Resolution No. R-946-09

Subject: *Building Better Communities* General Obligation Bond Program - Deletion of Project Number 228 "Metro Flagler Building Facility Refurbishments", and Addition of new Project Number 228.1 "West Lot Multi-Use Facility".

Recommendation

It is recommended that the Board of County Commissioners (the "Board") adopt the attached resolution, which approves the deletion of Building Better Communities General Obligation Bond Program (the "BBC GOB Program") Project Number 228 "Metro Flagler Building Facility Refurbishments" from Appendix A to Resolution No. R-917-04 ("Authorizing Resolution") after a public hearing, and from Appendix A to Resolution No. R-1154-08, which resolution lists projects eligible for funding from the BBC GOB Program's Series 2008B Bond proceeds (the "Series 2008B Resolutions"); the waiver of the requirements regarding adding new projects of Implementing Order 3-47; and the addition of a new BBC GOB Program Project Number 228.1 "West Lot Multi-Use Facility" to the Authorizing Resolution after a public hearing.

Deletion of BBC GOB Program Project Number 228 "Metro Flagler Building Facility Refurbishments"

Item	Original BBC Project	Modified BBC Project
Project Name	Metro Flagler Building Facility Refurbishments	Deletion
Project Number	228	
Project Location	140 W. Flagler, Miami, FL 33128	
Project Description	Repair/replace building equipment, refurbish and modernize facility. Install larger capacity emergency generator. Replace air handlers and improve building ventilation. Modernize elevator controls to increase efficiency. This is a 16 story office building/seven story-parking garage employing 650 and providing daily services to over 1,200 visitors.	
Total BBC allocation	\$2.7 million	

Addition of new BBC GOB Program Project Number 228.1 "West Lot Multi-Use Facility"

Item	New BBC Project
Project Name	West Lot Multi-Use Facility
Project Number	228.1
Project Location	220 NW 3 rd Street, Miami, FL 33128
Project Description	Construct 45,000 Sq. Ft. of office space destined to house the Tax Collector's Office currently located at the Metro Flagler Building. In addition, an 810 parking space-garage facility will be constructed to replace the existing parking lot located north of the Stephen P. Clark Center that will give way to the future Children's Courthouse.
Total BBC allocation	\$2.7 million

Scope

Both projects are located within Miami-Dade County Commission District 5.

Fiscal Impact/Funding Source

There is no fiscal impact on the existing BBC GOB Program allocation due to these modifications. The funding for new Project No. 228.1 will be re-allocated from deleted Project No. 228. Additional funding from Future Capital Asset Acquisition Bond, as approved in the FY 2008-09 Adopted Capital Budget, will complete the \$25 million required for the completion of this project. Therefore, the total original allocation remains the same at \$2.7 million. The Tax Collector's Office will move out from the current location at the Metro Flagler Building to the future West Lot Facility. In addition, the 350 parking spaces that will be eliminated with the construction of the Children's Courthouse, the 280 parking spaces available at the Metro Flagler Building, and the 180 parking spaces currently located at the West Lot parking facility, will be consolidated in the new 810 parking space-building.

Track Record/Monitor

The implementing agency is the Miami-Dade General Services Administration (GSA), through Fernando Ponassi, Manager, Contracts Administration Section/Coordinator, GOB Program.

Background

On November 2, 2004 voters overwhelmingly approved the eight (8) referendum questions to fund more than 300 capital improvements throughout the County over the next 15 to 20 years. Appendix A to each resolution approving the referendum question listed projects eligible for funding from the BBC GOB Program by number, name and project description. All additions, deletions and significant modifications to Appendix A require a majority vote of the Board following a public hearing. BBC GOB Program 228 "Metro Flagler Building Facility Refurbishments" was one of several GSA projects listed in Appendix A to the Authorizing Resolution with a total allocation of \$2.7 million.

Additionally, on November 20, 2008, the Board adopted the Series 2008B Resolution. Appendix A to the Series 2008B Resolution itemized the list of projects eligible for funding from the BBC GOB

Program's Series 2008B bond proceeds. This list included Project Number 228 "Metro Flagler Building Facility Refurbishments", which needs to be deleted from this list.

BBC GOB Project Number 228 provides \$2.7 million for the repair/replacement of building equipment at the 140 West Flagler building. The renovation of this facility was intended to enable the State Attorney and the Courts to consolidate their Child Support Enforcement Program at that location, as approved by the Board on July 7, 2005. A thorough evaluation performed by an independent engineer in January 2008, however, indicated that the cost to make the necessary repairs would be in excess of \$24 million.

Staff identified a more economical option when the Board authorized additional funding to include the State Attorney, Public Defender, and Guardian Ad Litem in the Children's Courthouse. Space that had been programmed for that purpose at the second Overtown Transit Village (OTV) building was now available to accommodate the Child Support Enforcement Program. The courtrooms will be located on the second floor in order to best handle the flow of traffic, and the balance of the operation will be located on upper floors. While this space was initially intended to relocate the Tax Collector's operation from 140 West Flagler, the West Lot facility provides a more suitable location, with store front space more easily accessible by the public we serve. Located due west of the Stephen P. Clark Center, this planned construction will also accommodate employee and visitor parking that will be displaced from the North Parking Lot due to the construction of the Children's Courthouse.

Transferring the funding allocation for BBC GOB Project Number 228, "Metro Flagler Building Facility Refurbishments," to a newly created BBC GOB Project Number 228.1, "West Lot Multi-Use Facility," will ensure the most successful utilization of available funds, as the addition of this project will more than compensate for the deletion of the original project. Once all of the tenants have been relocated and authorize its sale, we will be recommending that the Board declare the Metro Flagler Building surplus and authorize its sale.

