97 and R-23-98 respectively. The applicant is requesting that this Class I permit be issued for a period of ten (10) years which is consistent with the maximum time frame allowed for extensions of standard form Class I permits under the Code of Miami-Dade County. If approved, the applicant will seek administrative modifications to the permit on an annual basis for boat show activities in each subsequent year. As part of that process, the applicant will be required to provide authorization from the State of Florida for the use of the sovereign submerged lands prior to DERM issuing a permit modification. The display tents, and covered entertainment and concession platforms are defined as non-water dependant structures and are prohibited pursuant to Section 24-48.24 of the Code of Miami-Dade County, Florida. However, the Board of County Commissioners is empowered to grant variances from this Section of the Code.

DERM recommends that the variance be granted and the project be approved in accordance with the following conditions: The boat show shall be: 1) located over submerged lands owned or leased entirely by the applicant; 2) will not impact viewing corridors onto and off of the water due to its temporary nature and because it shall be located in an area with similar docking facilities; 3) will not cause significant navigational impacts because the following measures shall be implemented: a) Off duty law enforcement personnel from the City of Miami Beach Marine Patrol shall station patrol boats along the channel during the installation and dismantling of the floating docks and pilings as well as during the arrival and departure of show vessels; b) the outer pilings associated with the boat show shall only be installed for a ten (10) day period at which time a minimum channel clearance of eighty (80) feet shall be maintained at all times; c) the applicant will ensure that all vessels associated with the project follow safe boating practices and that sufficient lights and reflector materials are installed on any associated structures to provide warning at night; 4) is not expected to adversely affect surface water quality because upland restroom facilities will be provided and no sewage will be discharged into surface waters (mitigation will be required for water quality impacts associated with the temporary installation, operation, and demolition of the boat show facility); 5) is designed to be aesthetically compatible with the surrounding area because it is adjacent to similar docking facilities; 6) is not expected to cause significant long-term environmental impacts since the project shall not be located in an area with significant benthic resources or within an area designated by the Miami-Dade County Manatee Protection Plan as essential habitat for the West Indian Manatee (*Trichechus manatus*) and implementation of all applicable standard manatee protection provisions shall be required.

The proposed project will result in minor water quality impacts typically associated with the construction, operation and demolition of a docking facility. These impacts have been minimized to the maximum extent practicable. The applicant shall submit a contribution to the Biscayne Bay Environmental Enhancement Trust Fund (BBEETF) to mitigate for these minor water quality impacts in an amount equivalent to the value of 475 cubic yards of riprap at a price of \$90.00 per cubic yard. This contribution shall be made in the form of ten (10) annual payments of \$ 4275.00. The first contribution payment is due at permit issuance, and the remaining payments are due with each subsequent permit modification request. The contribution shall be specifically designated for creation/restoration projects in Biscayne Bay and its foreshore. In addition, pending BCC approval of the variance and Class I permit, the applicant shall post a \$25,000.00 performance bond to ensure compliance with the conditions of the Class I permit.

The proposed project has been designed in accordance with all relevant Miami-Dade County coastal construction criteria and is consistent with all other Miami-Dade County coastal protection provisions. Please find attached a DERM Project Report which sets forth the reasons the proposed project is recommended for approval by DERM pursuant to the applicable evaluation factors set forth in Section 24-48.3 of the Code of Miami-Dade County, Florida. The conditions, limitations, and restrictions set forth in the Project Report attached hereto are incorporated herein by references hereto.

NOTICE OF PUBLIC HEARING ON AN APPLICATION
BY YACHTING PROMOTIONS, INC. FOR A CLASS I
PERMIT TO INSTALL AND REMOVE TEMPORARY
FLOATING DOCKS, RAMPS, PILINGS, AND TENTS
FOR THE ANNUAL YACHT & BROKERAGE SHOW
LOCATED ALONG THE INDIAN CREEK WATERWAY
AT 4121 INDIAN CREEK DRIVE - 5025 COLLINS
AVENUE, MIAMI BEACH, MIAMI-DADE COUNTY,
FLORIDA.

BOARD OF COUNTY COMMISSIONERS
MIAMI-DADE COUNTY, FLORIDA

NOTICE IS HEREBY GIVEN pursuant to Article IV, Division 1 of Chapter 24 of the Code of Miami-Dade County that the Board of County Commissioners of Miami-Dade County will hold and conduct a Public Hearing on a request by Yachting Promotions, Inc. to install and remove temporary floating docks, ramps, pilings, and tents for the annual Yacht & Brokerage Show. Such Public Hearing will be held on the 22nd day of January 2008 at 9:30 AM, at the County Commission Chambers on the 2nd Floor of the Stephen P. Clark Center, 111 NW 1st Street, Miami, Florida.

Plans and details concerning the work requested in the application may be reviewed by interested persons at the office of the Miami-Dade County Department of Environmental Resources Management, 6th Floor, 701 N.W. 1st Court, Miami, Florida, 33130.

Oral statements will be heard and appropriate records made. For accuracy of records all important facts and arguments should be prepared in writing in triplicate, with two copies being submitted to the Deputy Clerk of the County Commission at the hearing or mailed to her beforehand (Kay Sullivan, Deputy Clerk), 111 N.W. 1st Street, Stephen P. Clark Center, Suite 17-202, Miami, Florida 33128; and with one copy being submitted beforehand to the Miami-Dade County Department of Environmental Resources Management, 701 N.W. 1st Court, Miami, Florida, 33130.

A person who decides to appeal any decision made by any Board, Agency, or Commission with respect to any matter considered at its meeting or hearing, will need a record of proceedings. Such person may need to ensure that a verbatim record of the proceedings is made, including the testimony and evidence upon which the appeal is to be based.

Agenda Item No. 5 (H)
01-22-08

RESOLUTION NO. R-79-08

RESOLUTION RELATING TO AN APPLICATION BY YACHTING PROMOTIONS, INC. FOR A CLASS I PERMIT TO INSTALL AND REMOVE TEMPORARY FLOATING DOCKS, RAMPS, PILINGS, AND TENTS FOR THE ANNUAL YACHT & BROKERAGE SHOW LOCATED ALONG THE INDIAN CREEK WATERWAY AT 4121 INDIAN CREEK DRIVE - 5025 COLLINS AVENUE, MIAMI BEACH, MIAMI-DADE COUNTY, FLORIDA.

WHEREAS, this Board desires to accomplish the purposes outlined in the accompanying memorandum, a copy of which is incorporated herein by reference,

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF MIAMI-DADE COUNTY, FLORIDA, that this Board having considered all the applicable factors contained within Section 24-48.3 of the Code of Miami-Dade County, hereby approves the application by Yachting Promotions, Inc. for a Class I Permit to install and remove temporary floating docks, ramps, pilings, and tents for the annual Yacht & Brokerage Show, subject to the conditions set forth in the memorandum from the Director of the Miami-Dade County Department of Environmental Resources Management, a copy of which is attached hereto and made a part hereof. The issuance of this approval does not relieve the applicant from obtaining all applicable Federal, State, and local permits.

