

**Date:** July 1, 2008

Agenda Item No. 8(O)(1)(B)

**To:** Honorable Chairman Bruno A. Barreiro  
and Members, Board of County Commissioners

**From:** George M. Burgess  
County Manager

**Resolution No. R-807-08**

**Subject:** Resolution Authorizing Modification to Contract 5745-4/08-4: Transit Vehicle  
Parts and Repair Services, Pre-qualification of Vendors

### **Recommendation**

It is recommended that the Board of County Commissioners approve the attached resolution authorizing a modification to contract No. 5745-4/08-4: Transit Vehicle Parts and Repair Services, Prequalification of Vendors.

### **Scope**

The impact of this item is countywide in nature.

### **Fiscal Impact/Funding Source**

The funding source for this contract includes Federal (36%), Operating Revenue (44.8%) and PTP Surtax (19.2%) funds. It should be noted that funds are to be expended on this contract only if the department's budget can support expenditures.

### **Track Record/Monitor**

There are no known performance issues with the vendors recommended for award in the accompanying item. Miami Dade Transit's contract manager is reflected in the attachment.

### **Delegated Authority**

If this item is approved, the County Mayor or his designee will have the authority to exercise in his discretion subsequent options-to-renew and other extensions in accordance with the terms and conditions of the contract listed in the accompanying item.

### **Background**

At its meeting of May 6, 2008, the Board deferred this contract modification and directed staff to review the applicability of the Living Wage Ordinance (Ordinance). As directed, staff reviewed the applicability of the Ordinance and has determined that the Living Wage does not apply to this contract. This contract provides Miami Dade Transit (MDT) with parts, component repair and on/off site repair services to its Metrobus fleet and support equipment. However, the repair services provided under this contract are not considered routine maintenance services as stipulated in the Ordinance.

Due to federal funding of this contract, no measures have been applied to this contract.

The current contract expires July 31, 2008. A long-term replacement contract is currently being solicited. This modification will ensure continuity of supply of parts necessary to

Honorable Chairman Bruno A. Barreiro  
and Members, Board of County Commissioners

properly maintain the fleet. This modification will provide additional funding in the amount of \$16 million and an additional term of eight months through March 31, 2009.

  
Assistant County Manager

**Performance Data:** There are no performance issues for these 33 firms.

**Compliance Data:** Hydraulic Technician, Inc. was issued a Notice of Violation (NOV) on August 5, 2005 for failure to pay the appropriate Living Wage rate on a different County contract (contract no. 0924-2/04-2). The firm has complied and the violation has been closed.

**Contract Measure:** No measure

**Review Committee Date:** May 22, 2002

**Local Preference:** Applied in accordance with the Local Preference Ordinance.

**Living Wage:** The Living Wage Ordinance does not apply.

**User Access Program:** The contract includes the User Access Program provision. The 2% program discount will be collected on all purchases where permitted by the funding source.

**Contract Managers:** Jesus Lee, Department of Procurement Management  
Daryl Hurston, Miami-Dade Transit

**Contract Effective Date:** Upon approval by the Board, expiration of the mayoral veto period, and subsequent approval by the Citizens' Independent Transportation Trust.

### **REASON FOR CHANGE**

Authorization is necessary for additional time and spending authority for Miami-Dade Transit (MDT) to purchase replacement parts, component repair and on/off site repair services for transit vehicles.

In addition, authorization is requested to use People's Transportation Plan (PTP) surtax funds for MDT. The PTP allocation is capped at 19.2 percent based on the approved allocation formula. Per Ordinance No. 02-116, the use of PTP surtax funds requires Board approval, regardless of the dollar amount.

MDT uses this contract to purchase replacement parts, component repair and on/offsite repair services for the MDT bus fleet and support equipment. These parts and services are critical to ensuring that buses are serviced in accordance with operating standards to prevent accidents, breakdowns, and/or downtime. Parts such as compressors, starters, radiators and alternators are subjected to continuous use and must be serviced and/or replaced regularly to maintain an environmentally complaint status.

This modification will allow MDT to continue to procure parts and services for an additional six months until the long term contract is awarded by November 2008. The modification amount was based on current and past expenditures.