Implementing Order 3-47 also indicates that "...the Mayor's or his/her designee's recommendation regarding the application of surplus funds to fund a new project shall be presented to the BBC-GOB Citizens' Advisory Committee (CAC) so it may advise the Board regarding such use of surplus funds as provided in Ordinance No. 05-70. The advice of the CAC shall be included in the agenda item submitted to the BCC. In accordance with the ordinance, all requests for the use of surplus funds shall be presented to the CAC prior to committee and BCC consideration." On June 25, 2009, the CAC convened but was one member short of a quorum. Since the CAC did not have a quorum at this meeting, this item requires the waiver of Implementing Order 3-47 in order to be presented to the Board.

The BBC-GOB Citizens' Advisory Committee (CAC), one member short of a quorum, agreed by consensus of the nine members present that this item should be forwarded for consideration by the Board of County Commissioners with a favorable recommendation.

MEMORANDUM

Amended
Special Item No. 6

TO: Honorable Chairperson Barbara Carey Shuler, Ed. D. and Members, Board of County Commissioners

DATE: July 20, 2004

FROM: George M. Burgess
County Manager 

SUBJECT: Resolution Approving a Special Election for the *Building Better Communities* Bond Program – To Construct and Improve Public Services Outreach and Facilities

R#917-04

RECOMMENDATION

It is recommended that the Board of County Commissioners (Board) approve the attached resolution authorizing the placement of the *Building Better Communities* General Obligation Bond Program (Program) ballot question authorizing funding for projects to construct and improve public services and outreach facilities on the November 2, 2004, ballot. If approved by the Board and the voters, the referendum will allow the County to construct and improve public services facilities, including Americans with Disabilities Act (ADA) improvements and code upgrades, and provide a Not-for-Profit Community Organization Capital Fund for construction and renovation for nonprofit organizations (see Appendix A). This resolution will allow the County to issue General Obligation Bonds in an amount not to exceed \$255.070 million over a multi-year period to fund improvements to the County's infrastructure and address a number of quality of life issues in our community. Legislation creating interlocal agreements with the municipalities and establishing a Program Advisory Committee will be forwarded to the Board upon approval of the program by the electorate. Individual debt issuances will also be subsequently forwarded for Board approval.

BACKGROUND

The recommended Program will provide the County with the capability of responding to the community's longstanding unfunded capital infrastructure needs in a comprehensive manner. The attached recommended list of projects provides a multi-faceted approach, which addresses the need for facilities and infrastructure as well as economic development concerns. Since our Community Small Business Enterprise and Community Workforce regulations will apply to the *Building Better Communities* projects, it is anticipated that the Program will contribute to our economy by generating a large number of jobs as well as many new and meaningful business development and training opportunities in our local community.

A comprehensive report detailing our efforts to assemble a balanced *Building Better Communities* Program is presented under separate cover. The attached resolution and corresponding project recommendations further refine the proposed Program by incorporating the Board's input from the June 24, 2004 General Obligation Bond Workshop as well as subsequent individual follow-up meetings with Board members.

Honorable Chairperson Barbara Carey Shuler, Ed. D.

We have a unique opportunity to move forward with this Program at this time. Existing debt from the Decade of Progress Bond Program, the Criminal Justice Bond Program and the Safe Neighborhood Parks Bond Program is being retired allowing capacity for future bond issuances while maintaining a flat millage rate for debt service. Finally, placement of the ballot question on an already scheduled General Election allows us to avoid incurring the considerable costs that would be associated with a separate election.

Therefore, it is respectfully requested that the Board approve the attached resolution and allow the electorate to vote on critical capital improvement issues impacting the future of Miami-Dade County.

The County, itself or through independent auditors, shall have the right at all times to audit the books and records of all beneficiaries who receive proceeds from the sale of the Bonds.

Projects listed in Appendix A of this Resolution may be the subject of contractual agreements between the County and the external agencies receiving the Bond proceeds to pay the cost of such projects. Such agreements shall provide the terms and conditions for the County to release Bond proceeds to the agency and such other requirements as the County shall deem appropriate. In the event that an agency fails, without adequate reason, to commence acquisition, planning, design or construction of a project within six (6) months of the receipt of County approval to proceed with such project, the County shall have the option of reallocating the Bond proceeds earmarked for such project to any other projects listed in Appendix A falling within the same ballot category.

All additions, deletions and significant modifications to individual projects or to Appendix A shall require a majority vote of the Board after public hearing.

Section 11. Bond proceeds in an amount not to exceed 3% of the principal amount of the Bonds shall be used to pay administrative expenses associated with managing the Bond program. The Finance Director will deposit these funds in a separate Bond Administrative Expense Fund.

Section 12. The Bonds are part of an overall Bond Program pursuant to which the County is proposing to issue up to \$2,925,750,000 in General Obligation Bonds ("Bond Program") upon voter approval. The intent of the County is to include a combined municipal and UMSA component ("Municipal Component") in the Bond Program totaling 10% of the Bond

proceeds, net of issuance costs. The formula used for distribution of proceeds is based on a weighted formula 75% on population and 25% on contribution to the tax roll (based on June 1, 2004 figures) as compared to the total population and property tax roll figures for the entire County. The data for this distribution was based upon most recent Census figures as provided by the Miami-Dade County Planning Department and tax roll figures as provided by the Miami-Dade County Property Appraiser. Should a municipality incorporate after passage of this Bond program, it may petition the Board for a portion of any unallocated Bond proceeds that had been apportioned to local projects in the UMSA area then contained in such municipality. Not all of the individual components of the Bond Program will include a Municipal Component but in the aggregate, the overall Bond Program will include a Municipal Component that equals 10% of the Bond Program.

It is the intent of the County that the balance of the Bond proceeds from the Bond Program net of cost of issuance (90%) shall be used for projects of countywide and/or regional significance.

