Resolution No. R-961-09

Subject: Resolution Rescinding Administrative Order 4-100, Policies and Procedures, Departmental Responsibilities, Fees and Fines for Parking Spaces for Persons Transporting Young Children and Strollers, and approving Implementing Order 4-100 to Revise the Fee and Fines Structure and Departmental Responsibility

## Recommendation

It is recommended that the Board approve the attached Implementing Order 4-100: Policies and Procedures, Departmental Responsibilities, Fees and Fines for Parking Spaces for Persons Transporting Young Children and Strollers (Baby Stroller Permit), and rescind Administrative Order 4-100.

## Scope

This Implementing Order provides for the ability to expand the number of available locations and increase convenience for residents who seek to purchase a Baby Stroller Permit. Additionally, it proposes a revision to the fee structure for the sale of Baby Stroller Permits and Gift Certificates, as well as a change to the departmental authority for the sale of Baby Stroller Permits and Gift Certificates.

## Background

On June 7, 1994, Ordinance 94-104 was sponsored by Commissioner Seijas and adopted by the Board of County Commissioners. The Ordinance amended Section 33-122 (Parking spaces for persons transporting young children and strollers) and created Sections 30-449, 30-450, and 33-122.2 in the Miami-Dade Code, providing parking stall locations, signage and markings, enforcement and penalties, and requiring existing commercial parking facilities to comply with the Ordinance pertaining to parking spaces for persons transporting young children and strollers. In accordance with the Ordinance, Administrative Order 4-100 was developed to establish administrative policies and procedures for the issuance of parking permits for persons transporting young children and strollers.

This Implementing Order revises departmental authority and responsibilities due to the transfer of the outreach function for Baby Stroller Permits to the Government Information Center. GIC currently has five ServiceDirect offices selling Baby Stroller Permits, and has initiated an effort to expand the availability of Baby Stroller Permit sales in locations that are more convenient to the public. Staff has engaged Baptist Healthcare Systems (BHS) to create an added value service to its customers through the availability of Baby Stroller Permits at their local hospitals and will implement sales at the South Miami Hospital upon adoption of this Implementing Order. The other Baptist Healthcare System hospitals will engage in the sale of Baby Stroller Permits based on the outcome of the first pilot hospital, and it is our intent to expand to all hospital systems, involving approximately 20 hospitals.

In order to facilitate this effort and simplify the Baby Stroller Permit process, this Implementing Order also proposes to modify the fee structure for the Baby Stroller Permits from a 35-tiered fee structure based on the child's age at the time of purchase, to one flat fee and a service fee. Currently, the annual fee structure ranges from \$4.50 to \$19.00 (including service fee) for birth to 36 months old and Gift Certificates are sold for a flat fee of \$20.00. The proposed change in fee structure does not result in a significant impact to the residents. The proposed flat fee of \$17.00 (which includes a \$2.00 service

fee) was established after conducting an analysis of the most recent trends in the issuance of permits. Approximately 74% of the permits issued are for children between the ages of one to five months, at an average cost of \$18.22; the average cost for remaining sales (26%) is \$13.50, resulting in an overall average cost per permit of \$16.97. Based on these prior permit sales, approximately 74% of the future sales should result in residents paying equal to or less than what they would have paid under the current fee structure. Residents purchasing Baby Stroller Gift Certificates will pay \$3.00 less per permit. Furthermore, the simplified fee structure will be easier to administer, easier for the public to understand and reduces possible errors in revenue collection.

| Age of Child at time of Purchase                                      | Number of Permits Purchased | Total Cost to Citizen | Current Cost Per Permit | Proposed Fees Per Permit | Assuming a \$15.00 Permit Fee and \$2.00 Service Fee    |
| Birth to 5 months old   | 728                         | \$ 13,263             | \$ 18.22                | \$ 17.00                 | 74% will pay equal or less than the proposed            |
| 6 to 35 months old  | 262                         | \$ 3,538              | \$ 13.50                | \$ 17.00                 | 26% will pay more                                       |
| <b>TOTAL</b>  | <b>990</b>                  | <b>\$ 16,801</b>      | <b>\$ 16.97</b>         | <b>\$ 17.00</b>          | only 98 cents higher than average cost of all purchases |

**Record Tracking/Monitoring**

This Implementing Order identifies the Department of Planning and Zoning as the authorized agency for overall administration of the Code and determining fines. The Government Information Center along with the Tax Collector are the authorized agencies for establishing policies and procedures for the sale of Baby Stroller Permits. The Office of Neighborhood Compliance is the authorized agency for enforcing zoning compliance and the Finance Department is the authority for establishing the financial and auditing system, including the dissemination of the revenues in accordance with Ordinance 94-104.

**Fiscal Impact**

The change in fee structure is not expected to result in a significant fiscal impact to the County since the proposed rate of \$17.00 is only three cents higher than the current average per permit of \$16.97.