The foregoing resolution was offered by Commissioner Sally A. Heyman , who moved its adoption. The motion was seconded by Commissioner Dennis C. Moss and upon being put to a vote, the vote was as follows:

	Bruno A. Barreiro, Chairman	absent		
	Barbara J. Jordan, Vice-Chairwoman	absent		
Jose "Pepe" Diaz	aye	Audrey M. Edmonson	aye	
Carlos A. Gimenez	aye	Sally A. Heyman	aye	
Joe A. Martinez	aye	Dennis C. Moss	aye	
Dorrin D. Rolle	aye	Natacha Seijas	absent	
Katy Sorenson	aye	Rebeca Sosa	absent	
Sen. Javier D. Souto	aye			

The Chairperson thereupon declared the resolution duly passed and adopted this 22nd day of January, 2008. This resolution shall become effective ten (10) days after the date of its adoption unless vetoed by the Mayor, and if vetoed, shall become effective only upon an override by this Board.

PERMIT APPLICANT/ AUTHORIZED AGENT STATEMENT

January 3, 2008

Miami Dade County DERM
Class I Permitting Program
701 NW 1st Court
Miami FL, 33136

Re: Class I Standard Form Permit Application Number 2007, CLI-PER-00435, Install and remove temporary floating docks, ramps, pilings, and tents annually in February for the Yacht & Brokerage Show. (insert description of proposed work)

By the attached Class I Standard Form permit application with supporting documents, I, Dane Graziano (insert name), am the permit applicant / applicant's authorized agent (circle one) and hereby request permission to perform the following: Install and remove temporary floating docks, ramps, pilings, and tents annually in February for the Yacht & Brokerage Show. (describe proposed work). I understand that a Miami-Dade County Class I Standard Form Permit is required to perform this work.

If approval is granted for the proposed work by the Board of County Commissioners, complete and detailed plans and calculations of the proposed work shall be prepared by an engineer registered/licensed in the State of Florida in accordance with the minimum requirements of Chapter 24 of the Code of Miami-Dade County, Florida. Said plans and calculations shall be subject to the review and approval of the Department of Environmental Resources Management. The permit applicant will secure the services of an engineer registered/licensed in the State of Florida to conduct inspections throughout the construction period and said engineer shall prepare all required drawings of record. In the event that the proposed work which is the subject of this Class I Permit application involves the cutting or trimming of a mangrove tree(s), a detailed plan of the proposed cutting or trimming shall be prepared by a licensed landscape architect and submitted to the Department for review and approval, and the permit applicant will secure the services of a licensed landscape architect to supervise the trimming or cutting.

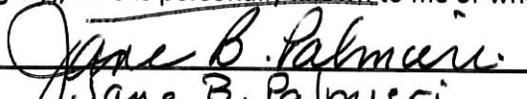

Respectfully submitted,

(Permit Applicant's name), Permit Applicant
Vice President of Yachting Promotions, Inc.

or

Install and Remove Temporary Floating Docks, Ramps, Pilings, and Tents Annually in February
for the Yacht and Brokerage Show
Davis Engineers Job No. 2K7133

Ladies and Gentlemen:

This letter will certify that I am an engineer registered/licensed in the State of Florida, qualified by education and experience in the area of construction, and that to the best of my knowledge and belief, the proposed work does not violate any laws of the State of Florida or any provision of the Code of Miami Dade County which may be applicable, that diligence and recognized standard practices of the engineering profession have been exercised in the engineer's design process for the proposed work, and in my opinion based upon my knowledge and belief, the following will not occur:

- a. Harmful obstruction or undesirable alteration of the natural flow of the water within the area of the proposed work.
- b. Harmful or increased erosion, shoaling of channels or stagnant areas of water. (Not applicable to class IV permits)
- c. Material injury to adjacent property.
- d. Adverse environmental impacts from changes in water quality or quantity.
(Applicable to class IV permits only)

Further, I have been retained by the applicant to provide inspections throughout the construction period and to prepare a set of reproducible record prints of drawings showing changes made during the construction process based upon the marked-up prints, drawings, and other data furnished by the contractor to me.

Sincerely,
DAVIS ENGINEERS, P.A.

Zoning Memorandum

Memorandum

Date:

To: Luis C. Otero, Manager
Coastal Resources
Environmental Resources Management

From: Lourdes Barrelli, Biologist II
Coastal Resources
Environmental Resources Management

Subject: Class I Permit Application by Yachting Promotions, Inc. to install and remove temporary floating docks, ramps, pilings, and tents for the annual Yacht & Brokerage Show.

Pursuant to Section 24-48.2(II)(A)(7), Code of Miami-Dade County, Florida, a substantiating letter shall be submitted by the applicant stating that the proposed project does not violate any zoning laws. Said letter will be submitted after approval by the Miami-Dade County Board of County Commissioners and prior to issuance of the Class I Permit.

Re: Property Owners List
Within the following boundaries
and within 300 feet:

COLLINS AVENUE
FROM 41ST STREET ON THE SOUTH
TO & INCLUDING 5025 COLLINS AVE
ON THE NORTH

This is to certify that the attached ownership list, map and mailing labels are a complete and accurate representation of the real estate property and property owners within the subject property and within 300 feet of the subject property listed above. This reflects the most current records on file in the Miami-Dade County Tax Assessor's office.

Sincerely,

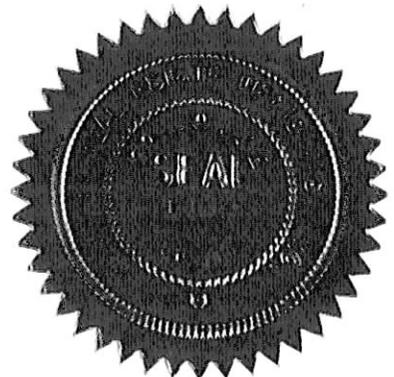

Ray N. Hunt

RE: Dade County Class I Permit Application 2007-CLI-PER-00435: Yachting Promotions, Inc.
The Yacht & Brokerage Show at 4121 Indian Creek Drive thru 5025 Collins Avenue

Gentlemen:

I, Suzan Imber, am the owner or officer/director of the Capobella Condominium Association, Inc. that owns the upland property possessing riparian rights to the area of the proposed work located at 5025 Collins Avenue, Miami Beach, Florida 33140, have reviewed the application and plans for the above-referenced project and am aware that my verification is necessary prior to issuance of class I Permit. I am hereby advising you that I have no objection to the project proposed.

RE: Land Trust No. 2401-2288-00 (The Eden Roc)

Pursuant to your letter dated December 28, 2007 this is to advise you that the above listed Trust was closed on May 2, 2006. The Bank, as Trustee, conveyed the Property to EDEN ROC L.L.P. on May 2, 2006. The Bank, as Trustee has no interest in the Eden Roc Hotel property. The tax assessor's records are probably behind. I don't have a copy of the recorded deed, but I am sure you can obtain a copy. I hope this answers your questions.

FILE NO: 1839

IN RE: The application by, Yachting Promotions, Inc., requesting a Conditional Use permit to install temporary floating docks and pilings adjacent to the existing seawall of the Indian Creek Waterway from 41st Street to 50th Street for the 2007 Yacht & Brokerage Show being held February 14-18, 2008.