To: Honorable Chairman Bruno A. Barreiro
and Members, Board of County Commissioners

Amended
Agenda Item No. 8(E)(1)(B)

From: George M. Burgess
County Manager

Resolution No. R-1154-08

Subject: Resolution Authorizing Issuance of \$350 Million General Obligation Bonds (Building Better Communities Bond Program)

The item was amended at the November 20, 2008 meeting of the Board of County Commissioners to remove project 197 under Question #4 in Exhibit A.

Recommendation

It is recommended that the Board of County Commissioners (Board) adopt the attached Series Resolution (Series 2008B Resolution) authorizing the issuance in one or more tranches (series of smaller issues) of General Obligation Bonds in an aggregate principal amount not to exceed \$350 Million (Series 2008B Bonds). The Resolution further authorizes the public sale of the Series 2008B Bonds, and, under specified circumstances described herein, the sale of one or more tranches through a negotiated sale. In addition to authorizing the issuance and mode of sale of the Series 2008B Bonds, the Series 2008B Resolution provides for other related authorizations and approvals required to complete a competitive or negotiated bond transaction (as the case may be), which include delegating certain matters in connection with the issuance of the Series 2008B Bonds to the County Mayor or the County Mayor's designee.

Scope

The proceeds from the Series 2008B Bonds will be used to pay all or portion of the costs of various capital projects included in the Building Better Communities Bond Program and detailed in Exhibit "A" of the Series 2008B Resolution. The impact of these projects is countywide and a copy of Exhibit A is also attached to this cover memorandum for immediate reference.

Fiscal impact/Funding Source

The Series 2008B Bonds is the third in a series of general obligation bonds to be issued pursuant to the \$2,925,750,000 Building Better Communities Bond Program approved by the voters on November 2, 2004 (Building Better Communities Bond Program). The principal and interest on the Series 2008B Bonds are general obligations of the County and the debt service is payable from unlimited ad valorem taxes on all taxable real and personal property within the County (subject to certain exemptions provided by the applicable law).

The funding to make the necessary debt service payments has been authorized in the FY 2008-09 Adopted Budget and Multi-Year Capital Plan. Based on current market conditions (calculated at a true interest cost of 5.8118 percent) and a 30-year maturity, the estimated average annual debt service payments resulting from the issuance of the Series 2008B Bonds is \$25 million. However, the delegation parameter in the Series 2008B Resolution is recommended at a true interest cost of 6.25 percent to give the County the greatest flexibility during the current volatile market environment. It is anticipated that by the time the Series 2008B Bonds are all priced, the then market conditions would have improved and the true interest cost would be more favorable. Public Financial Management, Inc., Financial Advisor to the County has recommended that the Board concurrently authorize a negotiated sale of one or more tranches of the Series 2008B Bonds, should a competitive public sale of any of such tranches not be in the best interest of the County at the time or times of sale.

X 21

The Series 2008B Bonds consists of the funding of numerous projects identified on Exhibit A to the Series 2008B Resolution and costs of issuance associated with the Series 2008B Bonds.

Background

The Board adopted eight resolutions (Authorizing Resolutions) on July 20, 2004 that approved a special bond election for the Building Better Communities Bond Program. All eight questions were approved by the electorate on November 2, 2004. As a result, on March 1, 2005, the Board enacted Ordinance No. 05-47 (Ordinance) that authorized the issuance of \$2,925,750,000 in general obligation bonds pursuant to the Authorizing Resolutions. On May 17, 2005 the Board adopted Resolution No. R-576-05 (Master Resolution) as supplemented, under which the County has issued the following:

- Series 2005 Various Projects \$250,000,000
- Series 2008A Tunnel Project 99,600,000

<u>Question</u>	<u>Authorization</u>	<u>Prior Bonds</u>	<u>Proposed Series 2008B</u>

Public Safety Facilities	341,087,000	24,137,000	20,636,000
Emergency and Healthcare Facilities	171,281,000	6,327,000	36,934,000

Cultural, Library, and Multicultural Educational Facilities	<u>552,692,000</u>	<u>29,270,000</u>	<u>64,602,000</u>
TOTAL	\$2,925,750,000	\$349,600,000	\$350,000,000

In addition to authorizing the issuance and the mode of sale of the Series 2008B Bonds, the Series 2008B Resolution provides for other related authorizations and approvals required to complete a competitive or negotiated bond transaction (as the case may be), including certain authorizations to the Finance Director, as the County Mayor's designee, in connection with the issuance of the Series 2008B Bonds.

Attached to the Series 2008B Resolution as Exhibit "A" is a listing of those individual Projects that will be financed with proceeds from the Series 2008B Bonds.

The Series 2008B Resolution approves, authorizes and provides for:

- The issuance of the Series 2008B Bonds, in one or more tranches, for the purpose of financing the next component of the Building Better Communities Bond Program listed in Exhibit "A", and for the public sale of such Bonds by competitive bid or bids, which sale may be conducted by an internet bidding process; however, due to current unprecedented disruptions in the capital markets, the Series 2008B Resolution also provides for the flexibility to issue one or more tranches of the Bonds via a negotiated sale depending on market conditions leading up to the time of sale;
- The form and distribution of an Official Notice of Sale and Preliminary Official Statement in the form attached as Exhibit "B" and "D" respectively, to the Series 2008B Resolution;
- The appointment of underwriters pursuant to the selection procedures in the Code of Metropolitan Dade County to be available if it becomes necessary to sell one or more tranches of the Series 2008B Bonds by negotiation;
- The form and execution of a Bond Purchase Agreement for each tranche issued via negotiated sale in substantially the form on file at the Clerk's Office as Exhibit "E" to the Series 2008B Resolution;
- The delivery of the final Official Statement;
- Continuing Disclosure Commitment, as required under the provisions of Rule 15c2-12, as amended, of the Securities and Exchange Commission;

- The establishment of a book-entry-only system of registration for the Series 2008B Bonds;
- The execution and delivery of the Series 2008B Bonds, in one or more tranches; and
- The appropriate officials of the County to take all actions necessary in connection with the issuance of the Series 2008B Bonds and the closing of this transaction.

