From: George M. Burgess
County Manager

Resolution No. R-829-09

Subject: Homestead Air Reserve Park Utility Easement

Recommendation

It is recommended that the Board approve the attached resolution authorizing the granting of a utility easement to Florida Power and Light Company (FPL) for the installation and maintenance of electric facilities in Homestead Air Reserve Park.

Scope

Homestead Air Reserve Park is located at 27401 SW 127 Avenue in Commission District 9.

Fiscal Impact/Funding Source

The easement will not create any financial impact to Miami-Dade County.

Track Record/Monitor

The County has granted utility easements to FPL in the past. The Park and Recreation Department (MDPR), Planning and Research Division will process the easement document for execution.

Background

MDPR is constructing new facilities at Homestead Air Reserve Park to provide recreational opportunities that will benefit the community. These new facilities, a recreation building and restroom building, require electric transformers to reduce the voltage from the nearest power lines. FPL has agreed to install the needed transformers and provide electrical service to the park in exchange for a utility easement to install and maintain them. The easement will not impact any natural resources within the park.