LEGAL

DESCRIPTION: See attachment "A"

MEETING DATE: August 22, 2006

CONDITIONAL USE PERMIT

The applicant, Yachting Promotions, Inc., filed an application with the Planning Director for a Conditional Use Permit pursuant to Section 66-113 of the City Code. Notice of the request for Conditional Use was given as required by law and mailed out to owners of property within a distance of 375 feet of the exterior limits of the property, upon which the application was made.

The Planning Board of the City of Miami Beach makes the following FINDINGS OF FACT based upon the evidence, information, testimony and materials presented at the public hearing and which are part of the record for this matter:

That the property in question is located in the WD-1 Waterway District;

That the intended Use or construction will not result in an impact that will exceed the thresholds for the levels of service as set forth in the Comprehensive Plan;

That structures and Uses associated with the request are consistent with the Ordinance;

114

That the public health, safety, morals, and general welfare will not be adversely affected;

That necessary safeguards will be provided for the protection of surrounding property, persons, and neighborhood values if the following conditions are met.

IT IS THEREFORE ORDERED, based upon the foregoing findings of fact, the evidence, information, testimony and materials presented at the public hearing, which are part of the record for this matter, and the staff report and analysis, which is adopted herein, including the staff recommendations, and accepted by the applicant, that a Conditional Use Permit as requested and set forth above be **GRANTED**, subject to the following conditions:

1. The Planning Board shall maintain jurisdiction of this Conditional Use Permit. At the request of the Planning Director, the applicant shall provide a progress report to the Board if deemed necessary. The Board reserves the right to modify the Conditional Use approval at the time of a progress report in a non-substantive manner, to impose additional conditions to address possible problems and to determine the timing and need for future progress reports. This Conditional Use is also subject to modification or revocation under City Code Sec. 118-194 (c).
2. The request is approved for the 2008 Yacht and Brokerage Show event only, which shall commence with set up operations on January 17, 2008, be open to the public from February 14 - 18, 2008 and complete removal of all equipment by March 3, 2008.
3. This approval is granted to Yachting Promotions, Inc., only, as the operator of the Yacht & Brokerage Show; any change in the operator of the subject temporary docks shall not be permitted. Any change in operator shall be considered as a new application.
4. The applicant shall obtain a building permit for the request. The plan, design and construction shall meet the applicable Florida Building Code and Florida Accessibility Code Regulations and shall be approved by all the federal, state, county and municipal agencies that may have jurisdiction over this project, including but not limited to the U.S. Army Corps of Engineers, Dade County Department of Environmental Resources (DERM) and the State of Florida Department of Environmental Protection (FDEP) as they may apply, prior to the issuance of a Building Permit.
5. The applicant shall obtain a Special Event Permit from the Department of Tourism & Cultural Development of the City of Miami Beach for the operation of the 2008 Boat Show. The Special Event Permit shall be a prerequisite to obtaining all permits that may be required.
6. The Yacht and Brokerage Show shall be limited to the area from the intersection of 41st Street and Indian Creek Drive to 5025 Collins Avenue as shown on the survey submitted by the applicant, and shall not extend further north or south of these limits.
7. The applicant shall provide a revised site plan, drawn to scale, showing the proposed set-up of all floating docks for the show, including revisions as may be specified by the Planning Board, prior to the issuance of a Building Permit for the temporary docks and mooring piles; the site plan shall be approved by the Planning Director or his designee. The navigable channel for the 2008 event shall be shown continuously at 80 ft. in width throughout the entire length of the channel. In the event the 80 ft. channel appears to be inadequate, the City Manager or his designee may require a wider channel at a width deemed necessary in consultation with the City's Marine authority, DERM and FDEP.

Under no circumstances shall the 80 ft. wide channel be blocked by stationary marine vessels.

8. The applicant shall coordinate installation of pilings and supply of power to the site with FPL (Florida Power and Light Company).
9. The project shall include the installation of electric lights at the north and south ends of the temporary dock and navigational reflectors on the perimeter mooring piles. Said electric lights shall be installed with a natural light sensor switch to ensure their illumination during the dusk to dawn hours of darkness. The appropriate location of the lights and reflectors shall be indicated on the site plan prior to the issuance of a Building Permit.
10. The applicant shall remove and replace any concrete or asphalt surfaces damaged during show set-up and break-down; said repairs shall occur within thirty (30) days after the dismantling of the event.
11. Subject to Coast Guard approval, operation of the 63rd Street bridge will be restricted from its normal "on demand" opening schedule. During the set-up and break-down periods of the event, the 63rd Street Bridge shall open on signal, except that from 10:00 a.m. to 3:40 p.m. from Thursday, January 31, to Wednesday, February 13, 2008 during the set-up, and move-out from Tuesday, February 19, through Thursday, February 21, 2008, the draw bridge need only open on the hour for a maximum period of 10 minutes at a time, except that the bridge shall be permitted to open from 3:40 to 3:50 p.m. as the last opening of the day. The applicant shall strive to bring yachts into and out of the Boat Show docking areas in the early morning or if at all possible, late night hours.
12. The two most western lanes of Indian Creek Drive/Collins Avenue shall be permitted to be closed during move-in and move-out of the generator engines to allow for the safe operation of the crane lifting the equipment in place from 9:00 a.m. to 4:30 p.m. and as required by the Fire Marshall during the 2007 Brokerage and Yacht Show. During the times that two lanes of traffic are closed, the 63rd Street Bridge shall not open for boat traffic.
13. The applicant shall install, at its expense, two (2) temporary electronic signs at key roadway intersections (including the 41st Street area) informing the public of the 63rd Street Bridge operations and where parking will be available; said installation shall be made at least 7 days prior to commencing set-up and 7 days prior to commencing break-down. An advertisement shall be placed in the Miami Herald newspaper informing the public of same.
14. Marine vessels participating in the Yacht and Brokerage Show event shall abide by all applicable marine regulations, including, but not limited to, speed limits, wake area restrictions, right-of-way courtesy, etc, especially in the area of the Miami Beach Rowing Club at 65th Street and Indian Creek Drive. The applicant shall inform, in writing, all participating Boat Show captains of this requirement. Failure to comply with this provision will be automatic grounds for revocation of this Conditional Use approval.
15. Large yachts with a draft greater than 4 ft. participating in the event shall not leave their temporary mooring during the event days of February 14-18, 2007 and shall only arrive during set-up and depart during break-down of the event at high tide. The applicant shall coordinate with the arrival and departure of vessels with the City of Miami Beach Marine Patrol at least 15 days prior to set-up.