The Series 2008B Resolution delegates to the Finance Director, as the County Mayor's designee the authority, within limitations, to:

- Accept the bid or bids, providing the lowest true interest cost to the County, which bid or bids shall not exceed a 6.25% true interest cost ("TIC") for one or more tranches of the Series 2008B Bonds sold competitively, in accordance with the Official Notice of Sale; in the case of a negotiated sale, the TIC shall not exceed 6.25%;
- Enter into any negotiations for bond insurance, if deemed necessary, and to execute and deliver any agreements that may be required by the bond insurer providing such bond insurance;
- In a competitive sale, award one or more tranches of the Series 2008B Bonds to the lowest responsive bidder or bidders;
- Select and appoint a Paying Agent and Bond Registrar for the Series 2008 Bonds; and
- Cause publication, once in The Miami Herald and once in The Bond Buyer, of the Summary Notice of Sale, substantially in the form attached as Exhibit "C" to the Series 2008 Resolution.

The Series 2008B Bonds are expected to be issued, in one or more tranches, beginning in December 2008, as market conditions improve.

(the "Financial Advisor"), financial advisor to the County, has recommended to the County that the Board authorize a negotiated sale of one or more tranches of the Series 2008B Bonds for the reasons set forth in Section 3(m) of this Series 2008B Resolution, should a public sale by competitive bids of any one or more of the tranches not be in the best interest of the County at the time or times of such sale; and

Section 1. Definitions. Capitalized words and terms contained in this Series 2008B Resolution and not defined in this Series 2008B Resolution shall have the meanings ascribed to such words and terms in the Ordinance and the Master Resolution.

Section 2. Authority. Section 3. Findings and Representations.

(a) The findings and representations contained in the Ordinance, the Authorizing Resolutions, the Master Resolution, and the Building Better Communities Resolution are reaffirmed and such findings and representations, together with the matters contained in the foregoing recitals, are incorporated in this Series 2008B Resolution by reference.

(b) The list of Building Better Communities Projects set forth in Appendix A to this Series 2008B Resolution amends the list approved by the Building Better Communities Resolution and is composed entirely of projects that are included among the projects described in the Authorizing Resolutions.

(c) The aggregate principal amount of the Series 2008B Bonds authorized in this Series 2008B Resolution, when aggregated with the aggregate principal amount of all Bonds to be issued pursuant to the Ordinance and the Master Resolution (excluding certain defeased Bonds as described in Section 10.01(D)(i) of the Master Resolution), will not exceed \$2,925,750,000.

(d) The portion of the principal amount of the Series 2008B Bonds allocable to the Water and Sewer Projects when aggregated with the principal amount of Bonds to be issued and allocated to Water and Sewer Projects, will not exceed \$378,183,000, the dollar limit for such projects set

forth in the Water and Sewer Projects Authorizing Resolution (as the same may be amended by the Board pursuant to its terms).

(e) The portion of the principal amount of the Series 2008B Bonds allocable to the Parks and Recreational Facilities Authorizing Resolution when aggregated with the principal amount of Bonds to be issued and allocated to Park and Recreational Facilities Projects, will not exceed \$680,258,000, the dollar limit for such projects set forth in the Authorizing Resolution (as the same may be amended by the Board pursuant to its terms).

(f) The portion of the principal amount of the Series 2008B Bonds allocable to the Public Infrastructure and Neighborhood Improvement Projects when aggregated with the principal amount of Bonds to be issued and allocated to Public Infrastructure and Neighborhood Improvement Projects, will not exceed \$352,182,000, the dollar limit for such projects set forth in the Public Infrastructure and Neighborhood Improvement Authorizing Resolution (as the same may be amended by the Board pursuant to its terms).

(g) The portion of the principal amount of the Series 2008B Bonds allocable to the Public Safety Facilities Projects when aggregated with the principal amount of Bonds to be issued and allocated to Public Safety Facilities Projects, will not exceed \$341,087,000, the dollar limit for such projects set forth in the Emergency and Healthcare Facilities Projects Authorizing Resolution (as the same may be amended by the Board pursuant to its terms).

(h) The portion of the principal amount of the Series 2008B Bonds allocable to the Emergency and Healthcare Facilities Projects when aggregated with the principal amount of Bonds to be issued and allocated to Emergency and Healthcare Facilities Projects, will not exceed \$171,281,000, the dollar limit for such projects set forth in the Emergency and Healthcare Facilities Projects Authorizing Resolution (as the same may be amended by the Board pursuant to its terms).

(i) The portion of the principal amount of the Series 2008B Bonds allocable to the Public Services and Outreach Facilities Projects when aggregated with the principal amount of Bonds to be issued and allocated to Public Services and Outreach Facilities Projects, will not exceed \$255,070,000, the dollar limit for such projects set forth in the Public Services and Outreach Facilities Authorizing Resolution (as the same may be amended by the Board pursuant to its terms).

(l) The County anticipates that it will meet the Municipal Component requirements contained in Section 12 of each of the Authorizing Resolutions as of the date all Bonds authorized under the Ordinance and the Master Resolution for the Building Better Communities Projects have been issued.

