**Resolution No. R-627-09**

**Subject:** Resolution and Public Hearing for the Transmittal to the Florida Department of Community Affairs of the October 2008 Cycle Applications to Amend the Comprehensive Development Master Plan

### Recommendation

It is recommended that the attached resolution be adopted after the public hearing on the October 2008 Cycle of applications to amend the Comprehensive Development Master Plan (CDMP) scheduled to begin at **9:30 AM on Thursday, May 28, 2009**. This resolution provides for the transmittal of certain October 2008 Cycle of Applications to amend the CDMP to the Florida Department of Community Affairs (DCA) and other agencies for state and regional review as required pursuant to Section 163.3184, Florida Statutes, (F.S.).

### Scope

The CDMP is a broad-based countywide policy-planning document to guide future growth and development to ensure the adequate provision of facilities and services for existing and future populations in Miami-Dade County, and to maintain or improve the quality of the natural and man-made environment. While the adopted text of the CDMP generally applies countywide, individual, site-specific Land Use Plan (LUP) map amendment applications may have localized impact on one or more Commission Districts. Application No. 2 involves Land Use Plan (LUP) map changes for parcels located in Commission District 6 and 12 for Miami International Airport and in Commission Districts 1 and 13 for Opa-locka Executive Airport.

### Fiscal Impact/Funding Source

Fiscal impact means the cost to the County of implementing the activities or actions that would be incurred after approval of the ordinance. Ordinance No. 94-238 requires a statement of fiscal impact on all activities and actions resulting from approval of an ordinance. In addition, Ordinance No. 01-163 requires the review procedures for amendments to the CDMP to include, for any proposed land use change, a written evaluation of the estimated incremental and cumulative impact to Miami-Dade County for bringing such infrastructure to the area as well as annual operating costs.

Miami-Dade Aviation Department (MDAD) and the Department of Planning and Zoning (DP&Z) identified parcels at both Miami International and Opa-locka Executive Airports that are proposed for redesignation on the Adopted 2015-2025 Land Use Plan map. Six parcels would be redesignated from "Industrial and Office" to "Terminals" at the Opa-locka Executive Airport and three parcels would be redesignated from "Restricted Industrial and Office," "Industrial and Office," and "Business and Office" to "Terminals" at Miami International Airport. The proposed land use redesignations would not increase development intensity in any of the aforementioned parcels. Therefore, the proposed CDMP amendments would not generate additional fiscal impacts to Miami-Dade County.

**Track Record/Monitor**

CDMP amendments do not involve contracts; therefore, a Track Record/Monitor is not applicable.

**Background**

The attached resolution provides for transmittal to DCA for review and issuance of its Objections, Recommendations and Comments (ORC) report on the proposed October 2008 Cycle of Applications. Two (2) applications to amend the CDMP were filed during the October 2008 Cycle of amendments under the County's jurisdiction. Application No. 1 involves changes to the text of the CDMP. Application No. 2 involves changes to the text of the CDMP, changes to the Adopted 2015-2025 LUP map of the CDMP for parcels at Miami International and Opa-locka Executive Airports, and changes to the Adopted Airport Land Use Master Plans 2015-2025.

It is anticipated that the DCA will return an ORC report in August 2009 addressing the transmitted applications. Preceding the final hearing by the Board, the DP&Z will respond to any DCA objections and may issue revised recommendations. The Local Planning Agency (i.e., Planning Advisory Board) will conduct an additional public hearing and may issue revised recommendations. The Board is scheduled to conduct a final public hearing on the transmitted amendments in October 2009.

**Recommendations of the Department of Planning and Zoning**

The DP&Z published its initial recommendations for the October 2008 Cycle Applications in a report titled, "Initial Recommendations October 2008 Applications To Amend The Comprehensive Development Master Plan," dated February 25, 2009. DP&Z's initial recommendations for the proposed October 2008 Cycle Applications are as follows:

**Standard Amendments (Total = 2):**

- Application No. 1: "TRANSMIT WITH CHANGE";
- Application No. 2: "ADOPT WITH CHANGE AND TRANSMIT"

**Local Planning Agency Recommendations**

The recommendations Planning Advisory Board (PAB) on the October 2008 Cycle of applications to amend the CDMP, acting as Miami-Dade County's Local Planning Agency (LPA), are contained in the PAB's resolution and in the summary matrix included in the agenda kit materials for this public hearing.

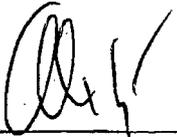

**Resolution Format**

As provided in the County Code, transmittal instructions are to be issued by Resolution. Section 1 of the attached resolution contains spaces where the Board's adopted transmittal instruction will be entered for each individual amendment application. Transmittal instructions shall be "Transmit" or "Do Not Transmit". Transmittal does not constitute adoption of an application; however, denial of transmittal in effect denies any further consideration of an application during this CDMP amendment cycle. To transmit any application, County Code requires the affirmative vote of a majority (7) of the Commissioners in office. Section 2 of the Resolution requests DCA to review and return its ORC report on all the transmitted applications, before the Board conducts its next public hearing to take final action on the applications. On Section 3, the Board reserves its right to take final action without prejudice at a later date to adopt, adopt with changes, or not adopt any and all pending applications and proposals following receipt of notice

Board of County Commissioners

or comments by DCA. On Section 4, the Board declares its intention to conduct and advertise one or more public hearings in 2009 to address the October 2008 Cycle applications to amend the Comprehensive Development Master Plan.

After the Board adopts its entries to Section 1 of the Resolution, it must take a final vote to adopt the Resolution in its entirety, incorporating the foregoing entries.