116

16. All participating show boats shall travel to and from the temporary marine docks at idle speed.
17. The applicant shall staff the site with professional security officers to provide security 24 hours per day throughout the immediate surrounding area of the event, especially for the private existing docks and properties along the western seawall of the Indian Creek Waterway, beginning with move-in through move-out. Security guards shall be supplemented with off duty Miami Beach Police Department officers as determined through consultation with and guidance from Police Department officials.
18. The applicant will coordinate and obtain approval from the Florida Department of Transportation (FDOT), with consultation and guidance from the Miami Beach Police and Fire Departments, to provide for safe operations on Collins Avenue during Show activities. Traffic control cones or other methods approved by FDOT shall be used to isolate the breakdown lane from traffic. The breakdown lane will be used for loading and unloading required for Show activities and emergency vehicle access. These areas will be clearly identified and access to them rigidly enforced to minimize traffic delays. No private vehicle parking will be authorized in the breakdown lane.
19. The applicant or any other participant in the event shall not offer for sale any new yacht, pleasure boat or any other marine vessel on that portion of the site which is City property (4600 Collins Avenue).
20. The applicant shall be required to remove all trash and debris from the surrounding area and in the water daily during the event and upon completion of the removal of the temporary docks and pilings. The applicant shall provide, as a part of the above required progress report, a written response from DERM confirming that this requirement has been met.
21. This order is not severable, and if any provision or condition hereof is held void or unconstitutional in a final decision by a court of competent jurisdiction, the order shall be returned to the board for reconsideration as to whether the order meets the criteria for approval absent the stricken provision or condition, and/or it is appropriate to modify the remaining conditions or impose new conditions.
22. This Conditional Use Permit shall be recorded in the Public Records of Dade County at the expense of the applicant.
23. The establishment and operation of this Conditional Use shall comply with all the aforementioned conditions of approval; non-compliance shall constitute a violation of the Land Development Regulations of the Code of the City of Miami Beach, Florida, and shall be subject to enforcement procedures set forth in Section 114-8 of said Code and such enforcement procedures as are otherwise available. In addition to the above, any failure by the applicant to comply with the conditions of this Order shall also constitute a basis for consideration by the Planning Board for a revocation of this Conditional Use.

Dated this 19 day of September, 2007.

CLASS IV SPECIAL EVENT SOVEREIGNTY SUBMERGED LANDS LEASE RENEWAL
AND MODIFICATION TO INCREASE SQUARE FOOTAGE

No. 130127050
PA No. 13-0127050-003

THIS SPECIAL EVENT LEASE is hereby issued by the Board of Trustees of the Internal Improvement Trust Fund of the State of Florida, hereinafter referred to as the Lessor.

WITNESSETH: That for and in consideration of payment of the special event lease fees hereinafter provided and the faithful and timely performance of and compliance with all terms and conditions stated herein, the Lessor does hereby lease to Yachting Promotions, Inc., a Florida corporation, hereinafter referred to as the Lessee, the sovereignty lands described as follows:

A parcel of sovereignty submerged land in Section 23, Township 53 South, Range 42 East, in Indian Creek, Miami-Dade County, containing 1,238,611 square feet, more or less, as is more particularly described and shown on Attachment A, dated September 3, 2003.

TO HAVE THE USE OF the hereinabove described premises for a period of thirty consecutive days each year during the term of this lease, with the first event commencing on February 12, 2004, the effective date of this special event lease, and continuing through 11:59 p.m. on March 12, 2004, at which time all permission granted hereunder to use or occupy the sovereignty lands described in Attachment A shall cease and terminate until the next special event held pursuant to this lease. The term of this lease shall continue for a period of five years from the effective date of this lease, with the Lessee having the right to use and occupy the sovereignty lands described in Attachment A only during a thirty (30) day period during the years 2004, 2005, 2006, 2007, 2008, subject to all terms and conditions set forth herein. The terms and conditions on and for which this special event lease is granted are as follows:

[25]

121

1. **USE OF PROPERTY:** The Lessee is hereby authorized to construct and operate a temporary commercial docking facility with a non-water dependent floating refreshment center, in conjunction with the The Brokerage Yacht Show exclusively used for public display of 475 vessels, without fueling facilities, with a sewage pumpout facility if it meets the regulatory requirements of the Department of Environmental Protection or local authority, whichever entity applies the more stringent criteria, and without leveboards as defined in paragraph 28, as shown and conditioned in Attachment A, and the Department of Environmental Protection, Environmental Resource Permit No. 13-0127050-003, dated December 29, 2003, incorporated herein and made a part of this special event lease by reference. All of the foregoing subject to the remaining conditions of this Lease.

2. **LEASE FEES:** Lessee shall pay to the Lessor the sum of \$13,378.89, comprised of (i) \$13,191.12 representing a one-month special event lease fee pursuant to section 18-21.011, Florida Administrative Code; and (ii) \$187.68 representing the 25 percent surcharge payment for the expanded area (70,490 square feet); plus tax pursuant to Section 212.031, Florida Statutes, if applicable. The annual fee for the remaining years of the lease shall be adjusted pursuant to provisions of section 18-21.011, Florida Administrative Code. The Division of State Lands will notify the Lessee in writing of the amount and the due date of the special event fee. The lease fee shall be remitted annually to the Division of State Lands as the agent for the Lessor, beginning with the effective and due date of this lease, and each year thereafter until the term of this lease terminates or expires.

3. **GROSS RENTAL INCOME CERTIFICATION/SUPPLEMENTAL PAYMENT:** The Lessee shall provide within 30 days from the termination of the period of each special event, a certification showing the total amount of the gross rental income derived from the rental of wet slips, including copies of all contracts and other documentation used to determine the gross rental income amount provided in the certification. When five (5%) percent of the gross rental income exceeds the prorated base fee or minimum fee established pursuant to section 18-21.011, Florida Administrative Code, the Lessor shall send the Lessee a supplemental invoice for the difference in the amounts.

4. **EXAMINATION OF LESSEE'S RECORDS:** For purposes of this special event lease, the Lessor is hereby specifically authorized and empowered to examine, for the term of this special event lease including any extensions thereto plus three (3) additional years, at all reasonable hours, the books, records, contracts, and other documents confirming and pertaining to the computation of special event lease fees as specified in paragraph two (2) above.

5. **MAINTENANCE OF LESSEE'S RECORDS:** The Lessee shall secure, maintain, and keep all records for the entire term of this special event lease, plus three (3) additional years. This period shall be extended for an additional two (2) years upon request for examination of all records and accounts for special event lease fee verification purposes by the Lessor.

6. **AGREEMENT TO EXTENT OF USE:** This special event lease is given to the Lessee to use and occupy the leased premises only for those purposes specified herein and as conditioned by the Department of the Environmental Protection, Environmental Resource Permit. The Lessee shall not change or add to the approved use of the leased premises as specified in paragraph No. 1 above, or shall not change activities in any manner that may have an environmental impact that was not considered in the original authorization or regulatory permit, without first obtaining a regulatory permit/modified permit, if required, and the Lessor's written authorization in the form of a modified lease, the payment of additional fees, as applicable, and, shall remove any structures which may no longer qualify for authorization under the modified lease, as applicable. However, reconfiguration of structures within the boundaries of the leased premises in accordance with paragraph 22 hereof, shall not be considered a change in the extent of use.