(m) Notwithstanding the determination by the Board in the recitals to this Series 2008B Resolution that it is presently in the best interest of the County and its citizens to issue one or more tranches of the Series 2008B Bonds through a public sale by competitive bids, the Financial Advisor has recommended to the County that the County concurrently authorize a negotiated sale of one or more tranches of the Series 2008B Bonds, should a public sale of any one or more of the tranches

of the Series 2008B Bonds by competitive bids not be in the best interest of the County at the time or times of such sale. In the view of the Financial Advisor, a public sale by competitive bids would not be in the best interest of the County, if, at the time or times of such sale, the following conditions, which exist presently, continue to exist: (i) unprecedented volatility in the capital markets and the financial sector generally, (ii) the significant contraction of available credit from banks and other institutional lenders and investors, and (iii) generally adverse economic conditions and a negative short-term economic outlook. The Board accepts the recommendation of the County Manager and the Financial Advisor that the Board authorize the Finance Director to (i) determine that a negotiated sale of one or more of the tranches of the Series 2008B Bonds to the Underwriters (as defined below) is in the best interest of the County, should the Finance Director determine that the conditions mentioned above in this Section 3(m) continue to exist at the time or times scheduled for the sale of one or more tranches of the Series 2008B Bonds, and (ii) then sell the designated tranche by negotiated sale.

Section 4. Amendment of the Building Better Communities Resolution. This Series 2008B Resolution amends the Building Better Communities Resolution by updating the Building Better Communities Projects eligible for funding from proceeds of the Series 2008B Bonds. The updated list of Building Better Communities Projects eligible for such funding shall be as set forth in Appendix A to this Series 2008B Resolution.

Section 5. Authorization and Purpose of the Series 2008B Bonds. Subject and pursuant to the provisions of this Series 2008B Resolution, the Series 2008B Bonds shall be designated "Miami-Dade County, Florida, General Obligation Bonds (Building Better Communities Program), Series 2008B," or such other appropriate designation or designations as shall be determined by the Finance Director. The Series 2008B Bonds are authorized to be issued in one or more tranches with appropriate designations in an aggregate principal amount not to exceed Three Hundred Fifty

~~20~~ 40

Million Dollars (\$350,000,000), for the purposes of: (i) financing all or a portion of the cost of the Building Better Communities Projects, and (ii) paying the cost of issuance with respect to the Series 2008B Bonds.

Section 6. Terms of Bonds: Authorization of Finance Director. The Board authorizes the Finance Director, as the Mayor's designee, to determine the terms and provisions of each tranche of the Series 2008B Bonds, not inconsistent with the Master Resolution and the parameters set forth below, and to determine the terms and conditions upon which each tranche of the Series 2008B Bonds shall be issued and sold, subject to the limitations contained in the Ordinance, the Master Resolution and in this Series 2008B Resolution, as follows:

(a) The form of the Series 2008B Bonds and the form of assignment thereof shall be substantially in the form attached as Appendix I to this Series 2008B Resolution, with such changes and omissions, insertions and variations as may be approved by the Finance Director after consultation with the County Attorney and Bond Counsel, the execution of such Bonds by the Mayor being conclusive evidence of such approval. Each Series 2008B Bond shall be alike in form, except as to maturity dates, CUSIP numbers, interest rates and bond numbers.

(b) The Series 2008B Bonds shall have a maturity of not more than forty (40) years from their dated date, shall be dated as of their date of delivery, shall bear interest from such date, payable semiannually on the first day of January and the first day of July of each year commencing July 1, 2009, or such other date as shall be determined in an omnibus certificate of the County to be delivered concurrently with the delivery of each tranche of the Series 2008B Bonds (the "Omnibus Certificate"), shall have principal payments and Amortization Installments, if any, payable on the first day of July, shall consist of either serial bonds or term bonds or any combination of both serial bonds and term bonds, and shall be subject to redemption prior to maturity on such dates and at

21 4

such prices, all as shall be determined by the Finance Director, based upon the recommendations of the Financial Advisor and as set forth in the Omnibus Certificate.

(c) If, after consultation with the Financial Advisor, the Finance Director demonstrates that there is an economic benefit for the County to obtain bond insurance, the Finance Director is authorized and directed to enter into negotiations and to execute and deliver any agreements that may be required by the bond insurer providing such bond insurance as a condition to the issuance of its bond insurance policy, with such terms, covenants, provisions and agreements as may be deemed necessary and approved by the Finance Director upon the advice of the Financial Advisor and approval of the County Attorney and Bond Counsel. The execution of such agreement or agreements for and on behalf of the County by the Finance Director shall be conclusive evidence of the Board's approval of each.

(d) The final terms of each tranche of the Series 2008B Bonds and, should any one or more of the tranches of the Series 2008B Bonds be sold at public sale by competitive bids, the winning bid or bids shall be set out in the Omnibus Certificate.

(e) If the Finance Director so elects, as set forth in the Official Notice of Sale (as defined below) should any one or more of the tranches of the Series 2008B Bonds be sold at public sale by competitive bids or in the Official Statement (as defined below) should any one or more of the tranches of the Series 2008B Bonds be sold by negotiated sale, the Series 2008B Bonds will be subject to redemption prior to maturity, at the option of the County, in whole or in part on such dates and in such order of maturity as the County shall select and by lot within any maturity, all as shall be more specifically set forth in the Omnibus Certificate.

Section 7. Sale by Bid; Approval of Official Notice and Summary Notice of Sale; Sale by Negotiation under Certain Circumstances. Except as otherwise provided in the last paragraph of this Section, the Series 2008B Bonds shall be publicly sold by competitive bids in the manner

22 40

provided in, and in accordance with the requirements of, Section 218.385, Florida Statutes. The Finance Director is authorized and directed to provide for such public sale of the Series 2008B Bonds in one or more tranches at the time deemed most advantageous at an aggregate purchase price of not less than 98.5% of the aggregate principal amount of the Series 2008B Bonds to be issued and to award the Series 2008B Bonds to the responsive bidder or bidders offering to purchase such Series 2008B Bonds at the lowest annual interest cost computed on a true interest cost ("TIC") basis, all as provided in the Official Notice of Sale; provided, however, that in the event that all bids received result in a TIC in excess of 6.25%, the Finance Director shall reject all bids.

