Resolution No. R-843-09

Recommendation

It is recommended that the Board of County Commissioners (BCC) approve the attached resolution declaring the acquisition of a 105,744 square foot parcel of land referred to as Parcel 3, located on NW 58 Street between NW 117 Avenue and NW 127 Avenue, needed for a water main to be a public necessity, and authorizing the County Mayor or the County Mayor's designee and the County Attorney to employ appraisers and expert witnesses, obtain required environmental audits and take any and all appropriate action to acquire the subject property in fee simple by purchase at a value established by appraisal or by eminent domain proceedings, including a declaration of taking as necessary, for and on behalf of Miami-Dade County.

Scope

Fiscal Impact/Funding Source

Track Record/Monitor

Not Applicable

Background

This project consists of furnishing and installing a 72-inch prestressed concrete cylinder pipe raw water main in NW 58 Street from NW 117 Avenue to NW 127 Avenue. This project is critical to WASD as it will provide the needed back-up for raw water transmission to the Hialeah and Preston Water Treatment Plants, and will provide a parallel system to the existing 96-inch raw water main. In order to effectively install the water main, avoid costly relocations of existing utilities and provide adequate staging area for construction of this project, it is necessary to acquire a 105,744 square foot parcel of land referred to as Parcel 3, as legally described in "Exhibit A" and illustrated on the project location map in "Exhibit B"; both exhibits are attached.