7. **PROPERTY RIGHTS:** The Lessee shall make no claim of title or interest to said lands hereinbefore described by reason of the occupancy or use thereof, and all title and interest to said land hereinbefore described is vested in the Lessor. The Lessee is prohibited from including, or making any claim that purports to include, said lands described or the Lessee's leasehold interest in said lands into any form of private ownership, including but not limited to any form of condominium or cooperative ownership. The Lessee is further prohibited from making any claim, including any advertisement, that said land, or the use thereof, may be purchased, sold, or re-sold.

8. **INTEREST IN LEASED PREMISES:** Any interest obtained by the Lessee in the leased premises as a result of this special event lease shall be subject and subordinate to all rights, title and interest in and to the leased premises which are vested in the riparian or littoral landowner.

9. **ASSIGNMENT OF LEASE:** The Lessee shall not assign or otherwise transfer this special event lease without the prior written consent of the Lessor.

10. **INDEMNIFICATION/INVESTIGATION OF ALL CLAIMS:** The Lessee shall investigate all claims of every nature arising out of this special event lease at its expense, and shall indemnify, defend and save and hold harmless the Lessor and the State of Florida from all claims, actions, lawsuits and demands arising out of this special event lease.

11. **VENUE:** Lessee waives venue as to any litigation arising from matters relating to this special event lease and any such litigation between Lessor and Lessee shall be initiated and maintained only in Leon County, Florida.

12. **NOTICES/COMPLIANCE/TERMINATION:** The Lessee binds itself, its successors and assigns, to abide by the provisions and conditions herein set forth, and said provisions and conditions shall be deemed covenants of the Lessee. In the event the Lessee fails to comply with the provisions and conditions herein, or fails to comply with the provisions and conditions herein set forth within 24 hours of receipt of the Lessor's written notice provided to the Lessee to correct, this special event lease may be immediately terminated by the Lessor. If canceled, the leased premises shall revert to the Lessor. All costs and attorneys' fees incurred by the Lessor to enforce the provisions of this special event lease shall be paid by the Lessee. All notices required to be given to the Lessee by this special event lease or applicable law or administrative rules shall be in writing and shall be sent by U.S. Mail, hand delivered by messenger or nationally recognized overnight courier service, or telecommunicated or teletyped to the following address:

Yachting Promotions, Inc.
1115 Northeast 9th Avenue
Fort Lauderdale, Florida 33304

The Lessee shall notify the Lessor by certified mail of any change to this address at least ten (10) days before the change is effective.

13. **TAXES AND ASSESSMENTS:** The Lessee shall assume all responsibility for liabilities that accrue to the subject property or to the improvements thereon, including any and all drainage or special assessments or taxes of every kind and description which are now or may be hereafter lawfully assessed and levied against the subject property during the effective period of this special event lease.

14. **NUISANCES OR ILLEGAL OPERATIONS:** The Lessee shall not permit the leased premises or any part thereof to be used or occupied for any purpose or business other than herein specified, nor shall the Lessee knowingly permit or suffer any nuisances or illegal operations of any kind on the leased premises.

15. **MAINTENANCE OF FACILITY/RIGHT TO INSPECT:** The Lessee shall maintain the leased premises in good condition, keeping the structures and equipment located thereon in a good state of repair in the interests of public health, safety and welfare. The leased premises shall be subject to inspection by the Lessor or its designated agent at any reasonable time.

16. **NON-DISCRIMINATION:** The Lessee shall not discriminate against any individual because of that individual's race, color, religion, sex, national origin, age, handicap, or marital status with respect to any activity occurring within the leased premises to this lease or upon lands adjacent to and used as an adjunct of the leased area. During the special event lease term, the Lessee shall post and maintain the placard furnished to the Lessee by the Lessor in a prominent and visible location on the leased premises or adjacent business office of the Lessee. It shall be the responsibility of the Lessee to post the placard in a manner which will provide protection from the elements, and, in the event that said placard becomes illegible at any time during the term of this special event lease, to notify the Lessor in writing so that a replacement may be provided.

17. **ENFORCEMENT OF PROVISIONS:** No failure, or successive failures, on the part of the Lessor to enforce any provision, nor any waiver or successive waivers on its part of any provision herein, shall operate as a discharge thereof or render the same inoperative or impair the right of the Lessor to enforce the same upon any renewal thereof or in the event of subsequent breach or breaches.

18. **PERMISSION GRANTED:** This special event lease shall terminate at 11:59 p.m. on March 12, 2004, unless sooner terminated pursuant to the provisions of this special event lease. Upon expiration or earlier termination of this special event lease, all permission granted herein shall cease and terminate.

19. **RENEWAL PROVISIONS:** Renewal of this lease shall be at the sole option of the Lessor. Such renewal shall be subject to the terms, conditions and provisions of management standards and applicable laws, rules and regulations in effect at that time.

20. **REMOVAL COSTS:** Any costs incurred by the Lessor in the removal of any structures and equipment constructed on state lands shall be paid by the Lessee.

21. **RIPARIAN RIGHTS/FINAL ADJUDICATION:** In the event that any part of any structure authorized hereunder is determined by a final adjudication issued by a court of competent jurisdiction to encroach on or interfere with adjacent riparian rights, Lessee agrees to either obtain written consent for the offending structure from the affected riparian owner or to remove the interference or encroachment within 60 days from the date of the adjudication. Failure to comply with this paragraph shall constitute a material breach of this special event lease agreement and shall be grounds for immediate termination of this special event lease agreement at the option of the Lessor.

22. **RECORDATION OF LEASE:** The Lessee, at its own expense, shall record this fully executed lease in its entirety in the public records of the county within which the lease site is located within fourteen (14) days after receipt, and shall provide to the Lessor within ten (10) days following the recordation a copy of the recorded lease in its entirety which contains the O.R. Book and pages at which the lease is recorded.

23. **AMENDMENTS/MODIFICATIONS:** This special event lease is the entire and only agreement between the parties. Its provisions are not severable. Any amendment or modification to this special event lease must be in writing, must be accepted, acknowledged and executed by the Lessee and Lessor, and must comply with the rules and statutes in existence at the time of the execution of the modification or amendment. Notwithstanding the provisions of this paragraph, reconfigurations of the structures are authorized by this lease without formal modification of the lease provided that the reconfiguration is (a) within the leased premises; (b) avoids areas of sensitive resources as identified herein; and (c) the Lessee provides a sketch of the reconfiguration to the Department of Environmental Protection Southeast District Office at 400 North Congress Avenue, West Palm Beach, Florida, within 30 days of the end of the special event period.

24. **ADVERTISEMENT/SIGNS/NON-WATER DEPENDENT ACTIVITIES/MINOR STRUCTURAL REPAIRS:** No signs directed to the boating public advertising the sale of alcoholic beverages shall be erected or placed within the leased premises. The Lessee shall ensure that no non-water dependent structures and/or activities shall be erected and/or conducted within the leased premises; except as authorized herein. Such activities or structures shall be considered unauthorized and a violation of Chapter 253, Florida Statutes, and shall subject the Lessee to administrative fines under Chapter 18-14, Florida Administrative Code or other enforcement action. Minor structural repairs required to maintain the authorized structures in a good state of repair in the interests of public health, safety or welfare; are allowed, however, such activities shall not exceed the activities authorized by this special event lease.