The form of Official Notice of Sale attached as Exhibit B to this Series 2008B Resolution (the "Official Notice of Sale") is approved, with such variations, omissions and insertions as approved by the Finance Director after consultation with the Financial Advisor, the County Attorney and Bond Counsel and which are not inconsistent with the provisions of this Series 2008B Resolution. If all bids are rejected, the Series 2008B Bonds may subsequently again be offered to public sale by competitive bid in accordance with the provisions of this Series 2008B Resolution.

The public sale by competitive bids of any Series 2008B Bonds shall be conducted through an internet bidding process (the "Internet Bidding Process") selected and approved by the Finance Director; provided, however, that the Finance Director may determine, after consultation with the Financial Advisor, County Attorney and Bond Counsel, not to utilize the Internet Bidding Process, in which case such public sale of any Series 2008B Bonds shall be conducted through the physical delivery (which may be by facsimile) of bids utilizing an official bid form customarily used by the County, as shall be approved by the County Attorney and Bond Counsel.

The Finance Director is further authorized to cause publication, once in The Miami Herald, a daily newspaper of general circulation and published in Miami-Dade County, Florida, and once in The Bond Buyer, a financial journal published in New York, New York, and devoted primarily to

23 43

municipal bonds, not less than ten (10) days prior to the date of sale, of the Summary Notice of Sale with respect to the tranche of the Series 2008B Bonds to be sold, substantially in the form attached as Exhibit C to this Series 2008B Resolution, with such variations, omissions and insertions as approved by the Finance Director after consultation with the Financial Advisor, the County Attorney and Bond Counsel and which are not inconsistent with this Series 2008B Resolution.

Concurrently with their submission of bids, each bidder shall be required to provide to the County a "truth-in-bonding" statement in accordance with Section 218.385, Florida Statutes, as set forth in the Official Notice of Sale. Prior to the issuance of the Series 2008B Bonds, the successful bidder shall be required to provide to the County a disclosure statement containing the information required by Section 218.38(1)(b)2, Florida Statutes. The execution and delivery of the Omnibus Certificate shall be conclusive evidence of the award of each tranche of the Series 2008B Bonds to the successful bidder.

The underwriters who are next in line for appointment pursuant to the selection procedures in the Code of Metropolitan Miami-Dade County (the "Underwriters") are hereby appointed to serve as Underwriters for the Series 2008B Bonds if it becomes necessary to sell one or more tranches of the Series 2008B Bonds by negotiation as an alternative to their sale by competitive bid. Should the Finance Director determine that the conditions mentioned in Section 3(m) above continue to exist at the time or times scheduled for the sale of each tranche of the Series 2008B Bonds and that such sale by negotiation would be in the best interest of the County, the Finance Director is authorized to negotiate with the Underwriters. The County and the Underwriters shall enter into a bond purchase agreement (the "Bond Purchase Agreement") for each tranche to be issued in substantially the form of the Bond Purchase Agreement on file at the Clerk's Office as Exhibit "E" to this Series 2008B Resolution with such changes, insertions and omissions as the Finance Director

24 44

shall deem necessary in accordance with the terms of this Series 2008B Resolution, upon consultation with the Financial Advisor, the County Attorney and Bond Counsel. The execution and delivery of a Bond Purchase Agreement by the Finance Director shall be conclusive evidence of the Board's approval of any such changes, insertions or omissions. The aggregate purchase price for the Series 2008B Bonds set forth in the Bond Purchase Agreement shall not be less than 98.5% of the aggregate principal amount of the Series 2008B Bonds to be issued. The TIC for Series 2008B Bonds sold by negotiated sale, as set forth in the Omnibus Certificate, shall not exceed 6.25%.

Section 8. Bond Registrar; Paying Agent; Trustee. The Board authorizes and directs the Finance Director (a) to select a Registrar and Paying Agent to act in such capacities for the Series 2008B Bonds and (b) if deemed necessary, to select a bank or trust company to serve as depository for the administration of the Community Project Fund under the Master Resolution, all pursuant to applicable County policies and procedures.

Section 9. Registered Bonds; Book-Entry-Only System. The Series 2008B Bonds shall initially be issued as fully registered bonds in denominations of \$5,000 or integral multiples of \$5,000 through a book-entry-only system to be maintained by The Depository Trust Company, New York, New York, which book-entry-only system the County elects to establish in accordance with the provisions of Section 4.04 of the Master Resolution.

Section 10. Execution and Delivery of Series 2008B Bonds. The Series 2008B Bonds shall be executed as provided in the Master Resolution. The Finance Director is authorized and directed to deliver the Series 2008B Bonds to, or for the account of, the successful bidder or the Underwriters, as the case may be, upon receipt of payment of the purchase price for the Series 2008B Bonds.

Section 11. Preliminary Official Statement and Final Official Statement. The Board approves the use and distribution of a Preliminary Official Statement with respect to each tranche of

25 45

the Series 2008B Bonds, in substantially the form attached as Exhibit D to this Series 2008B Resolution (the "Preliminary Official Statement") with such changes, deletions, insertions and omissions as may be deemed necessary and approved by the Finance Director upon consultation with the Financial Advisor, the County Attorney and Hunton & Williams LLP and Law Offices Thomas H. Williams, Jr., P.L. ("Disclosure Counsel"). The Board also approves the delivery and distribution of a final Official Statement with respect to the Series 2008B Bonds (the "Official Statement"), in the form of the Preliminary Official Statement, subject to such changes, insertions and deletions as may be deemed necessary and approved by the Finance Director upon consultation with the Financial Advisor, the County Attorney and Disclosure Counsel, and the Finance Director is authorized to deliver the Official Statement on behalf of the County. The Board authorizes the use and distribution of the Official Statement in connection with the public offering and sale of the Series 2008B Bonds. If the Series 2008B Bonds are offered in two or more tranches, the Preliminary Official Statement and the Official Statement for each tranche offered after the first tranche shall be in substantially the form utilized for the initial tranche with such changes, insertions and deletions as may be necessary or desirable and approved by the Finance Director after consultation as described above, and provided further that the Finance Director may approve the use of Preliminary Official Statements and Final Official Statements that include as an exhibit thereto the Official Statement for a prior tranche if the Finance Director determines that such an approach results in the most efficient offering and sale of multiple tranches consistent with good disclosure practices.

