

(Public Hearing 11-3-09)
Date: September 15, 2009

To: Honorable Chairman Dennis C. Moss
and Members, Board of County Commissioners

From: George M. Burgess
County Manager 

Subject: Amendment to visitor information map acknowledgement and waiver provisions

Agenda Item No. 5 (F)

Ordinance No. 09-94

Recommendation

It is recommended that the Board approve the attached amendment to Section 8A-1.1 of the Code that requires rental car companies to provide a visitor information map. The amendment allows a sign to be posted indicating the availability of the maps in lieu of obtaining a signed acknowledgement or waiver from each renter.

Scope

The proposed amendments apply countywide.

Fiscal Impact/Funding Source

The fiscal impact will be minimal. The cost for industry notification is estimated to be \$500.

Track Record/Monitor

The Consumer Services Department administers this section of the Code.

Background

On June 1, 1993, the Board adopted Ordinance 93-57 that required rental car companies to make a County-approved visitor information map available to people renting cars. This ordinance was the result of crimes that had taken place involving visitors to Miami-Dade County. The visitor information map consists of a main map of the entire County featuring major roadways and points of interest; insets depicting the airport area, Downtown Miami, and the Beaches; and Safety Tips. The intent is to show persons renting cars how to safely reach their destinations. It is not intended to be comprehensive in nature. Currently, the ordinance requires rental car companies to obtain a signed acknowledgment that a visitor information map was either received by a visitor renter or was waived.

During a meeting with representatives of the rental car and visitor industries, rental car companies expressed concern that the acknowledgement and waiver requirements were cumbersome. The proposed amendment allows for the posting of a sign as an alternative to obtaining the signed/initialed acknowledgement or waiver. The sign must be at least two (2) feet in width by three (3) feet in length, be posted in a clear and conspicuous area for customers to view, and include the following statement in English, Spanish, French, German, Portuguese and Italian: "You have the right to obtain a Visitor Information Map upon request." The Implementing Order that sets forth the standards for the Map are also being recommended for updating under a separate agenda item.