25. **ACOE AUTHORIZATION:** Prior to commencement of construction and/or activities authorized herein, the Lessee shall obtain the U.S. Army Corps of Engineers (ACOE) permit if it is required by the ACOE. Any modifications to the construction and/or activities authorized herein that may be required by the ACOE shall require consideration by and the prior written approval of the Lessor prior to the commencement of construction and/or any activities on sovereign, submerged lands.

26. **COMPLIANCE WITH FLORIDA LAWS:** On or in conjunction with the use of the leased premises, the Lessee shall at all times comply with all Florida Statutes and all administrative rules promulgated thereunder. Any unlawful activity which occurs on the leased premises or in conjunction with the use of the leased premises shall be grounds for the termination of this lease by the Lessor.

27. **SPECIAL EVENT CERTIFICATION:** The Lessee shall submit a Special Event Certification [Form 18-21.900(2)] within 120 days prior to each subsequent special event held pursuant to this lease. The Special Event Certification is to be submitted to the Department of Environmental Protection, Southeast District Office at 400 North Congress Avenue, West Palm Beach, Florida 33401.

28. **LIVEABOARDS:** The term "liveaboard" is defined as a vessel docked at the facility and inhabited by a person or persons for any five(5) consecutive days or a total of ten(10) days within a thirty(30) day period. If liveaboards are authorized by paragraph one(1) of this lease, in no event shall such "liveaboard" status exceed six (6) months within any twelve (12) month period, nor shall any such vessel constitute a legal or primary residence.

29. **GAMBLING VESSELS:** During the term of this lease and any renewals, extensions, modifications or assignments thereof, Lessee shall prohibit the operation of or entry onto the leased premises of gambling cruise ships, or vessels that are used principally for the purpose of gambling, when these vessels are engaged in "cruises to nowhere," where the ships leave and return to the state of Florida without an intervening stop within another state or foreign country or waters within the jurisdiction of another state or foreign country, and any watercraft used to carry passengers to and from such gambling cruise ships.

30. **SPECIAL LEASE CONDITIONS:**

A. If the Lessee allows mooring at the leased facility of vessels occupied by a person or persons on an overnight basis, the Lessee shall notify the slip occupants in writing of the availability and requirements to use the sanitary facilities provided on the uplands.

B. Lessee shall remove and properly dispose of all piling and docking structures by the end of each special event.

C. Lessee shall maintain for the term of this lease and any subsequent renewal periods the manatee informational display and manatee awareness signs as required by the Environmental Resource Permit No. 13-0127050-003.

DERM Project Report

PROJECT REPORT

CLASS I PERMIT APPLICATION NO. 2007 CLI - PER - 00435

**YACHTING PROMOTIONS, INC. FOR A CLASS I PERMIT
TO INSTALL AND REMOVE TEMPORARY FLOATING
DOCKS, RAMPS, PILINGS, AND TENTS FOR THE ANNUAL
YACHT & BROKERAGE SHOW**

Date: January 11, 2008

Staff's recommendation of approval for the above-referenced permit application is based on the applicable evaluation factors under Section 24-48.3 of the Code of Miami-Dade County, Florida. The following is a summary of the proposed project with respect to each applicable evaluation factor:

1. **Potential Adverse Environmental Impact** – The potential adverse environmental impacts from the installation and removal of the proposed structures and the mooring of associated vessels are minimal.
2. **Potential Cumulative Adverse Environmental Impact** – Not Applicable.
3. **Hydrology** - The proposed project is not reasonably expected to adversely affect surface water drainage or retention of stormwater.
4. **Water Quality** – The proposed project will result in temporary minor water quality impacts typically associated with the construction, operation, and demolition of a docking facility. These impacts include increased turbidity from standard construction and demolition activities, benthic disturbances created by deep draft vessels, oil/fuel leaks, improper bilge operation, debris disposal, etc. The applicant shall submit a contribution to the Biscayne Bay Environmental Enhancement Trust Fund (BBEETF) to mitigate for these minor water quality impacts in an amount equivalent to the value of 475 cubic yards of riprap at a price of \$90.00 per cubic yard. This contribution shall be made in the form of ten (10) annual payments of \$ 4275.00. The first contribution payment is due at permit issuance, and the remaining payments are due with each subsequent permit modification request. The contribution shall be specifically designated for creation/restoration projects in Biscayne Bay and its foreshore. In addition, the applicant shall be required to distribute information on "Best Management Practices" to each exhibitor and sales representative to avoid and/or minimize these types of impacts.

The Class I permit shall require that a water quality monitoring plan and proper turbidity controls be implemented during construction and demolition periods to ensure turbidity levels within the surrounding waters does not exceed State and County water quality standards. Turbidity curtains shall be used to enclose work areas during pile installation and removal. If turbidity levels within the surrounding waters exceed water quality standards, construction shall cease until remedial measures have been implemented and DERM approves re-commencement of the project. In addition, the Class I permit will require the applicant to post a \$25,000.00 performance bond to ensure compliance with these and all other general and specific conditions of the permit.

5. **Wellfields** – Not applicable.
6. **Water Supply** – Not applicable.
7. **Aquifer Recharge** – Not applicable.
8. **Aesthetics** – The project is designed to be aesthetically compatible with the surrounding area. The show is located adjacent to existing docking facilities and is temporary in nature. The proposed structures have been associated with the previous Yacht & Brokerage shows and therefore, not reasonably expected to have negative aesthetic impacts.

9. **Navigation** – The proposed project shall result in temporary impacts to navigation during the construction, operation, and demolition time periods. The applicant has minimized navigation impacts by stationing off-duty City of Miami Beach Marine Patrol personnel to patrol the channel during the installation and dismantling of the floating docks and pilings, as well as during the arrival and departure of show vessels. Outer pilings shall be installed for a ten (10) day period at which time a minimum channel clearance of eighty (80) feet shall be maintained at all times between the proposed pilings and any existing structures along the west side of the Indian Creek waterway. The proposed project is not reasonably expected to adversely affect navigation provided that all vessels associated with the project follow safe boating practices and that sufficient lights and reflector materials are installed on the proposed structures to provide warning at night. The proposed project shall be subject to Coast guard approval and the applicant shall be required to comply with all State and Federal navigational lighting requirements.
10. **Public Health** - The proposed project is not reasonably expected to adversely affect public health. The applicant shall provide portable sanitation facilities on the uplands for show staff, vendors and participants and no sewage will be discharged into surface waters.
11. **Historic Values** - The proposed project is not reasonably expected to adversely affect historic values.
12. **Archaeological Values** - The proposed project is not reasonably expected to adversely affect archaeological values
13. **Air Quality** – The proposed project is not reasonably expected to adversely affect air quality.
14. **Marine and Wildlife Habitats** – The proposed project will result in minimal temporary impacts to marine and wildlife habitats. The Yacht & Brokerage Show is not located within an area designated as essential West Indian Manatee (*Trichechus manatus*) habitat by the Miami-Dade County Manatee Protection Plan. However, vessels traveling to and from the boat show will enter areas designated as essential manatee habitat and the boat show occurs annually during manatee season. To minimize impacts during the construction, operation, and demolition of the proposed project and during the distribution of the vessels to and from the boat show, the applicant will comply with standard manatee protection provisions. In addition, all associated vessels shall travel through deep water routes, maintain adequate clearance between the draft of the vessel and any resources along the bottom substrate, and adhere to speed restrictions and manatee awareness signs.
15. **Wetland Soils Suitable for Habitat** – There are no wetland soils suitable for habitat in the footprint of the proposed work.
16. **Floral Values** – The proposed project is not reasonably expected to adversely affect marine flora. The boat show will occur in the vicinity of existing docking facilities with similar vessel operations in an area with no significant benthic resources.
17. **Fauna Values** - The proposed project is not reasonably expected to adversely affect marine fauna provided all standard manatee provisions outlined in evaluation factor No. 14 are implemented during construction, operation, demolition and vessel travel periods.