If so requested by the successful bidder or the Underwriters, as the case may be, the Finance Director, after consultation with the Financial Advisor, the County Attorney and Disclosure Counsel, is authorized to make any necessary certifications to the successful bidder or the

 46

Underwriters, as the case may be, with respect to the Preliminary Official Statement and the Official Statement, required under the provisions of Rule 15c2-12, as amended, of the Securities and Exchange Commission, to the effect that the Preliminary Official Statement, with such changes as may be approved by the Finance Director is, except for Permitted Omissions, "final" as of its date, and that the information therein is accurate and complete except for the Permitted Omissions.

As used herein, "Permitted Omissions" shall mean the offering price(s), interest rate(s), selling compensation, ratings and other terms of the Series 2008B Bonds and any underlying obligations depending on such matters, all with respect to each of the Series 2008B Bonds and any underlying obligations.

Section 12. Application of Proceeds.

(a) Proceeds from the sale of the Series 2008B Bonds shall be applied as follows:

(i) An amount equal to the costs of issuance of the Series 2008B Bonds shall be deposited in the Cost of Issuance Account in the Community Project Fund and used to pay the costs of issuance of the Series 2008B Bonds.

(ii) [Reserved]

(iii) The balance of such proceeds shall be deposited in the respective accounts and subaccounts in the Community Project Fund as described in Section 13 of this Series 2008B Resolution and used to pay the Costs of the Building Better Communities Projects.

(b) Notwithstanding the provisions of Section 12(a) above, the Finance Director, in consultation with the Financial Advisor and the County Attorney, is authorized to supplement and amend the application of proceeds of the Series 2008B Bonds provided in Section 12(a) above, as set forth in the Omnibus Certificate, in a manner consistent with the objectives of this Series 2008B Resolution and not inconsistent with the Master Resolution, the Ordinance and the Authorizing Resolutions.

 47

Section 13. Deposits to Community Project Account; Subaccount Authorized.

(a) The Board Authorizes and directs that the proceeds of the Series 2008B Bonds available for deposit in the Community Project Fund as described in Section 12(a)(iii) be allocated to one or more of the Community Project Accounts established in Section 6.03 of the Master Resolution, in the amounts designated in Exhibit A to this Series 2008B Resolution.

(b) The Board further directs that the Finance Director shall create subaccounts within each such Community Project Account to be funded with the proceeds of the Series 2008B Bonds for each specific project identified in Exhibit A to this Series 2008B Resolution, and to allocate such subaccount proceeds of the Series 2008B Bonds in the amounts reflected in Exhibit A to this Series 2008B Resolution.

(c) A special account in the Debt Service Fund created pursuant to Section 8.01 of the Master Resolution to be known as the "Series 2008B Debt Service Fund Subaccount" is created and established for the benefit of the Series 2008B Bonds. The Finance Director is authorized to create or cause to be created such additional subaccounts as shall be necessary or advisable in connection with the issuance of the Series 2008B Bonds. Amounts held in any such subaccounts are to be held solely for the benefit of the Series 2008B Bonds.

Section 14. Tax Exemption. In accordance with the provisions of Section 9.03 of the Master Resolution, the County covenants to comply with the requirements of the Internal Revenue Code of 1986, as amended, relating to the exclusion of interest on the Series 2008B Bonds from gross income for federal income tax purposes.

Section 15. Continuing Disclosure.

(a) The County agrees, in accordance with the provisions of, and to the degree necessary to comply with, the secondary disclosure requirements of Rule 15c2-12 (the "Rule") promulgated by the Securities and Exchange Commission ("SEC"), to provide or cause to be

28 48

provided for the benefit of the owners of the Series 2008B Bonds to each nationally recognized municipal securities information repository ("NRMSIR"), and to the appropriate state information depository ("SID"), if any, designated by the State of Florida, the following annual financial information (the "Annual Information"), commencing with the first Fiscal Year ending after the issuance of the Series 2008B Bonds:

(i) Information relating to assessed values, ad valorem tax collections and exemptions from ad valorem taxes within the County in a form which is generally consistent with the presentation of such information in the Official Statement for the Series 2008B Bonds.

(ii) The County's Comprehensive Annual Financial Report utilizing generally accepted accounting principles applicable to local governments.

The information in paragraphs (i) and (ii) above will be available on or before June 1 of each year for the preceding Fiscal Year (the "Reporting Date") and will be made available, in addition to each NRMSIR and the SID, to each registered owner and each beneficial owner of the Bonds who requests such information. The County's Comprehensive Annual Financial Report referred to in paragraph (ii) above is expected to be available separately from the information in paragraph (i) above and will be provided by the County as soon as practical after acceptance of such statements from the auditors by the County. The County's Comprehensive Annual Financial Report is generally available within eight (8) months from the end of the Fiscal Year.

(b) The County agrees to provide or cause to be provided, in a timely manner, to (i) each NRMSIR or to the Municipal Securities Rulemaking Board ("MSRB"), and (ii) the SID, notice of occurrence of any of the following events with respect to the Series 2008B Bonds, if such event is material:

(1) principal and interest payment delinquencies;

- (2) non-payment related defaults;
- (3) unscheduled draws on debt service reserves reflecting financial difficulties;
- (4) unscheduled draws on credit enhancements reflecting financial difficulties;
- (5) substitution of credit or liquidity providers, or their failure to perform;
- (6) adverse tax opinions or events affecting the tax-exempt status of the Series

2008B Bonds;

- (7) modifications to rights of holders of the Series 2008B Bonds;
- (8) bond calls;
- (9) defeasance;
- (10) release, substitution or sale of any property securing repayment of the Series

2008B Bonds (the Series 2008B Bonds are secured solely by ad valorem taxes levied on property within the County); and

- (11) rating changes.

