Agenda Item No. 8(R)(1)(D)

From: George M. Burgess
County Manager

Resolution No. R-1168-09

Subject: Change Order for John E. Preston Water Treatment Plant Drinking Water Quality Laboratory - Project No: N/A; Contract No: W-888R, to Miami Skyline Construction Corp.

RECOMMENDATION

The attached Change Order No: 1 on a contract between Miami Skyline Construction Corp. and Miami-Dade County has been prepared by the Miami-Dade Water and Sewer Department and is recommended for approval.

CHANGE ORDER NUMBER: 1

SCOPE

PROJECT NAME: John E. Preston Water Treatment Plant Drinking Water Quality Laboratory

PROJECT NO: N/A

CONTRACT NO: W-888R

PROJECT DESCRIPTION: The project consists of constructing a two level masonry laboratory building of approximately 7,660 square feet with 4,400 square-foot ground floor parking structure at the John E. Preston Water Treatment Plant, in the City of Hialeah. The project also includes, but is not limited to the following: 1,800 square feet asphalted parking pavement; demolition of existing landscape pool; relocating trees, light poles and flag poles; interconnecting laboratory and existing control building with access bridge; structural concrete work and masonry work; roofing; doors; operable windows and glass; gypsum board; ceramic tile; acoustical panel ceiling; lighting; insulation; handrails, and painting. Also, constructing elevator shaft and furnishing and installing elevator cab, miscellaneous equipment, and accessories; constructing bathrooms; furnishing and installing plumbing fixtures; making water and sanitary connections; constructing office space; furnishing and installing lab hoods and ductwork; furnishing and installing exhaust fans and hoods; installing piping for gas cylinders with valves and accessories; supports for equipment; HVAC work, including condensing units, air handling units, and variable volume terminal units and accessories; fire dampers; electrical work, and all other appurtenant and miscellaneous items and work.

It is WASD's intent to obtain a completely functional, and satisfactory installation under this project, and any items of labor, equipment or materials which may be reasonably assumed as necessary to accomplish this end shall be supplied whether or not they are specifically shown on the plans or stated in the specifications. The contractor shall provide all sheeting, shoring, bracing and all other labor, material or equipment required to preclude damage to, or loss of functionality of, any existing facility or system.

CHANGE ORDER DESCRIPTION: This Change Order is for a time extension only. For a complete description of the requested change, please see Time Justification below.

MONETARY JUSTIFICATION: N/A

TIME JUSTIFICATION: This project involves the construction of a two level masonry laboratory buildings and a ground floor parking structure at the John E. Preston Water Treatment Plant. The bids for this contract were opened on May 20, 2008 and the notice to proceed was issued to the Contractor on January 20, 2009. In order to comply with the security requirements of Ordinance No. 02-68, the security specifications of the contract needed to be revised after the contract was awarded.

Consequently, the Contractor had to stop work to adjust to the security specifications resulting in a time delay which affected the project's schedule critical path. Since these revisions were not part of the original scope of work, the Contractor could not have anticipated this change prior to the award.

The Contractor has requested a non-compensable time extension to comply with the new security specifications. WASD reviewed the Contractor's request and found it to be reasonable, therefore, WASD requests a 90-day non-compensable time extension.

BACKGROUND

At its laboratory, WASD staff analyzes samples of water generated by the County's water production process as well as the water pumped into the County's water distribution system. These tests are performed to comply with local, state and federal regulatory standards.

A new two level laboratory building will be constructed at the John E. Preston Water Treatment Plant. The new laboratory will meet the United States Environmental Protection Agency's (USEPA) "Linear Square Feet Space" requirement which recommends that each analyst in the laboratory have 15 square feet of usable bench laboratory space.

The new laboratory will also meet National Environment Laboratory Accreditation Conference (NELAC) standards for lime (used in the water treatment process) storage. And the new heating, ventilation and air-conditioning system in the building (including the laboratory) will meet Occupational Health and Safety Administration (OSHA) standards.

Contract Measures Recommendation

Measure	Program	Goal Percent
Goal	CSBE	21.24%
Workforce Goal	CWP	13.00%

Reasons for Recommendation

An analysis of the factors contained in Section VI C of Administrative Order 3-22 indicate that a CSBE subcontractor goal is appropriate in the trades of painting, electrical, plumbing and HVAC.

This project is a resubmittal from September 27, 2006. This project was let for bid as a CSBE Level 2 Set-Aside in July, 2007. One bid was received. When WASD requested an extension of the Bid Bond from the bidder, the bidder declined. The estimated cost of this project has increased from $2,600,000 to $3,390,000.

The Designated Target Area for this project is the South Miami Focus Area.

MIAMI-DADE COUNTY, FLORIDA

MIAMI-DADE WATER AND SEWER DEPARTMENT

CHANGE ORDER TO ORIGINAL CONTRACT

CHANGE ORDER NO: 1 **CONTRACT NO:** W-888R **DATE:** 6/22/2009

PROJECT TITLE: John E. Preston Water Treatment Plant Drinking Water Quality Laboratory

TO CONTRACTOR: Miami Skyline Construction Corp. 705 NE 130 St. North Miami, FL 35161

YOU ARE HEREBY REQUESTED TO MAKE THE FOLLOWING CHANGES IN THE PLANS AND SPECIFICATIONS FOR THIS PROJECT AND TO PERFORM THE WORK ACCORDINGLY, SUBJECT TO ALL CONTRACT STIPULATIONS AND COVENANTS.

Description of work authorized: This Change Order is for a time extension only. For a complete description of the requested change, please see Time Justification below.

Monetary Justification: N/A

Time Justification: This project involves the construction of a two level masonry laboratory buildings and a ground floor parking structure at the John E. Preston Water Treatment Plant. The bids for this contract were opened on May 20, 2008 and the notice to proceed was issued to the Contractor on January 20, 2009. In order to comply with the security requirements of Ordinance No. 02-68, the security specifications of the contract needed to be revised after the contract was awarded. Consequently, the Contractor had to stop work to adjust to the security specifications resulting in a time delay which affected the project's schedule critical path. Since these revisions were not part of the original scope of work, the Contractor could not have anticipated this change prior to the award.

The Contractor has requested a non-compensable time extension to comply with the new security specifications. WASD reviewed the Contractor's request and found it to be reasonable, therefore, WASD requests a 90-day non-compensable time extension.

This change order includes not only all direct costs of contractor such as labor, material, job overhead, and profit markup; but also includes any costs for modifications or changes in sequence of work to be performed, delays, rescheduling, disruption, extended direct overhead or general overhead, acceleration, material or other escalation which include wages and other impact costs.

Contractor hereby waives, fully releases, discharges and acquits Miami-Dade County of any and all liability for claims, additional costs, and any requests for additional time arising out of the fulfillment of the contract and this change order from the date of the contract award to and including execution of this change order.