145

18. **Rare, Threatened and Endangered Species** – The proposed project is not reasonably expected to adversely affect any rare, threatened or endangered species. The Yacht & Brokerage Show is not located within an area designated as essential West Indian Manatee (*Trichechus manatus*) habitat by the Miami-Dade County Manatee Protection Plan. However, vessels traveling to and from the boat show will enter areas designated as essential manatee habitat and the boat show occurs annually during manatee season. To minimize impacts during the construction, operation, and demolition of the proposed project and during the distribution of the vessels to and from the boat show the applicant will comply with standard manatee protection provisions. In addition, all associated vessels shall travel through deep water routes, maintain adequate clearance between the draft of the vessel and any resources along the bottom substrate, and adhere to speed restrictions and manatee awareness signs.
19. **Natural Flood Damage Protection** - The proposed project is not reasonably expected to adversely affect surface water drainage or retention of stormwater.
20. **Wetland Values** - The proposed project does not involve dredging or filling of wetlands.
21. **Land Use Classification** – The proposed project will occur in the City of Miami Beach, Florida. Pursuant to Section 24-48.2(II)(A)(7), of the Code of Miami-Dade County, Florida, a substantiating letter shall be submitted stating that the proposed project does not violate any zoning laws. Said letter will be submitted pending approval by the Board of County Commissioners and prior to the issuance of the Class I Permit.
22. **Recreation** - The proposed project is consistent with the recreation element of the Miami-Dade County Comprehensive Development Master Plan and recreation element of the Biscayne Bay Management Plan recreation elements.
23. **Other Environmental Values Affecting the Public Interest** - The proposed project is not reasonably expected to adversely affect other environmental values affecting the public interest. The submerged lands on which the project will occur are owned by the State of Florida. Approval has been granted by the Board of Trustees of Internal Improvement Trust Fund of the State of Florida for the use of sovereign submerged lands to exclusively construct and operate a temporary commercial docking facility in conjunction with the 2008 Yacht & Brokerage Show. Class I permit conditions shall require the applicant to provide authorization from the State of Florida for the use of the sovereign submerged lands prior to DERM issuing permit modifications for subsequent boat shows.
24. **Conformance with Standard Construction Procedures and Practices and Design and Performance Standards** – The proposed project complies with the standard construction procedures and practices and design and performance standards of the applicable portions of the following:

The proposed display tents, and covered entertainment and concession platforms are not consistent with the Biscayne Bay Management Plan or with Section 24-48.24 of the Code of Miami-Dade County due to their being non-water dependent structures. However, the project is temporary in nature and the associated impacts are minimal. The applicant is requesting a variance to the water dependency requirement of the Code of Miami-Dade County.

25. **Comprehensive Environmental Impact Statement (CEIS)** – In the opinion of the Director, the proposed project will result in neither adverse environmental impacts nor cumulative adverse environmental impacts. Therefore, a CEIS was not required by DERM to evaluate the project.
26. **Conformance with All Applicable Federal, State and Local Laws and Regulations** - The proposed project is in conformance with the following applicable State, Federal and local laws and regulations:
- a. United States Clean Water Act (Army Corps of Engineers permit is required)
 - b. Florida Department of Environmental Protection submerged lands approval
 - c. Federal Endangered Species Act (Florida Fish and Wildlife Conservation Commission)
27. **Conformance with the Miami-Dade County Comprehensive Development Master Plan (CDMP)** - In the opinion of DERM, elements of the proposed project (i.e. display tents, and covered entertainment and concession platforms) are not in full conformance with the CDMP. However, the applicant is requesting a variance from the Section of Miami Dade County Code relating to these non-water dependant structures as they pertain to the proposed project. The following is a summary of the proposed project as it relates to the CDMP:

LAND USE ELEMENT I:

Objective 2/Policy 2A - Level of Service. The proposed project does not involve new or significant expansion of existing urban land uses because it is temporary in nature and located within the vicinity of existing docking facilities.

Objective 3/Policies 3A, 3B, 3C - Protection of natural resources and systems. – The proposed project is consistent with the Conservation and Coastal Management Elements of the CDMP. The project is compatible with surrounding land uses in Biscayne Bay and does not involve development in the Big Cypress are of Critical State concern or the East Everglades.

TRANSPORTATION ELEMENT II

Aviation Subelement/Objective 9 - Aviation System Expansion - There is no aviation element to the proposed project.

Port of Miami River Subelement/Objective 3 - Minimization of Impacts to estuarine water quality and marine resources. The proposed project will not take place within the tidal waters of the Miami River. The Class I Permit will include a condition that requires the applicant to use best management practices to ensure that debris and other pollutants do not enter the water. In addition, a performance bond shall be held to ensure compliance with said condition.

CONSERVATION, AQUIFER RECHARGES AND DRAINAGE ELEMENT IV:

Objective 3/Policies 3A, 3B, 3D - Wellfield protection area protection. - The proposed project is not located within a wellfield protection area.

Objective 3/Policy 3E - Limestone mining within the area bounded by the Florida Turnpike, the Miami-Dade/Broward Levee, N.W. 12 Street and Okeechobee Road. - The proposed project is not located within this area.

Objective 4/Policies 4A, 4B, 4C - Water storage, aquifer recharge potential and maintenance of natural surface water drainage. - The proposed project will not adversely affect water storage, aquifer recharge potential or natural surface water drainage. The proposed project does not involve positive drainage of wetland area and will not affect water storage or aquifer recharge potential.

Objective 5/Policies 5A, 5B, 5F - Flood protection and cut and fill criteria. - The proposed project does not compromise flood protection, involve filling for development purposes, and is not related to cut and fill activities.

Objective 6/Policy 6A - Areas of highest suitability for mineral extraction. - The proposed project is not located in an area proposed or suitable for mineral extraction.

Objective 6/Policy 6B - Guidelines for rock quarries for the re-establishment of native flora and fauna. - The proposed project is not located in a rock quarry.

Objective 6/Policy 6D - Suitable fill material for the support of development. - The proposed project does not filling for the purposes of development.

Objective 7/Policy 7A - No net loss of high quality, relatively unstressed wetlands. - The proposed project will not result in a net loss of any such wetlands.