(c) The County agrees to provide or cause to be provided, in a timely manner, to (i) each NRMSIR or to the MSRB, and (ii) the SID, notice of its failure to provide the Annual Information with respect to itself on or prior to the Reporting Date.

(d) The obligations of the County under this Section shall remain in effect only so long as the Series 2008B Bonds are Outstanding. The County reserves the right to terminate its obligations to provide the Annual Information and notices of material events, as set forth above, if and when the County no longer remains an "obligated person" with respect to the Series 2008B Bonds within the meaning of the Rule.

(e) The County agrees that its undertaking pursuant to the Rule set forth in this Section is intended to be for the benefit of the beneficial owners of the Series 2008B Bonds and shall be enforceable by such beneficial owners if the County fails to cure a breach within a reasonable time

30 50

after receipt of written notice from a beneficial owner that a breach exists; provided that any such beneficial owner's right to obtain specific performance of the County's obligations under this Section in a Federal or State court located within the County and any failure by the County to comply with the provisions of this undertaking shall not be a default with respect to the Series 2008B Bonds.

(f) Notwithstanding the foregoing, each NRMSIR to which information shall be provided shall include each NRMSIR approved by the SEC prior to the issuance of the Series 2008B Bonds. In the event that the SEC approves any additional NRMSIRs after the date of issuance of the Series 2008B Bonds, the County shall, if the County is notified of such additional NRMSIRs, provide such information to the additional NRMSIRs. Failure to provide information to any new NRMSIR whose status as a NRMSIR is unknown to the County shall not constitute a violation of this Section.

(g) As of the date of issuance of the Series 2008B Bonds, there are no SIDS in the State. Notwithstanding the foregoing, the County shall be in compliance with the filing requirements of this Section if the required information is provided to the "Central Post Office" or any other entity serving a similar purpose which complies with the requirements of the Rule or which has been approved by the SEC to serve the same function as the "Central Post Office" which shall then be responsible for forwarding the filing information to any NRMSIR or SID. The Central Post Office is the internet-based electronic filing system operated by the Texas Municipal Advisory Council under the name of "Disclosure USA" at the following internet address: www.disclosureusa.org. Information provided to the Central Post Office or any alternate internet-based filing system which has been approved by the SEC shall not have to also be filed with any NRMSIR or SID.

(h) Additionally, the requirements of subsection (a) above do not necessitate the preparation of any separate annual report addressing only the Series 2008B Bonds. The requirements of subsection (a) may be met by the filing of an annual information statement or the County's Comprehensive Annual Financial Report, provided such report includes all of the required

3/51

annual information and is available by the Reporting Date. Additionally, the County may incorporate any information in any prior filing with each NRMSIR and the SID or included in any official statement of the County, provided such official statement is filed with the MSRB.

(i) The County reserves the right to modify from time to time the specific types of information provided or the format of the presentation of such information, to the extent necessary or appropriate in the judgment of the County; provided that the County agrees that any such modification will be done in a manner consistent with the Rule.

Except to cure any ambiguity, inconsistency or formal defect or omission in the provisions of this Section, the County agreements as to secondary disclosure (the "Agreements") may only be amended if:

(i) the amendment is made in connection with a change in circumstances that arises from a change in legal requirements, a change in law or a change in the identity, nature or status of the County or type of business conducted; the Agreements, as amended, would have complied with the requirements of the Rule at the time of award of Series 2008B Bonds, after taking into account any amendments or change in circumstances; and the amendment does not materially impair the interests of the beneficial owners, as determined by Board, counsel or other independent counsel knowledgeable in the area of Federal securities laws and regulations; or

(ii) all or any part of the Rule, as interpreted by the staff of the SEC at the date of the adoption of this Series 2008B Resolution, ceases to be in effect for any reason, and the County elects that the Agreements shall be deemed amended accordingly.

Any assertion of beneficial ownership must be filed, with full documentary support, as part of the written request described above.

The Board further authorizes and directs the Finance Director to cause all other agreements to be made or action to be taken as required in connection with meeting the County's obligations as to the Agreements. The Finance Director shall further be authorized to make such additions, deletions and modifications to the Agreements as she shall deem necessary or desirable in consultation with the County Attorney, Bond Counsel and the County's Disclosure Counsel.

Section 16. Further Action. The Mayor, the County Manager, the Finance Director, the County Attorney, the Clerk of the Board and other appropriate employees and officials of the County are authorized and directed, collectively or individually, to take all such further action and to execute any and all documents, certificates and other agreements or undertakings necessary or desirable in connection with the issuance of the Series 2008B Bonds and the sale of the Series 2008B Bonds to the successful bidder or the Underwriters, as the case may be, and the consummation of all transactions in connection with the issuance and sale of the Series 2008B Bonds, all as contemplated in this Series 2008B Resolution.

Section 17. Severability. If any one or more of the covenants, agreements or provisions of this Series 2008B Resolution shall be held contrary to any express provisions of law or contrary to the policy of express law, though not expressly prohibited, or against public policy, or shall for any reason whatsoever be held invalid, then such covenants, agreements or provisions shall be null and void and shall be deemed separate from the remaining covenants, agreements or provisions of this Series 2008B Resolution or of the Series 2008B Bonds.

Section 18. Waiver. The provisions of Resolution No. R-130-06, as amended from time to time, requiring that any contracts of the County with third parties be executed and finalized prior to their placement on the committee agenda is waived at the request of the County Manager for the reasons set forth in the County Manager's Memorandum.