Objective 9/Policies 9A, 9B, 9C - Protection of habitat critical to Federal State-designated threatened or endangered species - The proposed project is not reasonably expected to affect any threatened or endangered species. The Class I permit will require the applicant to implement and comply with all standard manatee protection provisions.

COASTAL MANAGEMENT ELEMENT VII:

Objective 1/Policy 1A - Tidally connected mangroves in mangrove protection areas - The project is not located within a designated "Mangrove Protection Area."

Objective 1/ Policy 1B - Natural surface flow into and through coastal wetlands. - The project will not affect natural surface flow into and through coastal wetlands.

Objective 1/ Policy 1C - Elevated boardwalk access through mangroves. - The project does not involve access through mangroves

Objective 1/Policy 1D - Protection and maintenance of mangrove forests and related natural vegetational communities. - The proposed project does not involve work in mangrove forests, coastal hammock, or other natural vegetational communities.

Objective 1/Policy 1E - Mitigation for the degradation and destruction of coastal wetlands. Monitoring and maintenance of mitigation areas. - The proposed project does not involve the degradation and destruction of coastal wetlands and therefore does not involve monitoring of mitigation for impacts to coastal wetlands.

Objective 1/Policy 1G - Prohibition on dredging or filling of grass/algal flats, hard bottom or other viable benthic communities, except as provided for in Chapter 24 of the Code of Miami-Dade County, Florida. - The project does not involve the dredging or filling of grass/algal flats, hard bottom or other viable benthic communities.

Objective 2/Polices 2A, 2B - Beach restoration and renourishment objectives. - The proposed project does not involve beach restoration or renourishment.

Objective 3/Polcy 3E, 3F - Location of new cut and spoil areas for proper stabilization and minimization of damages. - The proposed project does not involve the development or identification of new cut or spoil areas.

Objective 4/Polcy 4A, 4C, 4E, 4F - Protection of endangered or threatened animal species. - The proposed work is not reasonably expected to affect endangered or threatened species. The Yacht & Brokerage Show is not located within an area designated as essential West Indian Manatee (*Trichechus manatus*) habitat by the Miami-Dade County Manatee Protection Plan. However, vessels traveling to and from the boat show will enter areas designated as essential manatee habitat and the boat show occurs annually during manatee season. To minimize impacts during the construction, operation, and demolition of the proposed project and during the distribution of the vessels to and from the boat show the applicant will comply with standard manatee protection provisions. In addition, all associated vessels shall travel through deep water routes, and adhere to speed restrictions and manatee awareness signs.

Objective 5/Polcy 5B - Existing and new areas for water-dependent uses. - The proposed project will not affect existing water-dependent uses.

Objective 5/Polcy 5D - Consistency with Chapter 33D, Miami-Dade County Code (shoreline access, environmental compatibility of shoreline development) - The proposed project does not require review by the Shoreline Development Review Committee because it is not a permanent structure.

Objective 5/Polcy 5F - The siting of water dependent facilities. - The proposed project does not involve the creation of any new water dependent facilities.

28. **Conformance with Chapter 33B, Miami-Dade County Code** (East Everglades Zoning Overlay Ordinance) - The proposed project is not located within the East Everglades Area.
29. **Conformance with Miami-Dade County Ordinance 81-19** (Biscayne Bay Management Plan Section 33D-1 through 33D-4) - The proposed tents, and covered entertainment and concession platforms are not consistent with the Biscayne Bay Management Plan due to their being non-water dependant structures. However, the project is temporary in nature and the applicant is requesting a variance from this requirement.
30. **Conformance with the Miami-Dade County Manatee Protection Plan** - The project is not located within essential habitat for the West Indian Manatee. However, vessels traveling to and from the boat show will enter areas designated as essential manatee habitat and the boat show occurs annually during manatee season. To minimize impacts during the construction, operation, and demolition of the proposed project and during the distribution of the vessels to and from the boat show the applicant will comply with standard manatee protection provisions. In addition, all associated vessels shall travel through deep water routes, and adhere to speed restrictions and manatee awareness signs. The proposed project is temporary in nature and is not reasonably expected to adversely affect any rare, threatened or endangered species.
31. **Consistency with Miami-Dade County Criteria for Lake Excavation** - The proposed project does not involve lake excavation.

32. **Municipality Recommendation** – Pursuant to Section 24-48.2(II)(A)(7), Code of Miami-Dade County, Florida, a substantiating letter shall be submitted stating that the proposed project does not violate any zoning laws. Said letter will be submitted after the approval by the Board of County Commissioners and prior to the issuance of the Class I Permit.
33. **Coastal Resources Management Line** - A coastal resources management line was not required for the proposed project, pursuant to Section 24-48.2(II)(A)(10)(b) of the Code of Miami-Dade County, Florida.
34. **Maximum Protection of a Wetland's Hydrological and Biological Functions** – The proposed project is not expected to impact wetland hydrological and biological functions.
35. **Class I Permit Applications Proposing to Exceed the Boundaries Described in Section D-5.03(2)(a) of the Miami-Dade County Public Works Manual** – DERM has considered the following factors:
 - i. **Whether the proposed exceedance is the minimum necessary to avoid seagrasses or other valuable environmental resources** – Not applicable.
 - ii. **Whether the proposed exceedance is the minimum necessary to achieve adequate water depth for mooring of a vessel** – Not applicable.
 - iii. **Whether the applicant has provided notarized letters of consent to DERM from adjoining riparian property owners** – Not applicable.
 - iv. **Whether any letters of objection from adjoining riparian property owners were received by DERM** – Not applicable.

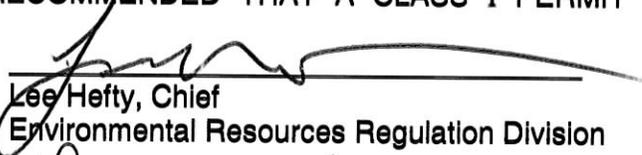

The proposed project was also evaluated for compliance with the standards contained in Section 24-48.3(2),(3), and (4) of the Code of Miami-Dade County, Florida. The following is a summary of how the standards relate to the proposed project:

24-48.3 (2) Dredging and Filling for Class I Permit - The proposed project does not involve dredging and filling activities.

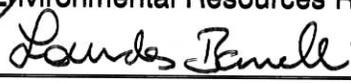

24-48.3 (3) Minimum Water Depth Required for Boat Slips Created by the Construction or Placement of Fixed or Floating Docks and Piers, Piles and Other Structures Requiring a Permit Under Article IV, Division 1 of Chapter 24 of the Code of Miami-Dade County - The proposed project involves the temporary installation of docks, ramps, and pilings for mooring purposes. The project area is located in the vicinity of existing large vessel docking facilities and has adequate water depth for the vessels that will be using the proposed slips.

24-48.3 (4) Clean Fill In Wetlands – The proposed project does not involve placing clean fill in wetlands.

BASED ON THE FOREGOING, IT IS RECOMMENDED THAT A CLASS I PERMIT BE APPROVED.

Lee Hefty, Chief
Environmental Resources Regulation Division

Lourdes Barrelli, Biologist II
Coastal Resources Section
